Rule 290-1-1-.08. Procedures.

(1) The order of proof in the conduct of a hearing should be somewhat flexible. Generally the following procedure will be followed:
   (a) The Department or its representative should examine its witnesses and present its proof first;
   (b) The opposing party and its witnesses should then be heard;
   (c) The giving of testimony by each party and its witnesses is subject to appropriate cross-examination by the opposite parties and questioning by the Hearing Officer;
   (d) The Hearing Officer may call and examine witnesses to develop the record fully and to ensure all evidence favorable to an unrepresented party is presented.

(2) Each party will be given a reasonable time in which to complete its case. The hearing will not be considered complete until both sides have been given a reasonable opportunity to complete their arguments. The party against whom the action is to be taken will generally be allowed the last closing argument.

(3) Formality of pleadings or format shall not be required. Unless otherwise specified, all papers may be filed in the hearing record by mailing or delivery, suitably marked for identification, to the Hearing Officer.

(4) Unless otherwise specified all notices, pleadings, motions, etc. may be served by regular U.S. Mail. Mailed documents will be considered as timely if postmarked within the applicable time period. The Hearing Officer may at his or her discretion consider papers filed late, balancing the reasons for the delay against the prejudice to the other parties. The Hearing Officer may request that any Departmental employee or any party hand-deliver any paper if the circumstances require such.

(5) The rules of evidence as applied in the trial of civil nonjury cases in the superior courts of Georgia shall be followed. When necessary to ascertain facts not reasonably susceptible of proof under such rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs or if it consists of a report of medical, psychiatric, or psychological evaluation of a type routinely submitted to and relied upon by the Department in the normal course of its business.
Rule 290-1-1-.09. Contents of Hearing Records.

(1) A record of the hearing shall be kept and shall include:
   (a) All pleadings, motions and rulings;
   (b) A summary of the oral testimony and all other evidence received or considered, except that if the oral proceeding was recorded the recording or written transcript may be kept in lieu of the summary of the oral testimony;
   (c) A state of matters officially noticed;
   (d) Questions and offers of proof and rulings thereon;
   (e) Initial, proposed or recommended findings of fact and conclusions of law, if applicable;
   (f) Any decision, report or opinion by the Hearing Officer or Reviewing Official, except that the Hearing Officer's or Reviewing Official's personal notes, research or other work product shall not be part of the record; and
   (g) All staff memoranda or data submitted to the Hearing Officer or members of the Department in connection with their consideration of the case.

(2) Official notice may be taken of Departmental records, including other hearing records, where relevant or helpful in developing the facts of any case.

(3) Recordation of oral hearings:
   (a) Oral hearings will be recorded on magnetic tape at the Hearing Officer's discretion or where either party requests recordation sufficiently in advance to allow the Hearing Officer to arrange for recording equipment.
   (b) The Hearing Officer may at his or her discretion allow any party to record the hearing at the party's own expense, provided the hearing will not be disrupted and confidentiality can be protected. In all cases recorded by the Hearing Officer, however, the Hearing Officer's recordation will be the official record of the hearing.
(c) Where the hearing is not recorded for any reason and a record of the oral hearing becomes necessary, the testimony and proceeding may be reconstructed by stipulation or by the recollection of the persons attending. Where the parties cannot agree, the Hearing Officer may reconstruct the proceeding and the Hearing Officer's reconstruction shall be final.

**Rule 290-1-1-.10. Decisions.**

(1) The Hearing Officer will issue a recommended decision, including findings of fact and conclusions of law, to the Commissioner within thirty (30) days of closure of the record, unless the Hearing Officer determines that additional time is needed for a full evaluation of the record. The recommended decision will be mailed or delivered to the parties. If no appeal is filed to the Commissioner within thirty (30) days after issuance of the recommended decision, the recommended decision will become the Department's final decision and will be binding on the Department. No further administrative relief will be available.

(2) Appeals to recommended decisions will be considered by the Commissioner or his designee, who will issue the Department's final decision within thirty (30) days of receipt of the appeal, unless an extension of time is necessary for a full evaluation of the record. The final decision will be binding on the Department upon issuance, and no further administrative relief will be available.

(3) Where fewer than all parties authorized to appeal a recommended decision do so, the Commissioner or his assigned designee may send notice of the appeal to the non-appealing parties. Said parties may then participate in the appeal as fully as the appealing parties, and will be as bound by the final decision.

(4) Clerical mistakes, oversights and omissions in decisions and proposed decisions may be corrected following issuance, provided that no rights of the parties are adversely affected.

Rule 290-1-1-.11. Subpoenas and Discovery.

(1) The Hearing Officer may provide for examination of the hearing record by the parties as follows:

(a) All laws of confidentiality and privilege shall be respected by the parties, and the Hearing Officer may, by order, condition any party’s access to the record so as to protect confidentiality and privilege;

(b) The Hearing Officer may arrange for examination by other parties prior to the hearing of any documents to be used by any party at the hearing, by directing the parties to make their documents available to the other parties for examination by appointment or to exchange copies, or by delivering the documents to the Hearing Officer prior to the hearing, or by other reasonable means;

(c) The Hearing Officer may recess, postpone, or continue the hearing to allow the parties to examine documents not previously disclosed. Where the recess or continuance will adequately protect the parties’ rights, the mere failure to disclose a document prior to the hearing will not require its exclusion from the record;

(d) At the request of any party or on the Hearing Officer's own motion the Hearing Officer may mask or excise irrelevant, privileged or confidential parts of any document prior to its examination by the other parties. No consideration will be given to the masked or excised parts in the decision if the other party objects to such consideration. The Hearing Officer shall retain in the record a sealed copy of the document without the deletions, for consideration by the court in case of administrative or judicial review.

(e) If any party refuses to comply with the Hearing Officer's reasonable directions to make a document available to other parties, the Hearing Officer may as a last resort exclude the document and any evidence or testimony derived from or based upon it from the record.

(2) The Hearing Officer may issue subpoenas for witnesses and records at the request of any party or on his or her own motion, provided the request is made sufficiently in advance of the hearing date to permit good service.

(3) The Hearing Officer is authorized to direct any employee of the Department to attend the hearing or prehearing conference, and to receive custody of the Departmental records for presentation at the hearing.

(4) Prior to the issuance of any subpoena or discovery order, the Hearing Officer may require a preliminary showing of relevance of the evidence sought or need for the order, and may
also require a showing that alternate means of obtaining the evidence have been exhausted.

**Rule 290-1-1.14. Same; Procedure.**

The Department shall adopt, amend or repeal rules or emergency rules in compliance with the Georgia Administrative Procedure Act, O.C.G.A. § 50-134 or its successor statute.
Rule 290-1-1.15. Same; Petitions for Rule-making.

Interested persons may petition the Department requesting the promulgation, amendment or repeal of a rule. Such petition should be in the form of a letter addressed to the Commissioner of the Department setting forth the language of the proposed rule, amendment or repeal, and, where applicable, the language of the rule sought to be amended or repealed. Such letter should be sent to the Commissioner by certified or registered mail and should set forth the interest of the person petitioning the Commissioner. Within 30 days after submission of such petition, the Commissioner or the Board shall initiate rule-making procedures or deny the petition in writing stating the reason for the denial.

Rule 290-1-1.16. Same; Mailing List.

The Department shall maintain a mailing list of persons and organizations wishing to receive notice of intended actions in adopting, amending or repealing Rules. Persons or organizations wishing to be included thereon should submit their names and exact mailing addresses to the Commissioner's Office. Rule 290-1-1.17. Petitions for Declaratory Ruling.

(1) Petitions for declaratory rulings may be delivered by mail, and should be sent to the Commissioner.
(2) A petition may be filed with the Department for a declaratory ruling as to the applicability of any Departmental Rule or order, or statutory provision for which the Department has enforcement authority. The petition need not conform to any specific format, but must:

   (a) Specify that it is a petition for a declaratory ruling, and identify the petitioner and his or her mailing address;

   (b) Identify the specific statute, Rule or order involved, and describe the specific factual and non-hypothetical circumstances calling its applicability into question;

   (c) Demonstrate an actual present need for said ruling, as opposed to a mere abstract desire for same;

   (d) Identify all other known persons involved in or impacted by the factual situation causing the petition.

Petitions which do not contain the above information may be rejected by the Department.

(3) The Commissioner or his designee will issue the ruling within thirty (30) days of receipt of the petition unless the advice of the Attorney General or further investigation is needed, in which case the ruling will be issued as soon as possible. The Department may in the course of its investigation contact any other parties involved with or impacted by the statute, Rule or order.

(4) No petition for a declaratory ruling will be accepted where a hearing request is pending on the same subject matter, or where such a ruling would constitute the unauthorized practice of law.

the record.

(4) Access to hearing records will generally be as provided by Georgia's "Open Records

O.C.G.A. §§ 31-5-5 or 37-1-53 or their successor statutes.

(5) Costs for transcripts and copies of records will be governed by the Department's general

Rule 290-1-6-.05. Sanctions.

(1) Sanctions Against Licensees. When the department finds that any licensee has violated any provision of Rule .04, Enforcement, the department, subject to notice and opportunity for a hearing, may impose any one or more of the sanctions in subparagraphs (a) through (f) below.

(a) Administer a public reprimand.

1. If the sanction of public reprimand is finally imposed, as defined by a final adverse finding, the public reprimand shall consist of a notice prepared by the department that the facility has been reprimanded; such notice shall include a written report of the department's findings along with the facility's response and corrective action plan.

   (i) Location of Notice. The facility shall post the notice in places readily accessible and continuously visible to persons in care and their representatives.

   (ii) Timing of Notice. The facility shall post the notice on the day the notice is received by the facility and such notice shall remain posted for a period of ninety days.

   (iii) During any period that the reprimand is required to be posted, the facility shall advise persons seeking services and representatives of persons seeking services of the reprimand. In response to a notice by the department of the imposition of a public reprimand, a facility may request that the department not require the facility to advise persons seeking services and representatives of persons seeking services of the reprimand if such requirement would compromise its ability to provide services, and is not feasible given the facility's range of services and the ways its services are provided. Such request must be made within ten calendar days from receipt of the notice from the department.

   The department upon such a convincing showing, as well as a showing that the correction of the violation has been achieved and will be sustained by the facility, may elect not to enforce this requirement. If the department elects to enforce the requirement and the facility appeals the imposition of the sanction, the issue of this requirement may become an issue for consideration by the hearing examiner at any hearing held on the sanction, unless waived by the facility.

(b) Suspend any license for a definite period or for an indefinite period in connection with any condition which may be attached to the restoration of said license.
1. The department may impose the sanction of suspension for a definite period calculated by it as the period necessary for the facility to implement long-term corrective measures and for the facility to be deterred from lapsing into noncompliance in the future. As an alternative to suspending a license for a definite period, the department may suspend the license for an indefinite period in connection with the imposition of any condition or conditions reasonably calculated to elicit long-term compliance with licensing requirements which the facility must meet and demonstrate before it may regain its license.

2. If the sanction of license suspension is finally imposed, as defined by a final adverse finding, the department shall effectuate it by requiring the facility to return its license to the department. Upon the expiration of any period of suspension, and upon a showing by the facility that it has achieved compliance with licensing requirements, the department shall reissue the facility a license. Where the license was suspended for an indefinite period in connection with conditions for the re-issuance of a license, once the facility can show that any and all conditions imposed by the department have been met, the department shall reissue the facility a license.

(c) Prohibition of Persons in Management or Control.

1. The department may prohibit a licensee from allowing a person who previously was involved in the management or control of any facility which has had its license revoked or application denied within the past twelve months to be involved in the management or control of such facility. Any such person found by the department to have acted diligently and in good faith to ensure correction of violations in a facility which has had its license revoked or denied, however, shall not be subject to this prohibition if that person became involved in the management or control of the facility after the facility was notified by the department of violations of licensing requirements giving rise to a revocation or denial action. This subparagraph shall not be construed to require the department to obtain any information that is not readily available to it regarding any person's involvement with a facility. For the purpose of this Rule, the twelve months period will begin to run from the date of any final adverse finding or the date that any stay of enforcement ceased, whichever first occurs.

(d) Revoke any license.

1. If the sanction of license revocation is finally imposed, as defined by a final adverse finding, the department shall effectuate it by requiring the facility to return its license to the department.
(e) Impose a fine, not to exceed a total of $25,000, of up to $1,000 per day for each violation of a law, rule, regulation, or formal order related to the initial or continued licensing of a facility; provided, however, that no such fines shall exceed $25,000 for violations found during the same inspection and provided, further, that no fine may be imposed against any nursing facility, nursing home, or intermediate care facility which is subject to intermediate sanctions under the provisions of 42 U.S.C. Section 1396 r(h)(2)(A), as amended, whether or not those sanctions actually are imposed. If a violation is found on two consecutive inspections there shall exist a rebuttable presumption that the violation continued throughout the period of time between each inspection.

1. Categories of Violations. Violations shall be assigned a category based upon the following criteria:

   (i) Category I ($601-$1000 per violation per day): A violation or combination of violations of licensing requirements which has caused death or serious physical or emotional harm to a person or persons in care or poses an imminent and serious threat or hazard to the physical or emotional health and safety of one or more persons in care.

   (ii) Category II ($301-$600 per violation per day): A violation or combination of violations of licensing requirements which has direct adverse effect on the physical or emotional health and safety of a person or persons in care.

   (iii) Category III ($50-$300 per violation per day): A violation or combination of violations of licensing requirements which indirectly or over a period of time has or is likely to have an adverse effect on the physical or emotional health and safety of a person or persons in care, or a violation or violations of administrative, reporting, or notice requirements.

2. Fine Amounts. The specific amount of the fine for each violation in each category shall be determined based upon whether and when the particular or similar rule, law, or order, or the act, omission, incident, circumstance, or conduct giving rise to the violation of the same regulatory requirement, or one substantially similar thereto, has been cited by the department previously. In no case, however, shall a facility be sanctioned for a violation characterized as a subsequent or repeat violation unless the time frame identified in the acceptable plan of correction has passed and the facility nonetheless has failed to attain or maintain correction.

   (i) Initial violation. If the same or a substantially similar violation has not been cited previously by the department within the past twenty-four (24) months against the facility, it shall be considered to be an
initial violation. The fine amount for initial violations shall be the bottom figure in the appropriate category.

(ii) Subsequent violation. If the present violation or a substantially similar violation had been found and cited by the department as the result of the last inspection of the facility, or as the result of any one other inspection during the previous twenty-four (24) months, the violations shall be considered to be a subsequent violation. The fine amount for subsequent violations shall be in the range between the top and bottom figures of the appropriate category and other factors, such as the existence of mitigating or aggravating circumstances, shall be considered in determining the fine amount within the range.

(iii) Repeat violation. If the present violation or a substantially similar violation also had been found and cited any two other times during the past twenty-four (24) months, it shall be considered to be a repeat violation. The fine amount for repeat violations shall be the top figure in the category.

3. Limitation of Fines. A single act, omission, incident, circumstance, or conduct shall not give rise to the imposition of more than one fine even though such act, omission, incident, circumstance, or conduct may have violated more than one licensing requirement. In such a case, the fine shall be based upon the highest category in which any one violation resulting from the same act, omission, incident, circumstance, or conduct falls. Correction by the facility of cited violations tolls the continuation of the assessment of the daily fine, provided, however, that the department shall confirm that such cited violations were corrected.

4. Financial hardships. In response to a notice by the department of the imposition a fine, a facility may request that the department reduce the fine amount if the fine would cause significant financial hardship that would compromise its ability to provide care or services in compliance with licensing requirements. The department, in its discretion, upon such a convincing showing as well as a showing that correction of the violation has been achieved and will be sustained by the facility, may reduce the amount of the fine. If the department proceeds with the imposition of the fine as proposed, the issue of significant financial hardship may become an issue for consideration by the hearing examiner at any hearing held on the sanction, unless waived by the facility.

5. In taking any action to impose a fine against any licensed or registered child welfare agency, such fine shall not exceed those amounts authorized pursuant to Chapter 5 of Title 49 of the Official Code of Georgia Annotated.
(f) Limit or restrict any license as the department deems necessary for the protection of the public (a provisional or temporary time-limited license granted by the department shall not be considered to be a limited or restricted license).

1. Limitation or restriction of a license may occur to:
   1) prohibit the provision of a particular service or services when a facility is unable or unwilling to render or perform the service or services in compliance with licensing requirements;
   2) restrict the authorized number of persons cared for by a facility when the facility is unable or unwilling to render care in compliance with licensing requirements; and/or
   3) prohibit a facility from caring for persons with specific types or degrees of needs that the facility is not capable of meeting in compliance with licensing requirements.

2. If the sanction of license limitation or restriction is finally imposed, as defined by a final adverse finding, the department shall effectuate it by sending the facility a restricted or limited license. Upon receipt of the restricted or limited license, the facility shall return to the department its original license. Upon expiration of the restriction or limitation period, and upon proof by the facility that it has taken effective corrective action and has sustained that action during the period of the sanction, the department shall fully restore the facility’s license. The department shall take any steps it deems necessary to verify compliance prior to the expiration of the sanction period so that a compliant facility is restored its license without delay.

