The Emergency Rule will be in effect for 120 days or until the effective date of a permanent Rule covering the same subject matter superseding this Emergency Rule is adopted, as specified by the Agency.

Original Chapters 160-1 through 160-24 were filed on July 20, 1965 under the Georgia Administrative Procedure Act as Rules in effect in 1965 when the Administrative Procedure Act became effective.

Chapter 160-25 has been added. Filed May 3, 1966; effective May 22, 1966.

Rules 160-23-1-.01, .02, 160-23-3-.04, 160-23-4-.02, .03 have been amended. Filed May 9, 1968; effective May 28, 1968.

Rule 160-23-4-.03 has been amended. Filed November 5, 1968; effective November 24, 1968.

Rule 160-22-1-.02 has been repealed in its entirety and a new Rule has been adopted. Filed July 23, 1969; effective August 11, 1969.

No other amendments, repeals or additions have been filed for the Rules and Regulations of the State Department of Education as of June 1, 1971.
By letter dated March 16, 1971, the Honorable Jack P. Nix, State Superintendent of Schools, advised Secretary of State Ben W. Fortson, Jr. of the following action of the State Board of Education on January 20, 1971:

"4. **Administrative Procedure Act:** Members of the staff had previously discussed with the Board the regulations of the Department of Education that appear in the **Rules and Regulations of the State of Georgia**. It was the consensus of the Board that the State Board of Education has never been subject to the **Rules and Regulations of the State of Georgia** (Administrative Procedure Act). On motion of Mr. Stewart, and seconded by Mr. Neville, the State Superintendent was authorized to notify the Secretary of State that the State Board takes the position it has never been subject to the Administrative Procedure Act and is requesting withdrawal of all information previously submitted to the office of Secretary of State for this purpose."

In accordance with the action of the State Board of Education, Dr. Nix requested that all Rules and Regulations of the State Department of Education, Chapters 160-1 through 160-25, inclusive, be withdrawn from the Rules and Regulation of the State of Georgia on the basis of exclusions under Section 2(f) of the Georgia Administrative Procedure Act. With his request letter, Dr. Nix included a copy of a memorandum to him from Russell S. Clark, detailing the exclusions. A copy of that memorandum is on file in the Administrative Procedure Act Division of Secretary of State for public information.

By letter dated March 19, 1971, Secretary of State Ben W. Fortson, Jr. requested an official opinion of the Attorney General of Georgia as to whether he was authorized to comply with the request of the State Superintendent of Schools.

The Honorable Arthur K. Bolton, Attorney General of Georgia, replied to the Secretary of State by official opinion, dated March 25, 1971, which stated, as follows:

"This is in answer to your letter of March 19, 1971, in which you ask for an opinion as to your authority to comply with a request from the State Board of Education that regulations which it has heretofore filed with your office, ostensibly under the Administrative Procedure Act, be withdrawn. Attached to your letter is the State Board's request for withdrawal based upon the ground that the regulations and policies in question do not constitute 'Rules' within the meaning of the Act (the term 'Rule' being defined by Ga. Code Ann. § 3A-102(f)), hence are not covered by the Act and need never have been filed at all. The State Board's request is accompanied by a statement as to each of its filed regulations and the exemption believed applicable under Ga. Code Ann. § 3A-102(f).

While cursory review of the regulations and claimed exceptions would appear to make the Department of Education's position in each instance at least arguable if not probable, the mixed questions of law and fact involved lead one to conclude that ultimate resolution could be achieved only in the courts and with respect to each separate regulation or policy statement. For this office to attempt to reach a conclusion as to each one of the regulations and policy statements in question would obviously involve an inordinate amount of time and energy. Fortunately, however, this rather frightening prospect is wholly avoided by the fact that this task
is not necessary to answer the question you pose—which is more simply your authority to comply with the State Board's withdrawal request.

As I see it, the Administrative Procedure Act is rather clear as to whose responsibility and decision it is to say which, if any, of a particular agency's policies and regulations must be kept on file with the Secretary of State. Under the Act, this responsibility belongs to the agency which promulgates the rule. This is seen in Ga. Code Ann. § 3A-104 which provides that prior to adoption of a 'Rule' the agency must give notice of its intended action, and in Ga. Code Ann. § 3A-105 which provides that in order to effectuate its "Rules" the agency must file the same in the office of the Secretary of State. The only penalty which the Administrative Procedure Act provides for an agency's failure to file those policies and regulations which constitute "Rules" under Ga. Code Ann. § 3A-102(f)is that any such policy or regulation, if not on file, is invalid. See Ga. Code Ann. § 3A-103(4)(b). This is the risk which the agency bears if it is mistaken in its decision as to the Act's inclusion or exclusion of a policy or regulation. While it is true that the language of the Act is geared to the initial filing of a Rule, I am aware of no difference in principle between an initial decision not to file and a subsequent decision to withdraw that which has already been filed. In the context of the purposes for which the Act was adopted, its requirements and its penalties, both situations would seem to be the same. Consequently, I am of the opinion that a State agency, at its own risk (i.e., possible invalidity of a regulation which in law and fact does constitute a 'Rule' within the meaning of the Act), may withdraw regulations which it has filed with the Secretary of State if and when it subsequently decides that such regulations are not covered by and need not be filed under the Act."

By Certificate dated May 3, 1971, the State Superintendent of Schools filed copies of the above-referenced letter of his dated March 16, 1971, including the memorandum from Russell S. Clark, a copy of the letter dated March 19, 1971 from the Secretary of State to the Attorney General, a copy of the official opinion of the Attorney General dated March 25, 1971, and requested that the Rules and Regulations of the State Department of Education be withdrawn from the Official Compilation Rules and Regulations of the State of Georgia.

Thus, the Administrative Procedure Act Division has instructed all subscribers to the Official Compilation to remove the Rules and Regulations of the State Department of Education from their set of the Official Compilation and to destroy same.

Therefore, you will find no Rules and Regulations in the Official Compilation for the Georgia State Department of Education. However, should you desire to see the Rules and Regulations of said Department which were removed from the Official Compilation, a set of same are on file in the Administrative Procedure Act Division, Office of Secretary of State.

(1) DEFINITIONS.

(a) Substantial Hardship - a significant, unique, and demonstrable economic, technological, legal, or other type of deprivation to an individual or local education agency (LEA) requesting a variance or waiver which impairs the ability of the individual to continue successfully in meeting the requirements of an educational program or of the LEA to provide educational programs and services to its students.

(b) Individual Waiver - a decision not to apply all or part of a state rule to an individual who is subject to the rule.

(c) System Waiver - a decision not to apply a state rule or law to an LEA that is subject to the state rule or law.
(d) Variance - a decision by an agency to grant a modification to all or part of the literal requirements of a state rule to an LEA or to an individual who is subject to the rule.

(2) REQUIREMENTS.

(a) The state board may defer action on a request until such time as all members have had reasonable opportunity to consider the request.

(b) For any request for waiver or variance of a state board rule or law, additional information or supporting documentation may be requested by the state school superintendent or designee prior to the waiver or variance request being submitted to the state board.

(3) TYPES OF WAIVER REQUESTS.

(a) ADMINISTRATIVE/FACILITY WAIVER REQUEST. For those situations when an application of rules can lead to substantial hardship for a local board of education, the local board of education may request a variance or waiver of a rule by submitting to the state school superintendent a local board resolution that specifies the following.

1. The rule from which the variance or waiver is requested
2. The type of action requested
3. The specific facts of substantial hardship which would justify a variance or waiver for the petitioner
4. The alternative standards which the local board seeking the variance or waiver agrees to meet and a showing that such alternative standards will afford adequate protection for the public health, safety, and welfare
5. The reason why the variance or waiver requested would serve the purpose of the underlying statute.

(b) INDIVIDUAL STUDENT WAIVER REQUEST. Any student or parent(s) or guardian acting on behalf of a student may request a waiver or variance of any rule requirement affecting the student. Requests shall be filed with the local school superintendent for transmittal to the state school superintendent.

(iv) What will be accomplished in lieu of the rule requirement(s);

(v) The reason why the variance or waiver requested would serve the purpose of the underlying requirement; and

(vi) Permission for department staff to receive all student records - including special education records - pertinent to the request and to discuss records with school personnel.

2. Within three weeks of receipt of such a request, the local school superintendent shall submit - along with a copy of the request from the student, parent(s), or guardian - the following records to the department.

7. A system waiver may be granted in accordance with this section for any period of time not to exceed five years. The State Board of Education shall require reports from local school systems receiving system waivers under this section regarding the effect of the system waiver at least annually, and may require more frequent reports if necessary to monitor the effect of the system waiver.

8. The State Board of Education may repeal a system waiver at any time if a system is not meeting the student achievement goals associated with the student achievement waiver.
9. The State Board of Education shall report annually to the General Assembly regarding the system waivers granted, the effect of each waiver, and any recommendations for legislative changes generated by successful waivers.

(c) LEAs shall make personal protective equipment (PPE) readily available and appropriate to tasks with exposure potential.

Rule 160-1-3-.04. School Law Tribunals and Appeals.

(1) Purpose. The purpose of this rule is to specify the procedures for appeals from local boards of education (LBOE) to the State Board of Education on issues respecting the administration or construction of school law.

(2) Role of the Vice Chairperson.

   (a) The vice chairperson for appeals of the state board or a hearing officer contracted with or employed by the state board shall conduct a review of appeals to the state board and shall acquaint state board members with the matters to be considered.

   (b) The vice chairperson for appeals or the hearing officer shall draft the ruling of the state board.
(3) Procedures Before the Local Board of Education.

   (a) LBOEs shall hold hearings when required by law. The LBOE shall adopt, except as otherwise provided for by law, the following hearing procedures:

      1. The LBOE shall notify the parties of the time and place of the hearing.

      2. The LBOE shall sign and issue subpoenas.

      3. All witnesses shall testify under oath and shall be subject to cross-examination.

      4. The LBOE shall require the testimony and other evidence to be transcribed by a court reporter or recorded by other appropriate means.

      5. The strict rules of evidence prevailing in courts of law shall not be applicable to hearings before LBOEs.

      6. At the conclusion of the hearing, or within 15 days thereafter, the LBOE shall notify the parties of its decision in writing and shall notify the parties of their right to appeal the decision to the State Board of Education.

(4) Appeals to the State Board of Education.

   (a) After a hearing by the LBOE when held in accordance with state law and/or state board policies, regulations or rules, any party aggrieved by a decision of the LBOE rendered on an issue respecting the administration or construction of school law may appeal to the state board by filing the appeal in writing with the local school superintendent. The appeal shall set forth:

      1. The question in dispute;

      2. The decision of the local board; and

      3. A concise statement of the reasons why the decision is being appealed.

   (b) The party making the appeal shall file with the appeal the complete record, including a transcript of testimony certified as true and correct by the local school superintendent or a request that the superintendent transcribe and prepare such transcript. The party making the appeal shall assume the costs of such preparation.

   (c) When any party is unable to pay the cost of a transcript of the hearing because of indigence, the party shall be relieved from paying the cost if said party provides to the local school superintendent an affidavit to that effect. The party's rights shall be the same as those had the party paid the cost of the transcript. Upon receipt of an affidavit, the local school superintendent may inquire into the ability of the applicant to pay the cost of the transcript. After a hearing, the local school
superintendent may order the party to pay the cost of the transcript by a certain date. Such decision of the local school superintendent may be appealed by the party to the State Board of Education in the same manner as other issues. If a party appeals the order of the local board to pay the cost, the local school superintendent shall submit to the State Board of Education a transcript of the hearing on indigence that is certified by the local school superintendent. If no appeal of the issue of indigence is filed and the cost is not paid as ordered by the LBOE, or if an appeal is filed and the State Board of Education affirms the local board decision, the appeal shall not be docketed.

(d) The appeal to the State Board of Education shall be filed with the local school superintendent within 30 days of the decision in question.

(e) Transmission to the State School Superintendent. The local superintendent shall within 10 days after the filing of the appeal, transmit to the state school superintendent a copy of the appeal, together with the transcript of evidence and proceedings, the decision of the local board and other matters in the file relating to the appeal. All materials should be certified as true and correct. The appeal may be amended and a transcript filed any time prior to transmission to the state board.

(f) Notice. After a determination by the state school superintendent or designee that the appeal is in proper form for hearing, the appeal shall be docketed and placed on the calendar for review before the hearing officer of the state board at the earliest practical time.

(g) The party requesting the appeal shall file a brief with the state board discussing the party's position within 20 days of the date of docketing. The opposing party shall have 40 days from the date of docketing to file a brief.

(h) Oral arguments shall not be heard unless requested by a party or requested by the hearing officer. Oral arguments must be requested by a party within 10 days of the date the appeal is docketed.

(i) Procedure at Oral Argument. If oral argument is ordered or granted, the appellant may be represented by counsel. The argument shall be confined to the issues in the record and the evidence transmitted from previous proceedings. No new evidence shall be received. The state board shall not consider any question not specifically raised in the written appeal or the statement of contentions.

(j) Decision of State Board. The state board shall render its decision in a written order within 25 days after it hears the case and shall notify the parties in writing of its decision and of their right to appeal the decision to the Superior Court of the county wherein the LBOE is located.

(k) Dismissal of Appeal. Failure to comply with any of the provisions herein may be grounds for dismissal.
(l) **No Supersedes**. No appeal shall act as a stay of a local board's order unless so ordered by the local board or by the vice chairperson for appeals of the state board.

(5) **Severability**. The provisions of this rule are hereby declared to be severable, and the invalidation of any part hereof shall not affect or invalidate any other part.

**Rule 160-1-3-.05. Assessment of Costs.**

(1) **DEFINITIONS.**

(a) **Documents** - any papers, letters, maps, books, tapes, photographs, computer based or generated information, data, data fields, or similar material prepared and maintained or received by the Georgia Department of Education or the State Board of Education.

(2) **REQUIREMENTS.**

(a) A party requesting that the Georgia Department of Education (GaDOE) transmit the records of an administrative proceeding to a federal district court or state court shall be charged a copying fee of $.25 per page and shall be charged for the actual mailing costs to transmit the record to the appropriate court. The requesting party shall remit the total fee to GaDOE within 30 days after receipt of an invoice. The requesting party may be asked to provide the filing fee for the appropriate court to be transmitted along with the record.

(b) A party requesting copies of documents pursuant to the Open Records Act (O.C.G.A. § 50-18-70) shall be charged a copying fee of $.10 per page for letter or legal size documents or, in the case of non-letter or legal size documents, the actual cost of producing the copy. In the case of electronic records, GaDOE may charge the actual cost of the media on which the documents are produced. The party making the request shall remit the total fee to GaDOE within 30 days after receipt of an invoice.

(c) GaDOE may charge for the search, retrieval, redaction, and production costs for the production of documents pursuant to the Open Records Act. The charge for search, retrieval, or redaction of records shall not exceed the prorated hourly salary

(d) In any instance in which the estimated costs for the production of documents exceeds $500.00, GaDOE shall insist on prepayment of the costs prior to beginning the search, retrieval, review, redaction, production, or copying of the documents.

(e) In lieu of providing separate printouts or copies of records or data, GaDOE may provide access to documents through its website. If a person or entity specifically requests data fields in the format in which they are kept, GaDOE shall provide the data in the format requested provided the person or entity agrees to be responsible for any administrative costs associated with the request.

(f) Whenever any person or entity has requested documents and does not pay the administrative cost lawfully estimated and agreed upon, GaDOE shall be authorized to collect such charges in any manner authorized by law. Further, whenever any person or entity has requested to inspect or copy documents and has not paid the administrative cost lawfully incurred, GaDOE shall require prepayment for compliance with all future requests for documents until the costs for the prior production of documents have been paid or the dispute regarding payment is resolved.

(1) **Purpose of Program.** Under provisions of the Individuals with Disabilities Education Act, the State of Georgia receives grant funds from the Office of Special Education Programs, U.S. Department of Education. The purpose of the Act is to provide grants to states to assist them in providing a free appropriate public education to all students with disabilities. A portion of these funds is used to support the programs of the Georgia Network of Educational and Therapeutic Services (GNETS) which provides educational services to the most severely involved of the population of students with emotional and behavioral disorders (SEBD). The goal of the GNETS is to provide, through cooperative efforts, comprehensive educational services to any student with SEBD or autism, anywhere in Georgia. Each school system in Georgia is served by one of the 24 regional programs of the GNETS. Either a local school board or a regional educational services agency (RESA) serves as fiscal agent for each of the programs. The IDEA Part B Funds - SEBD and Autism are expended to provide for the excess cost of special education and support services for students served by the programs of the GNETS.

(2) **Terms and Conditions.** Grant funds are allocated to the local school districts or RESAs serving as fiscal agents for each of the GNETS programs during each fiscal year beginning on July 1. Grantees agree to adhere to rules adopted by the State Board of Education and applicable federal regulations in 34 CFR Part 300.

(3) **Eligible Recipients.** Eligible recipients are the local school boards or RESAs serving as fiscal agents. Fiscal agents are determined by the local school districts in each of 24 regions of the GNETS.

(4) **Criteria for Award.** Grant funds flow to the fiscal agents following the submission and acceptance of project proposals developed by each fiscal agent in coordination with the program director, outlining program objectives, services, staffing patterns and budgets for the coming fiscal year.

(5) **Directions and Deadlines for Applying.** The proposal format is sent to the 24 fiscal agents, as identified by the local areas, in March. Each proposal is due by mid-May to be considered by the Georgia Board of Education at its June meeting. Monies are awarded for approved proposals in July. Requests for information, directions or assistance for completing the proposal should be made to the Division for Exceptional Students, Georgia Department of Education, 1870 Twin towers East, Atlanta, Georgia 30334.

A percentage of these funds is discretionary, and a portion is used to provide statewide technical assistance, staff development, training and similar activities to assist local school systems in their provision of special education to students with disabilities. These activities are specified in the State Program Plan for Special Education, which is approved by the State Board of Education and the U.S. Department of Education. The activities include the Georgia Project for Assistive Technology, Positive Behavior Support of Georgia, and Georgia Instructional Materials Center.

(2) **Terms and Conditions.** Grant funds are allocated to the local school systems and regional educational services agencies (RESAs) serving as fiscal agents for these projects. As per Georgia Department of Education procedures for federal funds, the fiscal agents then request these funds quarterly on a reimbursement basis.

(5) **Directions and Deadlines for Applying.** The project proposals are due to the department in the spring of each year. Requests for information, directions or assistance for completing the proposal should be made to the Division for Exceptional Students Unit, Georgia Department of Education, 1870 Twin Towers East, Atlanta, Georgia 30334-5040.

Rule 160-1-4-.65. Programs for Migratory Children.

(1) **Purpose of Program.** Public Law 107-100, Section 1301-1309 authorizes the provision of funds through state education agencies (SEAs) to local operating agencies to meet the special educational needs of children of migratory workers engaged in agricultural and fishing activities. This law assists states to support high quality and comprehensive educational programs that help migrant children overcome the challenges of educational disruptions, limited English proficiency and other difficulties that result from repeated moves; ensure that migratory children are provided appropriate educational services, including supportive services, that address their special needs in a coordinated and efficient manner; ensure that migratory children have the opportunity to meet the same challenging state content standards and student performance standards that all children are expected to meet; ensure that migratory children benefit from state and local systemic reform; design programs to help migratory children overcome educational disruption, cultural and language barriers, social isolation, various health-related problems and to prepare such children to make successful transitions to postsecondary educational opportunities or employment.

(2) **Terms and Conditions.** Subgrants are awarded for a 12-month period, July 1 - June 30 annually. Recipients agree to adhere to the following program-specific regulations: 34 CFR Parts 76, 77, 78, 80, 81, and 86 of the Educational Department General Administrative Regulations (EDGAR) and 34 CFR Part 200. Subgrantees must also submit annual reports to provide program data and funding accountability; such reports are collected by the Department to aid in determining the effectiveness of the program design and to provide fiscal accountability for management of subgrant funds. These reports will also be used to assist the preparation of reports for the U.S. Department of Education, Office of Migrant Education, and to aid in review and evaluation of the Georgia Migrant Education Program design.

(3) **Eligible Recipients.** Local education agencies (LEAs).

(4) **Criteria for Award.**

   (a) The LEA submits, through its Consolidated Application, the following information for approval:
1. The process utilized to assess the educational needs of its migratory children and, based on these needs, the process utilized to prioritize services to those migratory children who are failing, or most at risk of failing, to meet the state's challenging content standards and student performance standards, and whose education has been interrupted during the regular school year.

2. A description of the Title I, Part C Migrant Education service implementation plan(s) to be implemented and how the project(s) will meet the instructional and support services goals established by the SEA. This description must show that services are designed to meet the unmet needs of these migratory children.

3. A description of how and the extent to which the subgrantee will coordinate services with other state and local agencies serving migrant children and youth; how the proposed activities and use of funds will facilitate the enrollment, attendance, and success in school of migrant children and youth; and the ability of the subgrantee to meet the needs of all eligible migrant children, including three- to five-year olds and out-of-school youth as specified in the federal statute.

(b) All applications are reviewed by the Georgia Department of Education for evidence of reflection of the goals and objectives of the Georgia Department of Education and the Migrant Education Program, fulfillment of the statutory requirements of the federal law and compliance with both federal and state guidance for the Migrant Education Program. Occasionally, the Department may confer with an applicant for clarification or to request revision of some portion or portions of its application.

(c) Migrant Education Program subgrants are determined by a formula by the Georgia Department of Education. Prior to applying the formula, funds are set aside from the federal allocation for the following purposes: state administration of the program as allowed in the federal statute and other state-wide program functions. The remainder of the allocation is made available for subgranting to LEAs based on the following formula:

1. Number of Migrant Children

   Number of migrant children, P3-22 years of age (0.5 each)

2. Needs of Migrant Children

   Number of migrant children in grades three through eight who scored below proficiency on State assessment in Reading/Language Arts (0.2 each)
Number of migrant children in grades three through eight who scored below proficiency on State assessment in Mathematics (.2 each)

Number of migrant children in grades nine through twelve who failed one or more of the following: End of Course Tests (EOCT), Georgia High School Graduation Test (GHSGT), or Georgia High School Graduation Writing Test (GHSGWT) (.2 each)

Number of migrant children appropriately screened and classified as Limited English Proficient (LEP) as set forth in State Board of Education Rule 106-4-5-.02(.2 each)

Number of migrant children in grades kindergarten through twelve who are overage for grade level by one or more years, working on course work below grade placement, or credit deficient (.2 each)

3. Priority for Service

Number of migrant children classified as having "Priority for Service" (.75 each)

The points from these three factors are totaled for each LEA, and then these totals are summed to determine the number of points that were available. Each LEA's point total is converted into a percentage. Each LEA receives as its allocation its percentage of the funds available for these three factors and any funds it generates under factor D, which follows.

4. Availability of Other Funds

There is a total of $150,000 available for this factor. When the LEA per pupil expenditure (PPE) is compared to the state average (average of LEAs with eligible migrant students only) PPE, it is eligible for funds under this factor if its PPE is below the state average PPE. Each LEA that falls into this category will receive a share of the $150,000 available under Factor D that is proportional to its share under Factors A-C above.

(5) Directions and Deadlines for Applying. LEAs utilize the State Consolidated Application to apply for Title I, Part C MEP funds. The State Consolidated Application is revised and updated annually to reflect changes in service delivery and is resubmitted formally for approval every three years. Budgeting of MEP funds for services to eligible children is completed annually by each LEA through the Consolidated Application portal. It is anticipated that funds for MEP services will be submitted to the State Board of Education for approval at its August meeting. Requests for information should be made to
the Migrant Education Program, Georgia Department of Education, 1770 Twin Towers East, Atlanta, Georgia 30334.

Rule 160-1-4-.100. Low Incidence Grant.

(1) **Purpose of Program.** The purpose of this grant is to provide funds to local school
systems that do not earn sufficient state dollars to employ a teacher to provide appropriate
services in a specific low incidence area of disability.

(2) **Terms and Conditions.** Grants are authorized to systems that do not earn state dollars
sufficient to employ one teacher to provide appropriate services in specific low incidence
areas of disability. Grants are available to supplement the difference between the amount
earned under the Quality Basic Education (ABE) Act and the amount required to provide
the needed direct instructional services.

(3) **Eligible Recipients.** Systems eligible for low incidence grant funds are those whose
projected individual or combined QBE earnings are less than 60 percent of the funds
required to employ one teacher in a low incidence disability area and shared services are
not feasible.

(4) **Criteria for Award.** Applications are reviewed by the Department. Grants are reviewed
for need, based on QBE earnings, utilization of existing staff and a description of the

(1) **Purpose of Program.** The purpose of the Video Lessons Project is to lease limited broadcast and unlimited duplication rights of certain video titles for use in curricular and co-curricular programs of participating local school systems for all subjects for K-12 public schools. Funds will also be used to provide to each media center a printed catalog and a compact Disk-Read Only Memory (CD-ROM) which contains segmentation of all titles and MARC records to allow access for data concerning each title in the collection.

(2) **Terms and Conditions.** Participating local public school systems pay $.40 per full-time equivalency (FTE) and the department in turn uses that money annually to contract with companies or governmental agencies for broadcast and duplication rights. Companies/agencies provide master video tapes for broadcast and duplication. Systems record titles off the air at broadcast time or have another system or Regional Educational Service Agency (RESA) tape for them. The Georgia Department of Education Training Center at Georgia College, Macon Campus, pays a fee for each title based on the catalog time.

(3) **Eligible Recipients.** Eligible Recipients are: Private for profit, private non-profit, public for profit, and public non-profit companies and governmental agencies.

(4) **Criteria for Award.** The department conducts an annual evaluation with participating systems to determine titles for deletion in order to keep the collection updated. Systems also recommend content, topics and titles they need to make videos an integral part of the
instructional program as media specialists and teachers plan cooperatively for instruction. The department staff then selects titles that match QCC objectives. The selections are made from (1) recommendations provided by school systems; (2) recommendations given by companies and (3) descriptions appearing in companies' catalogs. Contracts are awarded to companies who provide titles appropriate for each year's selection.

(5) **Directions and Deadlines for Applying.** Requests for information should be made to the Georgia Department of Education Technology Training Center; Georgia College, Macon Campus; 3920 Arkwright Road, Suite 385; Macon, Georgia 31210-1719. Contracts are usually awarded in March each year to participating companies.

(1) **Purpose of Program.** The purpose of the growth component of the Capital Outlay Program is to provide a systematic, equitable means of making state assistance available to local school systems for meeting their capital outlay needs for new educational facilities required as a result of growth.

(2) **Terms and Conditions.** To be eligible to receive funds, a local school system must submit to the department an application that explains how the system plans to use growth entitlement to provide new educational facilities and/or additions to existing schools required because of growth. In the application, the system must show how its request for growth entitlement funds correlates to the system's approved long-range facilities plan. A local school system receiving these funds agrees to meet all terms and conditions specified in state law and to provide required matching local funds of 8-20 percent of the eligible project costs based on the system's local participation factor.

(3) **Eligible Recipients.** Local school systems are eligible to receive these funds.

(4) **Criteria for Award.** Funds are not awarded on a competitive basis. Using the formula below, growth entitlement earnings are calculated annually as soon as the average full-time equivalent (FTE) student counts for the last completed school year are available. Shortly after the beginning of each new fiscal year, each school system is notified in writing by the department of its regular and growth entitlement earnings.

\[
\text{Average Annual FTE for the last three years prior to the completed school year} = \frac{\text{Average Annual FTE for the most recent three years}}{\text{Each School System's Rate of Growth (Must be equal to or greater than 1.5% to qualify)}},
\]

\[
\text{Average Annual FTE Growth for Each System (Positive Nos. Only) (Must be equal to or greater than 65 to qualify)}.
\]
the last three years prior to the last completed school year
c. Each eligible

School System's Average Annual FTE Growth = Each eligible System's Ratio of Growth 
Total Statewide ELIGIBLE Growth

d. ELIGIBLE School System's Annual Entitlement
Ratio of Growth (from above calculations) (set by Legislature annually- earned currently $100, $80, $60, & $40million levels) = Annual Program * Authorization Level

Exceptional Growth

(Entitlement by eligible systems is contingent upon the program authorization level set by the Legislature annually.)

(5) Directions and Deadlines for Applying. Based upon the earnings information, each school system decides each year whether to submit an application to the department requesting use of entitlement funds or to allow its entitlement to accrue until a later year. Completed applications must be submitted to the department by no later than September 1 of each year. The date state funds become available each year is dependent upon the funding source the General Assembly designates for the growth applications submitted. Requests for information and applications should be made to the Facilities Services Unit, Office of Finance and Business Operations, Georgia Department of Education, 205 Jesse Hill Jr. Drive, SE, 1670 Twin Towers East, Atlanta, Georgia 30334-5001.

(1) **Purpose of Program.** Funding for this program is provided by the Title IV, Part B, 21\textsuperscript{st} CCLC of the Elementary and Secondary Education Act, as amended by the No Child Left Behind Act (NCLB) of 2001. As a result of this Act, the U.S. Department of Education makes funds available for states to award competitive grants to establish or expand community learning centers that operate during out-of-school hours and that have three specific purposes:

(a) To provide opportunities for academic enrichment and tutorial services to help students, particularly students who attend high-poverty and low-performing schools, meet state and local performance standards in core academic subjects;

(b) To offer students a broad array of additional services, programs, and activities to reinforce and complement the regular academic program of participating students. These activities may include youth development activities, drug and violence prevention programs, counseling programs, art, music, and recreation programs, technology education programs, and character education programs; and

(c) To offer families of 21\textsuperscript{st} CCLC students opportunities for literacy and related educational development.

(2) **Terms and Conditions.** Funding is appropriated annually and states are notified in the grant award notification provided by the U.S. Department of Education. Grants may be awarded for no less than three years, but no more than five year. Grant will be awarded to eligible recipients for no less than $50,000. The maximum grant award will be determined on an annual basis as determined by program evaluation data and the amount of available funds.

(3) **Eligible Recipient(s).** Any public or private entity may apply to receive a Title IV, Part B, 21\textsuperscript{st} CCLC grant. Examples of such organizations include, but are not limited to, local school systems, community-based organizations, non-profit agencies, for-profit corporations, faith-based organizations, city or county government agencies, and higher education institutions. Consortia of two or more such organizations are also eligible to apply for 21\textsuperscript{st} CCLC grants.

(4) **Criteria for Award.** Title IV, Part B of the No Child Left Behind Act requires states to award grants only to applicants that will primarily serve students who attend schools with a high concentration of poor students. In addition, competitive priority must be given to applicants that both propose to serve students who attend schools identified for improvement, corrective action, or restructuring, and that are submitted jointly between
at least one local school district receiving funds under Title I, Part A, and at least one public or private community organization.