(2) Sanctions Against Applicants. When the department finds that any applicant for a license has violated any provision of Rule .04, Enforcement, the department, subject to notice and opportunity for a hearing, may impose any one or more of the following sanctions in subparagraphs (a) through (c) below.

(a) Refuse to grant a license (denial); provided, however, that the department may refuse to grant an initial license without holding a hearing prior to taking such action.

1. The department may deny an application for a license where the facility has failed to demonstrate compliance with licensing requirements. Additionally, the department may deny an application for a license where the applicant or alter ego of the applicant has had a license denied, revoked, or suspended within one year of the date of an application, or where the applicant has transferred ownership or governing authority of a facility within one year of the date of a new application when such transfer was made in order to avert denial, revocation, or suspension of a license. For the purpose of
determining the one year denial period, the period shall begin to run from the date of the final adverse finding, or the date any stay of enforcement ceased, whichever first occurs. In further determining whether to grant or deny a license, the department may consider the applicant's overall record of compliance with licensing requirements.

(b) Prohibition of Persons in Management or Control.

1. The department may prohibit an applicant from allowing a person who previously was involved in the management or control of any facility which has had its license revoked or application denied within the past twelve months to be involved in the management or control of such facility. Any such person found by the department to have acted diligently and in good faith to ensure correction of violations in a facility which has had its license revoked or denied, however, shall not be subject to this prohibition if that person became involved in the management or control of the facility after the facility was notified by the department of violations of licensing requirements giving rise to denial action. This subparagraph shall not be construed to require the department to obtain any information that is not readily available to it regarding any person's involvement with a facility. For the purpose of this rule, the twelve month period will begin to run from the date of any final adverse finding or the date that any stay of enforcement ceased, whichever first occurs.

(c) Limit or restrict any license as the department deems necessary for the protection of the public (a provisional or temporary time-limited license granted by the department shall not be considered to be a limited or restricted license).

1. Limitations or restrictions of a license may occur to:

1) prohibit the provision of a particular service or services when a facility is unable or unwilling to render or perform the service or services in compliance with licensing requirements;

2) restrict the authorized number of persons cared for by a facility when the facility is unable or unwilling to render care in compliance with licensing requirements; and/or

3) prohibit a facility from caring for persons with specific types or degrees of needs that the facility is not capable of meeting in compliance with licensing requirements. Additionally, the department may restrict a license where any applicant or alter ego of the applicant has had a license denied, revoked, or suspended within one year of the date of an application, or where the applicant has transferred ownership of governing authority of a facility within one year of the
date of a new application when such transfer was made in order to avert denial, revocation, or suspension of a license. For the purpose of determining the one year denial period, the period shall begin to run from the date of the final adverse finding or the date any stay of enforcement ceased, whichever occurs first.

2. If the sanction of license limitation or restriction is finally imposed, as defined by a final adverse finding, the department shall effectuate it by sending the facility a restricted or limited license. Upon receipt of the restricted or limited license, the facility shall return to the department its original license if one was granted. Upon expiration of the restriction or limitation period, and upon proof by the facility that it has taken effective corrective action and has sustained that action during the period of the sanction, the department may issue the facility a license. The department shall take any steps it deems necessary to verify compliance prior to the expiration of the sanction period so that a compliant facility may be issued a license without delay.

(3) Standards for Taking Sanctions. In taking any of the actions pursuant to subparagraphs (1) or (2) of this rule, the department shall consider the seriousness of the violation or violations, including the circumstances, extent, and gravity of the prohibited act or acts or failure to act, and the hazard or potential hazard created to the physical or emotional health and safety of the public.

(4) Non-Compliance with Sanctions. Failure on the part of any facility to abide by any sanction, including payment of a fine, which is finally imposed against it, shall constitute grounds for the imposition of additional sanctions, including revocation.

(5) Settlements. With regard to any contested case instituted by the department pursuant to this Chapter or other provisions of law or regulation which may now or hereafter authorize remedial or disciplinary grounds and action, the department may, in its discretion, dispose of the action so instituted by settlement. In such cases, the department, the facility, and those persons deemed by the department to be successors in interest to any settlement agreement, shall be bound by the terms specified therein. Violation thereof by any applicant or licensee, their agents, employees, or others acting on their behalf, shall constitute grounds for the imposition of any sanctions enumerated in this Chapter, including revocation.

(6) With respect to any facility classified as a nursing facility, nursing home, or intermediate care home, the department may not take an action to fine or restrict the license of any such facility based on the same act, occurrence, or omission for which:
(a) the facility has received an intermediate sanction under the provisions of 42 U.S.C. Section 1396 r(h)(2)(A), as amended, or 42 U.S.C. Section 1395i-3(h)(2)(B); or

(b) such facility has been served formal notice of intent to take such a sanction which the Department of Medical Assistance, based on administrative review, or any other appropriate body, based on administrative or judicial review, determines not to impose, provided however, that nothing in this subparagraph or subparagraph (6)(a) above shall prohibit the department from using the provisions authorized by law in paragraph (5) above.

Rule 290-1-6-.06. Investigations and Inspections.

(1) The department shall have the authority to make public or private investigations inside or outside this state. Such investigations may be initiated at any time, in the discretion of the department, and may continue during the pendency of any action initiated by the department pursuant to Rule .05 of this Chapter.

(2) Consent to Entry and Access. An application for a license or the issuance of the same by the department constitutes consent by the applicant or licensee and the owner of the premises for the department's representatives, after displaying identification to any facility staff, to enter the facility for the purpose of conducting an investigation or an inspection.

(a) Department representatives shall be allowed reasonable and meaningful access to the facility’s premises, and information pertinent to licensure including staff and persons in care. The department shall have the authority to require the production of any documents related to the initial and continued licensing of any facility.

(3) Cooperation with Inspection. Facility staff shall cooperate with any inspection or investigation conducted by the department and shall provide, without unreasonable delay, any documents which the department is entitled hereunder.

(4) Assessment of Expenses. Pursuant to the inspection, investigation, and enforcement powers given to the department by O.C.G.A. Section 31-2-6 and other applicable laws, and the provisions of this Chapter, the department may assess against a facility reasonable and necessary expenses incurred by the department pursuant to any administrative or legal actions required by the failure of a facility to fully comply with licensing requirements. Such expenses may be assessed only pursuant to the initiation of sanction actions under this Chapter and may only be collected if such actions result in final
adverse findings. A facility shall be notified of the department's action to assess expenses when the department sends a facility a notice of the sanction. If the sanction is appealed, the assessment may become an issue for consideration by the hearing examiner at any hearing held on the sanction.

(a) Reasonable and Necessary Expenses. Reasonable and necessary expenses, as used in this subparagraph, shall include, but not necessarily be limited to: hourly compensation of department representatives, commuting expenses (including mileage at the current state reimbursement rate), and lodging and meal expenses (at the rate approved for reimbursement by the state) associated with overnight out-of-town travel; and other similar costs. Assessments shall not include attorney's fees and expenses of litigation, shall not exceed actual expenses, and shall be made only if inspections, investigations, or enforcement actions result in final adverse findings.

(b) Payment of Assessed Expenses. Expenses assessed against a facility shall be paid within thirty days of receipt of a statement of expenses. In response to an assessment, a facility may request that the department reduce the assessment or agree to a payment plan if full payment within thirty days would cause significant financial hardship that would compromise its ability to provide care or services in compliance with licensing requirements. The issue of significant financial hardship caused by the assessment may become an issue for consideration by the hearing examiner at any hearing held on the sanction.

(5) When an investigation is initiated due to an allegation of noncompliance by any person acting on his or her own or another's behalf, the outcome of the investigation shall be provided by the department to that person and to the facility upon request after the investigation is completed; provided however, that the names and identifying information regarding the complainants are classified as confidential. Nothing in this rule shall be construed to require the department to release the name or identifying information regarding a complainant without first obtaining proper authorization from such complainant. Nor shall this rule be construed to require the department to release any other confidential or privileged information without first obtaining proper authorization.

For any action taken or any proceeding held under this Chapter or under color of law, except for gross negligence or willful or wanton misconduct, the department, when acting in its official capacity, shall be immune from liability and suit to the same extent that any judge of any court of general jurisdiction in this state would be immune.
Rule 290-1-6-.08. Exemptions.

In an administrative or legal proceeding under this Chapter, a person claiming an exemption or an exception granted by law, rule, regulation, or formal order has the burden of proving this exemption or exception.

This Chapter and all sanction actions resulting from its provisions shall be administered in accordance with Chapter 13 of Title 50 of the Official Code of Georgia Annotated, the "Georgia Administrative Procedure Act." Any request for hearing in response to any sanction action undertaken pursuant to this Chapter shall be in writing and shall be submitted to the department no later than ten (10) calendar days from the date of receipt of any notice of intent by the department to impose a sanction setting forth the proposed sanction or sanctions and the basis therefore.

Rule 290-1-6-.10. Notice of Violations.

Where a nursing home or intermediate care home is required by the provisions of O.C.G.A. Section 31-7-3.2 to give notice of violations giving rise to the imposition of any sanction, the notice shall contain the information required by that code section and shall conform to the following requirements.

(a) Size and Format of Notice. The facility may post the Report of Licensure Inspection and Medicare/Medicaid Statement of Deficiencies, along with the notices by the department, the Department of Medical Assistance, and/or the Health Care Financing Administration of intent to impose any sanction. These may be posted in their original forms as the notice required by O.C.G.A. Section 31-7-3.2(a) and (b). If the facility chooses to post the notice of the agency taking the action and the Report of Licensure Inspection and Statement of Deficiencies, there shall be a conspicuous heading clearly visible from at least twenty feet
away, calling the attention of the observer to them. As an alternative, the facility may post its own notice which accurately and thoroughly reflects the violations found which give rise to the sanctions imposed or proposed and which describes each sanction or notice of sanction issued by any of the above-described agencies. Any such notice shall be at least 11 1/2 inches by 17 1/2 inches in size. Words and letters shall be in bold print and shall be at least one centimeter in size.

(b) Location of Notice. The facility shall post the notice in a place readily accessible and continuously visible to persons in care and their representatives.

(c) Timing of Notice. The facility shall post the notices within fourteen days after it receives notification of the imposition of a sanction for a violation which requires the notice. The notices shall remain in place until the department has determined that cited violations no longer exist, at which time the notice may be removed.

(d) Mailing of Notices. Where any person has made a written request for a copy of the notice or notices, the facility shall mail the same to the requester within five (5) business days of receipt of the request when such request is accompanied by a postage paid self addressed envelope.

Rule 290-1-6-.12. Inspection Warrants.

In addition to the enforcement actions authorized by this Chapter with respect to refusal to provide the department with access to a facility, the department may make application to a court of competent jurisdiction for an inspection warrant if its representatives are denied meaningful access to the premises, staff, persons in care, and documents or other information of a licensed facility or of a facility which the department believes is required to have a license but which does not have one. Upon the grant of such a warrant, the department may gain entry and meaningful
access to such facility, its staff, persons in care therein, facility documents, and other information deemed pertinent by the department to making a compliance determination, unless the warrant specifically limits the entry or access allowed to department representatives. This rule shall not be construed to require the department to seek entry and be denied the same before it may apply for an inspection warrant.

Rule 290-1-10-.01. Legal Authority.

Rule 290-1-10-.02. Title and Purpose.

These rules shall be known as the Rules for Power of Attorney for the Care of a Child. The purpose of these rules is to promote compliance with O.C.G.A. Sec. 19-9-123 by establishing annual reporting guidelines for nonprofit entities or faith-based organizations providing services under the 'Supporting and Strengthening Families Act.' These rules also provide guidelines for the referral of individuals seeking to execute a power of attorney to such nonprofit entities or faith-based organizations in accordance with the provisions of the 'Act.' Additionally, these rules promote compliance with O.C.G.A. Secs. 19-9-120 et seq., by providing general guidelines and highlighting specific provisions pertaining to rule applicability, maintenance of records and child abuse and neglect for child-placing agencies, nonprofit entities and faith-based organizations providing services under the 'Act.'

Rule 290-1-10-.03. Definitions.

Unless the context otherwise requires, the words and phrases set forth herein shall mean the following:

(a) "Agent" means an individual delegated caregiving authority regarding a child by the child's parent. For the purpose of these rules, an agent shall be an individual who is a nonrelative of a child and approved by a child-placing agency, a nonprofit organization or faith-based organization to provide caregiving services to a child pursuant to Chapter 9 of Title 19.

(b) "Child" means an unemancipated person who is under 18 years of age.

(c) "Child-Placing Agency" means an agency licensed as such pursuant to Chapter 5 of Title 49. A child-placing agency includes any institution, society, agency, or facility, whether incorporated or not, that places children in foster homes for temporary care or in prospective adoptive homes for adoption. For purposes of this definition, agencies that
engage in placement activities are required to be licensed as child-placing agencies. This term does not apply to a licensed professional providing only home study preparation services as an evaluator.

(d) "Department" means the Georgia Department of Human Services.

(e) "Foster care" means supervised care for a child in a home other than the child's own home on a 24-hour full-time basis for a temporary period of time.

(f) "Nonprofit entity or faith-based organization" means a business that provides child or family services and that is in good standing with the Internal Revenue Service, if applicable.

(g) "Parent" shall have the same meaning as provided in Code Section 19-3-37.

(h) The singular includes the plural, the plural the singular, and the masculine the feminine, when consistent with the intent of these Rules.

Rule 290-1-10-.04. Applicability of Rules.

(a) A parent of a child may delegate caregiving authority of such child to an adult residing in this state who is the grandparent, great-grandparent, stepparent, former stepparent, step-grandparent, aunt, uncle, great aunt, great uncle, cousin, or sibling of a child or to a non-relative of the child who is approved as an agent by a child-placing agency, a non-profit entity or a faith-based organization for a period not to exceed one year, except as provided in O.C.G.A. Sec. 19-9-132, by executing a power of attorney in accordance with the provisions of O.C.G.A. Secs. 19-9-120 et seq.

(b) The Department shall not license or regulate a power of attorney for the care of a child delegation executed in accordance with the provisions of O.C.G.A. Secs. 19-9-120 et seq.

(c) The parties subject to a power of attorney executed under O.C.G.A. Secs. 19-9-120 et seq., shall not be subject to any of the licensing requirements or regulations for foster care or other requirements or regulations relating to community care for children. A child subject to a power of attorney executed under O.C.G.A. Secs. 19-9-120 et seq., relating to the power of attorney for care of a child, shall not be considered placed in foster care under Chapter 5 of Title 49. The caregiving authority delegated under O.C.G.A. Secs. 19-9-120 et seq., relating to the power of attorney for care of a child, shall not constitute an out-of-home child placement.
Although the parties subject to a power of attorney are not required to meet rules and regulations applicable to child welfare agencies licensed pursuant to Chapter 5 of Title 49, the parties shall make available to the Department's licensing authority any documentation required to confirm that services being provided are not subject to licensure pursuant to Chapter 5 of Title 49.

The execution of a power of attorney under O.C.G.A. Secs. 19-9-120et seq., relating to the power of attorney for care of a child, shall not delegate caregiving authority for more than one child unless such power of attorney delegates caregiving authority for children who are siblings or stepsiblings.

If an agent ceases its role as a caregiving authority as delegated by the child's parent under O.C.G.A. Secs. 19-9-120et seq., and wishes to become an alternative placement resource for the child, the agent must first be approved as a placement resource by a child-placing agency or the Department.

2. **Restricted License or Commission.** The department may in its discretion issue a restricted license or commission in lieu of a temporary or regular license or commission.

   The restricted license may be granted either in connection with the initial application process for a license or commission or as a result of a subsequent determination made by the department concerning compliance with these rules. The restriction shall appear on the face of the license or commission and shall restrict a center from providing care or services which are beyond the capability of the licensee or commission holder to provide.

   The restriction may also limit the number and/or age of the children served by the center.***

3. **License or Commission.** A license or commission will be issued, upon presentation of evidence satisfactory to the department, that the center is in compliance with applicable statutes and these rules. The license or commission is valid for one year unless voluntarily surrendered by the holder, reduced to a restricted or temporary license or commission or suspended or revoked by the department.***

(b) **Qualifications Requirement.** In order to obtain or retain a license or commission, the administrator of the center and its employees must be qualified, as defined in these rules, to administer or work in a day care center. The department may presume that the administrator and center employees are qualified, subject to satisfactory determinations on the criminal records checks. However, the department may require additional reasonable verification of the qualifications of the administrator and center employees.

The notice shall be at least ½ inch letters and shall contain the department's telephone number and website address.

4. A program approved for exemption shall maintain attendance records for children. When a parent or guardian initially registers a child with an exempt program, the parent or guardian shall sign a form indicating the parent or guardian has been advised and understands that the program is not licensed and is not required to be licensed by the state. The program must maintain the attendance records and parental notification forms during the time the child is enrolled in the program and for one year after the child no longer attends the program. All records shall be made available to any authorized representative of the department upon request.

5. Any program granted an exemption from licensure that subsequently loses accreditation, closes and/or ceases operation shall notify the department in writing within five (5) business days of such a change. History. Original Rule entitled "Additional Requirements for Centers Providing Night Care" was filed on February 21, 1983; effective March 23, 1983, as specified by the Agency.