(5) **Directions and Deadlines for Applying.** Application information is posted on the Georgia Department of Education 21\textsuperscript{st} CCLC website at: [http://public.doe.k12.ga.us/](http://public.doe.k12.ga.us/). All applications must be submitted in accordance with the requirements detailed in the application. Requests for information should be made to Education Support Services 21\textsuperscript{st} Century Community Learning Centers, Georgia Department of Education, 1866 Twin Towers East, Atlanta, Georgia 30334.

**Rule 160-1-4-.263. Title IID, "Enhancing Education Through Technology" (Ed Tech) Competitive Grants.**

(1) **Purpose of Program.** According to ESEA legislation and US-ED Program Guidance, the primary goal of this program is to improve student academic achievement through the use of technology (see [http://www.ed.gov/programs/edtech/guidance.doc](http://www.ed.gov/programs/edtech/guidance.doc) and [http://www.ed.gov/policy/elsec/leg/esea02/pg34.html#sec2401](http://www.ed.gov/policy/elsec/leg/esea02/pg34.html#sec2401)). In Georgia, this grant will specifically address a statewide need to improve instruction to meet the needs of the 21\textsuperscript{st} Century learner and impact overall student achievement. The program will also:

(a) Assist every student - regardless of race, ethnicity, income, geographical location, or disability - in becoming technologically literate by the end of the eighth grade;

(b) Encourage the effective integration of technology resources and systems through professional development and curriculum development to promote research-based instructional methods that can be widely replicated;

(c) Increase the LEA's capacity to design and implement program evaluation.

(2) **Terms and Conditions.** Recipients must meet eligibility requirements for high economic and academic need as developed and published by the Georgia Department of Education (GaDOE). Recipients also agree to comply with the Georgia Department of Education evaluation program and to submit annual reports to provide program data and funding
accountability. Such reports are collected by the Georgia Department of Education and sent to the United States Department of Education (US-ED).

(3) **Eligible Recipients.** No Child Left Behind (NCLB) mandates that the Georgia Department of Education set eligibility criteria for the Title II-D competitive grants to ensure that LEAs applying for funds are among those with the "highest needs" in the state. The Georgia Department of Education's criteria for determining "high need" eligibility for the FY08 competition are as follows.

(a) An LEA shall be considered "high need" if:

1. The percentage of children in poverty residing in the LEA's service area is above the state average of 17.77% according to the 2004 US Census poverty data provided to the Georgia Department of Education Title I programs, US-ED poverty data; **AND**

2. The LEA has one or more schools identified as Needs Improvement for one or more years according to the 2007 Needs Improvement Report; **OR**

3. The ratio of students to computers in the LEA's service area is above the state average of 3.34 students to computers according to the 2006-2007 State Technology Inventory Survey.

**Rule 160-1-4-.266. Title II, Part B Mathematics and Science Partnerships (MSP) Program.**

(1) **Purpose of Program.** The purpose of the Mathematics and Science Partnership grant program is to improve the content knowledge and pedagogical acumen of cohort groups of mathematics and science teachers of grades K-12 in order to increase the achievement of their students. These improvement efforts are designed, implemented, and evaluated by strong partnerships between college and university faculty, high-need school systems, and other qualifying partners.
(2) **Terms and Conditions.** Funds are available from the Georgia Department of Education for competitive Mathematics and Science Partnerships grants. The focus of the proposals is providing professional learning for mathematics and science teachers in grades Kindergarten through 12. All partnerships must establish and operate programs to bring grades K-12 mathematics and/or science teachers into contact with working science, technology, engineering, or mathematics faculty to expand teachers' content knowledge and instructional practice in mathematics and science classrooms. Such goals may be met by (a) providing opportunities for enhanced and ongoing professional learning of mathematics and science teachers that improves their content knowledge; (b) using scientifically-based researched teaching methods to promote strong teaching skills for mathematics and science teachers; and (c) establishing and operating intensive mathematics and science institutes for teachers with follow-up training and support. The funds received must be used to supplement, and not supplant, funds that would otherwise be used to support such activities.

The partnership must consist of (a) a Georgia high-need school district or consortium, and (b) a science, technology, engineering, or mathematics (STEM) department of an accredited two-or four-year college or university. Partnerships may also include (a) one or more school systems that may or may not qualify as high-need; (b) the STEM department or teacher training department of another accredited two-or four-year college or university; (c) faculty from the unit responsible for the preparation of teachers (typically the college of education); (d) public charter and magnet schools, private elementary or secondary schools, or a consortium of such schools; or (e) non-profit and for-profit organizations with proven effectiveness in providing professional development to teachers of mathematics and science. Either the lead school district applicant, the Regional Education Service Agency (RESA), or the lead higher education applicant may serve as the fiscal agent.

(3) **Eligible Recipients.** Proposals may be submitted by either a Georgia high-need school district/consortium (RESA) or a partnering institute of higher education.

(4) **Criteria for Award.** The criteria for awarding grants will be as follows:

(a) Absolute priority will be given to those partnerships which demonstrate that at least 40 percent of the lead partner's students qualify for the free and reduced meal program and those that show evidence of teachers with limited content knowledge with a history of low student test scores or achievement gaps in mathematics and/or science.

(b) Efforts will be made to ensure Georgia's Mathematics & Science Partnership Program grants are distributed equitably across the state to the extent that qualified, submitted proposals allow.

(c) The following criteria will be used to evaluate all applications for funding:

   (1) commitment and capacity of partnership;
demonstration of need and research base;

(3) alignment of project goals and objectives with professional learning needs;

(4) efficacy of plan;

(5) evaluation and accountability plan; and

(6) budget and cost effectiveness. In addition any applicant that is currently receiving funds, but plans to submit another proposal for continued work, must also

(7) show evidence of prior project work. Bonus points for innovation and high-need are also possible.

(5) **Directions and Deadlines for Applying.** A Request for Proposals (RFP) and additional application information will be made available by the Georgia Department of Education by April 7, 2014, on its MSP Program website: [http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Curriculum-and-Instruction/Pages/Math-and-Science-Partnership-.aspx](http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Curriculum-and-Instruction/Pages/Math-and-Science-Partnership-.aspx). In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four intervention models: turnaround model, restart model, school closure, or transformation model. The School Improvement Grant funds will remain available for obligation and expenditure through September 30, 2013.

(3) **Eligible Recipients.** In awarding subgrants, an SEA must "give priority to the local educational agencies with the lowest-achieving schools that demonstrate - (A) the greatest need for the funds; and (B) the strongest commitment to ensuring that such funds are used to provide adequate resources to enable the lowest-achieving schools to meet the goals under school and local educational improvement, corrective action, and restructuring plans under section 1116." The regulatory requirements expand upon these provisions, further defining LEAs with the "greatest need" for School Improvement Grant funds and the "strongest commitment" to ensuring that such funds are used to raise substantially student achievement in the persistently lowest-achieving schools in the State.

To identify the persistently lowest-achieving schools in the State, and SEA must take into account (a) the academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; (b) the school's lack of progress on those assessments over a number of years in the "all students" group; and (c) the school's graduation rate (less than 60 percent over a three-year period).

(4) **Criteria for Award.** The annual grant award process consists of identifying the persistently lowest-achieving schools eligible for the grant, notifying the local educational agencies and providing the required School Improvement Grant application, reviewing and approving submitted applications, and notifying grantees of awards following State Board of Education Approval.
LEAs must submit a comprehensive School Improvement Grant application to the State educational agency, which must: identify the school intervention model the LEA will implement in each Tier I and Tier II school it commits to serve; demonstrate that the LEA has analyzed the needs of each school, selected an intervention for each school, and has the capacity to enable each school to implement, fully and effectively, the required activities of the school intervention model it has selected; describe actions it has taken, or will take to design and implement interventions consistent with the final requirements; a budget indicating the amount of School Improvement Grant funds the LEA will use to support school improvement activities; include the required assurances; indicate any waivers that the LEA will implement with respect to the School Improvement Grant funds; and include any other provisions required by the United States Department of Education or SEA.

2. The proposed level of change or improvement specified in each performance objective.

3. The importance of each of the outcomes in relation to the others identified in the application.

(4) Schools with approved applications shall submit a report, at the end of the school year for which the application was approved, detailing the degree to which each performance objective was achieved. The report shall be submitted through the local board of education to the state superintendent of schools by June 15 and shall be in a form that permits direct comparisons between the stated outcomes in the approved application and the end-of-year performance report. The report shall be prepared in accordance with published program guidelines.

(5) In order to be eligible to receive a PfP award, performance objectives representing 80 percent of the total weights must be successfully achieved.

   (a) A local school wishing to appeal the state superintendent of schools' decision concerning the assessment of the end-of-year report results in relation to the approved performance objectives may do so by having its local school board request a review of the decision by the state board.

(6) Each local board of education with applicant schools shall adopt a policy, consistent with state law and state board rule, which specifies how PfP award funds will be disbursed to the successful school

   (a) Each local board with applicant schools is responsible for general oversight of the use of funds.

   (b) In each school receiving an award, personnel in official certified positions must determine by consensus how award funds will be utilized.

(1) DEFINITIONS.

(a) ACCESS for ELLs - an English language proficiency test administered annually to all English learners (EL) in Georgia for the purposes of determining the English language proficiency level of students; providing districts with information that will help them evaluate the effectiveness of their ESOL programs; providing information that enhances instruction and learning in programs for English learners; assessing the annual English language proficiency gains using a standards-based assessment instrument; and providing data for meeting federal and state requirements with respect to student assessment.
(b) **Accommodation** - an allowable alteration in the administration of an assessment that assists students with access to participate in an assessment and is clearly documented within a student's Individualized Education Program (IEP), Section 504 Individual Accommodation Plan (IAP), or English Learner (EL) Testing Participation Plan. An accommodation is provided to a student during an assessment so that the assessment measures what the student knows and is able to do.

(c) **Conditional Accommodation** - a more expansive accommodation that provides access for students with more severe disabilities or limited English proficiency who would not be able to access the assessment to demonstrate their achievement without such assistance.

(d) **Conditional Administration** - a test administration in which a more expansive accommodation is utilized to provide access to an assessment for a small number of eligible students with more severe disabilities or more limited English proficiency and who, therefore, would not be able to access the assessment without such assistance.

(e) **English Learner (EL) Student** - a student whose primary or home language is one other than English and who is eligible for services based on the results of an English language placement assessment and, if warranted, additional assessments specified in Rule 160-4-5-.02 Language Assistance: Programs for English Learners (ELs).

(Rule 160-4-7-.21 Definitions).

(o) **Language Proficiency Assessment** - an assessment of an EL student's: (1) progress in the acquisition of the English language in the areas of listening, speaking, reading and writing; and (2) attainment of a prescribed level of performance in listening, speaking, reading, and writing to enable a student to communicate independently and effectively in both social and academic settings.

GEORGIA STUDENT ASSESSMENT PROGRAM REQUIREMENTS. Each local system shall assess all students using SBOE-designated assessment instruments, as required. An IEP team, under limited circumstances and in accordance with GaDOE and federal guidelines, may consider the SBOE-approved alternate assessment for a small number of students with significant cognitive disabilities (approximately 1%) who receive special education services and are unable to participate in the general assessment. The SBOE-approved alternate assessment based on alternate achievement standards shall be the Georgia Alternate Assessment (GAA) for students in grades 3-12 in language arts, mathematics, science, and social studies. All EL students must participate annually in the state-adopted English proficiency assessment.

(a) KINDERGARTEN ASSESSMENT.

1. Each local school system shall assure that the following requirements are met.
   
   (i) All kindergarten students shall be assessed using the Georgia Kindergarten Inventory of Developing Skills (GKIDS) during their kindergarten year as the school readiness assessment for first grade, and

   (ii) Only certified teachers of kindergarten or first grade students and who have been trained in the use of the GKIDS, shall administer the assessment.

2. The local school system shall use information obtained from the administration of the GKIDS to make placement decisions on an individual student basis. Documentation that supports an individual retention decision shall be on file in the student's permanent record. The information obtained by the GKIDS shall be used as part of the required written documentation. The student's parent/guardian shall be notified of the final placement decision. The local school system shall provide alternative, and developmentally appropriate instruction to students who spend a second year in kindergarten.

(b) FIRST- GRADE ASSESSMENT. Subject to appropriations, local systems shall administer a formative assessment with a cumulative component that is tied to performance indicators in reading and mathematics in grade one.

(c) SECOND- GRADE ASSESSMENT. Subject to appropriations, local systems shall administer a formative assessment with a cumulative component that is tied to performance indicators in reading and mathematics in grade two.

(d) THIRD- GRADE ASSESSMENTS. Local systems shall assess all third-grade students with the state-adopted English/language arts and mathematics tests annually according to a schedule established by the SBOE.
(e) **FOURTH-GRADE ASSESSMENT.** Local systems shall assess all fourth-grade students with the state-adopted English/language arts and mathematics tests annually according to a schedule established by the SBOE.

(f) **FIFTH-GRADE ASSESSMENTS.** Local systems shall assess all fifth-grade students with the state-adopted English/language arts, mathematics, and science tests annually according to a schedule established by the SBOE.

(g) **SIXTH-GRADE ASSESSMENT.** Local systems shall assess all sixth-grade students with the state-adopted English/language arts and mathematics tests annually according to a schedule established by the SBOE.

(h) **SEVENTH-GRADE ASSESSMENT.** Local systems shall assess all seventh-grade students with the state-adopted English/language arts and mathematics tests annually according to a schedule established by the SBOE.

(i) **EIGHTH-GRADE ASSESSMENTS.** Local systems shall assess all eighth-grade students with the state-adopted English/language arts, mathematics, science, and social studies tests annually according to a schedule established by the SBOE.

(j) **END-OF-COURSE (EOC) ASSESSMENTS.** Local school systems shall assess students at the completion of core high school courses specified by the SBOE, in accordance with O.C.G.A. 20-2-281(a), to measure student achievement in the four content areas of English/Language Arts, Mathematics, Science, and Social Studies.

1. With the exception of the following courses, Algebra I, Coordinate Algebra, and Biology, a student shall be exempt from taking the end-of-course assessment for a core subject course if he or she earns a post-secondary credit in that course through dual enrollment pursuant to O.C.G.A. 20-2-149.2 or 20-2-161.3. Postsecondary grades earned, in this situation, shall be used in the state accountability system. All students enrolled in Algebra I, Coordinate Algebra, and Biology must take the EOC.

   (i) Beginning with the 2021-2022 school year, students are not exempt from taking the end-of-course assessment in American Literature and Composition, therefore, all students enrolled in American Literature and Composition must take the EOC.

2. With the exception of the following courses, Algebra I, Coordinate Algebra, and Biology, a student shall be exempt from taking the end-of-course assessment for a core subject course if he or she passes an Advanced Placement (AP) course in a related subject pursuant to O.C.G.A. § 20-2-159.4 or if he or she passes an International Baccalaureate (IB) course in a related subject. Grades earned in Advanced Placement or International Baccalaureate courses, in this situation, shall be used in the state
accountability system. All students enrolled in Algebra I, Coordinate Algebra and Biology must take the EOC.

(i) Beginning with the 2021-2022 school year, students are not exempt from taking the end-of-course assessment in American Literature and Composition, therefore, all students enrolled in American Literature and Composition must take the EOC.

3. Individuals no longer enrolled in a Georgia public school, who were not eligible for a diploma solely as a result of not achieving a passing score on the former graduation assessments (i.e., Basic Skills Test, Georgia High School Graduation Tests, Georgia High School Writing Test), may submit a petition to their local school system to determine their eligibility for a diploma as provided for by O.C.G.A. § 20-2-281.1.

(k) NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS (NAEP)
Local school systems shall participate in the NAEP assessment programs.

(3) STUDENT ASSESSMENT RESPONSIBILITIES FOR SPECIAL POPULATIONS.

(a) STUDENTS WITH DISABILITIES WHO RECEIVE EDUCATIONAL SERVICES DEFINED BY AN IEP OR SECTION 504 ACCOMMODATION PLAN. Local systems shall ensure that all students with IEPs or Section 504 Accommodation Plans participate in the state and local assessment programs. The IEP or Section 504 Accommodation Plans for these students shall identify the state-approved accommodations required to enable participation.

1. Decisions related to the participation in and identification of any needed accommodations in administration shall be made by the IEP team in the Individualized Education Program (IEP) review or by the Section 504 Individual Accommodation Plan (IAP) committee in its meeting.

2. All students with disabilities shall be coded according to the primary disability for each assessment in which they participate. Student participation in and performance on all assessments shall be accurately documented within each student's IEP or IAP so that state and federal reporting guidelines can be met and so that performance outcome measures can be monitored for compliance.

3. Accommodations must be provided for students with disabilities as identified in the IEP or Section 504 IAP. Accommodation decisions made by the appropriate IEP or Section 504 IAP committee shall take into account the accommodations that are currently used in the instructional or classroom assessment process and must be part of the usual instructional practice for the student. Additionally, these committees shall consider whether the
accommodation is necessary for access to the assessment process, previous experience with and the usefulness of the recommended accommodation, and whether or not the recommended accommodation impacts the integrity of the assessment. Students shall receive the accommodations they need in order to meaningfully participate in the assessment, but should not be given more than is necessary to meaningfully participate. The majority of students are expected to participate in the regular assessments with only a small percentage requiring a conditional/nonstandard administration. Only state-approved accommodations may be included in an IEP or Section 504 IAP.

4. Accommodations can result in administrations of the assessment that are either standard or conditional. Standard administration refers to testing conditions in which the procedures and directions are administered exactly as described in the test administration manual and non-altering accommodations are used. Conditional administration refers to use of more expansive accommodations utilized to provide access for a small percentage of students with more severe disabilities who would not be able to access the assessment without such assistance. Conditional accommodations shall be used sparingly as the majority of students requiring accommodations are able to successfully demonstrate their achievement with standard accommodations. The use of conditional accommodations must be required by the student to access the test because of his or her disability and documentation substantiating the need shall be included in the student's IEP along with specific instructional goals to address the need. Assessments differ in what results in standard and conditional administrations. Specific information concerning the standard or conditional nature of an accommodation is published annually in the Student Assessment Handbook and in the respective testing administration materials that accompany each assessment (e.g., Examiner’s Manual and Directions for Administration). Should an individual student need an accommodation not on the approved list for a state test, approval must be granted by the Assessment and Accountability Division of the GaDOE before the accommodation may be used.

5. All students must be assessed annually using the appropriate state-mandated assessments listed in section (2) of this rule.

6. When an IEP team determines that a student at any grade level is not able to participate in an administration of any local or state-mandated assessment, even with reasonable accommodations, the IEP team will document the reasons and make the necessary alternate assessment decision for that student following the state-approved participation guidelines. For the state-mandated assessments listed in Paragraph (2) of this rule, the alternate assessment based on alternate achievement standards shall be the GAA. A
relatively small percentage of students (approximately 1%) are expected to participate through an alternate assessment.

7. Students with significant cognitive disabilities participating in the GAA must be provided access to the state-adopted content standards. Educators may adjust the learning expectations for this group of unique students provided the instruction is based on and aligned to the grade-level content standards. Instruction may reflect pre-requisite skills but must be sufficiently challenging for the individual student.

8. Compliance standards, reporting and enforcement. All students are expected to participate in all state-mandated assessments including students pursuing a Special Education Diploma. Most students are expected to participate in standard administrations, with a small percentage (less than 3%) under conditional administrations and a small percent (approximately 1%) in the GAA.

   (i) Student participation in and performance on all state-mandated assessments, including the GAA shall be accurately documented so that state and federal reporting guidelines can be met and so that performance outcome measures can be monitored for compliance.

   (ii) All students with disabilities shall be included in the accountability reporting process.

      (I) All participation data and results data shall be available to the Governor's Office of Student Achievement (GOSA) for the process of evaluating and rating school systems.

      (II) The results of the GAA shall be included as part of the state accountability system and system report cards.

      (III) The local system and GaDOE shall monitor participation rates for each assessment program, including alternate assessments, and the usage of accommodations, including conditional accommodations.

      (IV) The GaDOE shall automatically monitor/investigate any local system not meeting assessment participation rate requirements. All remaining local school systems will be monitored on a rotational basis as a part of the regular scheduled monitoring process. Failure to meet those requirements may result in sanctions ranging from imposition of corrective action plans to withholding of funds.
(V) The GaDOE will review results of all administrations and explore additional reporting formats to create meaningful and useful information from the results of standard and conditional/nonstandard administrations and the GAA.

(b) ENGLISH LEARNER STUDENTS

1. Students who have been defined as English Learner (EL) shall participate in all assessment programs. These students shall be coded EL on each test. If a student has exited the ESOL program or an alternative language assistance program in the past four years, the student shall be coded EL-M on each test. A student who has been exited for more than four years from the ESOL program shall not be coded as EL or EL-M on each test.

2. In certain situations, individual needs of EL and EL-M students may warrant accommodations. These accommodations shall be determined by and recorded during a documented meeting of the EL Testing Participation Committee. Those students identified as EL-M may receive, based on individual need, standard state-approved accommodations for a maximum of two years after exiting ESOL or an alternative language assistance program. At the end of the first two years of the monitoring period, EL-M students are no longer eligible for test administration accommodations. Testing accommodations shall be made only when appropriate documentation is on file for each eligible student. Administration of the assessments and use of test administration accommodations, including conditional accommodations for those students with very limited English proficiency, shall be according to established guidelines and procedures in the test administration manual(s), Examiner's Manual and the Student Assessment Handbook. Accommodation decisions made shall take into account the accommodations that are currently used in the instructional or classroom assessment process and must be part of the usual instructional practice for the student. Additionally the EL Testing Participation Committee shall consider experience with and utility of the accommodation and whether or not the recommended accommodation impacts the integrity of the assessment. Conditional accommodations shall be used sparingly and shall not be assigned to EL-M students. The local system and DOE shall monitor participation rates for each assessment program, and the usage of accommodations, including conditional accommodations.

3. The EL Testing Participation Committee shall be composed of a minimum of three members, one of whom is a certified educator. The EL/ESOL teacher/paraprofessional/aide currently serving the student with English language assistance is required to be a member of the committee. The
remaining members shall be chosen from the following: regular language arts, reading or English teacher; student's parent or legal guardian or the student, if 18 years or older; school administrator; other content area teachers; counselor; school psychologist; and lead teacher. Documentation of each EL Testing Participation Committee shall be placed in the student's permanent record. These documents shall contain the following information: names of participants; date(s) of meeting(s); date of entry into U.S. schools; test scores proving eligibility for ESOL services; the dates of administration and the name of the tests to be administered; alternatives considered (i.e., regular administration, accommodations); final action including specific accommodations for each test/subtest consistent with current instructional accommodations; signatures of committee members, school administrator and, parent, legal guardian or student if 18 years or older. The list of tests to be administered must include all state assessments that are mandated for the student's grade level. In addition to these state assessments, students who are required to participate in language proficiency tests under Title III of the Elementary and Secondary Education Act must participate in the language proficiency test prescribed by the state.

4. EL students enrolling for the first time in a U.S. school must participate in all SBOE-designated assessments and must be coded as a first time in U.S. school enrollee in state-required data collections. All scores resulting from the administration of state assessments will be removed from any statewide accountability calculations for the first year of a newly-arrived EL student's enrollment in a U.S. school. Though not used for statewide accountability purposes in the first year, such scores will serve as the baseline for student growth calculations and be included beginning in year two of such students' enrollment. Both achievement and growth will be included in statewide accountability calculations beginning in the third year of enrollment.

(4) TESTING REGULATIONS AND PROCEDURES. Local school systems shall adhere to all written regulations and procedures relating to testing and test administration, including the distribution and collection of test materials, test security, use of test results and official testing dates established in the Student Assessment Handbook, Test Administration Manual, Accessibility and Accommodations Manual, Assessment Administration Protocol Manuals, and assessment supplements and correspondence.

(a) Assessment guidelines shall be reviewed annually.

(b) The local system shall ensure that individual student assessment scores become a part of students' records as soon as possible after testing and that records follow students to their new schools when requested as specified in Rule 160-5-1-.14 Transfer of Student Records.
(c) Scores for an individual student shall be made available only to said student, to the parent(s) or legal guardian(s) of said student, and to appropriate local, state, and federal governmental agencies as provided by state and federal law.

(d) Local school systems shall provide individual student score reports for all state-mandated assessments to the parent(s) or legal guardian(s) in a timely manner.

(e) Procedures shall be followed in compliance with O.C.G.A. § 19-7-5, Reporting of Child Abuse, and O.C.G.A. § 16-10-50, Hindering Apprehension and Punishment of a Criminal, for reporting individual writing assessments which fall under the designated situations.

(f) All assessments shall be administered by Georgia-certified educators.

(g) Local systems shall train and orient any persons involved directly or indirectly in the assessment process and procedures required for appropriate and secure administration of all state-mandated assessments.

(h) Allegations of failure to follow procedures required for appropriate and secure administration of state-mandated assessments shall be reported to the GaDOE and the Ethics Division of the Professional Standards Commission.

(i) All students shall be assessed in English.

(j) In accordance with applicable state promotion and retention policies and laws, students who do not participate in state mandated tests shall not be promoted to the next grade. For EL students enrolled in their first year in a U. S. school placement decisions shall be made on an individual student basis by the EL Testing Participation Committee and be consistent with local school board policy.

(k) In cases where promotion and retention specifies the administration of an alternate test as a requirement for promotion to the next grade level in grades three, five, and eight, such assessment shall be an alternate version of the state-adopted test for that grade level.

(5) **STAFF DEVELOPMENT.**

(a) Teachers in grades one through 12 shall be offered the opportunity to participate annually in a staff development program on the use of tests within the instructional program designed to improve students' academic achievement. This program shall instruct teachers in the effective utilization of test results and other appropriate applications as determined by the SBOE, and may be provided by either the GaDOE or the local unit of administration.

Chapter 160-4.

Subject 160-4-2. DIVISION OF GENERAL INSTRUCTION.

Rule 160-4-2-.01. [Repealed].

Rule 160-4-2-.02. Repealed.

Rule 160-4-2-.03. List of State-Funded K-8 Subjects and 9-12 Courses for Students Entering Ninth Grade Prior to 2008.

(1) REQUIREMENTS.

(a) Local boards of education shall not receive state funds for the following:

1. Any course for which the course guide does not allocate a major portion of class time towards the development of one or more student competencies established by the Georgia Board of Education. (See State Board of Education Rule 160-4-2-.01 The Quality Core Curriculum and Student Competencies.)

2. Any course that requires participation in an extracurricular activity and for which enrollment is on a competitive basis.

3. Any class period in which the student serves as an assistant in a school office or in the media center, except when such placement is an approved work learning site of a recognized career or vocational program.

4. Any study hall or other noncredit course.

(b) Local boards of education may apply for state funding for courses not on this list using DE Form 0287 Local School System Request for Addition to Rule 160-4-2-.03 List of State-Funded K-8 Subjects and 9-12 Courses. The forms are posted on the Standards, Instruction, and Assessment webpage.

(c) New course additions will be considered each year by the State Board of Education. DE Form 0287 must be submitted to the Department by June 1 each year.

(d) The courses attached to this rule shall become effective at the beginning of school year 2011-2012.

(e) Local boards of education shall receive state funds for the following courses.

COURSE NUMBERING EXPLANATION

The course numbers are related to the national Classification of Instructional Programs (CIP) index.
Appendix A contains the list of all state-funded subjects for kindergarten through the eighth grade and courses earning Carnegie unit credit.

Assigning correct numbers as students register for courses ensures that accurate data are gathered by the Department. Such data identify the number and program designations of students involved in all state-funded courses.

The process for assigning a number to subjects or courses is as follows:

1. Determine the needs of each student. This process will involve knowing whether the student is to participate in special programs with specific guidelines.

2. Identify the appropriate subject or course for each student. The course numbers precede the title of the subject or course. There must be a valid number assigned as prescribed in this rule for each course that a student takes for which the local school systems received state funding.

3. Select numbers from the subject and course list. The whole number identifies the discipline or content area. The first digit to the right of the decimal identifies the type of instruction for each student in a particular subject or course. Local school systems determine the appropriate number for the first digit to the right of the decimal using the options stated on pages 3 through 6. In the following list, a 0 is placed as the first digit to the right of the decimal. Exceptions are a 3 designating a Virtual High School course, a 4 designating a one hour lab course, a 5 designating a two hour lab course, and a 6 designating a three hour lab course. The second, third, and fourth digits to the right of the decimal are static. The fifth digit to the right of the decimal will generally be a zero. However, local school systems should refer to pages 6 through 8 to determine if other digits should be used. The sixth and seventh digits to the right of the decimal are for local school system use. A total of nine digits (a two digit whole number and seven digits to the right of the decimal) must be given for each course. The following list includes seven of the nine required digits. As stated above, local school systems will either add two zeros for the last two digits or use other locally identified digits.

The position of the nine numbers is as follows:

12.3456789

The two digit whole number to the LEFT of the decimal designates the main subject area field.
EXAMPLES: 27.0000000 = MATHEMATICS

49.0000000 = MANUFACTURING SCIENCES

53.0000000 = MUSIC

The **first numerical digit** to the RIGHT of the decimal identifies the type of instruction.

EXAMPLE: 53.0000000 = MUSIC, GENERAL CLASSROOM INSTRUCTION

The options for the first numerical digit to the right of the decimal are explained below.

**XX.00 = GENERAL INSTRUCTION**

A 0 as the first numerical digit to the right of the decimal indicates general instruction. A 0 means that the course is taught in a traditional or regular classroom setting.

**XX.11 = REMEDIAL INSTRUCTION**

A 1 as the first numerical digit to the right of the decimal indicates that the student taking the course is identified as a participant in either the grades K-5 Early Intervention Program (EIP) or the grades 6-12 Remedial Education Program (REP). State Board of Education Rules 160-4-2-.17 EARLY INTERVENTION PROGRAM (EIP) and 160-4-5-.01 REMEDIAL EDUCATION PROGRAM identifies the eligibility requirements for students receiving EIP or REP instruction. The EIP provides an intervention program for students in grades K-5 who are at risk of not reaching or maintaining academic grade level in English language arts and/or mathematics in Kindergarten and in reading and/or math for grades 1-5. The REP provides a remedial educational program designed for students in grades 6-12 who have identified deficiencies in reading, writing, and/or math. Consequently, a 1 in the first numerical digit to the right of the decimal is valid ONLY for EIP or REP served students at these grade levels.

**XX.22 = GIFTED INSTRUCTION**

A 2 as the first numerical digit to the right of the decimal indicates that the student taking the course is identified as a participant in Gifted Education. State Board of Education Rule 160-4-2-.38 Educational Program for Gifted
Students describes the requirements necessary for students participating in the Gifted Education program. Courses for gifted students include mathematics, science, English/language arts, social studies, foreign languages, fine arts, and technology/career education. The approved delivery models for Gifted Education services are described in the Department of Education Resource Manual for Gifted Education Programs.