**Rule 290-2-2-.15. Waivers and Variances.**

The department may, in its discretion, grant waivers and variances of specific rules upon application or petition being filed on forms provided by the department. The department may establish conditions which must be met by the center in order to operate under the waiver or variance granted. Waivers and variances may be granted in accordance with the following considerations:**

(a) **Variance.** A variance may be granted by the department upon a showing by the applicant or petitioner that the particular rule or regulation that is the subject of the variance request should not be applied as written because strict application of the rule would cause undue hardship. The applicant or petitioner must also show that adequate standards affording protection for the health, safety and care of the children exist and will be met in lieu of the exact requirements of the rule or regulation in question.**

(b) **Waiver.** The department may dispense entirely with the enforcement of a rule or regulation by granting a waiver upon a showing by the applicant or petitioner that the purpose of the rule or regulation is met through equivalent standards affording equivalent protection for the health, safety and care of the children.**

(c) **Experimental Variance or Waiver.** The department may grant waivers and variances to allow experimentation and demonstration of new and innovative approaches to delivery of services upon a showing by the applicant or petitioner that the intended protections afforded by the rule or regulation which is the subject of the request are met and that the innovative approach has the potential to improve service delivery.**

History. Original Rule entitled "Application for License" was filed on February 21, 1983; effective March 23, 1983, as specified by the Agency.

No day care center shall operate in the State without a license or commission unless the department determines that it is exempt from licensure or commission requirements. A license or commission to operate a day care center may be denied, revoked, restricted or suspended in accordance with the following:**

(a) **Refusal of a License or Commission.** The department shall refuse to issue any license or commission upon a showing of:**

1. Noncompliance with the Rules and Regulations for Day Care Centers which are designated in writing to the center as being related to children's health and safety; or, flagrant and continued operation of an unlicensed facility in contravention of the law; or prior license denial or revocation within one (1) year of application; or,**

2. the department may refuse to issue a license or commission where the applicant, or the agent of the applicant, denies the department's representative access to the center for the purposes of determining whether a license or commission will be granted; or,**

3. the department may refuse to issue a license or commission where the director or employees of the center do not undergo the applicable records check and receive satisfactory determinations,**

(b) **Revocation of a License or Commission.** The department may revoke any license or commission in the following instances:**

1. where the department's representative is refused access to the center for the purpose of determining whether the center is in compliance with these rules; or,**

2. where the department determines that a non-correctable deficiency, abuse or dereliction exists in the operation or management of the center; or,**

3. where the department determines that a correctable abuse, dereliction or deficiency in the operation or management of the center has not been corrected within a reasonable time after:**

   (i) having been brought immediately to the attention of the administrator of the center by a department representative; and,**

   (ii) having been advised in writing of the deficiencies and setting a time not to exceed ten (10) working days for the filing of an acceptable plan of correction; and,**
(I) the licensee or commission holder fails to submit an acceptable plan of correction to the department within the specified time limits. In determining whether a plan of correction is acceptable, the department will consider the extent of the deficiencies, whether the licensee or commission holder has previously been cited for the same deficiencies, the history of compliance including whether the licensee or commission holder has sustained compliance with previous plans of correction, and whether the correction required can be maintained over time; or**

(II) the licensee or commission holder fails to follow the accepted plan of correction;**

4. where the director or employees of a center do not undergo the applicable records checks and receive satisfactory determinations;**

5. where there is a flagrant abuse, dereliction or deficiency that constitutes shocking intentional misconduct.**

(c) **Suspension of a License or Commission.** The department may suspend the license or commission to operate a center in the following instances:**

1. where the director or employees of a center do not undergo the applicable records checks and receive satisfactory determinations or**

2. where the department finds that the public health, safety or welfare imperatively requires emergency action and incorporates a finding to this effect in its order summarily suspending the license pending proceedings for revocation or other action, which proceedings shall be promptly instituted and determined.**

(d) **Restriction of a License or Commission.** The department may restrict or limit the holder of a regular, restricted or temporary license or commission from providing certain kinds of care or services to children or limiting the number and/or age of the children who may be served if the department determines that the holder of the license or commission either cannot comply with these rules or has not complied with these rules.**

(e) **Emergency Order.** Notwithstanding other remedies available to the department which may be pursued at the same time, the commissioner or his designee may order the emergency placement of a monitor or monitors in a center in accordance with the following:**

1. the department's rules and regulations are being violated which threaten the health, safety, or welfare of children in care and when one or more of the following conditions are present:**
(i) the center is operating without a license or commission; or,**

(ii) the department has denied the application for the license or commission or has initiated action to revoke the existing license or commission of the center; or,**

(iii) children are suspected of being subjected to injury or life-threatening situations or the health or safety of a child or children is in danger.**

2. A monitor may be placed in the center for no more than ten (10) consecutive calendar days, during which time the monitor shall observe conditions and regulatory compliance with any recommended remedial action of the department. Upon expiration of the ten (10) day period, should conditions warrant, the initial ten (10) day period may be extended for an additional ten (10) day period. The monitor shall report to the department. The monitor shall not assume any administrative responsibility within the center, nor shall the monitor be liable for any actions of the center. The salary and related costs and travel and subsistence allowance as defined by department policy of placing a monitor in a center shall be reimbursed to the department by the center, unless the order placing the monitor is determined to be invalid in a contested case or by final adjudication by a court of competent jurisdiction, in which event the costs associated with the monitor shall be paid by the department.**

3. The emergency order shall contain the following: **
   (i) The scope of the order;**
   (ii) The reasons for the issuance of the order;**
   (iii) The effective date of the order if other than the date the order is issued;**
   (iv) The person to whom questions regarding the order are to be addressed; and**
   (v) Notice of the right to a preliminary hearing.**

4. Unless otherwise provided in the order, an emergency order shall become effective upon its service to the owner of the center, the director of the center, or any other agent, employee, or person in charge of the center at the time of the service of the order.**

5. The request for a preliminary hearing shall be made in writing within five (5) days from the time of service, excepting weekends. The request must be made to the representative of the department designated in the order. Unless a request is made to appear in person, the preliminary hearing shall consist of an administrative
review of the record, written evidence submitted by the center affected, and a preliminary written argument in support of its contentions.**

6. If a request is made to appear in person at the preliminary hearing, the center shall provide the name and address of the person or persons, if any, who will be representing the center in the preliminary hearing.**

7. Upon receipt of a request for a preliminary hearing, the department shall set and give notice of the date, time and location of the preliminary hearing. The preliminary hearing shall be held as soon as possible after a request therefor but in no event later than seventy-two (72) hours after such request, provided that a center may request that such hearing be held earlier; provided, however, that in no event will a hearing be held on a weekend or holiday.**

8. If a personal appearance is requested, the preliminary hearing shall consist of a review of the evidence in the record, any additional evidence introduced at the hearing, and any arguments made. A recording shall be made of the hearing.**

9. The department shall, where practicable, issue an immediate oral order and shall, in all instances, issue a written order within four (4) business days after the close of the hearing.**

10. Pending final appeal of the validity of any emergency order issued as provided for pursuant to O.C.G.A. Sec. 49-5-90et seq., such emergency order shall remain in full effect until vacated or rescinded by the commissioner or his designee.**

11. The department is not precluded from taking any actions permitted by other laws or regulations during the time that an emergency order is in force.**

(f) Right to a Hearing. The department's action revoking or refusing to renew or issue a license or commission required pursuant to O.C.G.A. Sec. 49-5-12 shall be preceded by notice and opportunity for a hearing and shall constitute a contested case within the meaning of the "Georgia Administrative Procedure Act", O.C.G.A. Sec. 50-13-1et seq. except that only thirty (30) days' notice in writing from the commissioner's designee shall be required prior to license or commission revocation and except that the hearing held relating to such action by the department may be closed to the public if the hearing officer determines that an open hearing would be detrimental to the physical or mental health of any child who will testify at that hearing.**

1. In connection with the department instituting proceedings to revoke, suspend, refuse to renew or restrict a previously issued license or commission, the department shall provide notice sent by certified mail setting forth the facts or conduct which has warranted the department's action. The notice shall inform the licensee or commission holder of the opportunity to demonstrate that the licensee or commission holder was in full compliance with all lawful requirements for the retention of the license or commission at the time that the facts or conduct
warranting the revocation, suspension or restriction action allegedly occurred. However, this notice shall not be required in the following instances: **

(i) The department finds that the public health, safety, or welfare imperatively requires emergency action and incorporates a finding to that effect in its order, in which case summary suspension of the license may be ordered pending proceedings for revocation or suspension or other action, which proceeding shall be promptly instituted and determined; or**

(ii) The department's order is expressly required, by judgment or a statute, to be made without the right to or hearing or continuance of any type.**

2. The notice of revocation, suspension or restriction of a license or commission becomes effective thirty (30) days from the day of notice unless the licensee or commission holder requests a hearing. A request for a hearing must be made in writing within ten (10) days of receipt of the notice of revocation, suspension or restriction.**

(g) **Notice of Hearing.** If the licensee or commission holder requests a hearing, a notice of hearing shall be mailed or served personally on the licensee or commission holder. The notice shall contain the following: **

1. a statement of the date, time, place and nature of the hearing;**

2. a statement of the legal authority and jurisdiction under which the hearing is to be held;**

3. a reference to the particular section of the statutes and rules involved;**

4. a short and plain statement of the matters asserted. The department may refer to any child that is the subject of a deficiency or violation in the notice by the child's initials. The name of the child so referenced will be released orally to the licensee or commission holder upon written request to the department. If the department is unable to state the matters in detail at the time, the notice may be limited to a statement of the issues involved. Thereafter, upon application approved by the hearing officer, a more definite and detailed statement shall be furnished; and**

5. a statement as to the right of any party to subpoena witnesses and documentary evidence through the department.**

(h) **Inspection Warrants.** If a department representative is denied entrance to a center which is believed to be subject to licensure, an application for an inspection warrant may be made by the department to a court of competent jurisdiction and, if granted, used to gain entry to that center.**
(i) **Injunctive Relief.** The department may, without regard to the availability of other remedies, including administrative remedies, seek an injunction against the continued operation of a center without a license or commission or the continued operation of a center in willful violation of O.C.G.A. Sec. 49-5-1 et seq. or of any regulation of the department or in violation of any other order of the board of the department.**

(j) **Criminal Penalties.** The criminal penalties which may be imposed for violation of these rules are as follows:**

1. Any person who violates the provisions of O.C.G.A. Sec. 49-5-12 or who hinders, obstructs, or otherwise interferes with any representative of the department in the discharge of that person's official duties in making inspections or in investigating complaints shall be guilty of a misdemeanor.**

2. Any person who shall make, utter, execute, or submit to the department any oral or written representation, knowing the same to be false, for the purpose of obtaining anything of value, including any service, shall be guilty of a misdemeanor.**

3. Any day care center which operates without a currently valid license or commission issued by the department is subject to the provisions of O.C.G.A. Sec. 49-5-12(p) which provides upon conviction of operating a day care center without a license or commission, for a fine of not less than fifty dollars ($50.00) nor more than two hundred dollars ($200) for each offense. Each day of operation without a license or commission constitutes a separate criminal offense.**

(k) **Civil Penalties.** The department may assess civil penalties in accordance with the following:**

1. A fine, not exceeding five hundred dollars ($500) may be assessed by the department against any person who**

   (i) violates any licensing or commissioning provision of O.C.G.A. Sec. 49-5-1 et seq. or any rule, regulation, or order issued under O.C.G.A. Sec. 49-5-1 et seq. or any term, condition, or limitation of any license, commission or registration certificate under O.C.G.A. Sec. 49-5-1 et seq. thereby subjecting a child in care to injury or a life-threatening situation; or,**

   (ii) commits any violation for which a license or commission may be revoked.**

2. If any violation is a continuing one, each day of such violation will constitute a separate violation for the purpose of computing the applicable civil penalty.**

3. Whenever the department proposes to subject a person to the imposition of a civil penalty, it shall notify such person in writing. The notice shall set forth the following:**
(i) the date, facts, and nature of each act or omission with which the person is charged;**

(ii) the specific and particular provisions of the Official Code of Georgia Annotated section, the rule, regulation, order, license, or commission certificate involved in the violation;**

(iii) each penalty which the department proposes to impose and its amount;**

(iv) that the person has an opportunity to show in writing, within ten (10) days of the receipt of the notice, why such penalty should not be imposed;**

(v) that the failure to pay the civil penalty, subsequently determined by the department, if any, may result in collection through a civil action (lawsuit); and**

(vi) that the person also has the right to appeal the imposition of the civil penalty pursuant to the Georgia Administrative Procedure Act, O.C.G.A. Sec. 50-13-1et seq. by filing a timely request for a hearing.**

4. The written notice of the intention to impose a civil penalty shall be sent by registered or certified mail by the department of the last known address of such person.**

5. The amount of the civil penalty will be assessed in accordance with the following:**

   (i) a penalty of five hundred dollars ($500) may be assessed for any violation of these rules which has resulted in a disabling or permanent injury or the death of a child;**

   (ii) a penalty ranging from three hundred one dollars ($301) to four hundred ninety-nine dollars ($499) may be assessed for any violation of these rules which has resulted in an injury or harm to a child but has left no disabling or permanent physical damage;**

   (iii) a penalty ranging from fifty dollars ($50) to two hundred ninety-nine dollars ($299) may be assessed for any violation of these rules which demonstrates a reckless and serious disregard for the physical or mental health or safety of a child in care but which may or may not result in physical injury to a child or for any other violation of these rules for which a license may be revoked.**

6. The department will consider in assessing a civil penalty the severity of the rule violation, the duration of non-compliance, the licensee's or commission holder's
prior licensure or commission history and the voluntary reporting of the violation for which the fine is being imposed by the licensee or the commission holder.**

7. The assessment of a civil penalty will not preclude the department from taking any additional actions authorized by law or regulation including but not limited to license or commission restriction, suspension, revocation, emergency monitors or the seeking of an injunction against the continued operation of the center.**

(I) **Complaints.** All complaints concerning a licensed or unlicensed day care center may be submitted to the department by telephone, letter or personal conference. Complaints will be investigated by a department representative, if appropriate. A written report of the findings of the investigation will be sent to the complainant upon request where authorized by law.**

(b) The imposition of any Enforcement Action by the Department shall not preclude the Department from taking any additional action authorized by law or regulation.

(c) Right to a Hearing. The Department's Enforcement Actions shall be preceded by a notice and opportunity for a hearing and shall constitute a contested case in accordance with the Georgia Administrative Procedure Act, O.C.G.A. § 50-13-1 et seq., except that only thirty (30) days' notice in writing from the Commissioner's designee shall be required prior to License or Permit revocation except that the hearing held relating to such action by the Department may be closed to the public if the hearing officer determines that an open hearing would be detrimental to the physical or mental health of any child who will testify at that hearing.

Amended: F. Aug. 17, 2018; eff. Sept. 6, 2018.

The Department may, in its discretion, grant waivers and variances of specific rules upon application or petition being filed on forms provided by the Department. The Department may establish conditions which must be met by the Home in order to operate under the waiver or variance granted. Waivers and variances may be granted in accordance with the following considerations:

(a) Variance. A variance may be granted by the Department upon a showing by the applicant or petitioner that the particular rule or regulation that is the subject of the variance request should not be applied as written because strict application of the rule would cause undue hardship. The applicant or petitioner must also show that adequate standards affording protection for the health, safety and care of the children exist and will be met in lieu of the exact requirements of the rule or regulations in question.

(b) Waiver. The Department may dispense entirely with the enforcement of a rule or regulation by granting a waiver upon a showing by the applicant or petitioner that the
purpose of the rule or regulation is met through equivalent standards affording equivalent protection for the health, safety and care of the children.

(c) Experimental Variance or Waiver. The Department may grant waivers and variances to allow experimentation and demonstration of new and innovative approaches to delivery of services upon a showing by the applicant or petitioner that the intended protections afforded by the rule or regulation which is the subject of the request are met and that the innovative approach has the potential to improve service delivery.

(a) An owner with a valid child caring institution license issued on or before June 30, 2007 who is determined to have a criminal record for any of the crimes listed in Rule .05(2)(a)-(m) above, shall not have the license revoked prior to a hearing being held before a hearing officer pursuant to Chapter 13 of Title 50, the "Georgia Administrative Procedure Act."

(b) An owner with a valid child caring institution license who acquires a criminal record as defined in Rule .05(2)(a)-(m) above subsequent to the effective date of these rules shall disclose the criminal record to the department.

Prior to the revocation of the license becoming final, the owner is entitled to an administrative hearing unless the owner has not begun providing services under the license. Where services are not currently being provided under the license, the decision of the administrative hearing officer must precede the initiation of services.

(b) Prior to serving as an employee other than a director of a licensed institution, a person must submit a preliminary record check application and receive a satisfactory determination. Provided however, should there be an unsatisfactory determination, the person must submit to a fingerprint record check and get a satisfactory determination or be determined eligible to be employed by the institution as a result of an administrative hearing.

(d) In lieu of a records check application, a director or employee may submit evidence, satisfactory to the department, that within the immediately preceding 12 months the above personnel have received a satisfactory records check determination or a satisfactory preliminary records check determination.