**XX.33 = DISTANCE LEARNING**

A 3 as the first numerical digit to the right of the decimal indicates that students taking the course are doing so in a distance learning classroom setting. Distance learning can be through interactive telecommunications, virtual high school on-line courses, or any other setting when the instruction is delivered and received through electronic communication means. The courses listed with a 3 in the first digit to the right of the decimal in the following list are Virtual High School courses.

**XX.44 = ONE HOUR LAB**

A 4 as the first numerical digit to the right of the decimal indicates that students are taking the course as a one-hour lab class.

**Vocational labs** are state-approved vocational courses. Descriptions for vocational labs are found in FTE Program Codes and Weights. Vocational labs include the following criteria:

a. Replacement costs of equipment and materials are at least 50 percent higher than those needed for a general education class except for cooperative work-study labs.

b. Students spend a minimum of 25 percent of the instructional time in "hands-on" activities.

c. Students are enrolled in grades 9-12.

**XX.55 = TWO HOUR LAB**

A 5 as the first numerical digit to the right of the decimal indicates that students are taking the course as a two-hour lab class.
**Vocational labs** are state-approved vocational courses. Descriptions for vocational labs are found in FTE Program Codes and Weights. Vocational labs include the following criteria:

a. Replacement costs of equipment and materials are at least 50 percent higher than those needed for a general education class except for cooperative work-study labs.

b. Students spend a minimum of 25 percent of the instructional time in "hands-on" activities.

c. Students are enrolled in grades 9-12.

**XX.66 = THREE HOUR LAB**

A 6 as the first numerical digit to the right of the decimal indicates that students are taking the course as a three-hour lab class.

**Vocational labs** are state-approved vocational courses. Descriptions for vocational labs are found in FTE Program Codes and Weights. Vocational labs include the following criteria:

a. Replacement costs of equipment and materials are at least 50 percent higher than those needed for a general education class except for cooperative work-study labs.

b. Students spend a minimum of 25 percent of the instructional time in "hands-on" activities.

c. Students are enrolled in grades 9-12.

**XX.77 = WORK-BASED LEARNING (WBL)**

The system for assigning course numbers to students enrolled in Work-Based Learning is a unique coding process applicable to these numbers only. Other course numbering conventions, including the previous descriptions for coding of the first digit past the decimal in other course numbers, should not be applied to these work-based learning numbers. The following chart indicates the numbering convention that applies only to these work-based learning numbers. Criteria for placement of students in these courses may be found in the Standards and Guidelines available from the Career, Technical, and Agricultural Education Division.
A 7 as the first numerical digit to the right of the decimal indicates that students taking the course are participating in a work based learning program. State Board of Education Rule 160-4-3-.13 CAREER RELATED EDUCATION describes the requirements necessary for students to participate in the work-based learning program that include only students in grades 10-12.

Work-based programs may be designated in each CTAE pathway using the chart below. The five digits to the right of the decimal used in conjunction with the 7 will be applied to the two digit whole number that indicates the Program CIP code number. Using this system, student enrollments are possible in all CTAE pathways for up to 3 credits in each WBL placement. Following are two examples of course numbers utilizing this numbering system:

**07.711500 Business and Computer Science WBL Placement**

(This number may be used for an 11th grade student who is enrolled in or has completed the necessary course(s) in a Business and Computer Science pathway for a first time, 2 hour or 2 credit WBL placement).

**21.721400 Engineering and Technology WBL Placement**

(This number may be used for an 12th grade student who is enrolled in or has completed the necessary course in an Engineering and Technology pathway for the second year, 1 hour or 1 credit WBL placement).

**XX.88 = GENERAL EDUCATION COURSE IN A SPECIAL EDUCATION SETTING**

An 8 as the first numerical digit to the right of the decimal indicates the students are students whose Individualized Education Program (IEP) has placed them in a general education course but in a special education setting and are being taught by a certified special education teacher. Students in these classes are earning Carnegie unit credit.

**Note:** The number 90.XXXXXXX is used for any course determined by a student's Individualized Education Plan (IEP) and taught by a special education teacher. Carnegie unit credit is not given for those courses and the seven digits to the right of the decimal may be used as the school system wishes, such as, to identify semester, class period, teacher, etc.

**XX.99 = GENERAL EDUCATION COURSE IN A GENERAL EDUCATION SETTING WITH SPECIAL EDUCATION SUPPORT**

A 9 as the first numerical digit to the right of the decimal indicates the students are students whose Individualized Education Program (IEP) has placed them in a general education course in a general education setting but with a specified amount and model of special education support listed on the IEP. Students are taught by a certified general education teacher and also receive the identified IEP support by the appropriately certified special education personnel. Students in these classes are earning Carnegie unit credit.
Note: In accordance with guidance issued by the United States Department of Education, Office for Civil Rights on October 17, 2008, transcripts may not contain information disclosing students' disabilities. Therefore, course numbers that identify students as students with disabilities must not be printed on transcripts. Course numbers including .8 and .9 or a 90 prefix should not appear on student transcripts.

Below is a summary for the first digit to the right of the decimal.

XX.00 = GENERAL

XX.11 = REMEDIAL

XX.22 = GIFTED

XX.33 = DISTANCE LEARNING

XX.44 = ONE HOUR LAB

XX.55 = TWO HOUR LAB

XX.66 = THREE HOUR LAB

XX.77 = WORK-BASED LEARNING

XX.88 = GENERAL EDUCATION COURSE IN A SPECIAL EDUCATION SETTING

XX.99 = GENERAL EDUCATION COURSE IN A GENERAL EDUCATION SETTING WITH SPECIAL EDUCATION SUPPORT

The second numerical digit to the right of the decimal identifies the minor subject area.

EXAMPLE: 53.06XXXXX = MUSIC ETHNIC AND FOLK

The third numerical digit to the right of the decimal identifies the specific course or subject.

EXAMPLE: 53.063XXXX = MUSIC
General Instruction

ETHNIC AND FOLK

Jazz

Jazz/Grade 8

The **fourth numerical digit** to the right of the decimal further identifies the type of course or subject.

**EXAMPLE: 53.0641XXX = MUSIC**

General Instruction

ETHNIC AND FOLK

Jazz

Beginning Jazz I

The **fifth numerical digit** to the right of the decimal reserves 0 and 1 for use by the Department. **A 0 is always used as the fifth numerical digit to the right of the decimal unless one of the following descriptions for the use of digits 2 through 9 apply.**

**XX.XXXX2XX = LOCALLY FUNDED**

A 2 as the fifth numerical digit to the right of the decimal indicates that the course is funded using local funds not state funds.

**XX.XXXX3XX = CREDIT IN LIEU OF ENROLLMENT**

A 3 as the fifth numerical digit to the right of the decimal indicates that students receive credit for a course in which they are not enrolled. Such instances would require a local policy that must be met in order for a student to receive credit without enrolling in the course. (For example, a student whose native language is not English could be given one or two Carnegie unit credits for foreign language if he/she can demonstrate proficiency in that language. A local system could use an end of Level I or II test or a proficiency test of its choice.)

**XX.XXXX4XX = DUAL ENROLLMENT CREDIT**
A 4 as the fifth numerical digit to the right of the decimal indicates that the
students receive credit for the course while taking it for dual enrollment
credit at a postsecondary public or private institution. Students
participating in dual enrollment must adhere to the requirements found in
State Board of Education Rule 160-4-2-.34 DUAL ENROLLMENT.
Funding for dual enrollment course participation is provided through FTE,
the Accel program, or the Hope Grant program. Refer to the Georgia
Student Finance Commission web site for the Accel Program Course
Directory for approved college courses, listed by college, for dual
enrollment purposes and for additional information on funding and
eligibility. Refer to the Career, Technical and Agricultural Education
(CTAE) Dual Enrollment Course Directory for college courses approved
for dual enrollment purposes located on the Georgia Department of
Education CTAE web site.

Note: Each college determines availability of courses and acceptance of
credit.

**XX.XXXX5XX = JOINT ENROLLMENT CREDIT**

A 5 as the fifth numerical digit to the right of the decimal indicates that the
students are enrolled in postsecondary coursework with an eligible
postsecondary institution while continuing to pursue his or her high school
diploma, but the student's high school has not agreed to accept the
postsecondary coursework as credit toward the student's high school
graduation requirements. Students participating in joint enrollment must
adhere to the requirements found in State Board of Education Rule 160-4-
2-.16 Scheduling for Instruction and Rule 160-4-2-.34 Dual Enrollment.
Students are responsible for funding Joint Enrollment participation.

**XX.XXXX6XX = OUT-OF-STATE PUBLIC SCHOOL CREDIT**

A 6 as the fifth numerical digit to the right of the decimal indicates that
students receive credit for the course taken at a public school, accredited
and nonaccredited, out-of-state. State Board of Education Rule 160-5-1-.15
Acceptance of Transfer Credit and/or Grades provides additional
guidelines for assigning credit.

**XX.XXXX7XX = IN-STATE AND OUT-OF-STATE PRIVATE
SCHOOL CREDIT**

A 7 as the fifth numerical digit to the right of the decimal indicates that
students receive credit for the course taken at a private school, accredited
and nonaccredited, out-of-state. State Board of Education Rule 160-5-1-.15
Acceptance of Transfer Credit and/or Grades provides additional guidelines for assigning credit.

**XX.XXXX8XX = OUT-OF-USA CREDIT**

An 8 as the fifth numerical digit to the right of the decimal indicates students receive credit for the course taken at a school outside the United States of America. State Board of Education Rule [160-5-1-.15](#) Acceptance of Transfer Credit and/or Grades provides additional guidelines for assigning credit.

**XX.XXXX9XX = HOME SCHOOL CREDIT**

A 9 as the fifth numerical digit to the right of the decimal indicates that the students receive credit for the course taken at a home school.

Summary of options for the fifth digit to the right of the decimal:

23. 06100XX = **RESERVED FOR STATE USE**

23. 06101XX = **RESERVED FOR STATE USE**

23. 06102XX = **LOCALLY FUNDED**

23. 06103XX = **CREDIT IN LIEU OF ENROLLMENT**

23. 06104XX = **DUAL ENROLLMENT CREDIT**

23. 06105XX = **JOINT ENROLLMENT PRIVATE INSTITUTION CREDIT**

23. 06106XX = **OUT-OF-STATE PUBLIC SCHOOLS CREDIT (ACCREDITED AND NONACCREDITED)**

23. 06107XX = **PRIVATE (IN-STATE AND OUT-OF-STATE) SCHOOL CREDIT (ACCREDITED AND NONACCREDITED)**

23. 06108XX = **OUT OF U.S.A. CREDIT**

23. 06109XX = **HOME SCHOOL CREDIT**

EXAMPLE: 53.06417XX = MUSIC

The **sixth and seventh numerical digits** to the right of the decimal are reserved for local system use. Zeros should be used in the two digits unless the local system chooses to use them.

**EXAMPLE:** 53.0641000 = MUSIC

General instruction

ETHNIC AND FOLK

Beginning Jazz I

**FIFTH DIGIT RESERVED FOR STATE USE. SIXTH AND SEVENTH DIGITS RESERVED FOR LOCAL SCHOOL SYSTEM USE**

**SUMMARY OF NUMBERING SYSTEM**

Of the 9 digits in the course numbers to the right of the decimal, seven are reserved for state use and the final two are assigned for local system use.

[X X. X X X X X] [X X]

STATE USE LOCAL USE

**EXAMPLE:** 53.XXXXXXXXX = MUSIC (Main Subject Area)

.0XXXXXXXX = GENERAL INSTRUCTION (Type of Instruction)

.X6XXXXXXXX = ETHNIC AND FOLK (Further defines subject)

.XX3 XXXX = JAZZ/GRADE 8 (Further defines course)
The CIP numbering system does not ensure that the numbers within a given subject are consecutive. For example, 26 designates Life Science and 40 designates Physical Sciences. The numbers are grouped by subject area on the list rather than numerically.

The course list also provides information regarding required (r), core (c), and elective (e) credit options for College Preparatory (CP) and Technology/Career Preparatory (T/CP) high school diplomas. Refer to State Board of Education high school graduation rules for clarification regarding course requirements, core courses, and electives.

Rule 160-4-2-.05. Middle School Program Criteria.

(1) DEFINITIONS.

(a) **Academic classes** - instruction in English and language arts, reading, mathematics, science and social studies. Instruction in foreign language may be included as academic classes at the discretion of the local school system.

(b) **Academic team** - an interdisciplinary team of teachers of academic classes with common planning time who share a common group of students.

(c) **Common group of students** - a group of students assigned to an academic team.

(d) **Common planning** - planning for instruction, student needs, and modifications of student groupings or schedules during the students' instructional day by academic teams for a common group of students. Such planning may include parent conferences and participation in professional development.

(e) **Connections (exploratory) classes** - instruction beyond the academic classes that is designed to integrate and apply the skills and concepts taught in the academic classes by reinforcing critical reading, writing and thinking skills.

(f) **Remediation** - academic instruction designed to bring students not performing on grade level, as defined by the Office of Student Achievement, to grade level performance.

(2) REQUIREMENTS FOR MIDDLE SCHOOL PROGRAM FUNDING.

(a) The middle school program shall be contained in a school, staffed by a full-time principal, which houses grades six, seven or eight, or any combination thereof.

(b) The middle school program shall have academic teams.

(c) The middle school program shall provide each academic team a minimum of 55 consecutive minutes for common planning.

(d) Each academic team shall provide its common group of students a minimum of five hours of instruction in academic classes. Each academic team shall have control over the academic instructional time and schedules of its common group of students.

(e) A local system may include foreign language instruction as an additional academic class or as a Connections class. If foreign language is included as an academic
class, class sizes for academic classes must be followed. Foreign language taught as an academic class must be taught by a teacher certified in the language.

(f) Beyond the minimum of five hours of academic instruction, the local board of education shall have the authority to schedule academic classes or Connections classes for the remainder of the day.

(g) Except as provided below, each middle school student shall complete at least one Connections class each grading period or term.

1. Any student shall be allowed to take an additional academic class instead of a Connections class at the request of the parent or guardian, subject to availability.

2. Any student performing below grade level may receive additional academic remediation instead of taking a Connections class.

3. The local board shall determine the number of instructional contact hours for each Connections class.

(h) All Connections class offerings shall be made from the list of state-funded subjects in Rule 160-4-2-.20 List of State-Funded K-8 Subjects and 9-12 Courses for Students Entering Ninth Grade in 2008 and Subsequent Years. All subjects or courses shall adhere to the requisite content standards as delineated in the Georgia Performance Standards. In addition, all subjects and courses offered as Connections classes shall conform to one of the following areas:

1. Agricultural/Environmental/Technical Education. Courses in agricultural and environmental education are designed to develop awareness of the scope and importance of agriculture, ecology, conservation, agribusiness, and the basic use of the equipment and technologies related to agricultural and environmental preservation. Courses in technology education are designed to develop awareness of and gain practical experience with a variety of technologies essential to modern society, such as robotics, electronics, aeronautics, computer-aided design, and computer numerical control systems which are used in areas such as aviation, construction, communications, engineering, and manufacturing.

2. Business and Information Technology Education. Courses in business and information technology are designed to develop awareness of the importance and scope of business in areas such as entrepreneurship, finance, international business, management, and marketing. Students develop awareness of the rapidly evolving fields of information technology, e-commerce, and computer skills necessary for living, learning, and working in the modern era of electronic communication and ready access to information.
3. Communication/Performing/Visual Arts Education. Courses in fine arts and exploratory foreign language are designed to enable students to learn the basics of other languages and acquire an understanding of the cultures of other countries. Courses in performing and visual arts develop student knowledge and skill in drama, art, instrumental music, and vocal music.

4. Home/Careers/Community Education. Courses in family and consumer sciences and career connections courses are designed to develop knowledge and skills in areas such as nutrition, household safety, consumer decision making, family responsibilities, and community responsibilities and service. Career connections courses develop an awareness of broad career fields, learning interests and aptitudes related to educational and career alternatives, and build understanding of the academic prerequisites for postsecondary education and future careers.

5. Physical/Health Education. Courses in physical and health education are designed to provide students with the opportunity to learn the information and skills necessary to be active and healthy now and for their entire lives. Students also learn cooperation and teamwork skills that can be applied in family, school, work, and community situations.

(i) Connections classes shall count toward promotion requirements.

(j) Pass-fail grades are prohibited in academic classes and Connections classes.

APPENDIX A

COURSE NUMBERING SYSTEM LEGEND

This appendix contains the subject listings of all state-funded courses earning Carnegie unit credit for the High School Diploma (HSD), the College Preparatory Endorsement (CPE), and the Vocational Endorsement (VE) programs of study. Courses are numbered to provide consistency in curriculum offerings, reporting and record keeping throughout the state.

The technology to support this system will allow correlation with the nation's Classification of Instructional Programs (CIP) index. Major subject area designations such as General, Specific and Advanced correspond to designations used in the CIP. The designations DO NOT indicate programs of study or high school credentials.

The numbering system consists of nine numerical digits plus a decimal. The location of the decimal is after the first two numerical digits, with seven numerical digits to the right of the decimal.
The two numerical digits to the LEFT of the decimal designate the main subject area field.

EXAMPLES: 23. XXXXXXX = ENGLISH LANGUAGE ARTS

27. XXXXXXX = MATHEMATICS

07. XXXXXXX = BUSINESS ADMINISTRATION

The first numerical digit to the RIGHT of the decimal identifies the type of instruction.

EXAMPLE: 23. 0XXXXXX = ENGLISH LANGUAGE ARTS-

REGULAR CLASSROOM INSTRUCTION

The following is a list of the codes for the first numerical digit to the right of the decimal.

XX.6 6 = THREE-HOUR LAB
XX.7 7 = APPRENTICESHIP
XX.8 8 = SPECIAL EDUCATION (A COURSE TAUGHT BY A SPECIAL EDUCATION TEACHER AND RECEIVING REGULAR COURSE CREDIT)

The third numerical digit to the RIGHT of the decimal identifies the specific course or subject.

EXAMPLE: 23. 061XXXX = ENGLISH LANGUAGE ARTS,

Any student in the High School Diploma (HSD), Vocational Endorsement (VE) or College Preparatory Endorsement (CPE) programs of study may select any course listed on the Matrix that follows. The one exception to this provision is where the letter "r" appears with course names. These courses are required. They must be taken and cannot be substituted with any other course. Any course identified as "c" is a core course and may be selected to count as one of the 17 core Carnegie unit requirements for the HSD; one of the 17 Carnegie requirements for the CPE; or one of the 19 requirements for the VE seal. A course identified as "e" is an elective course that may be selected beyond the core requirements to fulfill the 21 Carnegie unit requirements.

(IV) **MATHEMATICS.**
For the College Preparatory Endorsement (CPE) program of study, three Carnegie units of credit of approved mathematics must be earned during grades 9-12. The student record shall show credit or equivalency for each of the core courses of Algebra I (27.061); Euclidean Geometry (27.063) or Informal Geometry (27.062); and Algebra II (27.064). For the student who takes Applied Mathematics I (27.445) and Applied Mathematics II (27.446), the record shall show credit for Applied Mathematics I (27.445), Applied Mathematics II (27.446), Euclidean Geometry (27.063) OR Informal Geometry (27.062), and Algebra II (27.064). If the local board of education granting a diploma determines that equivalent training for any of these core courses has been received elsewhere, e.g., Algebra in the middle-school grades, the student record shall show how each equivalency has been earned and for which QCC course(s). Each student must earn at least three CPE core credits during grades 9-12. Equivalency credits are not counted as part of the three core credits. The list that follows indicates available additional core courses.

The High School Diploma and/or the Vocational Endorsement requires that a student earn three Carnegie units of mathematics which shall include, as a minimum, Algebra I or its equivalent. To meet the requirements for Algebra I or its equivalent, a student shall earn a Carnegie unit in (1) Algebra I, OR (2) Fundamentals of Algebra, OR (3) a locally developed course equivalent to Algebra I that has been approved by the Georgia Board of Education, OR (4) earn two Carnegie units by passing both Applied Mathematics I and II.

(X) FOREIGN LANGUAGES.

Two Carnegie units of the same foreign language shall be required for the College Preparatory Endorsement (CPE) program of study in grades 9-12. Students whose native language is not English may be considered to have met the foreign language requirement by exercising the credit in lieu of enrollment option if they are proficient in their native language. A formal examination is not necessary if other evidence of proficiency is available. Any course or combination of courses listed below may be selected to earn Carnegie unit credit to satisfy the requirements in Foreign Language for Core Area of Study VI Computer Technology and/or Fine Arts and/or Vocational Education and/or Junior ROTC and/or Foreign Language for the High School Diploma (HSD), the College Preparatory Endorsement (CPE) and/or the Vocational Endorsement (VE) programs of study.

Any of the courses may be used to satisfy the elective unit requirements.

For a student who is hearing impaired, American Sign Language may be taken as an elective or as a core course to fulfill the requirements of the college preparatory seal of endorsement. If American Sign Language is to be used to fulfill the college preparatory requirement of two years of the
same foreign language, adherence to the requirements in the following paragraph is required.

For the purpose of fulfilling the foreign language requirement for a college preparatory seal of endorsement, a demonstrated proficiency in American Sign Language shall be accepted as a foreign language if it is determined that a deaf student has a hearing loss which significantly impacts upon a student's ability to learn a foreign language. The Individualized Education Program (IEP) Committee shall determine if American Sign Language is to be substituted for the foreign language requirement. The IEP Committee shall state in the Individual Education Program that American Sign Language is substituting for the foreign language and that two years of the American Sign Language must be taken to complete the requirement.

For students who are not hearing impaired, American Sign Language may be taken for one unit of elective credit or for the third unit of foreign language credit.

APPENDIX A

COURSE NUMBERING SYSTEM LEGEND

This appendix contains the subject listings of all state-funded courses earning Carnegie unit credit for the College Preparatory (CP), and the Vocational (V) programs of study. Courses are numbered to provide consistency in curriculum offerings, reporting and record keeping throughout the state.

The technology to support this system will allow correlation with the nation's Classification of Instructional Programs (CIP) index. Major subject area designations such as General, Specific and Advanced correspond to designations used in the CIP. The designations DO NOT indicate programs of study or high school credentials.

The numbering system consists of nine numerical digits plus a decimal. The location of the decimal is after the first two numerical digits, with seven numerical digits to the right of the decimal.

2 1. 1 2 3 4 5 6 7
X X . X X X X X X X

The **two numerical digits** to the LEFT of the decimal designate the main subject area field.

**EXAMPLES:** 23.XXXXXXXXX = ENGLISH LANGUAGE ARTS
27.XXXXXXX = MATHEMATICS
07.XXXXXXX = BUSINESS ADMINISTRATION

The first numerical digit to the RIGHT of the decimal identifies the type of instruction.

EXAMPLE: 23.0XXXXXX = ENGLISH LANGUAGE ARTS -

(IV) MATHEMATICS.

For the College Preparatory (CP) programs of study, three Carnegie units of credit of approved mathematics must be earned during grades 9-12. The student record shall show credit or equivalency for each of the core courses of Algebra I (27.061); Education Geometry (27.063) or
Informal Geometry (27.062); and Algebra II (27.064). For the student who takes Applied Mathematics I (27.445) and Applied Mathematics II (27.446), the record shall show credit for Applied Mathematics I (27.445), Applied Mathematics II (27.446), Euclidean Geometry (27.063) OR Informal Geometry (27.062), and Algebra II (27.064). If the local board of education granting a diploma determines that equivalent training for any of these core courses has been received elsewhere, e.g., algebra in the middle-school grades, the student record shall show how each equivalency has been earned and for which QCC course(s). Each student must earn at least three CP core credits during grades 9-12. Equivalency credits are not counted as part of the three core credits. The list that follows indicates available additional core courses.

The Vocational (V) program requires that a student earn three Carnegie units of mathematics which shall include, as a minimum, Algebra I or its equivalent. To meet the requirements for Algebra I or its equivalent, a student shall earn a Carnegie unit in (1) Algebra I, OR (2) fundamentals of Algebra, OR (3) a locally developed course equivalent to Algebra I that has been approved by the Georgia Board of Education, OR (4) earn two Carnegie units by passing both Applied Mathematics I and II.

(X) FOREIGN LANGUAGES.

Two Carnegie units of the same foreign language shall be required for the College Preparatory (CP) program of study in grades 9-12. Students whose native language is not English may be considered to have met the foreign language requirement by exercising the credit in lieu of enrollment option if they are proficient in their native language. A formal examination is not necessary if other evidence of proficiency is available. Any course or combination of courses listed below may be selected to earn Carnegie unit credit to satisfy the requirements in foreign language for Core Area of Study VI: Computer Technology and/or Fine Arts and/or Vocational Education and/or Junior ROTC and/or Foreign Language for the College Preparatory (CP) and/or the Vocational Endorsement (V) programs of study.

Any of the courses may be used to satisfy the elective unit requirements.

For a student who is hearing impaired, American Sign Language may be taken as an elective or as a core course to fulfill the requirements of the College Preparatory Diploma. If American Sign Language is to be used to fulfill the college preparatory requirement of two years of the same foreign language, adherence to the requirements in the following paragraph is required.

For the purpose of fulfilling the foreign language requirement for a College Preparatory Diploma, a demonstrated proficiency in American Sign Language shall be accepted as a foreign language if it is determined that a deaf student has a hearing loss which significantly impacts upon a student's ability to learn a foreign language. The Individualized Education Program (IEP) Committee shall determine if American Sign Language is to be substituted for the foreign language requirement. The IEP Committee shall state in the Individual Education Program that American Sign Language is substituting for the foreign language and that two years of the American Sign Language must be taken to complete the requirement.

For students who are not hearing impaired, American Sign Language may be taken for one unit of elective credit or for the third unit of foreign language credit.

   (i) The LBOE shall establish the criterion score needed on norm-referenced tests for automatic consideration for further eligibility assessment.

   (ii) The LBOE shall ensure that tests or procedures used in the referral process and to determine eligibility for gifted education services meet standards of validity and reliability for the purpose of identifying gifted students and shall be non-discriminatory with respect to race, religion, national origin, sex, disabilities, and economic background.

(c) **Consent.** The LEA shall obtain written consent for testing from parents or guardians of students who are being considered for referral for gifted education services. The LEA shall obtain written consent from parents or guardians before providing gifted education services to students determined to be eligible for services.

(d) **Eligibility.** The LBOE shall adopt eligibility criteria that are consistent with this rule and as defined in the *GaDOE Resource Manual for Gifted Education Services.*

1. To be eligible for gifted education services, a student must either (a) score at the 99th percentile (for grades K-2) or the 96th percentile (for grades 3-12) on the composite or full scale score of a norm-referenced test of mental ability and meet one of the achievement criteria described in paragraph (2)(d) 5.(ii) Achievement, or (b) qualify through a multiple-criteria assessment process by meeting the criteria in any three of the following four areas: mental ability, achievement, creativity, and motivation.

2. To be eligible for gifted education services, a student must meet the criterion score on a norm-referenced test and either has observational data collected on his or her performance or produce a superior product as
described below. Information shall be collected in each of the four areas: mental ability, achievement, creativity, and motivation.

3. Test scores used to establish eligibility shall have been administered within the past two calendar years.

4. Any data used in one area to establish a student's eligibility shall not be used in any other data category.

5. Data shall be used for eligibility in the four areas according to the following:

(i) Mental Ability. Students shall score at or above the 96th percentile on a composite or full-scale score or appropriate component score, as defined in the GaDOE Resource Manual for Gifted Education Services, on a norm-referenced test of mental ability.

   (I) Mental ability tests shall be the most current editions, or editions approved by GaDOE, of published tests that measure intelligence or cognitive ability, which have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities, and economic background within a 10-year period prior to administration.

   (II) Mental ability tests that were designed to be administered individually shall be administered by a qualified psychological examiner.

(ii) Achievement. Students shall score at or above the 90th percentile on the total battery, total math or total reading section(s) of a norm-referenced achievement test or have produced a superior student-generated product or performance, where the superior performance is one that can be translated into a numerical score at or above 90 on a 100 point scale as evaluated by a panel of qualified evaluators.

   (I) Norm-referenced achievement tests shall be the most current editions of tests, or editions approved by GaDOE, that measure reading skills, including comprehension, and shall yield a total reading score and/or a total mathematics score based upon a combination of scores in mathematics concepts and applications. These tests shall have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities,
and economic background within a 10-year period prior to administration.

(II) Performances and products shall be assessed by a panel of qualified evaluators and must have been produced within the two calendar years prior to evaluation.

(iii) Creativity. Students shall score at or above the 90th percentile on the total battery score of a norm-referenced test of creative thinking, receive a score at or above the 90th percentile on a standardized creativity characteristics rating scale, or receive from a panel of qualified evaluators a score at or above 90 on a 100 point scale on a structured observation/evaluation of creative products and/or performances.

(I) Norm-referenced tests of creative thinking shall be the most current editions of tests, or editions approved by GaDOE, that provide scores of fluency, originality, and elaboration. These tests shall have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities, and economic background within a 10-year period prior to administration.

(II) Rating scales used to qualify creativity shall differentiate levels such that judgments may equate to the 90th percentile. If a rating scale is used to evaluate creativity, a rating scale shall not be used to evaluate motivation.

(III) As evidence of creativity, students, or individuals on behalf of students, may submit products or evidence of outstanding performances completed during the two calendar years prior to evaluation. The products or performances submitted shall be reviewed by a panel of qualified evaluators.

(iv) Motivation. Students shall receive a score at or above the 90th percentile on a standardized motivational characteristics rating scale, receive from a panel of qualified evaluators a score at or above 90 on a 100 point scale on a structured observation or evaluation of student-generated products and/or performances, or for grades 6-12 have a grade point average (GPA) of at least 3.5 on a 4.0 scale where a 4.0 = A and 3.0 = B, or a numeric grade point average (NGA) of 90 percent on a 100 point scale where 100 = A
and a 89 = B. Grades used to determine the GPA or NGA must be a two-year average of regular school program core subject grades in mathematics, English/language arts, social studies, science, and full year world languages.

(I) Rating scales used to qualify student motivation shall differentiate levels such that judgments may equate to the 90th percentile. If a rating scale is used to evaluate motivation, a rating scale shall not be used to evaluate creativity.

(II) As evidence of motivation, students, or individuals on behalf of students, may submit products or evidence of outstanding performances made during the two calendar years prior to evaluation. The products or performances submitted shall be reviewed by a panel of qualified evaluators.

(III) GPAs of students are determined by calculating the grades earned during the two years prior to evaluation in the subjects of mathematics, science, English/language arts, social studies, and full year world language, if such language study is included in the student's records.

6. Assessment data that were gathered and analyzed by a source outside the student's school or LEA shall be considered as part of the referral and evaluation process. External evaluation data shall not be substituted for or used as the sole source of data the school generates during the initial eligibility process. External evaluations shall have been reviewed for bias with respect to race, religion, national origin, sex, disabilities, and economic background.