(6) **Licenses.** No person, partnership, association, corporation or entity shall operate a child caring institution in the state without first obtaining a license to operate the institution by demonstrating compliance with the necessary requirements set forth in these rules. No licensed child-caring institution first licensed after the effective date of these rules shall provide room, board and watchful oversight to more than 16 children on its premises.

(a) Institutions with a valid child caring institution license issued on or before December 31, 2019, that includes authorization to place children in private foster homes where foster parents live, shall be required to obtain a child-placing agency license no later than June 30, 2021 if the entity would like to continue placing children in foster care in private foster homes.

(b) Institutions operated as a part of a local church ministry or religious nonprofit school or a nonprofit religious charitable organization may request to be commissioned in lieu of licensed. All provisions of these rules shall apply to institutions that request to be commissioned, and for the purposes of these rules, the term license shall have the same meaning as commission.

(c) A license may be issued, upon presentation of evidence satisfactory to the department, that the facility is in compliance with applicable statutes and these rules. The license is valid for the period of time specified by the department, unless voluntarily surrendered by the holder, reduced to a restricted or temporary license or suspended or revoked by the department.

(7) **Temporary License.** The department may in its discretion issue a temporary license if the health and safety of the children to be served by the institution will not be endangered. A temporary license will be valid for a specified period not to exceed one (1) year and may be issued in the following instances:
(a) If an institution complies with these rules but has not yet enrolled children; or

(b) If an institution is not in full compliance with these rules but has demonstrated satisfactory evidence that it is making progress toward meeting these rules and has submitted an acceptable plan of correction.

(c) If the department finds that any child caring institution applicant does not meet rules and regulations prescribed by the department but is attempting to meet such rules and regulations, the department may, in its discretion, issue a temporary license or commission to such child caring institution, but such temporary license or commission shall not be issued for more than a one-year period.

   1. Upon presentation of satisfactory evidence that such institution is making progress toward meeting prescribed rules and regulations of the department, the department may, in its discretion, reissue such temporary license or commission for one additional period not to exceed one year.

   2. As an alternative to a temporary license or commission, the department, in its discretion, may issue a restricted license or commission which states the restrictions on its face.

(8) **Restricted License.** The department may in its discretion issue a restricted license in lieu of a temporary or regular license. The restricted license may be granted either in connection with the initial application process for a license or as a result of a subsequent determination made by the department concerning compliance with these rules. The restriction shall appear on the face of the license and shall restrict an institution from providing care or services which are beyond the capability of the licensee to provide. The restriction may include but is not limited to the number and/or age of the children served by the institution.

(9) **Qualifications Requirement.** In order to obtain or retain a license, the director of the institution and its employees must be qualified, as defined in these rules, to administer or work in a institution. The department may presume that the director and employees are qualified, subject to satisfactory determinations on the criminal history background checks. However, the department may require additional reasonable verification of the qualifications of the director and employees either at the time of application for a license or at any time during the license period whenever the department has reason to believe that a director or employee is not qualified under these rules to administer or work in an institution.

(10) **License is Nontransferable.** A license to operate an institution is not transferable in any way. Each license shall be returned to the department immediately upon the suspension, revocation, restriction of the license or termination of the operation.
(11) **Renewal of License.** A license will be renewed upon a determination by the department that the institution presents satisfactory evidence of meeting the requirements set forth in these rules.

(12) **Exemptions.** Anyone operating or desiring to provide a service believed to be exempt from licensure shall apply to the department for exemption. The exemptions granted by the department are exemptions from licensure, and do not affect the authority of local, regional or state health department officials, the state fire marshal or local fire prevention officials to inspect facilities. These rules shall not apply to the following kinds of programs providing care to children:

   (a) Child welfare agencies and other facilities and institutions wherein children and youths are detained which are operated by any department or agency of state, county, or municipal government.

   (b) Any bona fide boarding school whose primary purpose of admission is education, provided that such facility in order to claim exemption shall operate under a published academic educational curriculum which meets the requirements of the State Department of Education, shall have classroom facilities which are not used for residential living and shall not have been granted nor have assumed legal custody of children attending the facility.

   (c) Facilities or programs both owned and operated by any department or agency of federal, state, county, or municipal government. For purposes of this rule, facilities or programs are not exempt from licensure as a child caring institution if facility or program premises are leased, rather than owned, by federal, state, county, or municipal government. In addition, facilities or programs are not exempt from licensure if the government entity assumes or exercises no authority nor control over daily program services, functions or operations.

   (d) Temporary recreational facilities and programs which limit residency to no more than three months, such as summer camps.

**Rule 290-2-5-.06. Applications.**
(1) An application for a license to operate an institution shall be submitted to the department on the forms provided by the department.

(a) Time for Filing. An application for a license shall be submitted at least thirty (30) days prior to the proposed opening date of the new institution.

(b) Records Check and Preliminary Records Check Applications. Accompanying any application for a new license for an institution, the applicant shall furnish to the department a records check application for the owner and director and a preliminary records check application for each employee, if applicable as defined in these rules.

(c) Separate Licenses or Commissions. A separate license or commission application is required for each geographical location which an institution is proposed to operate even when all of the proposed institutions are owned by the same person or entity.

(d) Amended License. If there is to be a change in the name of the institution, change in ownership, changes in the ages of children to be served, or additions or changes in the uses of the buildings that will affect the facility's licensed capacity, an application for an amended license shall be submitted at least thirty (30) days prior to the changes or additions, except in cases of emergencies. In such cases of emergencies, which make it impossible to submit an application within thirty (30) days, the governing body or director shall notify the department by telephone and shall submit an application for the amended license as soon as the governing body or the director becomes aware of the change or addition.

(e) Notice of Denial. If the department determines that the applicant does not comply with these rules and determines that the issuance of a temporary or restricted license is not appropriate, the department will provide a written notice of the denial of licensure and the opportunity for a hearing to the applicant.

(f) False or Misleading Information. The application for a license including the application for a criminal history background check must be truthfully and fully completed. In the event that the department has reason to believe that any required application has not been completed truthfully, the department may require additional verification of the facts alleged. The department may refuse to issue a license where false statements have been made in connection with the application or any other documents required by the department.

(g) The department may deny a license or otherwise restrict a license for any applicant who has had a license denied, revoked, or suspended within one year of the date of the application or who has transferred ownership or governing authority of an agency, facility, institution, or entity subject to regulations by the department within one year of the date of a new application when such transfer was made in order to avert denial, revocation, or suspension of a license.
An institution shall not begin operation without departmental approval.

Rule 290-2-5-.07. Inspections and Investigations.

The department is authorized and empowered to conduct investigations and inspections of any institution required by these rules to be licensed. The proposed and current licensee and staff shall cooperate with any inspection or investigation by responding truthfully to any legitimate departmental inquiry.

(a) Initial Inspection. Following receipt and review of a complete application package, the department may conduct an inspection of the institution to assess compliance with these rules.

(b) Consent to Access. An application for a license or commission to operate an institution or the issuance of a license by the department constitutes consent by the applicant, the proposed holder of the license and the owner of the premises for the department's representative, after displaying picture identification to any institution staff, to enter the premises at any time during operating hours for the purpose of inspecting the facility. This includes both scheduled and unscheduled inspections and includes consent for meaningful access to all staff, parts of the premises, all children present, and all records required by these rules.

(c) Other Inspections. The department may conduct scheduled and unscheduled inspections of an institution in the following instances:

1. Annually or at other regular intervals as the department may determine or at the expiration of the current license; or

2. Upon receiving a report, including a report submitted by the institution, alleging child abuse, neglect, or sexual exploitation as defined in O.C.G.A. § 15-11-2 which occurred while the child was in the care of the institution director or employees; or
3. Upon receiving information of alleged violations of these rules, including information provided by the institution, which, if true, could endanger the health, safety or welfare of the children in care; or

4. Upon receipt and review of a request for an amended license, where the department determines that an inspection is advisable; or

5. Upon the department or its duly authorized representative being made aware of any flagrant abuses, derelictions or deficiencies during the course of the department's inspection or at any other time. The department shall immediately investigate such matters and may conduct an inspection so as to take such actions as conditions may require; or

6. Subsequent to the receipt of a plan of correction, as determined necessary by the department, to monitor whether the plan of correction is being complied with by the institution's personnel.

(d) Failure to Allow Access. Failure to allow access of the department's representative to the institution, its staff, or the children receiving care at the institution or the books, records, papers, or other information related to initial or continued licensing, or failure to cooperate with a departmental inspection or investigation shall constitute good cause for the denial, restriction, revocation or suspension of a license, or other penalty as provided by law.

(e) False or Misleading Statements. No licensee shall make or condone any employee making false or misleading statements to the department in connection with any authorized investigation or inspection being conducted by the department.

(2) Emergency Safety Interventions.

(a) Emergency safety interventions may be used only by staff trained in the proper use of such interventions when a child exhibits a dangerous behavior reasonably expected to lead to immediate physical harm to the child or others and less restrictive means of dealing with the injurious behavior have not proven successful or may subject the child or others to greater risk of injury.

(b) Emergency safety interventions shall not include the use of any physical or chemical restraint or manual hold that would potentially impair the child's ability to breathe or has been determined to be inappropriate for use on a particular child due to a documented medical or behavioral condition.

(c) The institution shall have and comply with written policies and procedures for the use of emergency safety interventions, a copy of which shall be provided to and discussed with each child and the child's parents and/or legal guardians prior to or at the time of admission. Emergency safety interventions policies and procedures shall include:

1. Provisions for the documentation of assessments (which will include social, emotional, behavioral and room, board and watchful oversight needs) at admission and at each annual exam by the child's physician, a physician's assistant, a nurse practitioner or a registered nurse with advanced training
working under the direction of a physician, or a public health clinic that states there are no medical issues that would be incompatible with the appropriate use of emergency safety interventions on that child. Such assessments and documentation must be re-evaluated following any significant change in the child's medical condition; and

2. Provisions for the documentation of each use of an emergency safety intervention including:

   (i) Date and description of the precipitating incident;

   (ii) Description of the de-escalation techniques used prior to the emergency safety intervention, if applicable;

   (vi) Exact emergency safety intervention used;

   (vii) Documentation of the 15 minute interval visual monitoring of a child in seclusion;

   (viii) Beginning and ending time of the intervention;

   (ix) Outcome of the intervention;

   (x) Detailed description of any injury arising from the incident or intervention; and

   (xi) Summary of any medical care provided.

(d) Emergency safety interventions or the use of physical or chemical restraints may be used to prevent runaways only when the child presents an imminent threat of physical harm to self or others, or as specified in the individual service and room, board and watchful oversight plan.

(e) Facility staff shall be aware of each child's medical and behavioral conditions, as evidenced by written acknowledgement of such awareness, to ensure that the
emergency safety intervention that is utilized does not pose any undue danger to the health and well-being of the child.

(f) Residents shall not be allowed to participate in the emergency safety intervention of another resident.

(g) Immediately following the conclusion of the emergency safety intervention and hourly thereafter for a period of at least four hours where the child is with a staff member, the child's behavior will be assessed, monitored, and documented to ensure that the child does not appear to be exhibiting symptoms that would be associated with an injury.

(h) At a minimum, the emergency safety intervention program that is utilized shall include the following:

1. Techniques for de-escalating problem behavior including child and staff debriefings;
2. Appropriate use of emergency safety interventions;
3. Recognizing aggressive behavior that may be related to a medical condition;
4. Awareness of physiological impact of a restraint on the child;
5. Recognizing signs and symptoms of positional and compression asphyxia and restraint associated cardiac arrest;
6. Instructions as to how to monitor the breathing, verbal responsiveness, and motor control of a child who is the subject of an emergency safety intervention;
7. Appropriate self-protection techniques;
8. Policies and procedures relating to using manual holds, including the prohibition of any technique that would potentially impair a child's ability to breathe;
9. Agency policies and reporting requirements;
10. Alternatives to restraint;
11. Avoiding power struggles;
12. Escape and evasion techniques;
13. Time limits for the use of restraint and seclusion;
14. Process for obtaining approval for continual restraints and seclusion;

15. Procedures to address problematic restraints;

16. Documentation;

17. Investigation of injuries and complaints;

18. Monitoring physical signs of distress and obtaining medical assistance; and

19. Legal issues.

(i) Emergency safety intervention training shall be in addition to the annual training required in Rule .08(6)(d)2. and shall be documented in the staff member's personnel record.

(j) All actions taken that involve utilizing an emergency safety intervention shall be recorded in the child's case record showing the cause for the emergency safety intervention, the emergency safety intervention used, and, if needed, approval by the director, the staff member in charge of casework services, and the external physician and/or MRO provider who has responsibility for the diagnosis and treatment of the child's behavior.

(k) Institutions shall submit to the Department electronically or by facsimile a report, in a format acceptable to the Department, within 24 hours whenever an unusual incident occurs regarding emergency safety interventions, including:

1. Any injury requiring medical treatment that is received by a child as a result of any emergency safety intervention;

2. Whenever an institution utilizes emergency safety interventions three or more times in one month with the same child and/or whenever the institution utilizes more than 10 emergency safety interventions for all children in care within a 30-day period.

(l) Institutions shall submit a written report to the program's director on the use of any emergency safety intervention immediately after the conclusion of the intervention and shall further notify the child's parents or legal guardians regarding the use of the intervention. A copy of such report shall be maintained in the child's file.

(m) At least once per quarter, the institution, utilizing a master agency restraint log and the child's case record, shall review the use of all emergency safety interventions for each child and staff member, including the type of intervention used and the length of time of each use, to determine whether there was an appropriate basis for the intervention, whether the use of the emergency safety
intervention was warranted, whether any alternatives were considered or employed, the effectiveness of the intervention or alternative, and the need for additional training. Written documentation of all such reviews shall be maintained. Where the institution identifies opportunities for improvement as a result of such reviews or otherwise, the institution shall implement these changes through an effective quality improvement plan.

(n) No later than January 1, 2007 and ongoing thereafter, all direct care staff who may be involved in the use of emergency safety interventions, shall have evidence of having satisfactorily completed a nationally recognized training program for emergency safety interventions to protect residents and others from injury, which has been approved by the department and taught by an appropriately certified trainer in such program.

(o) Manual Holds.

1. Emergency safety interventions utilizing manual holds require at least one trained staff member to carry out the hold. Emergency safety interventions utilizing prone restraints require at least two trained staff members to carry out the hold.

2. Emergency safety interventions shall not include the use of any chemical or physical restraint or manual hold that would potentially impair the child's ability to breathe or has been determined to be inappropriate for use on a particular child due to a documented medical or behavioral condition.

3. When a manual hold is used upon any child whose primary mode of communication is sign language, the child shall be permitted to have his or her hands free from restraint for brief periods during the intervention, except when such freedom may result in physical harm to the child or others.

4. If the use of a manual hold exceeds 15 consecutive minutes, the facility director or his or her designee, who possesses at least the qualifications of the director and has been fully trained in the facility's emergency safety intervention plan, shall be contacted by a two-way communications device or in person and determine that the continuation of the manual hold is appropriate under the circumstances. Documentation of any consultations and outcomes shall be maintained for each application of a manual hold that exceeds 15 minutes. Manual holds shall not be permitted to continue if the restraint is determined to pose an undue risk to the child's health given the child's physical or mental condition.

5. A manual hold may not continue for more than 30 minutes at any one time without the consultation as specified in subparagraph (2) of this subparagraph, and under no circumstances may a manual hold be used for more than one hour total within a 24-hour period.
6. If the use of a manual hold on a child reaches a total of one hour within a 24-hour period, the staff shall reconsider alternative strategies, document same, and consider notifying the authorities or transporting the child to a hospital or other appropriate facility for evaluation.

7. The child's breathing, verbal responsiveness, and motor control shall be continuously monitored during any manual hold. Written summaries of the monitoring by a trained staff member not currently directly involved in the manual hold shall be recorded every 15 minutes during the duration of the restraint. If only one trained staff member is involved in the restraint and no other staff member is available, written summaries of the monitoring of the manual hold shall be recorded as soon as is practicable, but no later than one hour after the conclusion of the restraint.

(p) Seclusion.

1. If used, seclusion procedures in excess of thirty (30) minutes must be approved by the director or designee. No child shall be placed in a seclusion room in excess of one (1) hour within any twenty-four (24) hour period without obtaining authorization for continuing such seclusion from the child's external physician and/or MRO provider and documenting such authorization in the child's record.

2. A seclusion room shall only be used if a child is in danger of harming himself or herself or others.

3. A child placed in a seclusion room shall be visually monitored at least every fifteen (15) minutes.

If such plan of correction is determined not acceptable to the Department because it does not adequately correct the identified violation, the Department will advise the child-caring institution or facility applying to become licensed that the plan of correction is not acceptable. The Department may permit the institution to submit a revised plan of correction.

(a) The institution shall comply with an accepted plan of correction.

**Rule 290-2-5-.20. Emergency Orders.**
In accordance with O.C.G.A. 49-5-90 et seq., notwithstanding other remedies available to the department which may be pursued at the same time, the commissioner or his/her designee may issue emergency orders. Such orders may include the following:

(a) Emergency relocation of residents when it is determined that the residents are subject to an imminent and substantial danger.