(e) Continued Participation. The LBOE shall have a continuation policy for students identified as eligible for gifted services to continue to receive such services. The LEA shall review the progress of each student receiving gifted education services each year. Any student who receives gifted education services shall continue to receive services, provided the student demonstrates satisfactory performance in gifted education classes, as described in the LBOE continuation policy and stated in the continuation policy.

1. The LBOE continuation policy shall include a probationary period in which a student who fails to maintain satisfactory performance in gifted education classes shall continue to receive gifted education services while attempting to achieve satisfactory performance status. The length of this probationary period shall be determined by the LBOE.
2. The LBOE continuation policy shall provide for a final review prior to discontinuing gifted education services for students who fail to demonstrate satisfactory performance in gifted education classes during the probationary period and criteria for resuming gifted education services for such students.

(f) **Reciprocity.** Any student who meets the initial eligibility criteria in this rule for gifted education services in one LEA shall be considered eligible to receive gifted education services in any LEA within the state. As described in the section on Reciprocity in the GaDOE *Resource Manual for Gifted Education Services*, a student transferring from one LEA to another within the state shall meet the criteria for continuation of gifted services established by the LBOE of the receiving school system. There is no mandated reciprocity between states unless the student is a dependent of military personnel as provided in O.C.G.A. § 20-2-2140 et. seq.

(g) **Curriculum and Services to Be Provided.**

1. The LBOE shall develop curricula for gifted students that incorporate SBOE approved curriculum. LBOE curricula for gifted students shall focus on developing cognitive, learning, research and reference, and metacognitive skills at each grade grouping, using principles of differentiation, in one or more of the following content areas: mathematics, science, English/language arts, social studies, world languages, fine arts, and career, technical and agricultural education. LEAs shall make available to the public and the GaDOE a description of the differentiated curricula used for instruction of gifted students. The LEA shall review and revise, if revisions are needed, its curricula for gifted students at least annually.

2. Students identified as gifted and whose participation has received parental consent shall receive at least five segments per week (or the yearly equivalent) of gifted education services, using one of the approved models described in the GaDOE *Resource Manual for Gifted Education Services*.

(h) **Data Collection.**

1. The LBOE shall collect and maintain statistical data on the number of students referred for evaluation of eligibility for gifted education services, the number of students determined eligible for services, and the number of students actually served during the school year. These data shall be archived and maintained by subgroups, which shall include at least the grade level, gender, and ethnic group of the students.

2. The LEA shall evaluate its gifted program at least every three years using criteria established by GaDOE.
(i) **Public Review.** The LBOE shall make available for review by the public and the GaDOE a copy of its administrative procedures for the operation of its gifted education program and the LEA’s gifted education curricula.

** Technology/Career-preparatory students may want to utilize an elective unit as Foreign Language or as a fourth unit of mathematics depending upon the student's program of study and the student's intentions to enter a University System of Georgia institution or other post-secondary institution. Determination of the appropriate number of mathematics units for each Technology/Career-preparatory program of study shall be determined by the local board of education.

*** Technology/Career-preparatory includes Junior Reserve Officer Training Corps (JROTC).

The Individualized Education Program (IEP) shall specify whether core courses taken as part of an IEP shall receive core unit credit.

   (ii) Only elective course credit or no course credit may be awarded for courses in which instruction is based on the QCC for grades K-8.

   (iii) Completion of a program of study does not necessarily qualify students for the HOPE Scholarship Program.

They must be successfully completed and cannot be substituted with any other course. Any course identified as "c" is a core course and may be selected to count as one of the core unit requirements. Courses identified as "e" in Technology/Career-preparatory areas will count as one of the four core Technology/Career-preparatory courses for a T/C or T/C+ program of study. A course identified as "e" is an elective course that may be selected beyond the core requirements to fulfill the unit requirements.

(I) **English/Language Arts:** At least one-half unit of credit in American literature/composition shall be required. All courses that may satisfy the remaining units of credit are identified with a "c". The other courses identified with an "e" are electives. (27.064). This latter program of study will fulfill admission requirements for some institutions in the University System of Georgia. The Technology/Career-preparatory (TC) and Technology/Career preparatory with Distinction (TC+) programs of study require that a student earn at least three units of mathematics which shall include, as a minimum, Algebra I or its equivalent. To meet the requirements of Algebra I or its equivalent, a student shall earn a unit of credit in (1) Algebra I or (2) a locally developed course equivalent to Algebra I that has been approved by the State Board of Education, or (3) earn two units of credit by passing both Applied Problem Solving and Applied Algebra or (4) two units of credit by passing both Concepts of Problem Solving and Concepts of Algebra.

One unit of credit shall be required from the world studies area, e.g., world history or world geography. World history shall be required for the College Preparatory and College Preparatory with Distinction seals. World geography may be taken to meet the world studies requirement for a Technology/Career or Technology/Career with Distinction seal. One-third or one-half unit of citizenship education (government) shall be
required. One-third or one-half unit of Principles of Economics/Business/Free Enterprise shall be required. Systems organized on the quarter system shall add one other one-third social studies unit from the political science/government area or from the economics area or from the international relations area to the Citizenship Education and Principles of Economics/Business/Free Enterprise courses to complete the unit of credit requirement.

(ii) Any student may select any course listed in the course listing rule. The one exception to this provision is where the letter "r" appears with course names. These courses are required. They must be successfully completed and cannot be substituted with any other course. Any course identified as "c" is a core course and may be selected to count as one of the core unit requirements. A course identified as "e" is an elective course that may be selected beyond the core requirements to fulfill the unit requirements.

(I) **English Language Arts**: Four units of credit in English language arts shall be required of all students. 1. Adult students aged 18 through 21, who, in the last educational placement, prior to their incarceration in an adult correctional facility:
   (i) Were not actually identified as being a child with a disability;
   (ii) Did not have an IEP in effect; and [34 C.F.R. § 300.102(a)(2)(i)(A) - (B)]
   (iii) Graduates from high school with a regular high school diploma. This constitutes a change in placement, requiring written prior notice. [34 C.F.R. § 300.102(a)(3)(iii)]

2. The exception does not apply to adult students with disabilities, aged 18 through 21, who:
   (i) Had been identified as a child with a disability and had received services in accordance with an IEP but who left school prior to their incarceration in an adult correctional facility or local jail;
   (ii) Did not have an IEP in their last educational setting, but who had actually been identified as a child with a disability; or [34 C.F.R. § 300.102(a)(2)(ii)(A) - (B)]
   (iii) Have graduated from high school but have not been awarded a regular high school diploma. [34 C.F.R. § 300.102(a)(3)(ii)]
   (iv) The term regular high school diploma does not include an alternative degree that is not aligned with the State's academic standards such as a special education diploma, certificate of
attendance or a general educational development credential (GED). [34 C.F.R. § 300.102(a)(3)(iv)]

(b) Documents relating to exceptions. The LEA must assure that the information it has provided is current and accurate. [34 C.F.R. § 300.102(b)]

(3) **FAPE--METHODS AND PAYMENTS.**

(a) Georgia may use whatever State, local, Federal, and private sources of support that are available in the State to meet the requirements of this Rule. For example, if it is necessary to place a child with a disability in a residential facility, Georgia could use joint agreements between the agencies involved for sharing the cost of that placement. [34 C.F.R. § 300.103(a)]

(b) Nothing relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability. [34 C.F.R. § 300.103(b)]

(c) The LEA must ensure that there is no delay in implementing a child's IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined. [34 C.F.R. § 300.103(c)]

(d) Children with disabilities who are covered by public benefits or insurance.

1. A LEA may use the Medicaid or other public benefits or insurance programs in which a child participates to provide or pay for services required under IDEA, as permitted by the public benefits or insurance [34 C.F.R. § 300.154(d)(1)] except -

   (i) With regard to services required to provide FAPE, the LEA may not require the parents to sign up for or enroll in public benefits or insurance programs in order for their child to receive FAPE; [34 C.F.R. § 300.154(d)(2)(i)]

   (ii) The LEA may not require the parents to incur any out-of-pocket expenses such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided, but may pay the cost the parents would otherwise be required to pay; and [34 C.F.R. § 300.154(d)(2)(ii)]

   (iii) The LEA may not use a child's benefits under a public benefits or insurance program if that use would -
(I) Decrease available lifetime coverage or any other insured benefit;

(II) Result in the family paying for services that would otherwise be covered by the public benefits or insurance program and are required for the child outside of the time the child is in school;

(III) Increase premiums or lead to the discontinuation of benefits or insurance; or

(IV) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenses; and [34 C.F.R. § 300.154(d)(2)(iii)]

2. The LEA shall obtain parental consent prior to accessing a child's or parent's public benefits or insurance for the first time and after providing notification to the child's parents consistent with paragraph (3)(d)(v) of this rule and 34 C.F.R. § 300.154(d)(2)(v). The parental consent to access a child's or parent's public benefits or insurance shall:

(i) Meet the requirements of 34 C.F.R. § 99.30 and 34 C.F.R. § 300.622 by specifying the personally identifiable information that may be disclosed (e.g., records or information about the services that may be provided to a particular child), the purpose of the disclosure (e.g., billing for services provided under IDEA), and the agency to which the disclosure may be made (e.g., the Georgia Department of Community Health); and

(ii) Specify that the parent understands and agrees that the LEA may access child's or parent's public benefits or insurance to pay for services provided under IDEA. [34 C.F.R. § 300.154(d)(2)(iv)]

3. Prior to accessing a child's or parent's public benefits or insurance for the first time, and annually thereafter, the LEA shall provide written notification to the child's parents consistent with 34 C.F.R. § 300.503(c) that includes:

(i) A statement of parental consent provisions in 34 C.F.R. § 300.154(d)(2)(iv)(A) - (B);

(ii) A statement of the "no cost" provisions in 34 C.F.R. § 300.154(d)(2)(i) - (iii):
(iii) A statement that the parents have the right under 34 C.F.R. part 99 and 34 C.F.R. part 300 to withdraw their consent to disclosure of their child's personally identifiable information to the agency responsible for the administration of Georgia's public benefits or insurance program at any time; and

(iv) A statement that the withdrawal of consent or refusal to provide consent under 34 C.F.R. part 99 and 34 C.F.R. part 300 to disclose personally identifiable information to the agency responsible for the administration of Georgia's public benefits or insurance program does not relieve the LEA of its responsibility to ensure that all required services are provided at no cost to the parents. [34 C.F.R. § 300.154(d)(2)(v)]

(e) Children with disabilities who are covered by private insurance.

1. With regard to services required to provide FAPE to an eligible child, a LEA may access the parents' private insurance proceeds only if the parents provide consent. [34 C.F.R. § 300.154(e)]

2. Each time the LEA proposes to access the parents' private insurance proceeds, the LEA must -

   (i) Obtain parental consent; and

   (ii) Inform the parents that their refusal to permit the LEA to access their private insurance does not relieve the LEA of its responsibility to ensure that all required services are provided at no cost to the parents. [34 C.F.R. § 300.154(e)(2)(i) - (ii)]

(4) RESIDENTIAL PLACEMENT.

If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non-medical care and room and board, must be at no cost to the parents of the child. [34 C.F.R. § 300.104]

(5) ACCESSIBLE INSTRUCTIONAL MATERIALS.

(a) LEAs will provide print instructional materials in specialized, accessible formats (i.e. Braille, audio, digital, large-print, etc.) to children who are blind or other print disabled in a timely manner. LEAs will take all reasonable steps to ensure that children with print disabilities have access to their accessible format instructional
materials at the same time as students without print disabilities. [See 34 C.F.R. §300.172(a); § 300.172(b)(4)]

1. Print instructional materials include textbooks and related core materials that are required by the LEA for use by children in the classroom.

2. Specialized formats refer to Braille, audio, or digital text which is exclusively for use by children who are blind or other persons with print disabilities. Large print formats are also included when the materials are distributed exclusively for use by children who are blind or other persons with disabilities. [17 U.S.C. § 121(d)(4)]

   (i) Specialized formats do not include altering the content (e.g. breadth, depth, or complexity) of the print instructional material in the production of accessible instructional materials.

3. Children who are blind or print disabled include:
   (i) Children whose visual acuity, as determined by a competent authority, is 20/200 or less in the better eye with correcting glasses, or whose widest diameter if visual field subtends an angular distance no greater than 20 degrees.

   (ii) Children whose visual disability, with correction and regardless of optical measurement, is certified by competent authority as preventing the reading of standard printed material.

   (iii) Children certified by competent authority as unable to read or unable to use standard printed material as a result of physical limitations.

   (iv) Children certified by competent authority as having a reading disability resulting from organic dysfunction and of sufficient severity to prevent their reading printed material in a normal manner. [36 C.F.R. § 701.6(b)(1)]

5. The following groups of individuals are eligible to certify children who are blind or other print disabled for specialized format instructional materials:

   (i) In cases of blindness, visual disability, or physical limitations "competent authority" is defined to include doctors of medicine, doctors of osteopathy, ophthalmologists, optometrists, registered nurses, therapists, professional staff of hospitals, institutions, and public or welfare agencies (e.g., social workers, case workers, counselors, rehabilitation teachers, and superintendents).
(ii) In the case of a reading disability from organic dysfunction, competent authority is defined as doctors of medicine who may consult with colleagues in associated disciplines. [36 C.F.R. § 701.6(b)(2)]

(b) In order to insure the timely provision of high quality, accessible instructional materials to children who are blind and other print disabled, the LEA must adopt the National Instructional Materials Accessibility Standard (NIMAS).

1. The NIMAS refers to a standard for source files created by textbook publishers for the purpose of producing accessible instructional materials. NIMAS files are not child ready files and will be used by authorized users and entities to produce accessible materials for children who are blind and visually impaired.

2. Children who are certified as blind or other print disabled are eligible to receive accessible instructional materials produced with NIMAS files.

(c) The LEA may coordinate with the National Instructional Materials Access Center (NIMAC) to facilitate the production and delivery of accessible materials to children who are blind or other print disabled.

1. The NIMAC refers to the central repository which is responsible for processing, storing, and distributing NIMAS files of textbooks and core instructional materials.

2. LEAs must provide written assurances to the GaDOE regarding their intention to coordinate with the NIMAC.

3. LEAs coordinating with the NIMAC will require textbook publishers to deliver the contents of the print instructional materials to the NIMAC in a NIMAS format file on or before delivery of the print instructional materials. The files will be used in the production of accessible instructional materials.

4. LEAs coordinating with the NIMAC may also purchase instructional materials from the textbook publishers that are produced in or may be rendered in a specialized format.

(d) If the LEA chooses not to coordinate with the NIMAC, assurances must be made to the GaDOE that the LEA will provide accessible instructional materials to children who are blind or other print disabled in a timely manner. LEAs will take all reasonable steps to ensure that students with print disabilities have access to their accessible format instructional materials at the same time as students without print disabilities. [34 C.F.R. § 300.210(b)(2)]
1. LEAs that do not coordinate with the NIMAC will be responsible for purchasing, producing or otherwise providing high-quality, accessible instructional materials in specialized formats in a timely manner for children who are blind or print disabled. LEAs will take all reasonable steps to ensure that students with print disabilities have access to their accessible format instructional materials at the same time as students without print disabilities.

(e) The LEA is also responsible for providing accessible materials to children who require instructional materials in accessible formats, but who do not qualify for the materials under the definition of blind and other print disabled or who need materials that can not be produced from NIMAS. [20 U.S.C. § 1413(a)(6)]

(f) Some children who require accessible instructional materials will need assistive technology to access the materials (e.g. text reader to read digital file, screen magnification program to read digital file).

6) ASSISTIVE TECHNOLOGY.

(a) Children with disabilities who require assistive technology in order to receive a free appropriate public education (FAPE) are eligible for assistive technology devices or services, or both, as a part of the child's special education, related services, or supplemental aids and services.

(b) Each IEP Team will consider whether or not a child requires assistive technology devices and services in order to receive a free appropriate public education (FAPE). Minimal compliance will be indicating the appropriate response in the Consideration of Special Factors section of the IEP. Assistive technology can also be addressed when considering other factors such as communication needs and instruction in the use of Braille. [34 C.F.R. § 300.324]

(c) An assistive technology evaluation may be required if appropriate assistive technology solutions are not known to the child's IEP Team through the consideration process. This evaluation shall be conducted by a multidisciplinary team of professionals knowledgeable about assistive technology devices in the technology areas being assessed. The child and family should also be included in this evaluation process. The evaluation should result in recommendations for assistive technology devices and services, if required.

(d) If the child's IEP Team determines that assistive technology devices or services are required for the child to receive a FAPE, a statement to that effect must be included in the child's IEP.
1. If assistive technology is required for the child to participate in districtwide or Statewide testing, the need for technology should be documented in the appropriate section of the IEP and provided to the child.

2. If assistive technology devices or services, or both, are required for a child who is blind or other print disabled to access alternative format instructional materials, the assistive technology should be documented in the IEP and provided to the child.

(e) If the IEP Team determines that the child with a disability requires school-purchased assistive technology at home or in other settings to receive a FAPE, the assistive technology must be provided to the child at no cost to the parent. The need for assistive technology in the non-school settings should be documented in the child's IEP. [34 CFR § 300.105]

(7) EXTENDED SCHOOL YEAR SERVICES.

(a) Each LEA must ensure that extended school year services are available as necessary to provide a FAPE. [34 C.F.R. § 300.106(a)(1)]

1. Extended school year services must be provided only if a child's IEP Team determines, on an individual basis, that the services are necessary for the provision of FAPE to the child. [34 C.F.R. § 300.106(a)(2)]

2. In implementing the requirements of this section, the LEA may not -
   (i) Limit extended school year services to particular categories of disability; or
   (ii) Unilaterally limit the type, amount, or duration of those services. [34 C.F.R. § 300.106(a)(3)(i) - (ii)]

(b) Definition. As used in this Rule, the term extended school year services means special education and related services that -

1. Are provided to a child with a disability:
   (i) Beyond the normal school year of the LEA;
   (ii) In accordance with the child's IEP;
   (iii) At no cost to the parents of the child; and
   (iv) Meet the standards of the State. [34 C.F.R. § 300.106(b)(1) - (2)]

(8) NONACADEMIC SERVICES.
(a) Each LEA must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child's IEP Team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities equal opportunity for participation in those services and activities. [34 C.F.R. § 300.107(a)]

(b) Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the LEA, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the LEA and assistance in making outside employment available. [34 C.F.R. § 300.107(b)]

9) PHYSICAL EDUCATION.

The LEA must ensure that its public schools comply with the following:

(a) General. Physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE, unless the LEA enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades. [34 C.F.R. § 300.108(a)]

(b) Regular physical education. Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless:
   1. The child is enrolled full time in a separate facility; or
   2. The child needs specially designed physical education, as prescribed in the child's IEP. [34 C.F.R. § 300.108(b)]

(c) Special physical education. If specially designed physical education is prescribed in a child's IEP, the LEA responsible for the education of that child must provide the services directly or make arrangements for those services to be provided through other public or private programs. [34 C.F.R. § 300.108(c)]

(d) Education in separate facilities. The LEA responsible for the education of a child with a disability who is enrolled in a separate facility must ensure that the child receives appropriate physical education services in compliance with this Rule. [34 C.F.R. § 300.108(d)]

10) FULL EDUCATIONAL OPPORTUNITY GOAL (FEOG).

Each LEA must have in effect policies and procedures to demonstrate that the LEA has established a goal of providing full educational opportunity to all children with
disabilities, aged birth through 21, and a detailed timetable for accomplishing that goal. [34 C.F.R. § 300.109]

(11) CHARTER SCHOOLS.

(a) Children with disabilities who attend public charter schools and their parents retain all rights to a FAPE as described in this Rule. [34 C.F.R. § 300.209(a)]

(b) Charter schools that are public schools of an LEA. Each LEA must ensure that charter schools that are public schools of the LEA must -

1. Serve children with disabilities attending those charter schools in the same manner as the LEA serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the LEA has a policy or practice of providing such services on the site to its other public schools; and

2. Provide funds to those charter schools at the same time and on the same basis as the LEA provides funds to the LEA’s other public schools, including proportional distribution based on relative enrollment of children with disabilities. [34 C.F.R. § 300.209(b)]

(c) Public charter schools that are LEAs. If the public charter school is an LEA, that charter school is responsible for ensuring that all of these requirements are met. [34 C.F.R. § 300.209(c)]

(12) PROGRAM OPTIONS.

Each LEA shall take steps to ensure that children with disabilities have available to them the variety of educational programs and services available to nondisabled children in the area served by the LEA, including art, music, and Career, Technical and Agricultural Education. [34 C.F.R. § 300.110]

(13) ROUTINE CHECKING OF HEARING AIDS/OTHER COMPONENTS.

(a) Hearing aids. Each LEA must ensure that hearing aids worn in school by children with hearing impairments, including deafness, are functioning properly. [34 C.F.R. § 300.113(a)]

(b) External components of surgically implanted medical devices. Each LEA must ensure that the external components of surgically implanted medical devices are functioning properly. The LEA is not responsible for the post-surgical maintenance, programming or replacement of the medical device that has been surgically implanted (or of an external component of the surgically implanted medical device). [34 C.F.R. § 300.113(b)]

(14) PROHIBITION ON MANDATORY MEDICATION.
(a) Each LEA must prohibit personnel from requiring parents to obtain a prescription for substances identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)) for a child as a condition of attending school, receiving an evaluation or receiving services. [34 C.F.R. § 300.174(a)]

(b) Nothing under paragraph (14)(a) above shall be construed to create a prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a child's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services as it relates to child find. [34 C.F.R. § 300.174(b)]

Rule 160-4-7-.03. Child Find Procedures.

(1) GENERAL.

(a) Each LEA must have in effect policies and procedures to ensure that all suspected children with disabilities, including those who are homeless, are wards of the State or are attending private schools, regardless of the severity of their disability, and who are in need of special education and related services, are identified, located and evaluated. [34 C.F.R. § 300.111]

(b) Each LEA shall ensure that before conducting any significant activity that is designed to identify, locate or evaluate children, annual notice must be published or announced in newspapers or other media, or both, to notify parents of this activity. [34 C.F.R. § 300.612(b)]

(c) These policies and procedures shall provide for the screening and evaluation of all children with suspected disabilities birth through age 21 to include:

1. Children birth through age three. An LEA may fulfill its child find responsibility through referral to the Babies Can't Wait early intervention program operated by the Department of Community Health.

2. Preschool children, ages 3-5, not yet eligible for state-funded kindergarten.
3. Children enrolled in the LEA schools including public charter schools.
   (i) Children who are suspected of being children with disabilities and in need of special education, even though they are progressing from grade to grade. [34 C.F.R. § 300.111(c)(1)]
   (ii) Highly mobile children, including migrant children. [34 C.F.R. § 300.111(c)(2)]

4. Children who are detained or incarcerated in city/county operated jails or correctional facilities.

5. Children who reside in the LEA and are enrolled in home school/study programs.

6. Parentally-placed private school children. [34 C.F.R. § 300.131(a)]
   (i) Children enrolled by their parents in private, including religious, elementary and secondary schools located in the LEA's jurisdiction. [34 C.F.R. § 300.130]

   (d) A practical method is developed and implemented to determine which children are currently receiving needed special education and related services. [34 C.F.R. § 300.111(a)(ii)]

   1. Each LEA shall submit to the Georgia Department of Education (GaDOE), in an electronic format specified by GaDOE, data requested by the GaDOE on all children ages three through twenty-one who have been found eligible for special education and related services.

   2. All data shall be accurate and timely. [34 C.F.R. § 300.645]

(2) INTERVENTIONS PRIOR TO REFERRAL.

   (a) The screening of children by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. [34 C.F.R. § 300.302]

   (b) Prior to referring a student for consideration for eligibility for special education and related services, a student must have received scientific, research or evidence based interventions selected to correct or reduce the academic, social or behavioral problem(s) the student is having.

   1. Student referrals must be accompanied by documentation of scientific, research or evidence based academic and/or behavioral interventions that
have been implemented as designed for the appropriate period of time to show effect or lack of effect that demonstrates the child is not making sufficient rate of progress to meet age or State-approved grade-level standards within a reasonable time frame.

2. Exceptions may be made in circumstances where immediate evaluation and/or placement is required due to a significant disability that precludes access to instruction.

3. The exception noted in (2)(b)2. should be an infrequent and rare occurrence, and the circumstances evidencing the need for the LEA’s use of the exception must be clearly documented in the eligibility decision.

Rule 160-4-7-.04. Evaluations and Reevaluations.

(1) INITIAL EVALUATIONS.

(a) Each LEA must conduct a full and individual initial evaluation before the initial provision of special education and related services to a child with a disability. [34 C.F.R. § 300.301(a)]

1. Each LEA shall ensure that evaluation procedures are established and implemented that meet the requirements of this Rule.

(b) Once a child is referred for an evaluation by a parent or Student Support Team (SST) to determine if the child is a child with a disability, the initial evaluation:

1. Must be completed within 60 calendar days of receiving parental consent for evaluation. [34 C.F.R. § 300.301(c)(1)(i)]

(i) Holiday periods and other circumstances when children are not in attendance for five consecutive school days shall not be counted toward the 60 calendar day timeline, including the weekend days before and after such holiday periods, if contiguous to the holidays except:
(ii) Any summer vacation period in which the majority of an LEA's teachers are not under contract shall not be included in the 60 day timeline for evaluation. However an LEA is not prohibited from conducting evaluations over a summer vacation period.

(I) Consent received 30 days or more prior to the end of the school year must be completed within the 60 calendar day evaluation timeframe.

(II) Students who turn three during the summer period or other holiday periods must have an eligibility decision and IEP (if appropriate) in place by the third birthday.

2. Must consist of procedures which determine if the child is a child with a disability and to determine the educational needs of the child. [34 C.F.R. § 300.301(c)(2)(i) - (ii)]

(c) The timeframe described above does not apply to a LEA if:

1. The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or

2. A child enrolls in a school of another LEA after the relevant timeline in this Rule has begun and prior to a determination by the child's previous LEA as to whether the child is a child with a disability; [34 C.F.R. § 300.301(d)(1) - (2)]

3. The exception in (c)2. above applies only if the subsequent LEA is making sufficient progress to ensure a prompt completion of the evaluation and the parent and subsequent LEA have agreed to a specific time when the evaluation will be completed. [34 C.F.R. § 300.301(e)]

4. If extenuating circumstances, e.g., illness, unusual evaluation needs, or revocation of parent's consent for evaluation affect this time line, the LEA shall document the exceptions.

(2) PARENTAL CONSENT FOR EVALUATION.

(a) The LEA proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability shall, after providing notice, obtain an informed consent from the parents of such child before the evaluation is conducted. The LEA must make reasonable efforts to obtain the informed consent from the parents. To meet the reasonable efforts requirement, the LEA must document its attempts to obtain parental consent using procedures that may
include detailed records of telephone calls made or attempted and the results of those calls, copies of correspondence sent to the parents and any responses received, and detailed records of visits made to the parent's home or place of employment and the results of those visits. [34 C.F.R. § 300.300(a)(1)(i); § 300.300(a)(1)(iii); § 300.300(d)(5); § 300.322(d)(1) - (3)]

(b) If the parents of a child refuses consent for the evaluation or the parents fail to respond to a request to provide consent, the LEA may, but is not required to, pursue the initial evaluation of the child by utilizing the mediation and impartial due process hearing procedures provided for in the procedural safeguards. However, if a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or such parent fails to respond to a request to provide consent, the LEA may not use the consent override procedures, and the LEA is not required to consider the child as eligible for services. [34 C.F.R. § 300.300(a)(3)(i); § 300.300(d)(4)(i) - (ii)]

(c) For initial evaluations only, if the child is a ward of the State and is not residing with the child's parent, the LEA is not required to obtain informed consent from the parent for initial evaluation to determine whether the child is a child with a disability if -

1. Despite reasonable efforts to do so, the LEA cannot discover the whereabouts of the parent of the child;

2. The rights of the parents of the child have been terminated in accordance with State law; or

3. The rights of the parents to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child. [34 C.F.R. § 300.300(a)(2)(i) - (iii)]

(d) Other consent requirements.

1. Parental consent is not required before -

   (i) Reviewing existing data as part of an evaluation or a reevaluation; or

   (ii) Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children. [34 C.F.R. § 300.300(d)(1)(i) - (ii)]

   (iii) The screening of a child by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation.
This shall not be considered to be an evaluation for eligibility for special education and related services. [34 C.F.R. § 300.302]

(3) **REEVALUATION.**

(a) Each LEA must ensure that a reevaluation of each child with a disability is conducted at least once every 3 years, unless the parent and the LEA agree that a reevaluation is unnecessary:

1. If the LEA determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrants a reevaluation; or

2. If the child's parent or teacher requests a reevaluation. [34 C.F.R. § 300.303(a)(1) - (2); § 300.303(b)(2)]

(b) Limitation. A reevaluation may not occur more than once a year, unless the parent and the LEA agree otherwise; and must occur at least once every 3 years, unless the parent and the LEA agree that a re-evaluation is unnecessary. [34 C.F.R. § 300.303(b)]

(c) Each LEA shall obtain informed parental consent prior to conducting any reevaluation of a child with a disability, except that such informed parental consent need not be obtained if the LEA can demonstrate that it has taken reasonable measures to obtain such consent and the child's parents failed to respond. [34 C.F.R. § 300.300(c)(1) - (2)]

(4) **EVALUATION PROCEDURES.**

(a) Notice. The LEA shall provide notice to the parents of a child suspected with a disability, in accordance with all notice requirements as described in Rule 160-4-7-.09 Procedural Safeguards/Parent Rights. [34 C.F.R. § 300.304(a)]

(b) Conduct of evaluation. In conducting an evaluation, the LEA must -

1. Use a variety of evaluation tools and strategies to gather relevant academic, functional and developmental information about the child, including information provided by the parents that may assist in determining:

   (i) Whether the child is a child with a disability; and

   (ii) The content of the child's individualized education program including information related to enabling the child to be involved in and progress in the general curriculum (or for a preschool child to participate in appropriate activities);
2. Not use any single procedure as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child;

3. Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors. [34 C.F.R. § 300.304(b)(1) - (3)]

(c) Other evaluation procedures. Each LEA shall ensure that:

1. Assessments and other evaluation materials used to assess a child under this section:
   (i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
   (ii) Are provided and administered in the child's native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
   (iii) Are used for the purposes for which the evaluations or measures are valid and reliable;
   (iv) Are administered by trained and knowledgeable personnel; and
   (v) Are administered in accordance with any instructions provided by the producer of the assessments. [34 C.F.R. § 300.304(c)(1)(i) - (v)]

2. The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities. [34 C.F.R. § 300.304(c)(4)]

3. Evaluation tools and strategies are used which provide relevant information that directly assists persons in determining the educational needs of the child. [34 C.F.R. § 300.304(c)(7)]

4. Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient. [34 C.F.R. § 300.304(c)(2)]
5. Assessment selection and administration is such that, when administered to a child with impaired sensory, manual or speaking skills, the results accurately reflect the child's aptitude or achievement level, or whatever other factors the assessment purports to measure, rather than reflecting the child's impaired sensory, manual or speaking skills, except where those skills are the factors which the assessment purports to measure. [34 C.F.R. § 300.304(c)(3)]

6. If an evaluation is not conducted under standard conditions, a description of the extent to which it varied from standard conditions, i.e., the qualifications of the person administering the test or the method of test administration must be included in the evaluation report.

7. In evaluating each child with a disability under this rule, the evaluation shall be sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified. [34 C.F.R. § 300.304(c)(6)]

8. Evaluations of children with disabilities who transfer from one LEA to another LEA in the same school year are coordinated with those children's prior and subsequent schools, as necessary and expeditiously as possible, to ensure prompt completion of full evaluations. [34 C.F.R. § 300.304(c)(5)]

9. The evaluation of children referred because of learning and/or behavior problems is the responsibility of a multidisciplinary evaluation team. For children who require a psychological and clinical evaluation, it must be conducted by a qualified psychological examiner:
   (i) Qualified Psychological Examiner Requirements.
   (ii) Initial evaluation results used for consideration of eligibility for special education, if not provided by a school psychologist with a valid S-5 (or higher) certificate in school psychology, shall be from one of the following:
      (I) A psychologist licensed by the Georgia Board of Examiners of Psychologists and having training and experience in school psychology or child clinical psychology.
      (II) A full-time graduate student in an approved, properly supervised school psychology or child clinical psychology training program internship/practicum, who has completed a minimum of one year of approved appropriate graduate training.
A Georgia Merit System employee who has a classification rating of psychologist, senior psychologist, or psychology program specialist.

(5) ADDITIONAL REQUIREMENTS.

(a) Review of existing evaluation data. As part of an initial evaluation (if appropriate) and as part of any re-evaluation, the parent and other qualified professionals, as appropriate, must review existing evaluation data on the child, including:

1. Evaluations and information provided by the parents of the child;
2. Current classroom-based, local, or State assessments and classroom-based observations; and
3. Observations by teachers and related services providers. [34 C.F.R. §300.305(a)(1)(i) - (iii)]

(b) On the basis of that review and input from the child's parents, identify what additional data, if any, are needed to determine:

1. Whether the child is a child with a disability and the educational needs of the child, or in case of a reevaluation of a child, whether the child continues to have such a disability and the educational needs of the child; [34 C.F.R. § 300.305(a)(2)(i)(A) - (B)]
2. The present levels of academic achievement and related developmental needs of the child; [34 C.F.R. § 300.305(a)(2)(ii) ]
3. Whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and [34 C.F.R. § 300.305(a)(2)(iii)(A) - (B)]
4. Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general curriculum. [34 C.F.R. § 300.305(a)(2)(iv) ]

(c) The parent and other qualified professionals may conduct its review without a meeting. [34 C.F.R. § 300.305(b) ]

(d) The LEA must administer such assessments and other evaluation measures as may be needed to produce the data identified. [34 C.F.R. § 300.305(c) ]
(e) Requirements if additional data are not needed -

1. If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs, the LEA:

   (i) Must notify the child's parents of that determination and the reasons for it and notify the parents of the right to request an evaluation to determine whether the child continues to be a child with a disability and to determine the child's educational needs; [ 34 C.F.R. § 300.305(d)(1)(i) - (ii) ]

   (ii) Is not required to conduct such an evaluation to determine whether the child continues to be a child with a disability unless requested by the child's parents. [ 34 C.F.R. § 300.305(d)(2) ]

(f) Evaluations before change in eligibility. The LEA must evaluate a child with a disability before determining that the child is no longer a child with a disability. [ 34 C.F.R. § 300.305(e)(1) ]

1. The evaluation is not required before termination of a child's disability due to graduation from high school with a regular education diploma, or due to exceeding the age eligibility for FAPE. [ 34 C.F.R. § 300.305(e)(2) ]

2. However, the LEA must provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's post-secondary goals. [ 34 C.F.R. § 300.305(e)(3) ]

(6) DETERMINATION OF ELIGIBILITY.

(a) Upon completion of the administration of tests and other evaluation measures -

1. A group of qualified professionals and the parents of the child (Eligibility Team) determines whether the child is a child with a disability and the educational needs of the child; and

2. The LEA provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parents. [ 34 C.F.R. § 300.306(a)(1) - (2) ]

(b) In making a determination of eligibility, a child must not be determined to be a child with a disability: if the determinant factor for that eligibility is lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in section 1208(3) of ESEA); lack of appropriate
instruction in math; or limited English proficiency; and if the child does not otherwise meet the program area eligibility criteria for a child with a disability. [34 C.F.R. § 300.306(b)(1) - (2)]

(c) Procedures for determining eligibility and educational need.

1. In interpreting evaluation data for the purpose of determining if a child is a child with a disability and the educational needs of the child, each LEA must -
   (i) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child's physical condition, social or cultural background and adaptive behavior;
   (ii) Ensure that information obtained from all of these sources is documented and carefully considered. [34 C.F.R. § 300.306(c)(1)(i) - (ii)]

2. If a determination is made that
   (i) A child has a disability,
   (ii) And the disability affects educational performance (academic, functional and/or developmental) and
   (iii) The child needs special education and related services, an eligibility document and IEP must be developed for the child. [34 C.F.R. § 300.306(c)(2)]

3. Limited English proficiency; and

4. If the child does not otherwise meet the eligibility criteria under this Rule. [34 C.F.R. § 300.306(b)(1) - (2)]

(b) The parent of the child shall receive a copy of the eligibility report at no cost to the parent. [34 C.F.R. § 300.306(a)(2)]

Appendix (a): AUTISM SPECTRUM DISORDER (AUT).

Definition.

Autism spectrum disorder is a developmental disability generally evident before age three that adversely affects a child's educational performance and significantly affects developmental rates and sequences, verbal and non-verbal communication and social interaction and participation. Other characteristics often associated with autism spectrum disorder are unusual responses to sensory experiences, engagement in repetitive activities and stereotypical movements and resistance to environmental change or change in daily routines. Autism does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance as defined in (d). Children with autism spectrum disorder vary widely in their abilities and behavior. [34 C.F.R. § 300.8(c)(1)(i)]

The term of autism spectrum disorder includes all subtypes of Pervasive Developmental Disorder (such as Autistic Disorder; Rett's Disorder; Childhood Disintegrative Disorder; Asperger
Syndrome; and Pervasive Developmental Disorder, Not Otherwise Specified) provided the child's educational performance is adversely affected and the child meets the eligibility criteria. Autism spectrum disorder may exist concurrently with other areas of disability.

Evaluations and Assessments

The following evaluations and assessments shall be utilized to determine the presence of the characteristics of autism spectrum disorder.

1. Comprehensive psychological evaluation to include a formal assessment of intellectual functioning and an assessment of adaptive behavior.

2. Educational evaluation to include an assessment of educational performance and current functioning levels.

3. Communication evaluation to include assessment of verbal and non-verbal communication, prosody (linguistics including intonation, rhythm and focus in speech), and pragmatic language utilizing both formal and informal measures.

4. Behavioral evaluations to include assessment of social interaction and participation, peer and adult interactions, capacity to relate to others, stereotypical behaviors, resistance to change, atypical responses to sensory stimuli, persistent preoccupation with or attachment to objects and other behaviors often associated with autism spectrum disorder.

5. Developmental history to include developmental differences and delays and age of onset, which is typically before the age of three. A child may be diagnosed as a child with autism spectrum disorder after age three if the characteristics of autism spectrum disorder are met.

Eligibility and Placement.

Eligibility shall be based on assessment of the five characteristic areas associated with autism spectrum disorder. The assessments shall minimally document that each of the characteristic areas of (1) developmental rates and sequences, (2) social interaction and participation and (3) verbal and non-verbal communication are affected. The adverse effect on a child's educational performance shall be documented and based on the following criteria:

1. **Developmental rates and sequences.** A child exhibits delays, arrests, and/or inconsistencies in the acquisition of motor, sensory, social, cognitive, or communication skills. Areas of precocious or advanced skill development may also be present, while other skills may develop at typical or extremely depressed rates. The order of skill acquisition frequently differs from typical developmental patterns.

2. **Social interaction and participation.** A child displays difficulties and/or idiosyncratic differences in interacting with people and participating in events. Often a child is unable to establish and maintain reciprocal relationships with people. A child may seek consistency in environmental events to the point of exhibiting rigidity in routines.
3. **Communication (verbal and/or nonverbal).** A child displays a basic deficit in the capacity to use verbal language for social communication, both receptively and expressively. Characteristics may involve both deviance and delay. Verbal language may be absent or if present, may lack usual communicative form, or the child may have a nonverbal communication impairment. Some children with autism may have good verbal language but have significant problems in the effective social or pragmatic use of communication.

4. **Sensory processing.** A child may exhibit unusual, repetitive or unconventional responses to sensory stimuli of any kind. A child's responses may vary from low to high levels of sensitivity.

5. **Repertoire of activities and interests.** A child may engage in repetitive activities and/or may display marked distress over changes, insistence on following routines and a persistent preoccupation with or attachment to objects. The capacity to use objects in an appropriate or functional manner may be absent, arrested, or delayed. A child may have difficulties displaying a range of interests and/or imaginative play. A child may exhibit stereotypical body movements.

A child with autism spectrum disorder may be served by any appropriately certified teacher in any educational program as described in the child's individualized education program (IEP). The identification of autism spectrum disorder for educational programming does not dictate a specific placement; however, it is based on the assessed strengths, weaknesses and individual goals and objectives of the child.

Appendix (b): DEAFBLIND (DB).

**Definition.**

Deafblind means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for children with deafness or children with blindness. [34 C.F.R. § 300.8(c)(2)]

**Eligibility and Placement.**

1. For a child to be determined eligible for placement in special programs for the deafblind, the child shall have current optometric or ophthalmological examination and an audiological evaluation, all administered by qualified professionals. Children who are deafblind shall have an audiological evaluation administered by a certified/licensed audiologist annually, or more often if needed. The annual audiological evaluation shall include, but is not limited to: an otoscopic inspection, unaided and aided pure tone and speech audiometry (as applicable), immittance testing, word recognition, hearing aid check and electro-acoustic analysis of the hearing aid (if amplified), and an analysis of a frequency modulated (FM) system check (if utilized). A comprehensive written report is required indicating the dates of the audiological evaluation and a description of the results of the audiological testing and amplification evaluation. In addition, the report should include a description of classroom environmental modifications which will assist the individualized education program (IEP) team in making instructional decisions, the child's
ability to understand spoken language with and without amplification, and an interpretation of the results as they apply to the child in his or her classroom setting.

2. Children who are deafblind may receive educational services in classes with other disabled children; however, the class-size ratio for deafblind shall be maintained.

Additional Requirements.

Each child who has been diagnosed as deafblind shall be reported in the Georgia Deafblind Census.

Appendix (c): DEAF/HARD OF HEARING (D/HH).

Definitions.

A child who is deaf or hard of hearing is one who exhibits a hearing loss that, whether permanent or fluctuating, interferes with the acquisition or maintenance of auditory skills necessary for the normal development of speech, language, and academic achievement and, therefore, adversely affects a child's educational performance. [See 34 C.F.R. § 300.8(c)(3) & (5)]

1. A child who is deaf can be characterized by the absence of enough measurable hearing (usually a pure tone average of 66-90+ decibels American National Standards Institute without amplification) such that the primary sensory input for communication may be other than the auditory channel.

2. A child who is hard of hearing can be characterized by the absence of enough measurable hearing (usually a pure tone average range of 30-65 decibels American National Standards Institute without amplification) that the ability to communicate is adversely affected; however, the child who is hard of hearing typically relies upon the auditory channel as the primary sensory input for communication.

Eligibility and Placement.

1. The eligibility report shall include audiological, otological and educational evaluation reports.

(a) Audiological evaluations shall be provided with initial referral. Children who are deaf or hard of hearing shall have an audiological evaluation administered by a certified/licensed audiologist annually, or more often if needed. The annual audiological evaluation shall include, but is not limited to: an otoscopic inspection, unaided and aided pure tone and speech audiometry (as applicable), immittance testing, word recognition, hearing aid check and electro-acoustic analysis of the hearing aid (if amplified), an analysis of a frequency modulated (FM) system check (if utilized). A comprehensive written report shall be included in the audiological evaluation. This written report shall include, but is not limited to: the date of the audiological evaluation, description of the results of the audiological testing, an amplification evaluation including the child's ability to understand spoken language with and without amplification, as well an interpretation of the results as they apply to the child in his or her classroom setting.
(b) An otological evaluation report from appropriately licensed or certified personnel is required at the time of initial placement in the program for the deaf/hard of hearing. The otological evaluation report is required as medical history pertinent to the absence of hearing. If such a report is not available upon initial placement, it shall be obtained within 90 days of placement. The initial or most recent otological evaluation result shall be summarized and that otological evaluation report shall be attached to the eligibility report.

(c) A comprehensive educational assessment shall be used in the development of the child's individualized education program (IEP). The educational evaluation shall include assessment data from more than one measure and shall include, but is not limited to, information related to academic/achievement levels, receptive and expressive language abilities, receptive and expressive communication abilities, social and emotional adjustment and observational data relative to the child's overall classroom performance and functioning.

2. A psychological evaluation, using instruments appropriate for children who are deaf or hard of hearing, is recommended as part of the overall data when eligibility is being considered.

3. Children who exhibit a unilateral hearing loss may be considered for eligibility provided documentation exists that indicates academic or communicative deficits are the result of the hearing loss.

Additional Requirements.

1. An evaluation of the communication needs of a child who is deaf or hard of hearing shall be considered in the program and class placement decisions. An evaluation of a child's communication needs shall include, but is not limited to: language and communication needs and abilities, opportunities for direct communication with peers and professional personnel in the child's preferred language and communication mode, severity of loss, educational abilities, academic level and full range of needs, including opportunities for direct instruction in the child's language and communication mode.

2. Any classroom to be used for a child who is deaf or hard of hearing shall be sound-treated and present an appropriate acoustical environment for the child. All placements, including regular education placements and desk arrangements within classrooms shall be made so that environmental noise and interruptions are minimized.

3. Recommendation of the appropriate educational environment, including acoustical considerations, should be made by the IEP Team.

4. Each LEA shall have written procedures to ensure the proper functioning of assistive amplification devices used by children who are deaf or hard of hearing. These procedures shall include the designated qualified responsible personnel, daily and ongoing schedules for checking equipment, as well as follow-up procedures.

Appendix (d): EMOTIONAL AND BEHAVIORAL DISORDER (EBD).
Definition.

An emotional and behavioral disorder is an emotional disability characterized by the following:

(i) An inability to build or maintain satisfactory interpersonal relationships with peers and/or teachers. For preschool-age children, this would include other care providers.

(ii) An inability to learn which cannot be adequately explained by intellectual, sensory or health factors.

(iii) A consistent or chronic inappropriate type of behavior or feelings under normal conditions.

(iv) A displayed pervasive mood of unhappiness or depression.

(v) A displayed tendency to develop physical symptoms, pains or unreasonable fears associated with personal or school problems. [34 C.F.R. § 300.8(c)(4)(i) (A - E)]

A child with EBD is a child who exhibits one or more of the above emotionally based characteristics of sufficient duration, frequency and intensity that interferes significantly with educational performance to the degree that provision of special educational service is necessary. EBD is an emotional disorder characterized by excesses, deficits or disturbances of behavior. The child's difficulty is emotionally based and cannot be adequately explained by intellectual, cultural, sensory general health factors, or other additional exclusionary factors.

Eligibility and Placement.

1. A child may be considered for placement in a program for children with EBD based upon an eligibility report that shall include the following:

(i) Documentation of comprehensive prior extension of services available in the regular program to include counseling, modifications of the regular program or alternative placement available to all children, and data based progress monitoring of the results of interventions;

(ii) Psychological and educational evaluations

(iii) Report of behavioral observations over a significant period of time;

(iv) Appropriate social history to include information regarding the history of the child's current problem(s), the professional services and interventions that have been considered or provided from outside the school; and

(v) Adequate documentation and written analysis of the duration, frequency and intensity of one or more of the characteristics of emotional and behavioral disorders.

2. A child must not be determined to be a child with an Emotional and Behavioral Disorder if the primary factor for that determination is:
a. Lack of appropriate instruction in reading, including the essential components of reading instruction;

b. Lack of appropriate instruction in math;

c. Lack of appropriate instruction in writing;

d. Limited English proficiency;

e. Visual, hearing or motor disability;

f. Intellectual disabilities;

g. Cultural factors;

h. Environmental or economic disadvantage; or

i. Atypical education history (multiple school attendance, lack of attendance, etc.).

3. The term does not include children with social maladjustment unless it is determined that they are also children with EBD. A child whose values and/or behavior are in conflict with the school, home or community or who has been adjudicated through the courts or other involvement with correctional agencies is neither automatically eligible for nor excluded from EBD placement. Classroom behavior problems and social problems, e.g., delinquency and drug abuse, or a diagnosis of conduct disorder, do not automatically fulfill the requirements for eligibility for placement.

Appendix (e): INTELLECTUAL DISABILITY (ID).

Definition.

Intellectual disabilities refer to significantly subaverage general intellectual functioning which exists concurrently with deficits in adaptive behavior that adversely affects educational performance and originates before age 18. [34 C.F.R § 300.8(c)(6)] Intellectual disability does not include conditions primarily due to a sensory or physical impairment, traumatic brain injury, autism spectrum disorders, severe multiple impairments, cultural influences or a history of inconsistent and/or inadequate educational programming.

(a) Significantly subaverage general intellectual functioning is defined as approximately 70 IQ or below as measured by a qualified psychological examiner on individually administered, nationally normed standardized measures of intelligence.

(1) All IQ scores defining eligibility for children with intellectual disabilities shall be interpreted as a range of scores encompassed by not more than one standard error of measurement below and above the obtained score. The standard error of measurement for a test may be found in the technical data section of the test manual.
(2) Any final determination of the level of intellectual functioning shall be based on multiple sources of information and shall include more than one formal measure of intelligence administered by a qualified psychological examiner. There may be children with IQ scores below 70 who do not need special education. Interpretation of results should take into account factors that may affect test performance such as socioeconomic status, native language, and cultural background and associated disabilities in communication, sensory or motor areas.

(i) Significantly subaverage intellectual functioning must be verified through a written summary of at least one structured observation that demonstrates the child's inability to progress in a typical, age appropriate manner and with consideration for culturally relevant information, medical and education history.

(b) Deficits in adaptive behavior are defined as significant limitations in a child's effectiveness in meeting the standards of maturation, learning, personal independence or social responsibility, and especially school performance that is expected of the individual's age-level and cultural group, as determined by clinical judgment.

(1) The child demonstrates significantly subaverage adaptive behavior in school and home, and, if appropriate, community environments. These limitations in adaptive behavior shall be established through the use of standardized adaptive behavior measures normed on the general population, including people with disabilities and people without disabilities. On these standardized measures, significant limitations in adaptive behavior are operationally defined as performance that is at least two standard deviations below the mean of either (a) one of the following three types of adaptive behavior: conceptual, social, or practical, or (b) an overall (composite) score on a standardized measure of conceptual, social, and practical skills. Documentation must include information from at least two sources. The first source shall be someone from the local school who knows the child and the second source shall be someone who knows the child outside of the school environment such as a parent, guardian, or person acting as a parent.

(i) Interpretation of results should consider the child's cultural background, socioeconomic status and any associated disabilities that may limit or impact the results of the adaptive behavior measures.

(c) Deficits in intellectual functioning and adaptive behavior must have existed prior to age 18.

(d) A child must not be determined to be a child with an Intellectual Disability if the determinant factor for that determination is:

1. Lack of appropriate instruction in reading, including the essential components of reading instruction;

2. Lack of appropriate instruction in math;

3. Lack of appropriate instruction in written expression;
4. Limited English proficiency;
5. Visual, hearing or motor disability;
6. Emotional disturbances;
7. Cultural factors;
8. Environmental or economic disadvantage; or
9. Atypical educational history (multiple school attendance, lack of attendance, etc.).

Eligibility and Placement.

A child may be classified as having an intellectual disability (at one of the levels listed below) when a comprehensive evaluation indicates deficits in both intellectual functioning and adaptive behavior. Intellectual functioning and adaptive behavior shall be considered equally in any determination that a child is eligible for services in the area of intellectual disability. A comprehensive educational evaluation shall be administered to determine present levels of academic functioning. The report shall be prepared for each child to provide an adequate description of the data collected and explicit pre-referral interventions prior to evaluation and to explain why the child is eligible for services in a program for children with intellectual disabilities. In situations where discrepancies exist between test score results from intellectual functioning, adaptive behavior and academic achievement, the eligibility report must contain a statement of specific factors considered which resulted in the decision of the eligibility team. Eligibility teams must establish that any limits in performance are not primarily due to the exclusionary factors and must document this in the eligibility report:

A child may be classified as having an intellectual disability at one of the levels listed below.

Mild intellectual disability (MID).

(1) Intellectual functioning ranging between an upper limit of approximately 70 to a lower limit of approximately 55; and

(2) Deficits in adaptive behavior that significantly limit a child's effectiveness in meeting the standards of maturation, learning, personal independence or social responsibility, and especially school performance that is expected of the individual's age level and cultural group, as determined by clinical judgment.

Moderate intellectual disability (MOID).

(1) Intellectual functioning ranging from an upper limit of approximately 55 to a lower limit of approximately 40; and
(2) Deficits in adaptive behavior that significantly limit a child's effectiveness in meeting the standards of maturation, learning, personal independence or social responsibility, and especially school performance that is expected of the individual's age-level and cultural group as determined by clinical judgment.

Severe intellectual disability (SID).

(1) Intellectual functioning ranging from an upper limit of approximately 40 to a lower limit of approximately 25; and

(2) Deficits in adaptive behavior that significantly limit a child's effectiveness in meeting the standards of maturation, learning, personal independence or social responsibility and especially school performance that is expected of the individual's age-level and cultural group as determined by clinical judgment.

Profound intellectual disability (PID).

(1) Intellectual functioning below approximately 25; and

(2) Deficits in adaptive behavior that significantly limit a child's effectiveness in meeting the standards of maturation, learning, personal independence or social responsibility and especially school performance that is expected of the child's age-level and cultural group, as determined by clinical judgment.

Appendix (f): ORTHOPEDIC IMPAIRMENT (OI).

Definition.

Orthopedic impairment refers to a child whose severe orthopedic impairments adversely affects their educational performance to the degree that the child requires special education.

This term may include:

(1) Impairment caused by congenital anomalies, e.g., deformity or absence of some limb.

(2) Impairment caused by disease (poliomyelitis, osteogenesis imperfecta, muscular dystrophy, bone tuberculosis, etc.)

(3) Impairment from other causes, e.g., cerebral palsy, amputations, and fractures or burns that cause contractures. [34 C.F.R. § 300.8(c)(8)]

Secondary disabilities may be present, including, but not limited to, visual impairment, hearing impairment, communication impairment and/or intellectual disability.

Eligibility and Placement.
Evaluation for initial eligibility shall include the following.

(1) A current medical evaluation from a licensed doctor of medicine. The evaluation report used for initial eligibility shall be current within one year. The evaluation shall indicate the diagnosis/prognosis of the child's orthopedic impairment, along with information as applicable regarding medications, surgeries, special health care procedures and special diet or activity restrictions.

(2) A comprehensive educational assessment to indicate the adverse affects of the orthopedic impairment on the child's educational performance.

(3) Assessments shall document deficits in: pre-academic or academic functioning, social/emotional development, adaptive behavior, motor development or communication abilities resulting from the orthopedic impairment. When assessment information indicates significant deficit(s) in cognitive/academic functioning, a psychological evaluation shall be given.

Children served in a program for orthopedic impairments should be functioning no lower than criteria outlined for mild intellectual disabilities programs. For those children with orthopedic impairments served in other special education programs due to the severity of their sensory or intellectual disability, support by the OI teacher regarding the implications of the child's orthopedic impairment may be appropriate.

Appendix (g): OTHER HEALTH IMPAIRMENT (OHI).

Definition.

Other health impairment means having limited strength, vitality or alertness including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that -

(1) Is due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficient hyperactivity disorder, diabetes, epilepsy, or heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, sickle cell anemia, and Tourette Syndrome, and

(2) Adversely affects a child's educational performance. [34 C.F.R. § 300.8(c)(9)]

In some cases, heightened awareness to environmental stimulus results in difficulties with starting, staying on and completing tasks; making transitions between tasks; interacting with others; following directions; producing work consistently; and, organizing multi-step tasks.

Eligibility.

1. Evaluation for initial eligibility shall include the following:

(a) The medical evaluation from a licensed doctor of medicine, or in the case of ADD and ADHD an evaluation by a licensed doctor of medicine or licensed clinical psychologist, should
be considered by the child's Eligibility Team as part of the process of determining eligibility. The evaluation report shall indicate the diagnosis/prognosis of the child's health impairment, along with information as applicable regarding medications, special health care procedures and special diet or activity restrictions. The evaluation report used for initial eligibility shall be current within one year and must document the impact of the physical condition on the vitality, alertness or strength of the child. In cases of illness where the child's physical health and well-being are subject to deterioration or change, this report shall be updated as frequently as determined by the IEP Committee. A medical diagnosis does not automatically include or exclude a child from determination of eligibility.

(b) A comprehensive developmental or educational assessment to indicate the effects of the health impairment on the child's educational performance. Assessments shall document deficits in pre-academic or academic functioning, adaptive behavior, social/emotional development, motor or communication skills resulting from the health impairment. When assessment information indicates significant deficits in cognitive/academic functioning, a psychological evaluation shall be given.

(c) A child must not be determined to be a child with Other Health Impairment if the determinant factor for that determination is:

a. Lack of appropriate instruction in reading, including the essential components of reading instruction;

b. Lack of appropriate instruction in math;

c. Lack of appropriate instruction in writing;

d. Limited English proficiency;

e. Visual, hearing or motor disability;

f. Intellectual disabilities;

g. Emotional disturbances;

h. Cultural factors;

i. Environmental or economic disadvantage; or

j. Atypical educational history (attendance at multiple schools, lack of attendance).

Placement and Service Delivery.

(1) A child meeting eligibility criteria be served by any appropriately certified teacher in any educational program, as specified in the child's individualized education program (IEP).
(2) According to State Board of Education Rule 160-1-3-.03 Communicable Diseases, the district shall allow a child infected with a communicable disease to remain in his or her educational setting unless he or she currently presents a significant risk of contagion as determined by the district after consultation with the child's physician, a knowledgeable public health official and/or a physician designated by the LEA (at the LEA's option).

Appendix (h): SIGNIFICANT DEVELOPMENTAL DELAY (SDD).

Definition

The term significant developmental delay refers to a delay in a child's development in adaptive behavior, cognition, communication, motor development or emotional development to the extent that, if not provided with special intervention, the delay may adversely affect a child's educational performance in age-appropriate activities. The term does not apply to children who are experiencing a slight or temporary lag in one or more areas of development, or a delay which is primarily due to environmental, cultural, or economic disadvantage or lack of experience in age appropriate activities. The SDD eligibility may be used for children from ages three through nine (the end of the school year in which the child turns nine). [See 34 C.F.R. § 300.8(b)]

Eligibility

(1) Initial eligibility must be established, and an IEP in place, on or before the child's seventh birthday. SDD eligibility is determined by assessing a child in each of the five skill areas of adaptive development, cognition, communication, physical development (gross and fine motor), and social/emotional development. Any child who scores at least 2 standard deviations below the mean in one or more of the five areas or 1½ standard deviations below the mean in two or more areas shall meet eligibility for SDD.

(2) For children who are kindergarten age or older, initial eligibility shall also include documented evidence that the impact on educational performance is not due to:

(a) Lack of appropriate instruction in reading or literacy readiness, including the essential components of reading instruction;

(b) Lack of appropriate instruction in math or math readiness skills;

(c) Limited English proficiency;

(d) Visual, hearing or motor disability;

(e) Emotional disturbances;

(f) Cultural factors; or

(g) Environmental or economic disadvantage.
The application of professional judgment is a critical element at every stage of eligibility determination: as test instruments are selected, during the evaluation process, in the analysis of evaluation results, as well as the analysis of error patterns on standardized, teacher made or other tests.

(3) All five skill areas shall be assessed using at least one formal assessment. In those areas in which a significant delay is suspected, at least one additional formal assessment must be utilized to determine the extent of the delay. All formal assessments must be age appropriate, and all scores must be given in standard deviations.

(4) For children eligible under SDD with hearing; visual; communication; or orthopedic impairments, a complete evaluation must be obtained to determine if the child also meets eligibility criteria for deaf/hard of hearing, visual impairments, speech and language impairments or orthopedic impairments. Students with sensory, physical or communication disabilities must receive services appropriate for their needs, whether or nor specific eligibility is determined.

Placement and Service Delivery

(1) Preschool-aged (3-5) children meeting eligibility criteria as SDD and needing special education services may receive those services in a variety of placement options, as determined by the child's IEP Team and participation by other agencies, such as, but not limited to:

(a) Regular Early Childhood Setting;

Head Start Programs

Georgia Pre-K Classes

Community Daycares

Private Preschools

(b) Separate Early Childhood Special Education Setting;

(c) Day School;

(d) Residential Facility;

(e) Service Provider Location; or

(f) Home.

(2) School-aged children with SDD shall be served by any appropriately certified teacher in any education program designed to meet the needs of the child, as specified by the child's IEP team.

Appendix (i): SPECIFIC LEARNING DISABILITIES (SLD).
Definition

(1) Specific learning disability is defined as a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell or do mathematical calculations. The term includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia and developmental aphasia. The term does not apply to children who have learning problems that are primarily the result of visual, hearing or motor disabilities, intellectual disabilities, emotional or behavioral disorders, environmental, cultural or economic disadvantage. [34 C.F.R. § 300.8(c)(10)]

(2) The child with a specific learning disability has one or more serious academic deficiencies and does not achieve adequately according to age to meet State-approved grade-level standards. These achievement deficiencies must be directly related to a pervasive processing deficit and to the child's response to scientific, research-based interventions. The nature of the deficit(s) is such that classroom performance is not correctable without specialized techniques that are fundamentally different from those provided by general education teachers, basic remedial/tutorial approaches, or other compensatory programs. This is clearly documented by the child's response to instruction as demonstrated by a review of the progress monitoring available in general education and Student Support Team (SST) intervention plans as supported by work samples and classroom observations. The child's need for academic support alone is not sufficient for eligibility and does not override the other established requirements for determining eligibility.