(b) Emergency placement of a monitor or monitors in an institution upon a finding that the department's rules and regulations are being violated which threaten the health, safety, or welfare of children in care and when one or more of the following conditions are present:
   1. The institution is operating without a license; or
   2. The department has denied the application for the license or has initiated action to revoke the existing license; or
   3. Children are suspected of being subjected to injury or life-threatening situations or the health or safety of a child or children is in danger.

(c) Emergency prohibition of admissions to an institution when residents are in imminent and substantial danger and the institution has failed to correct a violation of rules and regulations within a reasonable time, as specified by the department. Such violation giving rise to the prohibition could jeopardize the health and safety of the residents if allowed to remain uncorrected or is a repeat violation over a twelve month period.

An emergency order shall contain the following:

(a) The scope of the order;

(b) The reasons for the issuance of the order;

(c) The effective date of the order if other than the date the order is issued;

(d) The person to whom questions regarding the order are to be addressed; and

(e) Notice of the right to a preliminary hearing.

Unless otherwise provided in the order, an emergency order shall become effective upon its service to the owner, the director, or any other agent, employee, or person in charge of the institution at the time of the service of the order.

Prior to issuing an emergency order, the commissioner or his/her designee may consult with persons knowledgeable in the field of child care and a representative of the institution to determine if there is a potential for greater adverse effects on children in care as a result of the emergency order.

The facility shall prepare for potential emergency situations that may affect the care of children by developing and complying with an effective disaster preparedness plan that identifies emergency situations and outlines an appropriate course of action. The plan must be reviewed annually and revised, as appropriate, including any related written agreements.

(a) The disaster preparedness plan shall include at a minimum plans for the following emergency situations:

1. Local and widespread weather emergencies or natural disasters, such as tornadoes, hurricanes, earthquakes, ice or snow storms, or floods;

2. Manmade disasters such as acts of terrorism and hazardous materials spills;

3. Unanticipated interruption of service of utilities, including water, gas, or electricity, either within the facility or within a local or widespread area;

4. Loss of heat or air conditioning;

5. Fire, explosion, or other physical damage to the facility; and

6. Pandemics, infectious disease outbreaks and illnesses or other situations where the community's need for services may exceed the availability of beds and services regularly offered by the facility.

(b) There shall be plans to ensure sufficient staffing and supplies to provide room, board and watchful oversight during the emergency situation.

(c) There shall be plans for the emergency transport or relocation of all the facility children, should it be necessary, in vehicles appropriate to the children's needs. Additionally there shall be written agreements with any facilities which have agreed to receive the facility's children in these situations.

(d) The facility shall document participation of all areas of the facility in quarterly fire drills.
In addition to fire drills, the facility shall have its staff rehearse portions of the disaster preparedness plan, with a minimum of two rehearsals each calendar year either in response to an emergency or through planned drills, with coordination of the drills with the local Emergency Management Agency (EMA) whenever possible.

The plan shall include the notification to the department of the emergency situation as required by these rules and notification of the lawful custodians of the children's whereabouts and condition.

The facility shall provide a copy of the internal disaster preparedness plan to the local Emergency Management Agency (EMA) and shall include the local EMA in development of the facility's plan for the management of external disasters.

The facility's disaster preparedness plan shall also include the following additional items in efforts to limit and contain health hazards to children, staff, and the general public due to pandemic or infectious disease outbreaks:

1. Contact information for sources of public health information and guidance (e.g. Centers for Disease Control (CDC), state/local public health authorities),
2. Name and contact information of facility staff designated to provide updates to the Department, upon request, regarding the status of the outbreak or illness,
3. Process in place for providing notice of the outbreak or illness and any other necessary updates to parents/guardians,
4. Plan for immediate isolation of affected children and staff from unexposed children and staff,
5. Plan for minimizing the risk of exposure to unexposed children or staff, and
6. Plan for addressing business continuity and programmatic issues relevant to pandemic or infectious disease outbreaks.

The facility's disaster preparedness plan shall be made available to the department for inspection upon request.

The department may suspend any requirements of these rules and the enforcement of any rules where the Governor of the State of Georgia has declared a public health emergency.
Rule 290-2-5-.22. Waivers and Variances.

(1) The department may, in its discretion, grant waivers and variances of specific rules upon application or petition being filed by an institution.

(2) The department may grant a variance or waiver to a rule when an institution demonstrates that the purpose of the underlying statute upon which the rule is based can be or has been achieved by other specific means and that strict application of the rule would create a substantial hardship. For purposes of this rule, a substantial hardship means a significant, unique, and demonstrable economic, technological, legal, or other type hardship which impairs the ability to continue to function as a child caring institution.

(3) Variance and waiver applications submitted to the department shall include, but are not limited to the following:
   (a) The rule from which a variance or waiver is requested;
   (b) The type of action requested (i.e. granting of waiver or variance);
   (c) Specific facts detailing substantial hardship which would justify the variance or waiver;
   (d) Alternative standards which the requestor agrees to meet with a showing that alternative standards will provide adequate protection for health, safety, and welfare; and
   (e) The reason why a variance or waiver would serve the purpose of any underlying law.

(4) The institution must implement and comply with any terms and conditions established by the department in order to operate under any waiver or variance granted.

(5) Variances or waivers shall not be sought or authorized when the granting of a waiver or variance would be harmful to public health, safety, or welfare or contrary to state law provisions.

(9) Restricted License. The department may in its discretion issue a restricted license in lieu of a temporary or regular license. The restricted license may be granted either in connection with the initial application process for a license or as a result of a subsequent determination made by the department concerning compliance with these rules. The restriction shall appear on the face of the license and shall restrict a center from providing care or services which are beyond the capability of the licensee to provide. The restriction may include but is not limited to the number and/or age of the children served by the center.

(10) Qualifications Requirement. In order to obtain or retain a license, the director of the center and its employees must be qualified, as defined in these rules, to administer or work in a center. The department may presume that the director and employees are qualified, subject to satisfactory determinations on the criminal history background checks. However, the department may require additional reasonable verification of the qualifications of the director and employees either at the time of application for a license or at any time during the license period whenever the department has reason to believe that a director or employee is not qualified under these rules to administer or work in a center.

In such cases of emergencies, which make it impossible to submit an application within thirty (30) days, the governing body or director shall notify the department by telephone and shall submit an application for the amended license as soon as the governing body or the director becomes aware of the change or addition.
(e) Notice of Denial. If the department determines that the applicant does not comply with these rules and determines that the issuance of a temporary or restricted license is not appropriate, the department will provide a written notice of the denial of licensure and the opportunity for a hearing to the applicant.

(f) False or Misleading Information. The application for a license including the application for a criminal history background check must be truthfully and fully completed. In the event that the department has reason to believe that any required application has not been completed truthfully, the department may require additional verification of the facts alleged. The department may refuse to issue a license where false statements have been made in connection with the application or any other documents required by the department.

(2) The department may deny a license or otherwise restrict a license for any applicant who has had a license denied, revoked, or suspended within one year of the date of the application or who has transferred ownership or governing authority of an agency, facility, center, or entity subject to regulations by the department within one year of the date of a new application when such transfer was made in order to avert denial, revocation, or suspension of a license.

inspecting the center. This includes both scheduled and unscheduled inspections and includes consent for meaningful access to all staff, parts of the premises, all children present, and all client and business records required by these rules. 6. Subsequent to the receipt of a plan of correction, as determined necessary by the department, to monitor whether the plan of correction is being complied with by the center's personnel.

Failure to allow access of the department's representative to the center, its staff, or the children receiving care at the center or the books, records, papers, or other information related to initial or continued licensing, or failure to cooperate with a departmental inspection or investigation shall constitute good cause for the denial, restriction, revocation or suspension of a license, or other penalty as provided by law.

The aforementioned requirement of disclosure will also apply to all applications and licenses for agencies with whom the Administrator or individual board members of the applicant Agency or Outdoor Child Caring Program are affiliated in any capacity. The purpose of this provision is to disclose to the Department full and complete information concerning the prior and continuing efforts of the applicant Agency or Outdoor Child Caring Program, its
Executive Director and individual members of the governing body in child care activities in other jurisdictions.

(3) False or Misleading Information. The application for a license including the application for a criminal history background check must be truthfully and fully completed. In the event that the department has reason to believe that any required application has not been completed truthfully, the department may require additional verification of the facts alleged. (4) A license to operate an Outdoor Child Caring Program is not transferable. A new application shall be filed when there is a substantial change in membership (50%) of the governing body.

(5) The Department shall consider each application filed and in its discretion, either deny said application, suspend consideration of said application until additional requested information is received, or issue a temporary license, based on a determination that the Outdoor Child Caring Program has made adequate provision to meet these Rules. An Outdoor Child Caring Program's initial license shall be a temporary license, valid for a specified period not to exceed one year.

(6) If the department finds that any outdoor child caring program applicant does not meet rules and regulations prescribed by the department but is attempting to meet such rules and regulations, the department may, in its discretion, issue a temporary license or commission to such outdoor child caring program, but such temporary license or commission shall not be issued for more than a one-year period.

   (a) Upon presentation of satisfactory evidence that such institution is making progress toward meeting prescribed rules and regulations of the department, the department may, in its discretion, reissue such temporary license or commission for one additional period not to exceed one year.

   (b) As an alternative to a temporary license or commission, the department, in its discretion, may issue a restricted license or commission which states the restrictions on its face.

   (c) Upon consideration of an application for renewal of the initial temporary license granted to an Outdoor Child Caring Program the Department may, in its sole discretion, based on the Outdoor Child Caring Program's performance during the initial licensing period, either deny said renewal, issue a full one-year license, or issue an additional temporary license for a specified period not to exceed six months.

(7) An application for renewal of license shall be made no later than 60 days prior to the expiration of a Outdoor Child Caring Program's current license on forms provided by the
Department. The application for renewal shall be verified by both the Administrator and Chairman of the Governing Body and shall certify, unless noted otherwise therein, that all of these Rules have been and continue to be complied with and that all information previously filed with the Department is true and correct. All changes in membership of the Governing Body and personnel since the date of last application (whether for initial license or renewal) shall be fully documented, as to names, dates and circumstances.

(8) If an application for licensure is denied, or a license revoked, an application for a new license may not be filed within one year of such denial or revocation.

(9) Information required for relicensing shall be submitted on forms provided by the Department.

(10) The license shall be posted at some point near the entrance or part of the office that is open to view by the public.

The plan must be reviewed and revised annually, as appropriate, including any related written agreements.
(a) The disaster preparedness plan shall include at a minimum plans for the following emergency situations:
   1. Local and widespread weather emergencies or natural disasters, such as tornadoes, hurricanes, earthquakes, ice or snow storms, or floods;
   2. Manmade disasters such as acts of terrorism and hazardous materials spills;
   3. Unanticipated interruption of service of utilities, including water, gas, or electricity, involving any placement homes within a local or widespread area;
   4. Loss of heat or air conditioning in facilities, outdoor temporary structures or primitive natural environments where campers may be housed;
   5. Fire, explosion, or other physical damage to facilities, outdoor temporary structures or primitive environments where campers may be housed; and
   6. Pandemics or other situations where the campers' need for services exceeds the capacity and availability of services regularly offered by the Outdoor Child Caring Program.

(b) There shall be plans to ensure sufficient camp staff and supplies for campers to provide room, board and watchful oversight during the emergency situation.

(c) There shall be plans for the emergency transport or relocation of all campers, should it be necessary, in vehicles appropriate to the camper's needs. Additionally there shall be written agreements with any agencies which have agreed to receive the program's campers in these situations.

(d) The Outdoor Child Caring Program shall document quarterly disaster drills.

(e) The disaster preparedness plan shall include a requirement that the program notify the Department of the emergency situation as required by these rules and notify the parents, placement agency or lawful custodians of the camper's whereabouts and condition.

(f) The Outdoor Child Caring Program shall provide a copy of the internal disaster preparedness plan to the local Emergency Management Agency (EMA) and shall include the local EMA in development of the Outdoor Child Caring Program's plan for the management of external disasters.

(g) The Outdoor Child Caring Program's disaster preparedness plan shall be made available to the Department for inspection upon request.

(h) The Department may suspend any requirements of these rules and the enforcement of any rules where the Governor of the State of Georgia has declared a public health emergency.
Rule 290-2-7-.19. Inspections: Access by Department Staff.

An application for license to operate an Outdoor Child Caring Program shall constitute consent by the Outdoor Child Caring Program for the staff of the Department to enter the premises or wherever campers are being cared for at any time during normal business hours, with or without prior notice for the purpose of reviewing records, obtaining pertinent information and determining compliance with these Rules.

3. Children are suspected of being subjected to injury or life-threatening situations or the health or safety of a child or children is in danger.

(c) Emergency prohibition of admissions to an outdoor child caring program when children are in imminent and substantial danger and the outdoor child caring
program has failed to correct a violation of rules and regulations within a reasonable time, as specified by the department. Such violation giving rise to the prohibition could jeopardize the health and safety of the children if allowed to remain uncorrected or is a repeat violation over a twelve month period.

(2) An emergency order shall contain the following:

(a) The scope of the order;

(b) The reasons for the issuance of the order;

(c) The effective date of the order if other than the date the order is issued;

(d) The person to whom questions regarding the order are to be addressed; and

(e) Notice of the right to a preliminary hearing.

(3) Unless otherwise provided in the order, an emergency order shall become effective upon its service to the owner, the director, or any other agent, employee, or person in charge of the institution at the time of the service of the order.

(4) Prior to issuing an emergency order, the commissioner or his designee may consult with persons knowledgeable in the field of child care and a representative of the institution to determine if there is a potential for greater adverse effects on children in care as a result of the emergency order.

Rule 290-2-7-.21. Enforcement and Penalties.

(1) Plans of Correction. If the Department determines that either an Outdoor Child Caring Program or a facility applying to become licensed as an Outdoor Child Caring Program does not comply with the rules, the Department shall provide written notice specifying the rule(s) violated and setting a time for the agency not to exceed ten (10) working days with in which to file an acceptable written plan of correction where the Department has determined that an opportunity to correct is permissible. If such plan of correction is determined not acceptable to the Department because it does not adequately correct the identified violation, the Department will advise the Outdoor Child Caring Program or facility applying to become licensed that the plan of correction is not acceptable. The Department may permit the camp to submit a revised plan of correction.
(a) The camp shall comply with an accepted plan of correction.

(b) Where the Department determines that either the Outdoor Child Caring Program or the facility applying to become licensed as an Outdoor Child Caring Program has not filed an acceptable plan of correction or has not complied with the accepted plan of correction, the Department may initiate an adverse action to enforce these rules.

(2) All adverse actions to enforce the Rules and Regulations for an Outdoor Child Caring Program shall be initiated in accordance with the Rules and Regulations for Enforcement of Licensing Requirements, Chapter 290-1-6, and O.C.G.A.    (a) The official notice of the revocation or emergency suspension action and any final resolution, together with the Department's complaint intake phone number and website address, shall be provided by the camp to each current and prospective child's parents and/or legal guardians.

   (b) The camp shall ensure the posting of the official notice at the camp in an area that is visible to each child's parents and/or legal guardians.

   (c) The camp shall ensure that the official notice continues to be visible to each child's parents and/or legal guardians throughout the pendency of the revocation and emergency suspension actions, including any appeals.

   (d) The camp shall have posted in an area that is readily visible to each child's parents and/or legal guardians any inspection reports that are prepared by the Department during the pendency of any revocation or emergency suspension action.

   (e) It shall be a violation of these rules for the camp to permit the removal or obliteration of any posted notices of revocation, emergency suspension action, resolution, or inspection survey during the pendency of any revocation or emergency suspension action.

   (f) The Department may post an official notice of the revocation or emergency suspension action on its website or share the notice of the revocation or emergency suspension action and any information pertaining thereto with any other agencies that may have an interest in the welfare of the children in care of the camp.

The governing board shall be organized so that legal responsibility and administrative authority shall be clearly defined. This applies only to Maternity Homes chartered for non-profit operation. In a privately owned home where maternity care is provided, the owner and/or operator is legally responsible for the establishment and enforcement of policies and the operation of the Home.

(a) Composition of Board.
1. The governing board shall be made up of men and women who are representative of the community served. Board members should be selected who have personal qualifications, interest, time and ability to provide leadership, to represent the agency, to interpret its program, and to participate fully and consistently in carrying out their responsibilities.

3. Members shall not receive a salary for their services but may be reimbursed for expense incurred in connection with their office.

4. A meeting of the governing body shall be held at least ten (10) times a year.

5. Provisions should be made for systematic rotation of board members through a plan of overlapping terms of office. The number of consecutive terms for membership shall be limited.
(b) Function and Responsibility of the Board. The governing board of a Maternity Home is responsible for establishing and maintaining its corporate entity. In carrying out this responsibility it is the duty of the Board to:

Subject 290-2-18. INTRODUCTION AND DEFINITION.

Rule 290-2-18-.01. Introduction and Definition.

(1) The Children and Youth Act passed by the General Assembly of Georgia in 1963 placed the responsibility for the licensing of Maternity Homes with the Division for Children and Youth for the former Department of Family and Children Services, now succeeded by the Division of Community Services of the Department of Human Resources.