Exclusionary Factors

(1) A child must not be determined to be a child with a specific learning disability if the determinant factor for that determination is:

a. Lack of appropriate instruction in reading, to include the essential components of reading instruction (phonemic awareness, phonics, fluency, vocabulary, and comprehension);

b. Lack of appropriate instruction in math;

c. Lack of appropriate instruction in writing;

d. Limited English proficiency;

e. Visual, hearing or motor disability;

f. Intellectual disabilities;

g. Emotional disturbances;

h. Cultural factors;
i. Environmental or economic disadvantage; or

j. Atypical educational history (such as irregular school attendance or attendance at multiple schools) [See 34 C.F.R. § 300.309(a)(3)]

Required Data Collection

1. In order to determine the existence of Specific Learning Disability, the group must summarize the multiple sources of evidence to conclude that the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade level standards and intellectual development. Ultimately, specific learning disability is determined through professional judgment using multiple supporting evidences that must include:

(a) Data are collected that include:

(i) At least two current (within twelve months) assessments such as the results of the CRCT or other state-required assessment, norm-referenced achievement tests or benchmarks indicating performance that does not meet expectations for State-approved grade-level standards;

(ii) Information from the teacher related to routine classroom instruction and monitoring of the child's performance. The report must document the child's academic performance and behavior in the areas of difficulty.

(iii) Results from supplementary instruction that has been or is being provided:

(a) that uses scientific, research or evidence based interventions selected to correct or reduce the problem(s) the student is having and was in the identified areas of concern;

(b) such instruction has been implemented as designed for the period of time indicated by the instructional strategy(ies). If the instructional strategies do not indicate a period of time the strategies should be implemented, the instructional strategies shall be implemented for a minimum of 12 weeks to show the instructional strategies' effect or lack of effect that demonstrates the child is not making sufficient progress to meet age or State-approved grade-level standards within a reasonable time frame;

(iv) the interventions used and the data based progress monitoring results are presented to the parents at regular intervals throughout the interventions.

(b) Any educationally relevant medical findings that would impact achievement.

(c) After consent is received from the parents for a comprehensive evaluation for special education determination the following must occur:

1. An observation by a required group member;
2. Documentation that the determination is not primarily due to any of the exclusionary factors; 

3. Current analyzed classroom work samples indicating below level performance as compared to the classroom normative sample; and 

4. Documentation of a pattern of strength and weaknesses in performance and/or achievement in relation to age and grade level standards must include:

(i) A comprehensive assessment of intellectual development designed to assess specific measures of processing skills that may contribute to the area of academic weakness. This assessment must be current within twelve months and

(ii) Current Response to Intervention data based documentation indicating the lack of sufficient progress toward the attainment of age or State-approved grade-level standards.

(iii) As appropriate, a language assessment as part of additional processing batteries may be included.

Eligibility Determination

(1) The child who is eligible for services under the category of specific learning disability must exhibit the following characteristics: a primary deficit in basic psychological processes and secondary underachievement in one or more of the eight areas along with documentation of the lack of response to instructional intervention as supported by on-going progress monitoring.

(2) Deficits in basic psychological processes typically include problems in attending, discrimination/perception, organization, short-term memory, long-term memory, conceptualization/reasoning, executive functioning, processing speed, and phonological deficits. Once a deficit in basic psychological processes is documented, there shall be evidence that the processing deficit has impaired the child's mastery of the academic tasks required in the regular curriculum. Though there may exist a pattern of strengths and weaknesses, evidence must be included documenting that the processing deficits are relevant to the child's academic underachievement as determined by appropriate assessments that are provided to the child in his/her native language. Though a child may be performing below age or State-approved grade level standards, the results of progress monitoring must indicate that the child is not making the expected progress toward established benchmarks. This is indicated by comparing the child's rate of progress toward attainment of grade level standards.

(3) Underachievement exists when the child exhibits a pattern of strengths and weakness in performance, achievement, or both, relative to age, State-approved grade level standards and intellectual development and when a child does not achieve adequately toward attainment of grade level standards in one or more of the following areas:

(a) Oral expression - use of spoken language to communicate ideas;
(b) Listening comprehension - ability to understand spoken language at a level commensurate with the child's age and ability levels;

(c) Written expression - ability to communicate ideas effectively in writing with appropriate language;

(d) Basic reading skills - ability to use sound/symbol associations to learn phonics in order to comprehend the text;

(e) Reading comprehension - ability to understand the meaning of written language based in child's native language;

(f) Reading Fluency Skills - the ability to read and process a text with appropriate rate and accuracy;

(g) Mathematics calculation - ability to process numerical symbols to derive results, including, but not limited to, spatial awareness of symbol placement and choice of sequence algorithms for operations required; and

(h) Mathematical problem solving - ability to understand logical relationships between mathematical concepts and operations, including, but not limited to, correct sequencing and spatial/symbolic representation.

(4) Progress monitoring includes the data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting child progress during instruction. When reviewing progress monitoring data, those students that exhibit a positive response to the research validated instruction being provided by general education cannot be considered as having a specific learning disability even though they may show deficits on achievement tests in the specified areas. In addition, children whose achievement in classroom academics indicates performance that is commensurate with pervasive weaknesses that are not indicative of a pattern of strengths and weaknesses may not be considered as having a specific learning disability.

(5) One group member responsible for determining specific learning disability must conduct an observation of the child's academic performance in the regular classroom after the child has been referred for an evaluation and parental consent for special education evaluation is obtained. The observation of the child is conducted in the learning environment, including the regular classroom setting, to document the child's academic performance and behavior in the areas of difficulty. The observation must include information from the routine classroom instruction and monitoring of the child's performance.

The SLD Eligibility Group

(1) The determination of whether a child suspected of having a specific learning disability is a child with a disability must be made by the child's parents and a team of qualified professionals that must include:
(a) The child's regular teacher; or if the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age;

(b) A highly qualified certified special education teacher; and

(c) A minimum of one other professional qualified to conduct individual diagnostic assessments in the areas of speech and language, academic achievement, intellectual development, or social-emotional development and interpret assessment and intervention data (such as school psychologist, reading teacher, or educational therapist). Determination of the required group member should be based on the data being reviewed and the child's individual needs.

(2) Each group member must certify in writing whether the report reflects the member's conclusions. If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

Appendix (j): SPEECH-LANGUAGE IMPAIRMENT (SI).

Definitions.

Speech or language impairment refers to a communication disorder, such as stuttering, impaired articulation, language or voice impairment that adversely affects a child's educational performance. A speech or language impairment may be congenital or acquired. It refers to impairments in the areas of articulation, fluency, voice or language. Individuals may demonstrate one or any combination of speech or language impairments. A speech or language impairment may be a primary disability or it may be secondary to other disabilities. [34 C.F.R. § 300.8(c)(11)]

(1) **Speech Sound Production Impairment (e.g. articulation impairment)**- atypical production of speech sounds characterized by substitutions, omissions, additions or distortions that interferes with intelligibility in conversational speech and obstructs learning, successful verbal communication in the educational setting. The term may include the atypical production of speech sounds resulting from phonology, motor or other issues. The term speech sound impairment does not include:

A) Inconsistent or situational errors;

B) Communication problems primarily from regional, dialectic, and/or cultural differences;

C) Speech sound errors at or above age level according to established research-based developmental norms, speech that is intelligible and without documented evidence of adverse affect on educational performance;

D) Physical structures (e.g., missing teeth, unrepaird cleft lip and/or palate) are the primary cause of the speech sound impairment; or

E) Children who exhibit tongue thrust behavior without an associated speech sound impairment.
(2) **Language Impairment** - impaired comprehension and/or use of spoken language which may also impair written and/or other symbol systems and is negatively impacting the child's ability to participate in the classroom environment. The impairment may involve, in any combination, the form of language (phonology, morphology, and syntax), the content of language (semantics) and/or the use of language in communication (pragmatics) that is adversely affecting the child's educational performance. The term language impairment does not include:

A) Children who are in the normal stages of second language acquisition/learning and whose communication problems result from English being a secondary language unless it is also determined that they have a speech language impairment in their native/primary language.

B) Children who have regional, dialectic, and/or cultural differences.

C) Children who have auditory processing disorders not accompanied by language impairment.

D) Children who have anxiety disorders (e.g. selective mutism) unless it is also determined that they have a speech language impairment. There must be a documented speech-language impairment that adversely affects the educational performance for these children to qualify for special education services.

(3) **Fluency Impairment** - interruption in the flow of speech characterized by an atypical rate, or rhythm, and/or repetitions in sounds, syllables, words and phrases that significantly reduces the speaker's ability to participate within the learning environment. Excessive tension, struggling behaviors and secondary characteristics may accompany fluency impairments. Secondary characteristics are defined as ritualistic behaviors or movements that accompany dysfluencies. Ritualistic behaviors may include avoidance of specific sounds in words. Fluency impairment includes disorders such as stuttering and cluttering. It does not include dysfluencies evident in only one setting or reported by one observer.

(4) **Voice/Resonance Impairment** - interruption in one or more processes of pitch, quality, intensity, or resonance resonation that significantly reduces the speaker's ability to communicate effectively. Voice/Resonance impairment includes aphonia or the abnormal production of vocal quality, pitch, loudness, resonance, and/or duration, which is inappropriate for an individual's age and/or gender. The term voice/resonance impairment does not refer to:

A) Anxiety disorders (e.g. selective mutism)

B) Differences that are the direct result of regional, dialectic, and/or cultural differences

C) Differences related to medical issues not directly related to the vocal mechanism (e.g. laryngitis, allergies, asthma, laryngopharyngeal reflux (eg. acid reflux of the throat, colds, abnormal tonsils or adenoids, short-term vocal abuse or misuse, neurological pathology)

D) Vocal impairments that are found to be the direct result of or symptom of a medical condition unless the impairment impacts the child's performance in the educational environment and is amenable to improvement with therapeutic intervention.
Evaluation, Eligibility and Placement

All of the special education rules and regulations related to evaluation, eligibility and placement must be followed including:

1. Evaluation:

A) Documentation of the child's response to prior evidenced-based interventions prior to referral for a comprehensive evaluation.

B) A comprehensive evaluation shall be performed by a certified or licensed Speech-Language Pathologist (SLP) for consideration of speech-language eligibility. Following receipt of a clear hearing and vision screening and medical clearance for voice (as appropriate) this evaluation consists of an initial screening of the child's speech sounds, language, fluency, voice, oral motor competency, academic, behavioral, and functional skills using either formal or informal assessment procedures to assist in determining if the child is a child with a disability [34 C.F.R. § 300.304(b)(1)]. An in-depth evaluation of each area suspected of being impaired, using at least one formal test and/or procedure.

C) A full and individual initial evaluation for each area suspected of being a disability must be provided and considered prior to the child's eligibility for speech-language services. This may include assessments in the areas of health (e.g. ENT, otolaryngologist, ophthalmologist, and optometrist), vision, hearing, social and emotional status, general intelligence, academic performance, communicative status and motor abilities.

D) The evaluation is sufficient to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been referred or classified [34 C.F.R. § 300.304(b)(4)] 34 C.F.R. § 300.304(b)(6).

E) Children with voice/resonance impairment must have a medical evaluation to rule out physical structure etiology by a medical specialist either prior to a comprehensive evaluation or as part of a comprehensive evaluation. The presence of a medical condition (e.g., vocal nodules, polyps) does not necessitate the provision of voice therapy as special education or related service nor does a prescription for voice therapy from a medical doctor. A written order from a medical practitioner is a medical opinion regarding the medical evaluation or treatment that a patient should receive. When directed to a school, these medical orders should be considered by the team as a part of the eligibility process. The team, not a medical practitioner, determines the need for an evaluation for special education services based on documented adverse effect of the voice impairment on the child's educational performance.

F) A variety of assessment tools and strategies must be used to gather relevant functional, developmental and academic information about the child, including information provided by the parent. Information from the evaluation is used to determine whether the child is a child with a disability and the content of the child's IEP including information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities) [34 C.F.R. § 300.304(b)(i)].
2. Eligibility:

A) Determining eligibility for speech-language impaired special education services includes three components:

1) The Speech-Language Pathologist determines the presence or absence of speech-language impairment based on Georgia rules and regulations for special education, [34 C.F.R. § 300.8(c)(11)]

2) Documentation of an adverse affect of the impairment on the child's educational performance

3) The team determines that the child is a child with a disability [34 C.F.R. § 300.304(b)(1)] and is eligible for special education and appropriate specialized instruction needed to access the student's curriculum. [34 C.F.R. § 300.8(b)(2)]

B) Eligibility shall be determined based on the documented results of at least two or more measures or procedures, at least one of which must be formal, administered in the area of impairment and documentation of adverse affect.

A speech-language disorder does not exist if:

A) Environmental, cultural, or economic disadvantage cannot be ruled out as primary factors causing the impairment; or

B) A child exhibits inconsistent, situational, transitory or developmentally appropriate speech-language difficulties that children experience at various times and to various degrees.

C) Because children who have communication difficulties do not necessarily have speech or language impairments, the speech-language program may not be the appropriate service delivery model to adequately meet the child's educational needs. For this reason, all children who are suspected of having communication problems shall be the subject of a Student Support Team (SST) to problem solve and implement strategies to determine and limit the adverse affect on the child's educational performance.

(4) For nonverbal or verbally limited children and those with autism and/or significant intellectual, sensory, or physical disabilities, a multidisciplinary team of professionals shall provide a functional communication assessment of the child to determine eligibility for speech-language services. The multidisciplinary team shall consist of professionals appropriately related to the child's area of disability.

(5) A child is eligible for placement in a speech-language program if, following a comprehensive evaluation; the child demonstrates impairment in one or more of the following areas: speech sound, fluency, voice or language that negatively impacts the child's ability to participate in the classroom environment. The present adverse effect of the speech-language impairment on the child's progress in the curriculum, including social and/or emotional growth, must be documented in writing and used to assist in determining eligibility.
3. Placement:

Placement in the speech-language program shall be based on the results of the comprehensive assessment, and eligibility, along with all other pertinent information.

4. Children shall not be excluded from a speech-language program based solely on the severity of the disability. Cognitive referencing (i.e., comparing language scores to IQ scores) is not permissible as the only criteria for determining eligibility for speech-language impaired services.

**Communication Paraprofessionals** - A communication paraprofessional is an adjunct to the Speech Language Pathologist (SLP) and assists with certain duties and tasks within the speech-language program. The communication paraprofessional is under the supervision of a certified or licensed SLP. The communication paraprofessional can not carry their own caseload, nor do they increase the certified SLP's caseload outside of a self-contained classroom. The primary responsibility for the delivery of services, as indicated on the IEP, remains with the certified or licensed SLP. Children who receive services from the communication paraprofessional shall also receive services from the supervising SLP and/or licensed or certified SLP a percentage of the time designated in the IEP for speech-language services, but no less than one hour per month. Each LEA should develop and implement procedures for the training, use and supervision of communication paraprofessionals.

Appendix (k): TRAUMATIC BRAIN INJURY (TBI).

**Definition.**

Traumatic Brain Injury (TBI) refers to an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects the child's educational performance. The term applies to open or closed head injuries resulting in impairments which are immediate or delayed in one or more areas, such as cognition, language, memory, attention, reasoning, abstract thinking, judgment, problem solving, sensory, perceptual and motor abilities, psychosocial behavior, physical functions, speech and information processing. The term does not apply to brain injuries that are congenital or degenerative in nature, brain injuries induced by birth trauma. [34 C.F.R. § 300.8(c)(12)]

**Eligibility.**

(1) Evaluation for eligibility shall include the following.

(a) A summary of the child's pre-injury functioning status. This information may be available through previous formal evaluations, developmental assessments, achievement tests, classroom observations and/or grade reports.

(b) Verification of the TBI through the following:
1. A medical evaluation report from a licensed doctor of medicine indicating that TBI has occurred recently or in the past, or

2. Documentation of TBI from another appropriate source, such as health department or social services reports, or parents' medical bills/records.

(c) A neuropsychological, psychological or psychoeducational evaluation that addresses the impact of the TBI on the following areas of functioning:

1. Cognitive - this includes areas such as memory, attention, reasoning, abstract thinking, judgment, problem solving, speed of information processing, cognitive endurance, organization, receptive and expressive language and speed of language recall.

2. Social/Behavioral - this includes areas such as awareness of self and others, interaction with others, response to social rules, emotional responses to everyday situations and adaptive behavior.

3. Physical/Motor - this includes areas such as hearing and vision acuity, speech production, eye-hand coordination, mobility and physical endurance.

(2) Deficits in one or more of the above areas that have resulted from the TBI and adversely affect the child's educational performance shall be documented.

Placement and Service Delivery.

The identification of TBI for educational programming does not dictate a specific service or placement. The child with TBI shall be served by any appropriately certified teacher in any educational program, as specified in the child's individualized education program (IEP) Team minutes.

Appendix (l): VISUAL IMPAIRMENT (VI).

Definitions.

A child with a visual impairment is one whose vision, even with correction, adversely impacts a child's educational performance. [34 C.F.R. § 300.8(c)(13)] Examples are children whose visual impairments may result from congenital defects, eye diseases, or injuries to the eye. The term includes both visual impairment and blindness as follows:

(1) Blind refers to a child whose visual acuity is 20/200 or less in the better eye after correction or who has a limitation in the field of vision that subtends an angle of 20 degrees. Some children who are legally blind have useful vision and may read print.

(2) Visually impaired refers to a child whose visual acuity falls within the range of 20/70 to 20/200 in the better eye after correction or who have a limitation in the field of vision that adversely impacts educational progress.
Progressive visual disorders: Children, whose current visual acuity is greater than 20/70, but who have a medically indicated expectation of visual deterioration may be considered for vision impaired eligibility based on documentation of the visual deterioration from the child's optometrist or ophthalmologist.

Eligibility and Placement.

1. A current (within one year) eye examination report shall be completed and signed by the ophthalmologist or optometrist who examined the child.

   (a) A report from a neurologist in lieu of the optometrist/ophthalmologist report is acceptable for students who have blindness due to a cortical vision impairment.

2. A clinical low vision evaluation shall be completed by a low vision optometrist for children who are not totally blind;

   (a) if the student is under the age of 8 and/or has a severe cognitive and/or physical disability that would make the use of low vision aids unfeasible, a functional vision evaluation may be used instead of a low vision evaluation to establish eligibility.

   1. The low vision evaluation should be completed by age 10 for children who do not have one during eligibility determination prior to age 8 unless other circumstances apply.

   2. The low vision evaluation is often difficult to schedule within the 60 day timeline, therefore, if children meet all other eligibility requirements, the eligibility report shall document the date of the scheduled upcoming low vision evaluation and the team may proceed with the eligibility decision.

   3. Once the low vision evaluation has occurred the eligibility information shall be updated, and as appropriate, the IEP.

   (i) The low vision evaluation must occur within 120 days of receipt of parental consent to evaluate to determine eligibility for visual impairment.

3. A comprehensive education evaluation shall be administered to determine present levels of functioning. The impact of the visual impairment on the child's educational performance shall be considered for eligibility.

   (a) Educational assessments may include cognitive levels, academic achievement, and reading ability

   1. Educational assessments related to vision must be completed by a teacher certified in the area of visual impairments.

   (b) In some cases, comprehensive psychological evaluations may be indicated and must be completed by appropriately certified personnel
(4) Braille instruction is always considered critical to appropriate education for a child who is blind. Children identified with visual impairments shall be evaluated to determine the need for braille skills. The evaluation will include the present and future needs for braille instruction or the use of braille. For children for whom braille instruction and use is indicated, the individualized education program (IEP) shall include the following:

(a) Results obtained from the evaluation conducted for the purpose of determining the need for Braille skills;

(b) How instruction in braille will be implemented as the primary mode for learning through integration with other classroom activities;

(c) Date on which braille instruction will commence;

(d) The length of the period of instruction and the frequency and duration of each instructional session; and

(e) The level of competency in braille reading and writing to be achieved by the end of the period and the objective assessment measures to be used.

(f) For those children for whom braille instruction is not indicated, the IEP shall include a statement with supporting documentation that indicate the absences of braille instruction will not impair the child's ability to read and write effectively.

Amended: F. Apr. 16, 2002; eff. May 6, 2002.

Rule 160-4-7-.06. Individualized Education Program (IEP).

(1) **GENERAL.** The IEP is a written statement for each child with a disability that is developed, reviewed, and revised in a meeting in accordance with this Rule, and that must include--

(6) **TRANSITION SERVICES PARTICIPANTS.** In accordance with (5)(g) above, the LEA must invite the student with a disability to attend the student's IEP Team meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the student and the transition services needed to assist the student in reaching those goals. [34 C.F.R. § 300.321(b)(1)]

(a) If the student does not attend the IEP Team meeting, the LEA must take other steps to ensure that the student's preferences and interests are considered. [34 C.F.R. § 300.321(b)(2)]

(a) A member of the IEP Team described in (5)(a)-(e) of this section is not required to attend an IEP Team meeting, in whole or in part, if the parent of a child with a disability and the LEA agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting. [34 C.F.R. § 300.321(e)(1)]

(b) A member of the IEP Team described in (5)(a)-(e) may be excused from attending an IEP Team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if:

(a) Each LEA shall take steps to ensure that one or both of the parents of a child with a disability are present at each IEP Team meeting or are afforded the opportunity
to participate, including notifying parents of the meeting early enough to ensure
that they will have an opportunity to attend, and scheduling the meeting at a
mutually agreed upon time and place. [34 C.F.R. § 300.322(a)(1) - (2)]

(b) The invitation to the IEP Team meeting shall indicate the purpose, time, and
location of the meeting, participants who will be in attendance, and informs the
parents of their right to invite other individuals who, in their opinion, have
knowledge or special expertise regarding their child, including related services
personnel. The invitation shall also inform the parents of a child previously
served in Babies Can't Wait of their right to request that an invitation to the
initial IEP Team meeting be sent to the service coordinator or other
representative of Babies Can't Wait to assist with the smooth transition of
services. [34 C.F.R. § 300.322(b)(1)(i) - (ii)]

c) For a student with a disability, beginning not later than entry into ninth grade or
by age 16 whichever comes first, or younger if determined appropriate by the IEP
Team, the invitation must also indicate that a purpose of the meeting will be the
consideration of postsecondary goals and transition services for the student. The
LEA will invite the student and identify any other agency that will be invited to
send a representative. [See 34 C.F.R. § 300.322(b)(2)(i) - (ii)]

d) If neither parent can attend an IEP Team meeting, the LEA must use other
methods to ensure parent participation, including individual or conference
telephone calls or video conferences. A meeting may be conducted without the
parents in attendance if the LEA is unable to convince the parents that they
should attend. In this case, the LEA must keep a record of its attempts to arrange
a mutually agreed on time and place such as detailed records of telephone calls
made or attempted and the results of those calls; copies of correspondence sent to
the parents and any responses received; and detailed records and results of visits
made to the home or place of employment and the results of those visits. [34
C.F.R. § 300.322(c) - (d)]

e) The LEA must take whatever action is necessary to ensure that the parents
understand the proceedings of the IEP Team meeting, including arranging for an
interpreter for a parent who is deaf or whose native language is other than
English. [34 C.F.R. § 300.322(e)]

(f) The LEA shall provide a copy of the IEP to the parents at no cost. [34 C.F.R. §
300.322(f)]

g) Each LEA shall ensure that the parents of each child with a disability are
members of any group that makes decisions on the child's educational placement.
[34 C.F.R. § 300.116(a)(1)]

(12) WHEN THE IEP MUST BE IN EFFECT.

(b) IEP or IFSP for children aged three through five. In the case of a child with a disability aged three through five, an IEP or IFSP shall be in place. If the IFSP is utilized, it must be -

1. Consistent with the Georgia rule for IEPs; and

2. Agreed to by the LEA and the child’s parents. [34 C.F.R. § 300.323(b)(1)(i) - (ii)]

3. The LEA must -

   (i) Provide to the child's parents a detailed explanation of the differences between an IFSP and an IEP; and

(13) INITIAL IEP'S PROVISION OF SERVICES. Each LEA must ensure that -

   (a) A meeting to develop an IEP for a child is conducted within 30 days of a determination that the child needs special education and related services; and

   (b) As soon as possible following development of the IEP, special education and related services are made available to the child in accordance with the child's IEP. [34 C.F.R. § 300.323(c)(1) - (2)]

   (b) Each teacher and provider is informed of -

       1. His or her specific responsibilities related to implementing the child's IEP; and

       2. The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP. [34 C.F.R. § 300.323(d)(1) - (2)]
15) **IEPS FOR CHILDREN WHO TRANSFER LEAS WITHIN GEORGIA.** If a child with a disability transfers to a new LEA in the same school year within Georgia, the new LEA (in consultation with the parents) must provide FAPE to the child (including services comparable to those described in the child's IEP from the previous LEA), until the new LEA either:

(a) Adopts the child's IEP from the previous LEA; or

(b) Develops, adopts, and implements a new IEP that meets the IEP requirements of this Rule. [34 C.F.R. § 300.323(e)(1) - (2)]

16) **IEP FOR CHILDREN WHO TRANSFER FROM ANOTHER STATE.** If a child with a disability (who had an IEP that was in effect in a LEA in another State) transfers to Georgia within the same school year, the new LEA (in consultation with the parent) must provide the child with FAPE (including services comparable to those described in the child's IEP from the previous LEA), until the LEA:

(a) Conducts an evaluation if determined to be necessary by the new LEA; and

(b) Develops, adopts, and implements a new IEP, if appropriate. [34 C.F.R. § 300.323(f)(1) - (2)]

17) **TRANSMITTAL OF RECORDS.** To facilitate the transition for a child described above -

(a) The new LEA in which the child enrolls must take reasonable steps to promptly obtain the child's records, including the IEP, supporting documents, and any other records relating to the provision of special education or related services to the child, from the previous LEA in which the child was enrolled, pursuant to the Family Educational Rights and Privacy Act (which does not require prior parental consent to disclose education records to officials of another school where the student seeks or intends to enroll); and [34 C.F.R. § 300.323(g)(1); 34 C.F.R. § 99.31(a)(2)]

(b) The previous LEA in which the child was enrolled must take reasonable steps to promptly respond to the request from the new LEA. [34 C.F.R. § 300.323(g)(2)]

18) **DEVELOPMENT, REVIEW, AND REVISION OF IEP.**

(a) General. In developing each child's IEP, the IEP Team must consider -

1. The strengths of the child;

2. The concerns of the parents for enhancing the education of their child;

3. The results of the initial or most recent evaluation of the child;
4. The results, as appropriate, of the child's Statewide or districtwide assessments; and

5. The academic, developmental, and functional needs of the child. [34 C.F.R. § 300.324(a)(1)(i) - (iv)]

(b) Consideration of special factors. The IEP team must -

1. In the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports and other strategies, to address that behavior in the IEP or behavioral intervention plan;

2. In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child's IEP;

3. In the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child's reading and writing skills, needs and appropriate reading and writing media, that instruction or the use of Braille is not appropriate for the child;

4. Consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

5. Consider whether the child needs assistive technology devices and services. [34 C.F.R. § 300.324(a)(2)(i) - (v)]

(c) Each LEA must ensure that extended school year services (ESY) are available as necessary to provide FAPE. ESY services must be provided only if a child's IEP Team determines, on an individual basis, that the services are necessary for the provision of FAPE to the child. The LEA shall not limit ESY services to a particular disability category or unilaterally limit the type, amount or duration of those services. [34 C.F.R. § 300.106(a)(1) - (3)]

1. The IEP Team shall determine if ESY services are needed as part of the child's FAPE. In doing so, it shall consider the individual needs of the child.

2. If the IEP Team determines that ESY shall be provided, it shall:
(i) Indicate which goals are being extended or modified to deliver FAPE; and,

(ii) State the specific services needed, the amount of time for each service, the beginning and ending dates for the services and the service provider and location.

3. The LEA shall provide ESY services as required by the child's IEP and all necessary transportation at no cost to the parent. [34 C.F.R. § 300.106(b)(2)]

2. Supplementary aids and services, accommodations, program modifications, and support for school personnel. [34 C.F.R. § 300.324(a)(3)(i) - (ii)]

(e) IEP Changes or Amendments. Changes or amendments to the IEP may be made either by the entire IEP Team at an IEP Team meeting or by agreement between the parents and LEA.

1. In making changes to a child's IEP after the annual IEP Team meeting for a school year, the parent(s) of a child with a disability and the LEA may agree not to convene an IEP Team meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the child's current IEP. [34 C.F.R. § 300.324(a)(4)(i)]

   (i) If changes are made to the child's IEP, the LEA must ensure that the child's IEP Team is informed of those changes. [34 C.F.R. § 300.324(a)(4)(ii)]

   (ii) A parent must be provided with a revised copy of the IEP with the amendments incorporated. [See 34 C.F.R. § 300.324(a)(6)]

(19) REVIEW AND REVISION OF IEPS - Each LEA must ensure that the IEP Team -

(a) Reviews the child's IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and

   1. Any lack of expected progress toward the annual goals and in the general curriculum, if appropriate;
   2. The results of any reevaluations conducted.
   3. Information about the child provided to, or by, the parents;
   4. The child's anticipated needs; or
   5. Other matters. [34 C.F.R. § 300.324(b)(1)(i) & (ii)(A) - (E)]

(d) Consideration of special factors. In conducting a review of the child's IEP, the IEP Team must consider the special factors in (18)(b) above. [34 C.F.R. § 300.324(b)(2)]

(e) A regular education teacher of the child, as a member of the IEP Team, must participate in the review and revision of the IEP of the child. [34 C.F.R. § 300.324(b)(3)]

(f) Failure to meet transition objectives -
   1. Participating agency failure. If a participating agency, other than the LEA, fails to provide the transition services described in the IEP, the LEA must reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP. [34 C.F.R. § 300.324(c)(1)]
   2. Nothing in this part relieves any participating agency, including the State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency. [34 C.F.R. § 300.324(c)(2)]

(g) Children with disabilities in adult prisons.
   1. The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons (Department of Corrections):
      (i) Participation of children with disabilities in State and districtwide assessments; and
The requirements related to transition planning and transition services do not apply to children whose eligibility under Part B of the IDEA will end, because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release. [34 C.F.R. § 300.324(d)(1)(i) - (ii)]

2. Modifications of IEP or placement. The IEP Team of a child with a disability who is convicted as an adult and incarcerated in an adult prison may modify the child's IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated. [34 C.F.R. § 300.324(d)(2)(i)]

3. The IEP requirements in this Rule and the LRE requirements do not apply with respect to the modifications described in paragraph (g)(2) above. [34 C.F.R. § 300.324(d)(2)(ii)]

(20) This rule shall become effective July 1, 2007.

Rule 160-4-7-.07. Least Restrictive Environment (LRE).

[34 C.F.R. § 300.114(a)(2)(i)]

(b) Special classes, separate schooling or other removal of children with disabilities from the regular class environment shall occur only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. [34 C.F.R. § 300.114(a)(2)(ii)]
(2) DETERMINING EDUCATIONAL PLACEMENTS.
   