(2) A Maternity Home is defined in this Act as "any place in which any person, society, agency, corporation, or facility receives, treats, or cares for, within a period of six (6) months, more than one (1) illegitimately pregnant woman, either before, during or within two (2) weeks after childbirth. This definition shall not include women who receive maternity care in the home of a relative, or in general or special hospitals licensed according to law, in which maternity treatment and care is part of the medical services performed and the care of children is only brief and incidental."

(3) The Minimum Requirements and Desirable Standards for providing Maternity Home Care in Georgia were developed with the cooperation of the agencies concerned after careful study of those developed by other states and national organizations. They were
reviewed and approved by the State Board for Children and Youth on September 24, 1963.

(4) Licensing of Maternity Homes is considered to be a mutual process with the agencies and the Division working cooperatively together for the welfare of mothers and children who present special problems and special needs. These standards were designed to serve as a basis for licensing and as a guide to the Maternity Homes and the Division in their work together for better care and services. The word "shall" denotes a minimum requirement which all Maternity Homes must meet. The word "should" denotes a desirable standard.

(This Emergency Rule expired October 16, 1985.)

Rule 290-2-26-.07. Eligibility Criteria and Determination.

(1) When a woman receives services from a hospital, hospitals, or physicians under the provisions of the law, and claims indigency, the Chief Administrative Officer of the hospital shall determine whether any portion of the cost of services may be paid by the medical assistance program for the needy, or by insurance, or by any other governmental or public agency with a federal, state, or local program, and provide written notification of determination to the Health Care Advisory Officer of the woman's county of residence. Such notification shall include a certification by the Chief Administrative Officer on the Certification and Acknowledgment Form that an appropriate investigation has been made and the results of such determination, the amount to be paid if the determination shows that a portion of the cost of services is available from such sources as identified above, and a request for a determination of indigency on the woman. Such request shall be made on a form entitled "Request for a Determination of Indigency". If the woman receives services in more than one hospital because of transfer, each hospital must submit a request in order to seek reimbursement under this program.

(2) The Health Care Advisory Officer of the woman's county of residence shall complete a determination of indigency in accordance with these rules and regulations and notify the hospital, the governing authority of the patient's county of residence, and the patient of the results of the determination not later than 60 days after receipt of the request. Notifications shall be made on a standard form designated by the Department. If the Health Care Advisory Officer fails to respond to a request for determination within the 60 day time limitation, the county of residence of the patient is liable for the payment of cost of care of the woman. The Health Care Advisory Officer shall establish and maintain files showing names of county residents who the Officer has determined to be indigent. These records are required to the end that certification of indigency may be expedited. The Health Care Advisory Officer should develop standards to protect the confidentiality of these records consistent with the "Open Records Act", O.C.G.A. § 50-18-70, et seq. The fact that the patient has obtained prenatal care or any treatment whatsoever relating to the pregnancy will not, in and of itself, preclude such patient from utilizing the benefits of this program, nor will such prenatal care or any treatment whatsoever relating to the pregnancy preclude the delivery from being characterized as an emergency.
Eligibility is based on family income and family size. The gross family income is used to determine eligibility and in order to be considered indigent, the family income must be less than 125% of the federal poverty level. Only the income of the patient and legally liable adult family members is considered in making the eligibility determination.

The Request for Determination of Indigency Form (Sections A and B) and the Certification and Acknowledgment Form are completed before a patient is discharged from the hospital, and are forwarded by the Hospital Administrative Officer to the Health Care Advisory Office of the patient's county of residence. The Health Care Advisory Officer completes a determination of indigency on the patient, and returns the Request for Determination of Indigency to the Hospital Administrative Officer within 60 days of the date received. The Health Care Advisory Officer also notifies the patient of the outcome of the determination. The county governing authority is notified of only those persons determined to be indigent.

In order to do an eligibility determination, the Health Care Advisory Officer must have contact with the patient and complete an Indigency Worksheet. The completed worksheet provides the total family income and family size which are basic to using the Eligibility Determination Scale. The scale is designed to simplify the process of determining whether a patient's family income is less than 125% of the federal poverty level. Individuals whose income is less than 125% of the federal poverty level are eligible for this program. A copy of the Eligibility Determination Scale is attached here to and reflected as "Annex A".

In addition to establishing the eligibility of a pregnant woman for the Emergency Medical Services Program, it is the responsibility of the Health Care Advisory Officer to determine the amount of repayment to the county for which the patient, and each other legally responsible person, is liable. This amount can range from a minimum of $100 to a maximum of 65% of the actual cost.

The department shall screen and identify applicants and recipients of Georgia TANF Program who have a history of being domestic violence victims. The department shall refer such individuals to counseling and supportive services. If there is a determination of good cause by the department, the department shall waive program requirements, such as work requirements, cooperation with child support, residency, family cap and lifetime limits for so long as necessary, when such requirements make it more difficult for the victim to escape domestic violence or unfairly penalize individuals who are or have been victims of domestic violence or individuals who are at risk of further domestic violence.

Applicants and recipients must be residents of Georgia. Families moving into Georgia after receiving cash assistance from another state shall be paid cash assistance amount for their family size for which they would have received in the previous state of residence or the Georgia cash assistance amount whichever is less, for a period up to one year. This provision shall apply until the end of the twelfth month of residency in Georgia. In addition, families moving into Georgia from another state shall receive cash assistance only for the time period for which they would have been eligible in the previous state of residence or the time period permitted by Georgia, whichever is shorter.

Rule 290-2-28-.11. Lifetime Maximum.

Cash assistance to a recipient who is not a minor child and who is head of the household or married to a head of the household shall be limited to a lifetime maximum of 48 months, whether or not consecutive, beginning January 1, 1997, unless the department determines that a recipient qualifies for an extension on grounds of hardship pursuant to Rule 290-2-28-.19.

The following non-financial criteria are considered in determining TANF eligibility.

(a) **Age.** Assistance will be provided for children under age 18. Families will have the option to include children between the age of 18-19 who are still in high school.

(b) **Application for other benefits.** Applicants/recipients must apply for all other benefits for which the applicants/recipients may be eligible.

(c) **Enumeration.** Applicants/recipients will be required to provide a social security number according to established rules. Sanctions will be applied if a number is not provided.
(d) **School attendance.** Children must attend school according to guidelines established by the State Department of Education. Failure to ensure that children attend school will result in sanctions. In addition, no assistance will be provided to teenage parents who do not attend high school or other equivalent training program. Adults who are older than age 20 and younger than age 51 who have no high school diploma and are not engaged in a work activity will be encouraged to work toward getting a diploma or recognized equivalent, with special emphasis on those older than 20 and younger than age 26 who have at least a tenth grade education.

(e) **Immunization.** A preschool age child must have received immunizations for those diseases specified in Chapter 290-5-4 of the department's rules as a condition of assistance being provided for such children including the presentation of a certificate of immunization, unless:

1. There is appropriate evidence from the local health department or a physician that an immunization sequence has been started and can be completed within a period of up to 180 days, in which case a waiver of the immunization requirement for up to 180 days shall be granted;

2. After examination by the local board of health or a physician, any preschool age child found to have a physical disability which may make vaccination undesirable, in which case a certificate to that effect issued by the local board of health or the physician may be accepted in lieu of a certificate of immunization and shall exempt the child from obtaining a certificate of immunization until the disability is relieved; or

3. The parent or legal guardian furnishes an affidavit swearing or affirming that the immunization conflicts with the religious beliefs of the parent or legal guardian.

(f) **Living with a parent, guardian or other caretaker relative.** The child must live with a parent, guardian, or other caretaker relative. If the only child in the family receives Social Security Income (SSI), the family is eligible for cash assistance.

(g) **Work Requirements.** Work requirements will be administered based on federal law and regulations.

(h) **Deprivation.** Deprivation, for purposes of determining eligibility for cash assistance, will be based on economic need. Child support referrals will be completed for parents outside of the home. Families with both parents in the home will be provided assistance. A connection to the workforce will be required when both able-bodied parents are in the home.

(i) **Third Party Responses.** Applicants/recipients must provide information regarding third party resources.

(j) **Voluntary Quit.** Applicants/recipients who voluntarily quit a job without good cause shall be sanctioned.
(k) **Personal Responsibility and Work Plans.** Specific plans outlining personal responsibilities and work requirements shall be developed for all families receiving assistance. The Personal Responsibility and work Plans shall:

   (x) Cooperation with Child Support Enforcement; or
   
   (xi) Attendance at family planning counseling.

(2) Emphasize the temporary and contractual nature of assistance;

(3) Focus on the goal of self-sufficiency; and

(4) Ensure that family members are provided certain services to include counseling on abstinence until marriage.

Prior to imposition of any sanction for failing to comply with any requirement contained in this rule, the department shall engage in a conciliation process with the recipient; provided, however, that the department shall not be required to engage in such a conciliation process if the recipient commits multiple material violations of the same requirement.

The 25% reduction in cash assistance sanction will be applied for one month or until the recipient complies with the requirement (up to a maximum of three months).

If the recipient does not come into compliance within the required time frame of three months, the recipient will be determined to have committed a second material violation and cash assistance to the family shall be terminated.

If the recipient commits a second material violation, cash assistance to the family will be terminated. A second material violation occurs when:

(a) A recipient commits a first material violation and does not come into compliance within three months; or

(b) A recipient commits a first material violation, and then commits a second material violation within twenty-four months.

The department may determine that there is good cause not to apply sanctions in specific circumstances.

Rule 290-2-29-.27. Emergency Orders.
(1) In accordance with O.C.G.A. 49-5-90 et seq., notwithstanding other remedies available to the Department which may be pursued at the same time, the commissioner or his designee may issue emergency orders. Such orders may include the following:

(a) Emergency relocation of residents when it is determined that the residents are subject to an imminent and substantial danger.

(b) Emergency placement of a monitor or monitors in a home upon a finding that the Department's rules and regulations are being violated which threaten the health, safety, or welfare of residents in care and when one (1) or more of the following conditions are present:
   1. The home is operating without a license; or
   2. The Department has denied the application for the license or has initiated action to revoke the existing license; or
   3. Residents are suspected of being subjected to injury or life-threatening situations or the health or safety of a resident or residents is in danger.

(c) Emergency prohibition of admissions to a home when residents are in imminent and substantial danger and the home has failed to correct a violation of rules and regulations within a reasonable time, as specified by the Department. Such violation giving rise to the prohibition could jeopardize the health and safety of the residents if allowed to remain uncorrected or is a repeat violation over a twelve (12) month period.

(d) An emergency order shall contain the following:
   1. The scope of the order;
   2. The reasons for the issuance of the order;
   3. The effective date of the order if other than the date the order is issued;
   4. The person to whom questions regarding the order are to be addressed; and
   5. Notice of the right to a preliminary hearing.

(e) Unless otherwise provided in the order, an emergency order shall become effective upon its service to the owner, the director, or any other agent, employee, or person in charge of the home at the time of the service of the order.

(f) Prior to issuing an emergency order, the commissioner or his designee may consult with persons knowledgeable in the relevant field and a representative of the home to determine if there is a potential for greater adverse effects on residents in care as a result of the emergency order.

(1) All adverse actions to enforce the Rules and Regulations for Maternity Homes shall be initiated in accordance with the Rules and Regulations for Enforcement of Licensing Requirements, Chapter 290-1-6, and O.C.G.A. §§ 49-5-12, 49-5-12.1, 49-2-17 and § 49-5-60 et seq. and the requirements set forth herein.

(2) Failure to Apply for License. No maternity home shall be operated or residents admitted without a license. Failure or refusal to file an application for a license shall constitute a violation of Chapter 5 of Title 49 of the Official Code of Georgia Annotated. Any person who fails or refuses to file an application for a license shall be subject to the penalties provided by law including, but not limited to, an order to cease and desist operating a home.

(3) Imposition of Sanctions. The Department may refuse to grant a license for the operation of any maternity home which does not fulfill the minimum requirements of these rules, may revoke a license which has been issued and may invoke other sanctions if a home violates any of these rules and regulations. Before any order is entered refusing a license applied for, revoking a license, or imposing a civil penalty; the applicant or license holder shall be afforded an opportunity for a hearing as provided in Article 1 of Chapter 2 of Title 49 and Article 1 of Chapter 5 of Title 49 of the Official Code of Georgia Annotated.

(4) No license shall be issued to any governing body which has been denied a license by the Department during the previous twelve (12) months. No license shall be issued to any governing body which has had a license revoked by the Department during the previous twelve (12) months.

(5) The Department is empowered to institute appropriate proceedings in a court of competent jurisdiction for the purpose of enjoining violation of any applicable provision of Title 49 of the Official Code of Georgia Annotated, or of these rules and regulations.

(6) Inspection Warrants. The commissioner or the commissioner's designee may obtain an inspection warrant authorizing the commissioner or the commissioner's designee to conduct a search or inspection of property either with or without the consent of the person whose property is to be searched or inspected if such search or inspection is pursuant to the enforcement of rules and regulations duly promulgated pursuant to residential child care licensing law.

(7) Plans of Correction. If the Department determines that either a maternity home or a facility applying to become licensed as a maternity home does not comply with the rules, the Department shall provide written notice specifying the rule(s) violated and setting a time for the home not to exceed 10 business days within which to file an acceptable
written plan of correction where the Department has determined that an opportunity to correct is permissible. If such plan of correction is determined not acceptable to the Department because it does not adequately correct the identified violation, the Department will advise the home or facility applying to become licensed that the plan of correction is not acceptable. The Department may allow the home to submit a revised plan of correction.

(a) The home shall comply with an accepted plan of correction.

(b) Where the Department determines that either the maternity home or the facility applying to become licensed as a maternity home has not filed an acceptable plan of correction or has not complied with the accepted plan of correction, the Department may initiate an adverse action to enforce these rules.

(8) Required Notifications for Revocations and Suspensions. The maternity home shall notify each resident's parents and/or legal guardians of the Department's actions to revoke the license or seek an emergency suspension of the home's license to operate.

(a) The official notice of the revocation or emergency suspension action and any final resolution, together with the Department's complaint intake phone number and website address, shall be provided by the home to each current and prospective resident's parents and/or legal guardians.

(b) The home shall ensure the posting of the official notice at the home in an area that is visible to each resident's parents and/or legal guardians.

(c) The home shall ensure that the official notice continues to be visible to each resident's parents and/or legal guardians throughout the pendency of the revocation and emergency suspension actions, including any appeals.

(d) The home shall have posted in an area that is readily visible to each resident's parents and/or legal guardians any inspection reports that are prepared by the Department during the pendency of any revocation or emergency suspension action.

(e) It shall be a violation of these rules for the home to permit the removal or obliteration of any posted notices of revocation, emergency suspension action, resolution, or inspection survey during the pendency of any revocation or emergency suspension action.

(f) The Department may post an official notice of the revocation or emergency suspension action on its website or share the notice of the revocation or emergency suspension action and any information pertaining thereto with any other agencies that may have an interest in the welfare of the residents in care at the home.
(g) The Department may suspend any requirements of these rules and the enforcement of any rules where the Governor of the State of Georgia has declared a public health emergency.

Rule 290-5-32-.02. Regulation of Abortion Procedures Subsequent to the First Trimester.

(1) No abortion is authorized nor shall be performed after the first trimester unless the abortion is performed in an abortion facility; provided, however, that abortion procedures performed in an ambulatory surgical treatment center shall be limited to dilatation and evacuation procedures (D & E).
(2) No abortion is authorized nor shall be performed after the second trimester unless the attending physician and two consulting physicians certify in writing and make such statement a part of the medical records of the patient that said abortion is necessary in their best clinical judgment to preserve the life or health of the woman. If the product of such abortion is capable of meaningful or sustained life, medical aid then available must be rendered in order to achieve this result.

(3) Nothing in these Rules and Regulations shall require an abortion facility or physician to admit any patient for the purpose of performing an abortion. In addition, any person who shall state in writing an objection to any abortion or all abortions on moral or religious grounds shall not be required to participate in procedures which will result in such abortion, and refusal of such person to participate therein, shall not form the basis for any claim for damage or account of such refusal or for any disciplinary or recriminatory action against such person. The written objection shall remain in effect until such person shall revoke it or terminate his association with the facility with which it is filed.

19-7-52, 19-11-1 through 19-11-37, 19-11-100 through 19-11-190, 49-5-1 et seq., 50-13-1 through 50-13-11.

Rule 290-7-1-.02. Purpose and General Provisions.

(a) The purpose of these rules is to specify procedures for the establishment and enforcement of child support obligations as authorized and required by certain laws of Georgia, including but not limited to, the "Child Support Recovery Act" ("CSRA"), codified at sections 19-11-1 through 19-11-39 and the "Uniform Interstate Family Support Act," codified at sections 19-11-100 through 19-11-191.

(b) In compliance with State and Federal Laws, the Department of Human Services hereby operates a program for locating parents or putative parents, establishing paternity, establishing or modifying support obligations, enforcing support obligations, and collecting child support. The program shall operate in accordance with the requirements of Title IV-D of the Social Security Act, applicable requirements of Title IV-A of the
Social Security Act, and applicable State law. The program will cooperate with other states by providing assistance in carrying out program functions.