   (a) In determining the educational placement of a child with a disability, including a preschool child with a disability, each LEA must ensure that the placement decision:
       
       1. Is made by a group of persons, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and
       
       2. Is made in conformity with the LRE provisions contained in this rule. [34 C.F.R. § 300.116(a)(1) - (2)]

   (b) The child's placement is determined at least annually, is based on the child's IEP and is as close as possible to the child's home; [34 C.F.R. § 300.116(b)(1) - (3)]

   (c) Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that he or she would attend if nondisabled; [34 C.F.R. § 300.116(c)]

   (d) In selecting the LRE, consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs; and [34 C.F.R. § 300.116(d)]

   (e) A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum. [34 C.F.R. § 300.116(e)]

(3) CONTINUUM OF ALTERNATIVE PLACEMENTS.

   (a) Each LEA must ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services. [34 C.F.R. § 300.115(a)]

   (b) The above continuum must -
       
       1. Include the alternative placements listed in the definition of special education (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and

       2. Make provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement. [34 C.F.R. § 300.115(b)(1) - (2)]

        (I) The child remains in a regular early childhood program with direct services from special education personnel utilizing a consultative, collaborative or coteaching model.
        (II) The child is in the regular education early childhood program but special education and related services are provided outside a regular education early childhood program.

2. Placements for children not attending a regular early childhood program:
   (i) A separate special education program housed in the public school or in a community-based setting, in a separate school or residential school or facility;
   (ii) A program provided at home as a natural environment;
   (iii) A program provided through service providers in their offices; or
   (iv) Any combination of the above and/or other settings based on the child's IEP.

   (ii) home-based services must be reviewed no less than quarterly by the IEP team; and
   (iii) all IEPs that require home-based placements will include a reintegration plan for returning to the school setting.

5. Residential placement in-state or out-of-state.

6. Hospital/homebound instruction program (HHB) is used for students with disabilities who are placed in a special education program and have a medically diagnosed condition that will significantly interfere with their education and requires them to be restricted to their home or a hospital for a period of time. The LEA shall provide hospital/homebound instruction to students with disabilities, under the requirements found in Georgia rule 160-4-2-.31 Hospital Homebound Services.

(4) NONACADEMIC SETTINGS.

(a) Extracurricular services and activities, including meals, recess periods, and other services and activities, each LEA shall ensure that each child with a disability participates with nondisabled children in the extracurricular services and activities to the maximum extent appropriate to the needs of that child. The LEA must ensure that each child with a disability has the supplementary aids and services determined by the child's IEP Team to be appropriate and necessary for the child to participate in nonacademic settings. [34 C.F.R. § 300.117]

(b) Each LEA must ensure the provision of supplementary aides and services determined appropriate by the IEP team in order to allow children with disabilities
an equitable opportunity for participation in nonacademic and extracurricular activities.

(4) INDEPENDENT EDUCATIONAL EVALUATION.

As used in this section, independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the LEA responsible for the education of the child with a disability in question. As used in this section, public expense means that the LEA pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parents. [34 C.F.R. § 300.502(a)(3)(i) - (ii)]

1. If a parent requests an independent educational evaluation at public expense, the LEA must, without unnecessary delay either, initiate an impartial due process hearing to show that its evaluation is appropriate, or ensure that an independent educational evaluation is provided at public expense, unless the LEA demonstrates in a hearing that the evaluation obtained by the parent did not meet agency criteria. [34 C.F.R. § 300.502(b)(2)(i) - (ii)]

2. If the final decision is that the LEA's evaluation is appropriate, the parent(s) still has/have the right to an independent educational evaluation but not at public expense. [34 C.F.R. § 300.502(b)(3)]

3. If a parent requests an independent educational evaluation, the LEA may ask for the parent's reason why he or she objects to the public evaluation. However, the explanation by the parent may not be required and the LEA may not unreasonably delay either providing the independent educational evaluation at public expense or initiating an impartial due process hearing to defend the LEA evaluation. [34 C.F.R. § 300.502(b)(4)]

4. The LEA must provide to the parents, upon request, information about where an independent educational evaluation may be obtained and the LEA's criteria applicable for independent educational evaluations. [34 C.F.R. § 300.502(a)(2)]

(b) If the parent obtains an independent educational evaluation at public or private expense, the results of the evaluation:

(d) Whenever the state or LEA pays for an independent educational evaluation, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, shall be the same as the criteria which the state or LEA uses when it initiates an evaluation. Except for the criteria described in this Rule, a LEA may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense. [34 C.F.R. § 300.502(e)(1) - (2)]
(e) A parent is entitled to only one independent education evaluation at public expense each time the LEA conducts an evaluation with which the parent disagrees. [34 C.F.R. § 300.502(b)(5)]

Written notice shall also be provided if the LEA refuses to take such action. After rights have been transferred to a child who has reached the age of majority, any written notice covered under this Rule shall be provided to both the child and to the parent(s) of the child. [34 C.F.R. § 300.503(a) & (c); 34 C.F.R. § 300.625(c)]

The communication to the parent(s) shall include a description of the action proposed or refused by the LEA, an explanation of why the LEA proposes or refuses to take the action, and a description of any options the LEA considered and the reasons why those options were rejected. Communication to the parent(s) shall include a description of each evaluation procedure, assessment, record or report the LEA used as a basis for the proposed or refused action. Also included shall be a description of any other factors which are relevant to the LEA's proposal or refusal, a statement that the parent(s) of a child with a disability has protection under the procedural safeguards/parents' rights, a statement of the means by which a copy of the procedural safeguards/parents' rights may be obtained, and information providing sources to contact for assistance in understanding the procedural safeguards/parents' rights. [34 C.F.R. § 300.503(b)]

(c) In most cases, the above Notice requirements can be addressed by providing the parent(s) with a copy of documents such as the consent to evaluate, consent for placement, consent for accessing a child's or parent's public benefits or insurance, evaluation report, eligibility report, invitation to a meeting, the full individualized education program (IEP) (with minutes, if taken), and/or other relevant documents, as appropriate. However, there may be circumstances when a parent makes a request but these items have not yet been generated for the child. In such a case, the LEA must respond to the request through an alternative manner, such as through a letter to the parent(s), which provides all of the required elements identified in paragraph (5)(b) above.

(d) Graduation from high school with a regular education diploma constitutes a change in placement and requires written prior notice, in accordance with information above. [34 C.F.R. § 300.102(a)(3)]

(e) Language Understandable to the General Public.

2. Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. [34 C.F.R. § 300.503(c)(1)(ii)]

3. If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;
   (i) The LEA must ensure the parent understands the content of the notice; and
   
   (ii) That there is written evidence that the requirements have been met. [34 C.F.R. § 300.503(c)(2)(i) - (iii)]

(d) The LEA must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability. [34 C.F.R. § 300.300(a)(1)(iii)]

(e) For initial evaluations only, if the child is a ward of the state and is not residing with the child's parent, the LEA is not required to obtain informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability if:

   2. The rights of the parents of the child have been terminated in accordance with state law;
   3. The rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child. [34 C.F.R. § 300.300(a)(2)(i) - (iii)]

(f) If the parent of a child in public school or seeking to enroll in public school does not provide consent for initial evaluation or the parent fails to respond to a request to provide consent, the LEA may, but is not required to pursue, the initial evaluation by utilizing the procedural safeguards of mediation or due process hearings.    1. The LEA does not violate its obligations under Child Find if it declines to pursue the evaluation. [34 C.F.R. § 300.300(a)(3)(ii)]

(g) A LEA that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child. [34 C.F.R. § 300.300(b)(1)]

(h) If the parents of a child fail to respond or refuse to consent to services, the LEA may not utilize the procedural safeguards of mediation or a due process hearing in order to obtain agreement that service may be provided. [34 C.F.R. § 300.300(b)(3)]
1. If the parents of the child do not provide consent for the initial provision of special education and related services, or the parents fail to respond to a request to provide consent for the initial provision of special education and related services, the LEA will not be considered in violation of the requirement to make FAPE available to the child for which the LEA sought consent. \[34 \text{C.F.R. } \S 300.300(4)(i)\]

2. The LEA is not required to convene an IEP Team meeting or develop an IEP for the child for whom the LEA requests consent. \[34 \text{C.F.R. } \S 300.300(4)(ii)\]

(i) The LEA must obtain informed parental consent prior to conducting a re-evaluation of a child with a disability. \[34 \text{C.F.R. } \S 300.300(c)(1)(i)\]

1. If the parent refuses to consent to the re-evaluation, the LEA may, but is not required to, pursue the re-evaluation by using the consent override procedures by accessing the mediation or due process hearing procedures. \[34 \text{C.F.R. } \S 300.300(c)(1)(ii)\]

(i) The LEA does not violate its obligation if it declines to pursue the re-evaluation. \[34 \text{C.F.R. } \S 300.300(c)(1)(iii)\]

2. The LEA need not obtain informed parental consent if it can demonstrate that:

(i) It made reasonable efforts to obtain such consent;

(ii) The child's parents failed to respond. \[34 \text{C.F.R. } \S 300.300(c)(2)(i) - (ii)\]

3. Parental consent is not required before:

(i) Reviewing existing data as a part of an evaluation or re-evaluation; or

(ii) Administering a test or other evaluation that is administered to all children unless consent is required of parents of all children. \[34 \text{C.F.R. } \S 300.300(d)(1)(i) - (ii)\]

(j) A LEA may not use a parent's refusal to consent to one service or activity under subparagraph (d) - (f) of paragraph 6 of this Rule to deny the parent or child any other service, benefit, or activity of the LEA. \[34 \text{C.F.R. } \S 300.300(d)(3)\]

(k) If the parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or reevaluation, or the parent fails to respond to a request to provide consent, the
LEA may not use the consent override procedures described in this rule; [34 C.F.R. § 300.300(d)(4)(i)]

1. The LEA is not required to consider the child as eligible for services. [34 C.F.R. § 300.300(d)(4)(ii)]

2. To meet the reasonable efforts requirement in the consent section of this rule, the LEA must document its attempts to obtain parental consent. [34 C.F.R § 300.300(d)(5)]

(1) A parent may revoke consent for the receipt of special education and related services once the child is initially provided special education and related services.

1. Revocation of consent to provide special education and related services is for all special education and related services; not individual services.

2. The intent to withdraw the child from special education and related services must be made in writing by the parent to the LEA. [34 C.F.R § 300.300(b)(4)]

3. The LEA may not continue to provide special education and related services to the child, but must, prior to removing the child from special education and related services, provide the parent prior written notice that meets the requirements of paragraph (5) of this rule.

4. The LEA may not use the procedures of mediation or due process hearings to override the withdrawal of consent.

5. The LEA will not be in violation of the responsibility to provide a free and appropriate public education (FAPE) to a child with a disability because of the failure to provide further special education and related services.

6. The LEA is not required to convene an IEP meeting for a child whose consent to receive special education and related services has been revoked.

7. Subsequent referrals for special education and related services shall be considered an initial evaluation and subject to the sixty day evaluation time period.

8. The LEA is not required to amend the records of the child to remove any references to the provision of special education and related services prior to the receipt of the revocation of consent. [34 C.F.R § 300.9(c)(3)]

(7) PARENTAL TRAINING AND AWARENESS.
(a) Parents may be provided assistance:

(i) To understand the special needs of their child and information about child development; and

(ii) To acquire the necessary skills to support the implementation of their child's IEP if determined by the IEP Team as a related service. [34 C.F.R. § 300.34(c)(8)(i) - (iii)]

Amended: ER. 160-4-7-0.8 -9 0. adopted. F. and eff. May 11, 1995, the date of the adoption, to remain in effect for 120 days or until the effective date of a permanent Rule covering the same subject matter is adopted, as specified by the Agency.
Amended: May 9, 2013; eff. May 29, 2013.

Rule 160-4-7-.10. Discipline.

(1) GENERAL PROVISIONS.

(a) According to Georgia school laws, LEAs are given the responsibility to develop appropriate and legally based disciplinary procedures.

(b) The code of student conduct shall apply to all children unless a child's individualized education program (IEP) specifically provides otherwise. The LEA shall ensure that the parents and the child with a disability receive notice of the rules and regulations applicable to children with disabilities with respect to child management, discipline and suspension/expulsion upon the child's entry into a special education program or at the annual IEP review.

(2) AUTHORITY OF SCHOOL PERSONNEL.

(a) School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this Rule, is appropriate for a child with a disability who violates a code of student conduct. [34 C.F.R. § 300.530(a)].
(b) School personnel may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement under this Rule). [34 C.F.R. § 300.530(b)(1); 34 C.F.R. § 300.536]

(c) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the LEA must provide services to the extent required under this Rule. [34 C.F.R. § 300.530(b)(2)]

(d) For disciplinary changes in placement that would exceed 10 consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability under this Rule, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities except as provided in (e) of this Rule. [34 C.F.R. § 300.530(c)]

(e) Services. A child with a disability who is removed from his or her current placement for more than 10 consecutive school days must:

1. Continue to receive educational services, as provided in Rule 160-4-7-.02 Free and Appropriate Public Education, so as to enable the child to continue to participate in the general educational curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and

2. Receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications as set forth in the behavioral intervention plan and IEP, where appropriate, that are designed to address the behavior violation so it does not recur. [34 C.F.R. § 300.530(d)(1)(i) - (ii)]

3. The LEA is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if services are provided to a child without disabilities who has been similarly removed. [34 C.F.R. § 300.530(d)(3)]

4. After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, if the current removal is not for more than 10 consecutive school days and is not a change in
placement because of disciplinary removals, school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed in order to provide a free, appropriate public education, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP. [34 C.F.R. § 300.530(d)(4)]

5. If the removal is for more than 10 consecutive school days or is a change in placement because of disciplinary removals, the child's IEP Team determines appropriate services needed in order to provide a free, appropriate public education, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP. [34 C.F.R. § 300.530(d)(5)]

6. The services required in (e) may be provided in an interim alternative educational setting. [34 C.F.R. § 300.530(d)(2)]

(3) MANIFESTATION DETERMINATION.

(a) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and the relevant members of the child's IEP Team (as determined by the parent and the LEA) must review all relevant information in the child's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

2. If the conduct in question was the direct result of the LEA's failure to implement the IEP. [34 C.F.R. § 300.530(e)(1)(i) - (ii)]

(b) The conduct must be determined to be a manifestation of the child's disability if the LEA, the parent and relevant members of the child's IEP Team determine that the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or the conduct in question was the direct result of the LEA's failure to implement the IEP. [34 C.F.R. § 300.530(e)(2)]

(c) If the LEA, the parent and the relevant members of the child's IEP Team determines the conduct in question was a direct result of the failure of the LEA to implement the IEP, the LEA must take immediate steps to remedy those deficiencies. [34 C.F.R. § 300.530(e)(3)]

(4) DETERMINATION THAT BEHAVIOR WAS A MANIFESTATION.
(a) If the LEA, the parent and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team must either:

1. Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or

2. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior, and except as provided in paragraph (5) below, return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan. [34 C.F.R § 300.530(f)(1) - (2)]

(5) SPECIAL CIRCUMSTANCES.

(a) School personnel may remove a child to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child:

1. Carries a weapon to or possesses a weapon at school, on school premises, or at a school function under the jurisdiction of the State or the LEA;

2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or to a school function under the jurisdiction of the State or the LEA; or

3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the State or the LEA. [34 C.F.R. § 300.530(g)(1) - (3)]

(b) The interim alternative educational setting is determined by the IEP Team. [34 C.F.R. § 300.531]

(6) NOTIFICATION.

(a) On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of child conduct, the LEA must notify the parents of that decision, and provide the parents the procedural safeguards notice described in Rule 160-4-7-.09 Procedural Safeguards. [34 C.F.R. § 300.530(h)]

(7) DEFINITIONS. For purpose of this section, the following definitions apply:
(a) Controlled substance - a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).

(b) Illegal drug - a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.

(c) Serious bodily injury - has the meaning given the term "serious bodily injury" under paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.

(d) Weapon - has the meaning given the term "dangerous weapon" under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code. [34 C.F.R. § 300.530(i)(1) - (4)]

(8) APPEAL.

(a) The parent of a child with a disability who disagrees with any decision regarding placement or the manifestation determination under this Rule, or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a due process hearing request pursuant to Rule 160-4-7-.12 Dispute Resolution. [34 C.F.R. § 300.531(a)].

(b) Authority of administrative law judge or hearing officer. An administrative law judge or hearing officer under Rule 160-4-7-.12 Dispute Resolution hears the facts and makes a determination regarding an appeal under the disagreement in (8)(a) above. [34 C.F.R. § 300.531(b)(1)]

1. In making a determination under this Rule, the administrative law judge or hearing officer may:

   (i) Return the child with a disability to the placement from which the child was removed if the administrative law judge or hearing officer determines that the removal was a violation of this Rule or that the child's behavior was a manifestation of the child's disability; or

   (ii) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the administrative law judge or hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others. [34 C.F.R. § 300.531(b)(2)(i) - (ii)]
(c) These appeal procedures may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others. [34 C.F.R. § 300.531(b)(3)]

(d) Expedited due process hearing. Whenever a hearing is requested under paragraph (8)(a) this Rule, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with Rule 160-4-7-.12 Dispute Resolution, except as provided in (d)1. and 2. below. [34 C.F.R. § 300.531(c)]

1. The State is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The administrative law judge or hearing officer must make a determination within 10 school days after the hearing. [34 C.F.R. § 300.531(c)(2)]

2. Unless the parents and LEA agree in writing to waive the resolution meeting described in Rule 160-4-7-.12 Dispute Resolution or agree to use the mediation process described in the same Rule:
   (i) A resolution meeting must occur within seven days of receiving notice of the due process hearing request/complaint; and
   (ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process hearing request/complaint. [34 C.F.R. § 300.531(c)(3)]
   (iii) The decisions on expedited due process hearings are appealable consistent with Rule 160-4-7-.12 Dispute Resolution. [34 C.F.R. § 300.531(c)(5)]

9) PLACEMENT DURING APPEALS.

(a) When an appeal under this Rule has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the administrative law judge or hearing officer or until the expiration of the 45 school day time period provided for in this Rule, section 5, Special Circumstances, whichever comes first, unless the parent and the LEA agree otherwise. [34 C.F.R. § 300.533]

10) PROTECTIONS FOR CHILDREN NOT YET ELIGIBLE FOR SPECIAL EDUCATION AND RELATED SERVICES.

(a) A child who has not been determined to be eligible for special education and related services and who has engaged in behavior that violated a code of student
conduct, may assert any of the protections provided for in this Rule if the LEA had knowledge (as determined in accordance with this Rule) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred. [34 C.F.R. § 300.534(a)]

1. An LEA must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred -

   (i) The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency or a teacher of the child, that the child is in need of special education and related services;

   (ii) The parent of the child requested an evaluation of the child pursuant to Rule 160-4-7-.04 Eligibility Determinations and Criteria; or

   (iii) The teacher of the child or other personnel of the LEA expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the LEA or to other supervisory personnel of the LEA. [34 CFR § 300.534(b)(1) - (3)]

2. An LEA would not be deemed to have knowledge that a child is a child with a disability if the parent of the child has not allowed an evaluation of the child or has refused services or the child has been evaluated and determined not to be a child with a disability as described in Rule 160-4-7-.04 Eligibility Determinations and Criteria. [34 C.F.R. § 300.534(c)(1) - (2)]

3. If an LEA does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engaged in comparable behaviors. [34 C.F.R. § 300.534(d)(1)]

4. If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner. Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and the information provided by the parents, the agency must
provide special education and related services. [34 C.F.R. § 300.534(d)(2)(i) - (iii)]

(11) **REFFERAL TO AND ACTION BY LAW ENFORCEMENT AND JUDICIAL AUTHORITIES.**

(a) Nothing in this Rule prohibits a LEA from reporting a crime committed by a child with a disability to appropriate authorities or prevents State law enforcement or judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability. [34 C.F.R. § 300.535(a)]

(b) A LEA reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime. [34 C.F.R. § 300.535(b)(1)]

(c) A LEA reporting a crime under this Rule may transmit copies of the child's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act. [34 C.F.R. § 300.535(b)(2)]

(12) **CHANGE OF PLACEMENT BECAUSE OF DISCIPLINARY REMOVALS.**

(a) For purposes of removals of a child with a disability from the child's current educational placement under this Rule, a change in placement occurs if:

1. The removal is for more than 10 consecutive school days, or

2. The child has been subjected to a series of removals that constitute a pattern -

   (i) Because the series of removals total more than 10 school days in a school year;

   (ii) Because the child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals, and;

   (iii) Because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another. [34 C.F.R. § 300.536(a)]
The LEA determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. [34 C.F.R. § 300.536(b)(1)]

1. This determination is subject to review through due process hearings and judicial proceedings. [34 C.F.R. § 300.536(b)(2)]

(13) This rule shall become effective July 1, 2007.

(ii) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and

(iii) Has knowledge and skills that ensure adequate representation of the child. [34 C.F.R. § 300.519(d)]

(5) **NON-EMPLOYEE REQUIREMENT; COMPENSATION.** A person otherwise qualified to be a surrogate parent under paragraph (4) of this section is not an employee of the LEA solely because he or she is paid by the LEA to serve as a surrogate parent. [34 C.F.R. § 300.519(e)]

(6) **UNACCOMPANIED HOMELESS YOUTH.** In the case of a child who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents without regard to paragraph (4)(a)(i) of this section, until a surrogate parent can be appointed that meets all of the requirements of paragraph (4) of this section. [34 C.F.R. § 300.519(f)]

(7) **SURROGATE PARENT RESPONSIBILITIES.** The surrogate parent may represent the child in all matters relating to -

(a) The identification, evaluation, and educational placement of the child; and

(b) The provision of FAPE to the child. [34 C.F.R. § 300.519(g)]

(8) **LIABILITY.** Any individual appointed to act as a surrogate parent for a child with a disability under IDEA 2004 shall not be liable for any civil damages for any action or actions done while performing duty as a surrogate parent, except for acts or omissions to act constituting gross, willful, or wanton negligence. [O.C.G.A. Section 20-1-5]

6. The request for the due process hearing must be deemed sufficient unless the receiving party notifies the hearing officer and the other party in writing, within 15 days of receipt of the due process request that the receiving party does not believe the request meets the requirements above. [34 C.F.R. § 300.508(d)(1)]

[ 34 C.F.R. § 300.508(e)(1)(i) - (iv) ]

9. The LEA response does not preclude the LEA from asserting that the parent's due process request is insufficient. [ 34 C.F.R. § 300.508(e)(2) ]

10. Unless responded to as above, any party receiving a due process hearing request must send to the other party within ten days a response that specifically addresses the issues raised in the due process hearing request. [ 34 C.F.R. § 300.508(f) ]

5. The resolution meeting need not be held if the parent and the LEA agree in writing to waive the meeting; or the parent and the LEA agree to use mediation to attempt to resolve the due process hearing request. [34 C.F.R. § 300.510(a)(3)(i) - (ii)]

(f) The resolution period: If the LEA has not resolved the due process hearing request to the satisfaction of the parent within 30 days of the receipt of the due process complaint, the due process hearing may occur. [34 C.F.R. § 300.510(b)(1)]

1. The failure or refusal of the parent to participate in the resolution meeting shall delay the timelines for the resolution process and the due process hearing until the meeting is held, unless the parties have agreed to waive the resolution meeting or to participate in mediation. [34 C.F.R. § 300.510(b)(3)]

[34 C.F.R. § 300.510(b)(5)]

   (i) Both parties agree in writing to waive the resolution meeting;

   (ii) After either the mediation or resolution meeting starts but before the end of the 30-day period, the parties agree in writing that no agreement is possible;

1. The agreement is enforceable in any State court of competent jurisdiction or in a district court of the United States, or through the State Complaint Process. [34 C.F.R. § 300.510(d)(2); § 300.537]

Note: The placement of children with autism, traumatic brain injury, or other health impairments, and significant developmental delays (grades K and above) in the above program areas will not change class sizes.

Note: Children, with an IEP designating the service location for the delivery of goals and objectives to be the regular classroom environment, shall be reported in their special education program category if instruction is provided in a:

A. Team/Collaborative Model; or
B. Consultative Model.

(g) **State Education Agency (SEA)** - The term used in federal laws and regulations for the state education authority which in Georgia is the Georgia State Board of Education (SBOE).

(h) **Therapeutic Supports** - Intensive individualized interventions and/or therapy that remediates severe disruptive and self-destructive behaviors.

(i) **Zoned school** - the K-12 Public School that a student is assigned by the Local Education Agency (LEA)

(2) **GNETS PURPOSE AND SERVICES.**

(a) The Georgia Network for Educational and Therapeutic Support (GNETS) is a service available within the continuum of supports for LEAs to consider when determining the least restrictive environment for students with disabilities, ages 5-21. GNETS services is an option in the continuum of supports that prevents children from requiring residential or more restrictive placement. Specifically, GNETS provides comprehensive educational and therapeutic support services to students who exhibit intense social, emotional and/or behavioral challenges with a severity, frequency or duration such that the provision of education and related services in the general education environment has not enabled him or her to benefit educationally based on the IEP.

(b) GNETS services aim to support students with social, emotional and/or behavioral challenges. These students' behaviors may include but are not limited to, significant, aggressive, self-destructive, atypical, and withdrawal behaviors.
Children receiving GNETS services are taught coping skills, behavior regulation, and adaptive behaviors, with a keen focus on developing positive interpersonal relationships with others.

(c) GNETS services are implemented with greater intensity and frequency than what is typically delivered in a general education school environment. The supplemental aids and services available at GNETS must be appropriate and necessary in order for the child's IEP team to consider GNETS services.

(d) GNETS will be staffed to meet the needs of a unique population of students requiring intensive individualized supports, including providing appropriate therapeutic services identified in the IEP. The staff receive specialized training in skills designed to deescalate major disruptive behaviors and assist students with meeting their IEP goals.

(e) GNETS staff will collaborate with professionals from a variety of agencies to enhance students' social, emotional, behavioral and academic development based on their IEPs.

(f) The IEP team will assess at least annually whether the student with disabilities is ready to transition to a less restrictive setting. Progress monitoring data aligned with IEP goals should be reviewed to determine if the student is ready to receive a free appropriate education (FAPE) in the lesser restrictive environment.

(3) CONSIDERATION FOR GNETS SERVICES.

(a) Consideration for GNETS services is determined by the student's Individualized Education Program (IEP) team using the criteria set forth in SBOE Rule 160-4-7-.06.

(b) IEP teams considering recommendation of GNETS services will follow the notice requirements of SBOE Rule 160-4-7-.06. The IEP meeting will include a GNETS director or his/her designee.

(c) An individual student is considered for GNETS services only if his or her IEP team recommends GNETS services based on the existence of all of the following, which will be documented in the student's education record:

1. Documentation that indicates evidence of annual IEP reviews, progress monitoring data aligned with IEP goals, documentation indicating prior services were delivered in a lesser restrictive environment and the student's inability to receive FAPE in that environment.

2. A Functional Behavioral Assessment (FBA) and/or Behavior Intervention Plan (BIP) administered within the past year.
3. Documentation that a comprehensive reevaluation has been completed within the last 3 years.

(4) CONTINUUM OF GNETS SERVICE DELIVERY AND ENVIRONMENTS.

(a) The IEP team must determine that GNETS services are necessary for students to receive FAPE. Removal from the general education setting will occur only when the nature or severity of students' social, emotional and/or behavioral challenges are such that education in a general education setting with the use of supplementary services and intensive individualized interventions cannot be achieved.

(b) The IEP team will consider the various setting in which GNETS services may be delivered and determine whether the individual student is likely to receive FAPE in each environment, beginning with the least restrictive setting.

(c) The GNETS continuum of services by environment may be delivered as follows:

1. Services provided in the general education setting in the student's Zoned School or other public school.

2. Services provided in the student's Zoned School or other public school setting by way of a "pull out" from the general education setting for part of the school day.

3. Services provided in the student's Zoned School or other public school for part of the school day in a setting dedicated to GNETS.

4. Services provided in the student's Zoned School or other public school for the full school day, in a setting dedicated to GNETS.

5. Services provided in a facility dedicated to GNETS for part of the school day.

6. Services provided in a facility dedicated to GNETS for the full school day.

(1) AUTHORIZATION.

(a) The State Board shall have authority to provide grant funds for the implementation of other educational programs or additional personnel for the unique needs of children with disabilities.
(b) The LEAs in receipt of these grant funds shall ensure a free appropriate public education (FAPE) for children with disabilities and follow state and federal regulations for implementation of these programs.

(2) **GRANT FOR RESIDENTIAL AND REINTEGRATION SERVICES.**

(a) In the event that a LEA is unable to provide appropriate special education and related services to a child with disabilities within the boundaries of the LEA, within a regional program operated by the LEAs, or within an educational setting operated by the State of Georgia, referral may be made to a private school or facility approved by the department.

(b) Private schools shall be in conformance with the due process procedures and the requirements of an individualized education program (IEP).

(c) Private schools to which children are recommended for placement shall meet applicable standards that apply to LEAs.

(d) The DES shall maintain and supply to LEAs, upon request, a list of private schools that meet applicable criteria.

(e) LEAs with children with disabilities meeting criteria for the Residential and Reintegration Services Grant Program may be eligible to receive partial or total funding from the department. This grant covers only educational costs, related services, and room and board. LEAs must assume all costs for transportation expenses. LEAs that apply for assistance shall assume full responsibility for the funding at the time of submitting an application. Grants are not automatically funded. Approval for grant applications, therefore, shall be based on the severity of the disabling condition and the availability of funds.

(f) All costs for those children with disabilities who are wards of the State in the custody of the Department of Human Services (DHS) or Department of Behavioral Health and Developmental Disabilities (DBHDD), shall be paid for by the department with state and, as needed, federal funds.

(g) All applications shall be reviewed by staff of the department with priority based on the following:

   1. Children with profound and severe disabilities requiring residential services who are wards of the State.

   2. Children with profound and severe disabilities requiring reintegration from a residential program.

   3. Children with profound disabilities needing residential services.
4. Children with severe disabilities needing residential services.

5. Children with severe or profound disabilities who attend an intensive day treatment program due to location of day program, but would otherwise require a residential program.

(h) All children placed in residential programs must have a reintegration plan developed by the IEP Team that specifies a plan for moving the child toward a less restrictive environment to include the specific timeline and parent involvement in this transition.

(i) All children placed in residential programs or reintegration programs following full-time residential services shall be observed at least once a year by a representative of the LEA. This observation may coincide with the annual review. The progress reports and other related information for each student placed in residential programs shall be reviewed at mid-year as well as at the annual review, and reintegration issues shall be considered at each review.

(j) If a child who is currently funded through the Grant for Residential and Reintegration Services becomes the subject of a due process hearing, fiscal maintenance of the placement shall be continued, funds permitting; however, the LEA is still responsible for payment.

(k) Educational costs for children meeting the Residential and Reintegration Services Grant Program criteria shall be shared between the LEA and the department. The LEA shall assume a percentage of the total education cost equal to the percent of local funds utilized for the total educational program in the respective LEA. The department shall maintain a record of the percent requirement for LEAs and state participation in this program. It is the LEA's responsibility to initiate and submit an application for these funds. The LEA may use other funds from public or private agencies to assist in the cost of educating a child in a private school or private facility, provided the services are arranged by the LEA.