(c) When carrying out its child support responsibilities, the Department proceeds on behalf of the child or children involved. Neither the Department nor its attorneys (including Assistant District Attorneys and Special Assistant Attorneys General) represent any recipient of child support enforcement services nor any person who has applied for services. The submission of an application for services does not create a contractual relationship between the Department and any person or persons.

(d) The Department will provide services or activities required to be provided and described in Title 45 of the Code of Federal Regulations, Chapter III, Part 302 and Part 303. Any optional services or activities specified in Part 302 or Part 303 may be provided where, in the Department's sole discretion, on a case by case basis its application is determined to further the goals of the child support program. The aforementioned federal regulations are hereby adopted by these Rules by specific reference.

(e) Pursuant to section 19-11-24 of the Official Code of Georgia Annotated, conformity with federal law is required and the Department is specifically authorized by Georgia law to "adopt regulations necessary to prevent conflict with federal law or the loss of federal funds."

(f) The Department is categorically unauthorized to address issues of custody or visitation. Thus, in any action initiated by the Department pursuant to the CSRA or the Uniform Interstate Family Support Act ("UIFSA"), the action shall be limited solely to the issue of support and shall exclude issues of visitation, custody, property settlement, or other similar matters otherwise joinable by the parties. A court proceeding under UIFSA may not condition the payment of a support order upon compliance by a party with provisions for visitation. The sole exception to this provision shall be in an action involving the enforcement or modification of a child support order containing a "parenting time" deviation entered under O.C.G.A. § 19-6-15(i)(2)(K).

(g) The "child support guidelines" of Georgia are established by the General Assembly and are published at section 19-6-15 of the Official Code of Georgia Annotated and must be considered by all courts and administrative tribunals in any proceeding involving child support.

(h) In any administrative hearing held pursuant to these Rules, the procedural rules of the Office of State Administrative Hearings apply, except where an applicable federal or state law or a federal regulation would require that a different procedure be applied.
Rule 290-7-1-.03. Definitions.

(a) "Administrative Hearing" means the evidentiary hearing conducted by an administrative law judge ("ALJ") appointed by the Office of State Administrative Hearings ("OSAH") in accordance with these Rules, any rules promulgated by OSAH, and the statutory provisions of the Georgia Administrative Procedure Act.

(b) "Administrative Procedure Act" means that law codified at Official Code of Georgia sections 50-13-1 through 50-13-23.

(c) "Arrearage" means an amount of money calculated by the Department or a court representing the total amount of support owed less the actual amount of support paid by an obligor. An obligor who is "in arrears" is subject to any administrative or civil enforcement action allowed by law.

(d) "Child support" means any periodic or lump-sum payment of cash as well as the duty to provide health insurance on behalf of a child or to pay for uninsured medical expenses of a child or any other obligation imposed or imposable under Georgia's child support guidelines (see O.C.G.A. § 19-6-15).

(e) "Child support obligation" means any obligation of support imposed or imposable by law, court or administrative order, decree or judgment or administrative decision.

(f) "Consent agreement" means an agreement entered into between the Department and one or more obligors setting forth the obligor's child support obligation.

(g) "Consent order" means the order issued by the administrative law judge based on a signed consent agreement.

(i) "Department" means the division within the Georgia Department of Human Services which provides and administers child support services under the IV-D program.

(j) "Enforcement" refers to the entire array of administrative or civil actions available to the Department to collect child support or an arrearage from one or more obligors.

(k) "Enforcement deferral" is a non-contractual writing between the Department and the obligor providing that the Department shall voluntarily refrain from taking specified enforcement actions so long as the obligor is making payments in accordance with the schedule specified in the document.

(l) "Establishment" means the process, whether administrative or civil, of the determination of paternity and the duty of a parent or parents to pay child support.
(m) "FIW" means either an income deduction order issued by a court pursuant to O.C.G.A. § 19-6-30 et seq. or an administrative order for income withholding issued by the Department pursuant to section 19-6-32. FIW is also an acronym for the federally-issued "Federal Income Withholding" form (OMB Form # 0970-0154) which must be utilized by all IV-D agencies.

(n) "Foreign order" means an order issued by a court or an administrative entity located in a jurisdiction other than Georgia, including other countries if the United States government or Georgia has a reciprocity agreement with said country.

(o) "IV-D order" means any order or judgment of a court of this state, any order or judgment of a court of another state or any administrative decision of this state issued under O.C.G.A. § 50-13-1 et seq. or any final administrative decision or order of another state setting forth an obligation to pay child support if a proper person has either applied for services from the Department or has received public assistance.

(p) "Modification" refers to either the administrative or civil process of reviewing a child support order and then seeking a court order adjusting the original child support order. Modification is triggered when a support order:

(1) provides for a support amount which is no longer consistent with the provisions of O.C.G.A. § 19-6-15; or,

(2) contains a legal defect of any sort which the Department deems necessary to correct to make an order fully enforceable under the laws of this state; or,

(3) requires the inclusion of medical support when available at reasonable cost. Review and modification may also be triggered by the mere passage of time if the obligee or child is receiving public assistance.

(q) "Nonparent custodian" means, in accordance with O.C.G.A. § 19-6-15, an individual who has been granted legal custody of a child, or an individual who has a legal right to seek, modify, or enforce a child support order (such as a guardian or guardian ad litem). Nonparent custodians are usually, but not always, a relative of the child such as a grandparent.

(r) "O.C.G.A." refers to the Official Code of Georgia Annotated. The specific references to sections of O.C.G.A. in these rules are to those laws in effect at the time these rules were promulgated. If, at some later date, the O.C.G.A. is revised, then these rules are to be construed in accordance with current law. If O.C.G.A. section numbers are changed, the O.C.G.A. references herein shall refer to the then-applicable law.

(s) "Obligee" means the person to whom a child support obligation is owed under any court order or administrative order for child support.

(t) "Obligor" means the person who is responsible for paying a child support obligation under any court order or administrative order for child support.
(u) "Putative obligor" means any person who is alleged to owe a duty to support a child or children.

(w) "Underemployed" means either a complete failure to seek employment or the acceptance of employment at a level of compensation which does not reasonably reflect a person's earning potential or a refusal without good cause to accept employment which is otherwise reasonably available.

Authority: O.C.G.A. §§ 19-6-30, 19-6-31, 19-6-32, 19-6-33, 19-11-4, 19-11-24, 49-5-1, 50-3-1 et seq.

**Rule 290-7-1-.04. Establishment of Child Support Obligation.**

(a) Initial investigation. In cases in which no child support order already exists, the Department may conduct an investigation in accordance with O.C.G.A. § 19-11-10 to determine the ability of a putative obligor to support his/her child(ren). The Department will calculate the amount of the support award based on the standards set forth at O.C.G.A. § 19-6-15. If paternity is contested, the Department shall pursue a determination of paternity as permitted by law.

(b) Genetic Testing

(1) In accordance with Georgia law as amended in 2015, genetic testing will be required in any case in which paternity is at issue and paternity has not previously been established. In such instances, the Department will issue an order for genetic testing, which will be provided to both putative parents of the child at issue. The order shall specify the time and place for genetic samples to be obtained. An applicant for services who fails to comply with the order for genetic testing is failing to cooperate with the Department, and his/her case is subject to administrative closure. An application will not be deemed complete unless accompanied by an applicant's sworn statement alleging or denying paternity. The sworn statement is required by law, O.C.G.A. § 19-7-43. A defendant in a paternity case who fails to comply with the departmental genetic testing order shall be held to have waived any right to genetic testing in the case or in any proceedings involving the Department. The Department may initiate litigation prior to the completion of genetic testing, in which case the testing shall take place as ordered by the court. Genetic testing will not be pursued in cases involving adoption or the use of reproductive assistance techniques which would negate
biological relations (such as embryo donation, egg donation, sperm donation, etc.). The cost of genetic testing shall be cast upon the defendant if the results show that the defendant is the biological parent of the child.

(2) Any genetic material collected for a paternity test shall be destroyed by the Department and any contractor, vendor, or laboratory authorized to do testing for the Department no earlier than one year but no later than two years from the date that the result of such test is transmitted to the Department. The Department may extend this period of time if needed due to a continuing court action or legal dispute by notice to the contractor, vendor, or laboratory. Neither the Department nor any contractor, vendor, or laboratory authorized to do testing for the Department may share the genetic material with any other person or agency, or use the genetic material for any purpose other than the determination of paternity. The contractor, vendor, or laboratory must agree to comply with terms and conditions set forth within a contract for services with the department including but not limited to liquidated damages due to the improper release, use, or failure to destroy information or materials associated with paternity testing services.

(c) Consent agreement. When the investigation is complete, the Department will request that the putative obligor enter into a consent agreement to provide child support (including medical support) and to provide medical insurance when available to the putative obligor in accordance with O.C.G.A. § 19-11-26. Subsequently, the Department will submit a signed consent agreement to OSAH for the issuance of a support order and will issue an FIW after entry of the consent order if the obligor is employed.

(d) Establishment at Hearing. If the Department is unable to secure a consent agreement from the putative obligor, the Department will file a request for hearing before an administrative law judge appointed by OSAH to determine the duty of and ability of the putative obligor to provide child support. The amount of the support shall be determined in accordance with O.C.G.A. § 19-6-15 and shall include medical insurance for his/her children when available pursuant to O.C.G.A. § 19-6-15(h)(2)(B)(iii) or available at reasonable cost pursuant to O.C.G.A. § 19-11-26. An administrative hearing and any appeal therefrom under this Rule shall be in accordance with the procedures set forth at Rule 290-7-1-.19.

(e) If a nonparent custodian is the party seeking establishment, the Department may proceed against all natural or adoptive parents of the child in the same proceeding unless jurisdictional defects require separate proceedings. Although a nonparent custodian applying for services may seek establishment against only one parent, the Department in its sole discretion may choose to proceed against both parents of the child(ren).

(f) As required by federal law, when TANF, Medicaid, or other public assistance is paid by the State of Georgia on behalf of a child, a referral is automatically made to the Department for establishment services. In such public assistance cases, the Department may proceed without an application for services in order to collect a public debt owed to
the State of Georgia. In such public assistance cases only, the Department may seek to establish a support obligation even though the custodian of the child does not have legal custody.

(g) The Department may, in its sole discretion, elect to proceed in superior court to establish any child support obligation rather than proceed through OSAH.

Rule 290-7-1-.05. Fees and Collection Procedures.

(a) Application Fees: all persons applying for services from the Department are required to pay a $25 application fee, or other amount as federally required, unless the applicant is currently receiving TANF or some other form of public assistance.

(b) FSR Fees: The Department controls the "family support registry," a central registry which operates on behalf of the department to receive, process, disburse, and maintain a record of all child support payments paid to the Department or paid pursuant to an income deduction order.

(1) The Department shall collect a fee of up to $30.00 for processing of insufficient funds checks.

(2) The Department shall collect an administrative fee of up to $2.00 per payment or 5 percent of each payment, whichever is the lesser.

(c) DRA Fees: The Department is required by the federal Deficit Reduction Act and state law to collect an annual fee from obligors. Such fee shall only apply to the obligor when no individual in the case has received assistance under a State TANF program, former State AFDC program and Tribal TANF program of the federal Social Security Act. The annual
fee is $35.00 for each case. The Department shall retain and collect this fee through income withholding or any other enforcement remedy available to the Department.

(d) Other Fees

(1) For any person not currently receiving TANF or Family Medicaid assistance, or whose gross monthly income is not less than an amount determined by the Department and set by policy based upon the current minimum wage, a non-refundable fee of up to $100.00 is required for review and modification pursuant to code section 19-11-12, payable upon completion of the review process, except in cases proceeding under UIFSA.

(2) A fee of $25.00 shall be retained and deducted from any intercept of federal tax refunds, as required by federal law.

(3) A fee of $12.00 shall be retained and deducted from any intercept of state tax refunds.

(4) Genetic testing will often be utilized as required by law to establish a putative parent's biological relationship to a child. The genetic testing fee will be based on the contracted rate at the time the test is administered. If the putative obligor is confirmed as a parent and paternity is established, the obligor is responsible for paying the genetic testing fee at the time the court or administrative tribunal enters an order. If the putative father is excluded as a possible parent then the person who named the putative father shall be liable to the department for reimbursement of the paternity testing fee.

(5) The Department shall charge a fee of up to $10.00 for each certification regarding entries on the putative father registry (see O.C.G.A. § 19-11-9(f)).

(e) An applicant for services from the Department is not permitted to close his/her case if any fees required by this Rule remain unpaid.

(f) An applicant for services who closes his/her case after a civil action has been initiated by the Department shall be responsible for reimbursing the Department for any court costs or service fees arising from said civil action for which the Department was required by law to pay.

(g) In any enforcement proceeding brought by the Department, should it prevail, the court may award the Department its reasonable attorney's fees and actual court costs.

(h) In the collection of overdue fees, the Department may utilize any collection mechanism existing within Title 19 of the Georgia Code, from either the obligee or the obligor. The Department is authorized to add an amount to any order for income withholding as needed to offset the total amount of fees owed under this Rule.
(i) In compliance with O.C.G.A. § 50-16-18, the Department has limited authority to "write off" any fees otherwise due under this Rule and zero out a fee account if, upon review by accounting personnel or by counsel, and subsequent certification by the Commissioner, the Department concludes that the account receivable is no more than $100 and that the account is uncollectible or that the cost of collecting on the fee account would likely equal or exceed the fee amount owed.

(j) Any person aggrieved by an effort of the Department to collect a fee under this Rule shall be entitled to an administrative hearing. An administrative hearing and any appeal therefrom under this Rule shall be in accordance with the procedures set forth at Rule 290-7-1-.19.

Rule 290-7-1-.06. Periodic Review and Modification of Child Support Obligations.

(a) This Rule applies to periodic redeterminations of support requested under sections 19-11-16 and 19-11-17 of the Georgia Code as well as review and modification under section 19-11-12 of the Georgia Code.

(b) The Department may conduct periodic redeterminations and reinvestigations of the ability of the parent to furnish support upon the receipt of an application for services from an obligor or obligee. An application for modification shall not be deemed to be received until the applicant submits all information required by the Department in the application packet. If either party requests redetermination under section 19-11-17, the party shall be informed that Georgia law has changed since section 19-11-17 was enacted and that, now, all redeterminations must proceed under section 19-11-12 and this Rule.

(c) The Department shall notify the obligor and obligee of the opportunity for a review of their IV-D order at least once every three years in accordance with the provisions of O.C.G.A. § 19-11-12 and these regulations. The Department, either parent, a nonparent custodian may request a review of the IV-D order for potential modification at that time by submitting an application for review and modification. If no review is applied for, no action need be taken by the Department prior to the expiration of the next applicable review period unless the case involves the receipt of TANF benefits - such orders shall, as mandated by federal law, be subject to mandatory review every three years without request.
(d) Where a child is born to an obligee and obligor who are already subject to a child support order being enforced by the Department, the procedures of this Rule may be utilized to add the child to the order by consent. If the obligor and obligee do not consent to adding the child to the order, the Department shall initiate a new civil action in superior court seeking to establish support for the new child and modifying the original order to add that child as a dependent covered by the order.

(e) When a review application is received, the Department shall notify the obligee and the obligor(s) at least 30 days before the commencement of the review of the local office undertaking the review unless notice is waived by the obligee and obligor(s). However, both the obligee and obligor(s) may be asked to submit necessary information during the aforementioned 30 day period. At the review, the child support guidelines codified at O.C.G.A. § 19-6-15 shall be used to determine the appropriate amount of the child support obligation under the facts existing at the time of review. In determining whether a change in circumstances exists necessitating modification of a IV-D order, the Department shall consider the following:

1. The Department may seek an upward modification if the calculated support award is a 15% or greater increase than the current support award with a minimum $25 per month increase. The Department may consider evidence that the obligor is underemployed or otherwise artificially suppressing income.

2. The Department may seek a downward modification if the obligor is not underemployed and if the calculated support award would result in a 15% or greater decrease of the current support award with a minimum $25 per month decrease. The Department may consider evidence that the (1) obligor is medically certified disabled to work and such condition is expected to continue one year or longer; or (2) the obligor has experienced an involuntary loss of income in accordance with O.C.G.A. § 19-6-15(i); or (3) the obligor has subsequently incurred an additional child support obligation.

3. The Department may seek a modification requiring any obligor to procure health insurance for his/her child(ren) if health insurance is reasonably available to the obligor at reasonable cost. See O.C.G.A. §§ 19-6-15, 19-11-26. If the IV-D order does not provide for the payment of uninsured medical expenses, modification will be sought to provide for medical support payments as appropriate under the circumstances of the case.

4. The Department may seek a modification if, upon sentencing, the obligor will be incarcerated for more than 180 calendar days.

(f) After a review is conducted, the agency recommendation will be sent by first-class mail to the obligor and obligee at their last known addresses of a proposed adjustment or a determination that there should be no change in the child support award amount.