(3) GRANT TO ACCESS STATE INTERAGENCY SERVICES.

(a) This grant is designed to provide access for the education of children with disabilities who are placed in one of the state-operated facilities for an appropriate educational program designed to meet their unique needs.

(b) It is limited to teacher costs for the state agencies such as the Department of Corrections (DOC), DHS, DBHDD, and Department of Labor (DOL) that provide special education and related services to children with disabilities in state-operated hospital, correctional or rehabilitation facilities. In addition, LEAs that have the responsibility for the determination of eligibility for these children with
disabilities may request funding for the intake cost and placement of these children.

(c) Special Considerations.

1. The state agencies receive a grant to pay teacher salary and benefits in their facilities. The agencies in receipt of this grant provide an annual application and assurances of services, certification of staff members and child count data.

2. The LEA shall be responsible for the educational planning for children to the extent that an IEP, if applicable, be developed and a determination made in consultation with the DHS or DBHDD treatment team as to the appropriate location of services based on the needs of the child that shall include, but not be limited to, the following: safety, level of behavioral control, treatment factors and health/medical considerations.

   (i) Safety factors - Harmful to self/others, suicidal, homicidal, physical aggression, level of supervision, need for physical assistance, special transportation needs, pyromania, arrest record, and other.

   (ii) Level of behavior control - Need for restraint, isolation (times needed), elopement risk, behavior, appropriate/inappropriate vocalizations, and other.

   (iii) Treatment needs - Level of supervision, response to group therapy, response to individual therapy, reality base, diagnosis, reason for admission, history of substance abuse, response to academics, court order, and other.

3. Information on the above listed factors shall be provided by the DHS or DBHDD facility to the receiving local school district. Educational placement outside the DHS or DBHDD facility shall only be considered by the school district upon the signed recommendation of the attending physician in mental health facilities and the signed recommendation of the DHS or DBHDD superintendent in their facilities. The attending physician or DHS or DBHDD superintendent and treatment team shall indicate whether educational placement outside the facility may be considered.
Hospital staff shall not recommend consideration for educational placement outside the hospital if hospital clinical records contain clinical contraindications that are not disclosed to the district. The IEP Team shall consider that information in making the determination for appropriate services and placement; however, the IEP Team has the full and final responsibility for determining appropriate special education services and the least restrictive environment for education placement.

(4) **GRANT FOR LOW INCIDENCE PROGRAM SERVICES**

(a) Low incidence shall be defined as those categories of disabilities that have an expected incidence figure of less than one percent of the total school population. An LEA shall be eligible for consideration if the number of children identified for that disability earns less than 60 percent of the required full-time equivalents to employ one teacher.

(b) Eligibility.

1. Low incidence shall be determined from a review of the specific criteria within the application as applied by a grant review committee.

2. The following information shall be submitted.

3. Identification and description of area of disability, number of children, ages, grade level and delivery mode needed.

4. A description of the delivery of services to these children during the previous year.

5. A detailed description of existing programs within the LEA with emphasis on the number of schools, miles between schools, transportation considerations and costs, certification of instructional staff and number of children by disability by school with an analysis of the possible delivery options available.

6. A comparison of funds required to provide the service with anticipated earnings under state law.

7. Shared services with other LEAs.

(c) Funding Requirements.

1. Low incidence grants in each area of disability shall be in addition to the 90 percent requirement in each area. Program need shall be determined annually with low incidence grants adjusted accordingly. Each participating LEA shall receive a percentage of the total need in proportion to the total amount appropriated for low incidence grants. Funds shall only be available for teacher salary and benefits.

Rule 160-4-7-.20. Mandatory Pre - Determination of Local Educational Agency's Inability to Provide Services to a Student(s) With a Disability.

(1) REQUIREMENTS.

(a) Prior to any LEA determining it is unable to serve an eligible child with disabilities, the local school superintendent shall contact the state school superintendent to explore possible alternatives for services. GaDOE shall provide assistance to the local school superintendent in locating needed services, where appropriate.

(b) The State Board of Education may determine that an LEA is unable to establish and maintain programs of free appropriate public education. Should the state board make such determination, the following procedures shall apply: Notice shall be given to the LEA of the proposed determination; the LEA shall be given the opportunity to respond to the proposed determination by presenting oral testimony and documentary evidence to the state board; evidence and notice of such
testimony shall be sent to the state school superintendent 10 days before it is to be presented to the state board; and the members of the state board shall have the opportunity to ask questions of the state school superintendent or staff and the LEA.

(c) When an LEA determines that it is unable to provide a free appropriate public education to an eligible child with disabilities after an individualized education program (IEP) has been developed by its IEP Team, the LEA shall notify, in writing, the state school superintendent. However, prior to sending such notice, the LEA shall exhaust all avenues for providing services for the child. The unavailability of a teacher or other necessary employees shall not be sufficient cause for the LEA to be deemed unable to provide a free appropriate public education to the student in question.

1. The LEA's written notice shall include:
   (i) A resolution of the local board of education stating that it is unable to serve the student;
   (ii) A copy of the child's past and current complete special education record, including at a minimum the IEP, placement minutes and comprehensive evaluation information.
   (iii) An explanation of the LEA's inability to provide a free appropriate education to the student, including efforts made by the LEA to provide special education services in accordance with the child's IEP, and efforts to develop and/or locate services.

2. The state school superintendent and any necessary GaDOE staff shall review the notice and may request additional information.

3. After a review of the notice, the state school superintendent may either:
   (i) Concur with the LEA, or
   (ii) Disagree with the conclusion of the LEA.

4. If the state school superintendent concurs with the LEA, special education and related services shall be provided to the student. The state school superintendent shall inform the state board of the decision.

5. If the state school superintendent disagrees with the LEA, he or she shall make a recommendation to the state board regarding the LEA's ability to serve the student and shall send a copy of the recommendation to the LEA.
(i) The state board shall determine whether the LEA is unable to serve the child. The state board shall have the authority to determine that the LEA is either unable to serve the student, regardless of the position taken by the LEA.

6. If the state board determines that the LEA is unable to serve the student, special education and related services shall be provided to the student.

(d) If the state board determines that the LEA is unable to serve the student, the state board shall assume responsibility for the implementation of the IEP by locating services or, if not located, by providing services directly or through contract.

1. Once services are implemented, the LEA shall be responsible for any amendment and/or annual review of the student's IEP.

2. GaDOE shall maintain oversight responsibility of the IEP, and shall be responsible for ensuring the delivery of services and compliance with the IEP.

   (i) GaDOE shall develop an oversight plan specifically for the LEA. The plan shall specify a time frame for the reporting responsibility of the LEA and the level of involvement of GaDOE with the LEA in regard to the student's IEP and its implementation.

3. If the LEA is determined by the state board to be unable to serve a student and GaDOE locates services in accordance with paragraph (1)(d), then GaDOE and the LEA shall share the financial responsibilities. If GaDOE provides services directly or through contract, then GaDOE shall retain from the LEA the necessary state and/or federal funds to provide such services to the student.

4. The state board may implement Rule 160-5-2-.02 Withholding of Funds as necessary.

(2) The administrative hearing procedures shall not apply. [See 34 C.F.R. § 300.175; § 300.221; § 300.227 ]

Accommodations are designed to provide equity, not advantage, for children with disabilities. Accommodations include assistive technology as well as alterations to presentation, response, scheduling, or settings. When used appropriately, they reduce or even eliminate the effects of a child's disability; but do not reduce or lower the standards or expectations for content. Accommodations, that are appropriate for assessments do not invalidate assessment results.

(2) **Adult student** - A student with a disability, age 18 or older, to whom rights have transferred under the IDEA 2004 and Georgia Rule.

(3) **Age of majority** - The age at which, by law, a child assumes the responsibilities of an adult. In Georgia, the age of majority is 18.

(4) **Alternate assessment** - An assessment aligned with alternate achievement standards for children with the most significant cognitive disabilities designed by the State and required in lieu of regular Statewide assessments, when determined necessary by the child's IEP team.

(5) **Assistive technology device** - Assistive technology device means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of a child with a disability. (2) REQUIREMENTS.
(a) School days missed as a result of an out of school suspension shall not count as unexcused days for the purpose of determining student truancy.

(b) Local boards of education shall adopt policies and procedures excusing students from school under the following circumstances, as a minimum. Policies may require submission of appropriate documentation.

1. Personal illness or when attendance in school endangers the student's health or the health of others.
   (i) Local boards of education may require students to present appropriate medical documentation upon return to school for the purpose of validating that the absence is an excused absence. With proper verification a student may be eligible for hospital/homebound instruction as outlined in State Board of Education Rule 160-4-2-.31 Hospital/Homebound (HHB) Services.

2. A serious illness or death in a student's immediate family necessitating absence from school.

1. Requiring the school system to notify the parent, guardian or other person who has control or charge of the student when such student has five unexcused absences. 3. The IEP Team for students who receive Mathematics course credit in accordance with paragraph (2)(e) of this rule shall document that:

   (i) The student's disability has precluded the student from achieving grade-level proficiency, as demonstrated by the student's pattern of performance on the state-mandated test in the area of Mathematics;

   (ii) The student's progress to date in response to appropriate instruction, including special education and related services designed to address the student's individual needs, is such that, even if significant growth occurs, the IEP team is reasonably certain that the student will not successfully master the standards in Mathematics III, GPS Advanced Algebra, CCGPS Advanced Algebra, GSE Advanced Algebra, or GSE Algebra II. Additionally, the determination of the student's progress has been based on multiple measurements that are valid for
the content area of mathematics and that have been collected over a period of time; and

(iii) The student has access to instruction in the state-adopted curriculum. The student's IEP includes goals that are related to mathematics, support access to the content standards, and are designed to promote the student's progress in the content area state-adopted curriculum.

(f) Subject Area Competency to Receive Course Credit.

1. Local boards of education shall award a unit of credit to a student when:

   (i) The student successfully completes courses of study based on the state-adopted curriculum. As provided in State Board of Education Rule 160-4-2-.13 Statewide Passing Score, the student must receive at least a course grade of 70 to be eligible to receive credit for a course; or

   (ii) The student successfully demonstrates subject area competency through a pre-defined score on state-adopted or approved assessment instruments as outlined in the Georgia Department of Education's Guidance for Awarding Units of Credit. Students may earn no more than three units of credit by demonstrating subject area competency under this paragraph.

(g) Accepting Transfer Credit and Grades.

1. Local boards of education shall accept student course credit earned in an accredited school. The school shall have been accredited or holding provisional status at the time the credit was earned.

   (i) Local boards of education shall not substitute courses and exempt students from the required secondary minimum core curriculum unless the student transferred from an accredited secondary school or the courses presented for credit shall meet criteria identified in paragraph (2)(b) of this rule and any applicable local policy.

2. Each local board of education shall adopt a policy for validating credit for courses taken at a nonaccredited schools, home study programs, and non-traditional educational centers. The policy shall include the following:

   (i) Definitions consistent with this rule;
(ii) Procedures for determining whether transfer courses meet the state-adopted curriculum;

(iii) Procedures for placing transfer students in elementary and middle grades at the appropriate level and for granting units of credit for high school students;

(iv) Procedures for administering EOC assessment in accordance with the Georgia Department of Education's assessment guidelines and paragraph (2)(h) of this rule; and

(iv) At least one of the following:
   (I) A probationary placement based on the student's records in prior school(s), home study programs or non-traditional educational centers and satisfactory performance of the student in a school under the authority of the local board of education for one or more grading periods; or

   (II) Student performance on assessments administered by the local board of education. These assessments may be standardized or locally developed and should focus on group placement, subject area and grade level.

(h) **End of Course (EOC) Assessment Administration to Transfer Students.**

1. Local boards of education shall administer the EOC assessment to students enrolled in a Georgia public school while also enrolled in a private school, home study program, or non-traditional educational center for which they receive graduation credit for one of the required EOC assessment courses. These students must take the EOC assessment regardless of the private school, home study program, or non-traditional educational center’s accreditation status.

2. Local boards of education shall not require students who enroll from accredited schools to take and pass the EOC assessment to receive credit for an EOC assessment course unless the student was concurrently enrolled in a Georgia public school while taking the course at an accredited private school.

3. Local boards of education shall require students who enroll from non-accredited private schools, home study programs, or other non-traditional educational centers to take and pass the EOC assessment with a minimum of 70 grade conversion score to receive credit for the course. A student
enrolling from a non-accredited school will receive one test administration opportunity to demonstrate proficiency in order to earn credit for a course that requires the EOC assessment. If the student does not pass the EOC assessment on that administration, the local board of education shall not grant credit for that course. If the course is required to be eligible to receive a high school diploma, the student shall enroll in the course and take the EOC assessment at the completion of the course.

(i) Military Dependents.

1. Notwithstanding any other portion of this rule, local boards of education shall utilize O.C.G.A. § 20-17-2 to award course credit for students who are dependents of military personnel as defined by that code section.

(2) **Requirements.**

(a) **Gender Equity Policy.** Local boards of education shall adopt a policy or policies to ensure that no student shall, on the basis of gender, be excluded from participation in, be denied the benefits of, be treated differently from another student, or otherwise be discriminated against in any interscholastic or intramural athletics offered by such local school system, and such local school system shall not provide any such athletics separately on such basis. A sample gender equity policy is included in the *Gender Equity in Sports Resource Manual*.

1. The policy shall include a procedure for accepting or rejecting all donations of services or items, including booster club support, to any athletic program.

   (i) If a local school system elects to submit an alternate survey for approval, it shall submit such survey at least 60 days prior to the date it intends to conduct the survey and shall provide the name and phone number of the individual who is available to respond to questions pertaining to such survey.

   (ii) The results of this survey shall be valid for 24 months, unless a new bona fide survey is conducted within the 24 month period. A local school system shall conduct a bona fide survey at the request of nine students at the school, but no more frequently than once every 12 months. However, if a local board of education has a policy against offering interscholastic or intramural sports in certain grades for members of both genders, the local school system shall not be required to conduct an interest survey in those grades.

2. A local school system shall tally by gender the results of a bona fide survey to determine potential interest in various sports. A sample tally sheet is included in the Gender Equity in Sports Resource Manual.

   (c) Informational Meeting. A local school system shall conduct an informational meeting if the results of the bona fide survey indicate enough potential interest in a specific sport to field a team, as determined by the local school system. The informational meeting shall be conducted so as to provide information to parents and students specific to such sport, such as length and dates of season, time required for practices and competitions, travel time to competitions, possible costs to participants, and other pertinent topics, as well as to provide feedback information to the school to gauge actual interest in such sport.

   (d) Use of Results of Interest Survey and Informational Meeting.

   1. Based on the results of the bona fide survey and the informational meeting, the local school system shall determine whether there is sufficient interest to field a team in a particular sport.

   2. A local school system shall not be required to field a team at a school in a particular athletic activity or sport if:

      (i) there is insufficient interest at that school to support intramural teams; or
(ii) there is insufficient interest at that school to support an interscholastic team; or

(iii) there are no interscholastic teams participating in such sport with which to compete.

4. A local school system shall field a team in a particular athletic activity or sport at a school where there is sufficient interest for such a team if equal opportunities for participation in that school are not available to both genders in interscholastic or intramural athletic activities or sports based on factors listed in O.C.G.A. § 20-2-315(c) and Title IX of the Education Amendments of 1972.

(i) If there is sufficient interest at a particular school to field teams in multiple sports for one gender, the local school system shall only be required to field such teams at that school which would ensure equal opportunities for participation at that school by each gender based on factors listed in O.C.G.A. § 20-2-315(c) and Title IX of the Education Amendments of 1972.

(e) Compliance Report.

2. Each local school system shall submit such report to the department by August 30 of each year.

**APPENDIX A**

**Instructions for Administering and Analyzing the Athletic Interest Survey**

**Georgia Department of Education**

**Prior to conducting a survey:**

Before making copies of the survey, enter the school name and the date the survey will be administered. In addition, if the school wishes to measure level of interest in a sport which is not listed, the school may include the sport(s) in the blank labeled "Other".

**To whom the survey should be administered:**

Distribute the survey to all students in your school who are reasonably anticipated to be enrolled at the school when additional sports may be offered. For instance, if the survey is administered in the spring, it may be desirable to include students from feeder schools who will probably be attending the school the following year. Similarly, if the survey is administered in the spring, it would be reasonable to exclude the seniors from the survey, as all or most of these students would not be enrolled the following year. However, if the survey is administered in the fall, the seniors could be included in the survey to determine interest in athletic activities or sports that may potentially be offered in the spring.

**How to administer the survey:**

Remind students that they are not to put their names or any identifying information on the survey. Additionally, the students should be reminded to provide honest answers and that their participation in the survey is important, as the survey will be used to help plan athletic activities for the future. However, the students should be reminded that they will not be required to try out for a team in a sport in which they express interest if the sport is added at a later date. Students may check as many sports as they wish.
How to tally the survey responses:

Once the surveys have been collected, consider contacting your system office for assistance in analyzing the data. System-level personnel may be able to enter and analyze the data for you, particularly if they have a department or person responsible for research, evaluation, or assessment.

When reviewing the surveys, look for responses that seem unusual. For example, surveys on which students have expressed an interest in every sport, may not have been completed truthfully and carefully and may need to be eliminated from your data set. Any surveys eliminated from the data set must be retained in the school or school system's records with the rest of the survey information and must contain a written explanation attached to such survey stating why the survey was eliminated from the data set.

Separate the surveys by gender. Additionally, they may be separated by grade, if desired. Tally the results of the surveys by gender. Based on the results, determine whether there is enough potential interest in a specific sport to conduct an informational meeting. Based on the results of the bona fide survey and the informational meeting, the local school system shall determine whether there is sufficient interest to field a team in a particular sport.

How to analyze the tally results:

The school must comply with O.C.G.A. § 20-2-315 and State Board Rule 160-5-1-.20 Gender Equity in Sports when analyzing these results and determining whether an additional sport should be offered.
ATHLETIC INTEREST SURVEY

Approved by the Georgia Department of Education pursuant to Rule 160-5-1-20

School __________________________ Date __________

2. What is your gender? ? Male ? Female

3. This survey will be used to help determine student interest in sports at your school and will help in planning for the future. When answering these items, please keep in mind the time required for team practice and competition. Your school may not be able to offer every sport listed, as the sports offered at your school depend upon school resources as well as student interest.

Although you will not be required to try out for a team in a sport in which you express interest if the sport is added at a later date, please indicate whether you would likely try out for the following sports, if offered at your school. You may add sports on the line marked "Other".

   (iii) Upon notification by the DJJ that a student will be enrolling in an LEA, the LEA shall enroll the student in his or her home school, as opposed to an alternative educational setting unless the case management consultation team concludes that the best placement for the child would be the alternative setting. Any placement made pursuant to an individualized education program team shall take precedence.

   (iv) A grandparent with a properly executed power of attorney for the care of a minor child may enroll their grandchild, without court approval, in the LEA in which the grandparent resides if the specific conditions set forth in the "Power of Attorney for the Care of a Minor Child Act," O.C.G.A § 19-9-120 through O.C.G.A § 19-9-129 are met.

An LEA shall have the authority to allow a kinship caregiver affidavit to expire at the end of each school year for which the affidavit was submitted.

(III) Reasonable efforts shall be made by the kinship caregiver to locate at least one of the child's parents prior to the notarization and submission of the affidavit set forth in O.C.G.A. § 20-1-18.

This subsection shall
apply even if educational services or medical services
directly related to academic enrollment or any curricular or
extracurricular activities are rendered to a child in
contravention of the wishes of the parent or legal custodian
of such child; provided, however, that the person rendering
the educational services or medical services directly related
to academic enrollment or any curricular or extracurricular
activities shall not have actual knowledge of the wishes of
the parent or legal custodian.

(V) A person that relies on a properly executed kinship
caregiver's affidavit has no obligation to make further
inquiry or investigation. Nothing in this subsection shall
relieve any person of responsibility for violations of other
provisions of law, rules, or regulations.

(VI) If a child ceases to reside with a kinship caregiver for a
period in excess of 30 days, such kinship caregiver shall, not
later than 30 days after such period, notify all parties to
whom he or she has transmitted the affidavit or to whom he
or she has caused the affidavit to be transmitted.

in executing the affidavit required by this article commits
the offense of false swearing within the meaning of
O.C.G.A. § 16-10-71 and shall be subject to the penalties
prescribed by such Code section.

The parent shall assume the responsibility for and cost of transportation of the student to and from the school.

(viii) A student whose parent or guardian is on active duty in the United States armed forces and has received official military orders to transfer into or within this state shall be eligible for enrollment, in the same manner and time as for students residing within the local school system, in the public school of the attendance zone in which he or she will be residing or in a public school authorized pursuant to Code Section 20-2-295, prior to physically establishing residency within the local school system, upon presentation of a copy of the official military orders to the local school system.

(I) Each local school system in which a military base or off-base housing is located shall establish a universal, streamlined process available to all students to implement these transfer requirements; and annually notify prior to each school year the parents, guardians or other person, as defined in section (2)(b) of this rule, of each military student by letter, by electronic means, or by such other reasonable means in a timely manner of the options available as set forth in O.C.G.A. § 20-2-295.

(viii) LEAs shall accept immigrants/non-visa-holders who meet age and residency requirements and shall not inquire about their legal status in accordance with U.S. Supreme Court Decision in Plyler v. Doe, 457 U.S. 202 (1982).

If a parent fails to notify a private school of a student's eligibility, the student will not be eligible to receive a scholarship.

(d) A student cannot be dually enrolled at a public and private school and receive a scholarship. Once accepted into a private school, a parent must withdraw his or her child from the public school. The parent may be required to submit appropriate withdrawal documentation to the public school.

(e) Acceptance of scholarship shall have the same effect as a parental refusal to consent to services in a public school pursuant to the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. Nonetheless, refusal of services does not meet the standard of revocation under IDEA. (34 C.F.R. § 300.9) Therefore, the regulations regarding proportionate share for students parentally placed in private schools shall apply to students who receive a scholarship under this Rule. (34 C.F.R. §§ 300.132-133 and Ga. Rules & Regs. 160-4-7-.13(3))

(f) When enrolling a student in an eligible private school, the parent assumes full financial responsibility for all educational costs incurred at the eligible private school.

Rule 160-5-4-.08. School Size.

(1) Requirements.
(a) School systems shall be eligible to receive full funding under the capital outlay program when they have met the requirements of law regarding the minimum school size and system organizational pattern.

(b) Capital outlay program participation by local school systems shall be limited to administrative units with not less than 200 FTE in any single grade or combination of grades K-8 for elementary schools or not less than 400 FTE in any single grade or combination of grades 4-8 for middle schools or not less than 500 FTE in any single grade or combination of grades 9-12 for high schools.

(c) Local school systems with schools below the minimum size shall be eligible for capital outlay participation when they meet or exceed the allowable variations of size as described in this rule under one of the following conditions:

1. When the FTE is 100 percent of the system's population.

2. When sizes are approved as a result of a consolidation feasibility study.

(d) If a system chooses to continue the operation of schools below the minimum size, the school or schools in question shall be excluded from all calculations involving the allotment of state capital outlay funds. The school system shall include as a part of the local facility plan a statement that the system assumes the responsibility for providing an instructional program and physical facilities essentially comparable to those offered at the other schools of the same grade level in the system. The school shall be listed in the system's order of priorities with all construction needs identified.

(e) Under the Capital Outlay Program, entitlement earnings and funding levels are based on the minimum square footage requirements established for the grade configuration specified in the system's Local Facilities Plan and any subsequent application for state funding approved by the local board of education and the State Board of Education. If a school system decides to reorganize to a different grade configuration with a lower square footage requirement after entitlement has been earned or state funds have been appropriated to construct the school, entitlement earnings or state funds shall be adjusted to reflect the lower square footage requirements.

Rule 160-5-4-.09. Limited Public School Choice.
(1) **Definition.**

(a) **Excessive travel time and distance** -

1. The actual transportation time one way (on a school bus) to the school where the student has been assigned takes forty-five minutes longer than the transportation time (on a school bus) to the closer school where the student wants to be reassigned; or

2. The actual transportation distance one way (via the school bus route) to the school where the student has been assigned is at least 15 miles farther than the distance to the closer school where the student wants to be reassigned.

(b) **Notification of a student's assignment** - annual establishment of school attendance zones by the local board of education.

(2) **Requirements.**

(a) With the approval of the local board of education, a student may be reassigned to another school within the district where the student resides if all of the following conditions under subsection (a) are met:

1. The school to which the student has been assigned does not have available permanent classroom space, and the student is assigned to nonpermanent classroom facilities for instruction.

2. Another school within the district where the student resides has permanent classroom space available.

3. The parent or guardian of the student has submitted a written request to the local board of education asking for the student to be reassigned to a school where permanent classroom space is available.

4. The parent or guardian assumes responsibility for providing transportation for the student if a request for reassignment is granted by the local board of education.

(b) With the approval of both the sending and the receiving local boards of education, a student may be reassigned to a school in another school district if all of the following conditions under subsection (b) are met:

1. A school in another school district is closer to the student's place of residence than the school to which the student has been assigned.

2. The actual transportation time or distance on a bus one way to the school where the student has been assigned is determined to be excessive in terms of travel time or distance as defined in (1)(a)1. or (1)(a)2.
3. The school to which the student is requesting reassignment is offering an instructional program comparable to that offered in the school where the student was originally assigned.

4. The school in the other school system to which the student is requesting reassignment has available permanent classroom space.

5. The parent or guardian assumes responsibility for providing transportation for the student.

6. For the 2000-2001 school year, the parent or guardian of a student requesting reassignment shall submit written requests to the local board of education where the student wishes to be reassigned and to the local board of education where the student resides within seven days after the beginning of school or seven days after the effective date of this rule whichever is later. Beginning with the 2001-2002 school year, each local board of education is required to establish and annually publish the school attendance zones for the school system. The parent or guardian of a student eligible to request reassignment shall submit written requests each year to the local board of education for the school where the student wishes to be reassigned and to the local board of education where the student resides by no later than seven days following the publication of attendance zones. The responsible local boards of education shall respond to the requesting parent or guardian within 30 days of receipt of the request for reassignment.

(c) If both local boards of education agree to the reassignment, the state and federal funds earned by those students allotted to the sending school system shall be reallocated to the receiving school system.

(d) The receiving school system may elect to receive any part or all of the local five mill share directly from the sending school system correlated to the number of transferred students.

(e) The school system providing services may apply to the state for reimbursement in an amount equal to the difference between the dollar amount per full-time equivalent student represented by the state program funds received and the total dollar amount per full-time equivalent student expended by the system for a similarly enrolled student (excluding transportation costs).

(f) If the parties are unable to reach a satisfactory agreement regarding a request to reassign a student to another school, the parent or guardian may request an appeal of the decision(s) made by the local board(s) of education. Such appeal shall comply with the procedures in O.C.G.A. § 20-2-1160 and State Board of Education Rule 160-1-3-.04 School Law Tribunals and Appeals.
(g) Nothing in this rule shall be construed to interfere with desegregation plans in effect or any subsequent implementation thereof.

(h) Nothing in this rule shall be construed to alter contractual relationships between two or more school systems.

Reimbursement for architectural fees for oversight of the construction phase will be based on the maximum amount designated in the architectural contract, or the maximum amount eligible for state participation, whichever is less. Reimbursement for architectural oversight shall be made on a periodic basis as the construction activities progress until such time as the sum of the reimbursement paid equals 95 percent of the maximum, eligible amount allowed for project oversight. When the final closeout documents have been received by the department, the system shall be eligible to receive a sum sufficient to increase the amount of reimbursement for architectural fees up to 100 percent of the amount stated in the architectural contract or the maximum amount eligible for state participation for architectural fees, whichever is less.

The check set approval is complete only after all comments have been addressed.

2. At a minimum of thirty days prior to the building's eighty percent inspection by the Fire Marshall, final plans shall be submitted for review and approval by the GaDOE Facilities Services Unit.

(e) If final plans are not approved in accordance with this rule, any state funds allocated to the project may be withheld. Plans and specifications for all projects without regard for the fund source or construction delivery method must be
approved by the department in compliance with O.C.G.A. § 20-2-260(c)(7), 20-2-260(d)(6), and 20-2-261.

(f) The local board of education shall be responsible for having all final drawings and the project manual approved by the state and local Fire Marshal, Department of Human Resources, and local government agencies and any required permits issued prior to the start of construction.

(a) The requirements of this rule shall apply to all public school construction projects regardless of project funding source unless exempt by O.C.G.A. § 36-91-22.

(b) Local boards of education seeking bids or proposals on a school construction project shall comply with the provisions of O.C.G.A. § 36-91-1, and shall advertise for bids or proposals in accordance with O.C.G.A. § 36-91-20(b) and 36-80-26.

When the local school system determines that deductive alternatives must be selected, all bids will be recalculated removing the deductive alternates to be taken. The low bid shall then be determined on the base bid less any deductive alternates.

(h) The plans and specifications shall indicate if the project will be awarded by base bid or base bid plus additive alternates. Additive alternates may be exercised in any order. If the plans and specifications state that the project will be awarded on base bid, then additive alternates are considered only after the low base bidder has been selected. If the plans and specifications state that the project will be awarded by base bid plus additive alternates, all bids shall be recalculated adding the additive alternates to be taken. The low bid shall then be determined on the base bid plus the selected additive alternates.

(i) Local boards of education shall comply with all procedures contained in Guidelines for Receiving State Capital Outlay Funds when bidding state-funded Capital Outlay projects. Rule 160-7-1-.01. Single Statewide Accountability System.

(1) DEFINITIONS.

(a) Accountability Profile - a publicly published report that provides a summary of a school's and local educational agency's (LEA's) performance.

(b) Adequate Yearly Progress (AYP) - a federally mandated component of the Accountability Profile based on a series of performance goals and second indicators that every school, LEA, and state must achieve within specified timeframes.

(c) AYP Workbook - the document that is officially known as the Consolidated State Application Accountability Workbook. Each state annually submits to the United States Department of Education (US ED) its workbook describing how AYP determinations will be calculated and how the state will comply with ESEA as amended.

(d) Comprehensive LEA Improvement Plan (CLIP) - a document developed by an LEA, and approved by the Georgia Department of Education, to serve as a blueprint for guiding the LEA's continuous improvement and progress toward identified LEA, school, and student achievement objectives and targets.

(e) Elementary and Secondary Education Act as amended (ESEA as amended) - the federal education statute, originally passed by the U. S. Congress in 1965, that defines the role of the federal government in public education and authorizes many of the major federal education programs, including Title I. This Act was reauthorized by Congress in 2001 as the No Child Left Behind Act.

(f) Georgia Department of Education (GaDOE) - the state agency charged with the fiscal and administrative management of certain aspects of K-12 public education,