(g) In the case of an administrative support order, the Department shall file the agency recommendation with OSAH. If neither the obligor nor obligee objects to the agency
recommendation in writing sent to the Department within 33 days of mailing of the agency recommendation, the ALJ shall, after being notified by the Department of the lack of objection, enter an order adopting the agency recommendation. If a written objection is received within the 33 day period following mailing of the agency recommendation, the ALJ shall schedule a hearing. The parties may, at any time following the filing, enter into a consent agreement to modify the support order.

(h) In the case of a judicial order, the Department shall file a petition with the court to adopt the agency recommendation contemporaneously with the mailing of the agency recommendation under paragraph (f). The petition shall be served upon the obligor and obligee in accordance with O.C.G.A. § 9-11-4. If no party files an objection with the clerk of court within 30 days from the date of service of the petition, the court shall issue an order adopting the agency recommendation. If any party files an objection within 30 days of having been served, the court shall schedule a de novo hearing. The parties may, at any time following filing of the petition, enter into a consent agreement to modify the support order.

(i) Any order, whether administrative or judicial, modified under this Rule shall also provide that medical insurance must be provided in accordance with O.C.G.A. § 19-6-15(h)(2)(B)(iii) and O.C.G.A. § 19-11-26.

(j) If arrears are owed by the obligor at the time of the review, the Department shall seek to have the amount of arrears established by the tribunal, along with a repay amount to be added as needed to pay off the arrearage. The repay amount is limited to a maximum of 20% of the support amount as modified.

(k) If the Department is hindered in its review of a IV-D order because it is unable to secure sufficient financial or other information necessary to complete the review from the applicant seeking modification, the Department may terminate the review due to lack of cooperation and no further action need be taken by the Department prior to the expiration of the next applicable review period. If any necessary party who is not the applicant for services fails or refuses to timely supply requested information, an administrative subpoena may be issued in accordance with O.C.G.A. §§ 19-11-11 and 31-5-4. In its discretion, the Department may temporarily halt the review and seek judicial enforcement of the administrative subpoena by the appropriate superior court.

(l) An administrative hearing and any appeal therefrom under this Rule shall be held in accordance with the procedures set forth at Rule 290-7-1-.19.
(a) The Department is authorized by law to accept applications for services only in circumstances where a dependent child is involved. If there is no dependent child involved, the Department is not authorized to accept a new application for services. For example, if all children owed support under an order have emancipated, married, or turned 18 years of age and only arrears are owed, the Department cannot accept a new application for services. However, if the Department is already providing services under the CSRA when the child or children emancipate(s), the Department may continue to provide any services allowed by law.

(b) The Department may accept applications for services from any parent of a child residing in Georgia (meaning the natural or adoptive parents of a child who resides in Georgia).

(c) The Department is authorized to accept an application for establishment services from a father of a child born out of wedlock only if his paternity of the child has been established in a judicial proceeding or if he has acknowledged paternity under oath either in open court, in an administrative hearing, an acknowledgement of paternity as defined in O.C.G.A. § 19-7-46.1, or in a notarized affidavit attached to an application for services.

(d) The Department is authorized to accept an application for services from a nonparent custodian of a child or children residing in Georgia.

(e) The Department is authorized to accept any application for services from a parent or nonparent custodian of a child residing anywhere if the putative obligor is located within the boundaries of the State of Georgia.

(f) The Department will not accept an application for services submitted by any individual or entity on behalf of someone else unless the individual or entity submitting the application is a legal guardian of the obligee or a private collection agency duly registered and authorized under Georgia law.

(g) The Department is authorized to accept an application for any and all services available under the CSRA from an obligee or an obligor, including applications for review and modification of a support order.

(h) The Department is authorized to dictate the form and substance of its application for services and shall accept only those applications made on approved forms or through the Department's web portal.

(i) Any applicant who fails to provide information requested by the Department as needed to accurately calculate an amount of child support under Georgia's child support guidelines shall be deemed to be non-cooperative and the application shall be subject to rejection at the Department's sole discretion.

(j) The applicant must pay all fees required under these rules at the time the application for services is submitted unless federal law provides otherwise.
Rule 290-7-1-.08. Federal and State Tax Refund Intercept Program.

(a) As used in this Rule, the following terms shall have the following meaning:

(1) "tax refund intercept program" also known as "tax offset program"; the program through which tax refunds are intercepted to satisfy support obligations that are in arrears.

(2) "tax offset processing year" the year that tax refunds are actually sent to the taxpayer. For example, a name certified for tax offset in September 2009 is certified for the 2010 "tax offset processing year."

(3) "legitimately in dispute" used to denote that the obligor has presented cancelled checks, copies of money orders, court records, court orders, etc., which appear to refute the claim by the obligee that support payments have been missed. The obligor's "word" that he or she has made the payments is not sufficient evidence that support payments have been made. The term is not intended to convey the settlement of the dispute. Ultimately, the court issuing the child support order will have to determine what is actually owed.

(4) "federal tax offset fee" a fee of $15.00 will be deducted each time a federal tax offset payment is received.

(5) "TANF arrearage" past-due support debts which accrued during the time an obligee or child receives TANF assistance (including foster care); except that if the obligee or child no longer receives TANF, the past-due support certified as a "TANF arrearage" must be limited to the debt owed to the State of Georgia.

(6) "non-TANF arrearage" past-due support owed to obligees or nonparent custodians of qualified children or a qualified child and the parent with whom the child is living if the same support order includes support for the child and the parent. A qualified child is a child who is a minor and for whom an order is in force.

(7) "state tax offset fee" a fee of $12.00 will be deducted each time a state tax offset payment is received.

(b) Eligible Cases

(1) Intercept enforcement remedies may be used for cases which involve a delinquent court or administrative ordered amount of child support and the State has an
assignment of rights to support as a result of the receipt of TANF public assistance or the non-TANF recipient of services has made application for or is otherwise receiving IV-D enforcement services. Requirements for the various programs are provided below:

(A) TANF (including Foster Care) Tax Offset Certification Requirements

(i) The support obligation must have been established by court order or an administrative order from a IV-D agency of competent jurisdiction.

(ii) The TANF arrearages must be at least $150.00 for tax offset.

(iii) The arrearages must be at least $500.00 for state tax offset regardless of case type.

(iv) Before submittal, the Department or the Department of Family and Children Services has verified the accuracy of the obligor's name and social security number and the amount of past-due support for which there is a TANF assignment in effect.

(v) The Department has a copy of the payment record.

(vi) The validity of the debt is not legitimately in dispute.

(vii) In intergovernmental cases, the federal certification can only be made by the state which has the TANF assignment. Any enforcing state must be advised that the obligor's name is being certified for federal refund offset. It may also be necessary to communicate with the enforcing state for purposes of verification of arrears, obtaining a copy of the payment record, etc.

(B) Non-TANF (including Foster Care) Tax Offset Certification Requirements

(i) The obligee (including a nonparent custodian) must have applied for the child support services. The support obligation must have been established by court order or an administrative order from a IV-D agency of competent jurisdiction.

(ii) The non-TANF arrearages must be at least $500.00 for Federal and State certification. (NOTE: If the obligee currently receives TANF, all arrearages are certified under the TANF category. If the obligee previously received TANF, but does not currently receive it, the debt due the Department must be certified under the TANF category. Any remaining arrearages due the obligee would be certified under the non-TANF category.)
(iii) The validity of the arrearage is not legitimately in dispute.

(iv) In intergovernmental cases, the federal certification can only be made by the state where the obligee resides or has made application for child support services. Any enforcing state must be advised that the obligor's name is being certified for federal refund offset. It may also be necessary to communicate with the enforcing state for purposes of verification of arrears, obtaining a copy of the payment record, etc.

(v) Before submittal, the Department has verified the accuracy of the obligor's name and SSN and the amount of delinquent support.

(vi) The Department has a copy of the order and any modifications and has a copy of the payment record.

(vii) TANF and foster care records have been checked to see if there is an arrearage amount owed to the State of Georgia.

(viii) The department has the obligee's current address.

(c) Notice and appeal rights

(1) Prior to certifying a tax intercept to either the Internal Revenue Service or the Georgia Department of Revenue, written notice must be provided to the obligor. An obligor notified of a planned tax intercept who wishes to contest the certification of the intercept must request an administrative hearing within 30 days of the date of the written notice. If no written request for a hearing is received by the Department within 30 days of the date of the written notice, the Department will not stop the tax intercept.

(2) If an obligor timely seeks administrative review of the planned tax certification, the Department shall, within 21 days of receipt of the written request, initiate an administrative hearing before OSAH (see Rule 290-7-1-.19).

(3) Federal regulations require the Department to initiate a pre-offset hearing if timely requested by an obligor. See 45 C.F.R. §§ 303.102, 303.72.

(4) Upon receipt of notice that a federal or state refund has been offset, the obligor may contest the offset by requesting an administrative hearing. The request must be received by the Department within 30 days of the mailing of the notice.

(d) Under no circumstances shall any tribunal hearing a tax intercept appeal retroactively reduce or modify child support arrears.
(e) If an obligor in a case being enforced by the Department relocates without notifying the Department of his or her new address, the obligor shall be deemed to have waived his or her right to any written notices otherwise required by this Rule.

(f) An administrative hearing and any appeal therefrom under this Rule shall be held in accordance with the procedures set forth at Rule 290-7-1-.08.

Rule 290-7-1-.09. Garnishment and Orders to Withhold and Deliver.

(a) If any Georgia court has issued a final order adjudicating an amount of child support arrears owed by an obligor, the Department shall be entitled to commence a garnishment proceeding or to issue an FIW to an obligor's employer in accordance with these Rules, or shall be entitled to issue an "Order to Withhold and Deliver" to any employer of the obligor without further notice or proceedings.

(b) If an amount of arrears has not been previously adjudicated by a Georgia court or a foreign court, the Department shall be entitled to commence a garnishment proceeding or to issue an order to withhold and deliver if:

1. the obligor has received notice of a final administrative decision of his/her support obligation; or

2. the obligor has entered into a written agreement with the Department to provide child support; and

3. the obligor fails to make support payments within thirty days of the due date specified in the civil order, administrative decision or written agreement and the Department has mailed a written notice to the obligor notifying obligor of its intent to withhold funds and obligor fails to send a written notice contesting the amount of arrears within 15 days of mailing of a notice by the Department.

(c) If an obligor whose arrears have not been judicially adjudicated contests the amount of the garnishment or the Order to Withhold and Deliver in a timely manner in accordance with this Rule, the Department shall initiate an administrative hearing before OSAH.

(d) An administrative hearing and any appeal therefrom under this Rule shall be held in accordance with the procedures set forth at Rule 290-7-1-.19.
Rule 290-7-1-.10. Issuance of Orders for Income Withholding.

(a) The Department is authorized by law to issue an order for income deduction without need for any amendment to the order involved or any further action by the court or entity that entered the order. The Department shall utilize the "FIW" or Federal Income Withholding form when issuing such an order for income deduction, as required by federal regulations. The FIW shall be issued immediately after entry of a child support order in any case wherein the obligor is currently employed. The obligor is responsible for direct payment of support (to the Department's family support registry) between the effective date of the order and the issuance of the FIW. The Department may adjust the starting date of an order to coincide with the issuance of the FIW at its discretion. For example, if the putative obligor and the obligee both consent to a support order on June 1, the Department may make the support obligation effective on July 1 in order to ensure that the FIW is implemented prior to the first support payment coming due.

(b) Copies of the support orders, which include a provision for income deduction, issued by the Department shall be mailed to the obligee and obligor. All obligees and obligors are required to notify the Department of any change of residential address; obligors must also inform the Department of any change in employment. The failure by an obligor or obligee to notify the Department of a change of address will be deemed to waive the notice requirement of this Rule with regard to that person.

(c) The enforcement of the order for income deduction may only be contested on the ground of mistake of fact regarding the amount of support owed pursuant to a support order, the amount of the arrearages, or the identity of the obligor.

(d) A person wishing to contest the enforcement of an income withholding by the Department on one of the grounds listed above must request an administrative hearing within 14 days of the mailing date of the notice of income deduction. The request for hearing must be mailed to the DCSS office that issued the FIW. The request for a hearing does not stay enforcement of the withholding unless the administrative law judge enters an order granting relief for good cause shown.

(e) An administrative hearing and any appeal therefrom under this Rule shall be held in accordance with the procedures set forth at Rule 290-7-1-.19.

(f) The Department is authorized to add arrears repayment amounts ordered by a superior court or OSAH, as well as amounts sufficient to cover any fees owed by the obligor under these Rules.
Employers

(1) An employer receiving an FIW may collect up to $25 against the obligor's income to reimburse the employer for administrative costs for the first income deduction and up to $3.00 for each deduction thereafter. The employer may not impose or deduct any other fee for complying with the FIW.

(2) Any payor subject to an FIW or Order to Withhold and Deliver may not discharge or terminate an obligor by reason of the fact that income has been subjected to income withholding. The Department is authorized to impose civil penalties against any payor who violates this provision.

(3) Employers are hereby informed that an FIW has priority over all other legal processes under state law pertaining to the same income. Payment as required by the FIW is a complete defense by the payor against any claims of the obligor or his creditors as to the sum paid. See O.C.G.A. § 19-6-33(e)(9).

(4) The Department may issue the FIW electronically to those employers which have implemented electronic income withholding through the U.S. Department of Health & Human Services Office of Child Support Enforcement. Receipt of the electronic income withholding order constitutes receipt of all notices to payors required by code section 19-6-33.

Rule 290-7-1.11. Passport Suspension.

(a) Section 454(31) of the Social Security Act makes participation in the Passport Denial program a IV-D State plan requirement. All States are required to have in effect a procedure to certify to the Federal Office of Child Support Enforcement ("OCSE") individuals who owe child support arrears in excess of $2,500. The States are also required to provide notice to individuals and give them an opportunity to contest the Department's determination of the arrears amount. When a State submits a case to OCSE with arrears in excess of $2,500 (or the State submits an increase to an existing case that causes the arrears to exceed $2,500), OCSE automatically forwards the case to the United States Department of State for passport denial.

(b) The passport of an obligor may be denied, revoked, or restricted through the Federal Passport Program, if the child support debt is in excess of $2,500.
(c) In an intergovernmental case, only the certifying state has the authority to delete a noncustodial parent from the passport denial, revocation, or restriction process.

(d) The Department periodically issues letters setting forth the amount of arrears owed. An obligor who wishes to contest the determination of arrears must send a letter to the DCSS office that certified the case to OSCE requesting an administrative hearing. If an obligor receives a notice stating that the arrears amount is in excess of $2,500 and fails to seek a hearing within 30 days of mailing of the notice, the passport may be suspended by federal authorities without further notice or opportunity for hearing. If a hearing is timely requested, the issue at hearing is strictly limited to the amount of arrears or misidentification of the obligor. Neither the Department nor an administrative law judge ("ALJ") is authorized to reinstate a passport, only the federal government can do that. The Department is authorized only to certify the amount of arrears owed. In order to be removed from the certified list, an obligor must pay the arrears either in full or in an amount sufficient to bring the arrearage amount below the $2,500 threshold.

(e) The Department is authorized to remove an obligor from the certified list only upon payment of the arrears or upon receipt of a decision from the ALJ finding that the obligor is not in arrears or has been misidentified. However, the Department may, in its sole discretion, "exempt" an obligor from the certified list if:

1. The Department is convinced that the passport is necessary and indispensable to the obligor for the purpose of generating income needed to pay current support or arrears; and,

2. The obligor posts bond or some other form of surety payable to the Department for the full amount of the arrears owed; and,

3. The obligor enters into a written Enforcement Deferral with the Department setting forth the schedule for repayment of the arrears amount in addition to current support, if applicable. Failure by the obligor to adhere in full with the Enforcement Deferral shall result in forfeiture of the bond or surety posted by the obligor.

(f) An administrative hearing and any appeal therefrom under this Rule shall be held in accordance with the procedures set forth at Rule 290-7-1-.19.

Rule 290-7-1-.12. License Revocations or Suspensions.
Provision is made to withhold, restrict the use of, suspend, or revoke licenses for failure to pay child support and to establish criteria for reissuing the licenses. "License" means a certificate, permit, registration, or any other authorization issued by a licensing entity that allows a person to operate a motor vehicle or to engage in a profession, business, or occupation. "Licensing entity" means any Georgia agency, department, or board which issues or renews any license, certificate, permit, or registration to authorize a person to drive a motor vehicle or to engage in a profession, business, or occupation, including but not limited to those relating to: pest control; mortgage lenders and mortgage brokers; securities salespersons and investment adviser representatives; foresters; pharmacists; insurance agents, counselors, and other personnel; professions and businesses under Chapter 1 of Title 43; real estate appraisers; and real estate brokers and salespersons.

(a) The Department shall maintain a state-wide certified list, updated on a monthly basis, of all obligors who are not in compliance with a child support order being enforced by the Department. All licensing entities shall review the certified list and notify the Department if any applicant or licensee of the licensing entity is on the certified list. That notification shall include the applicant's or licensee's last known mailing address on file with the licensing entity.

(b) When an obligor accumulates an arrearage equal to or greater than 60 days' worth of support (which does not have to accumulate in consecutive months), the Department may seek to have the obligor's license withheld, restricted, suspended or subsequently revoked by the licensing entity. This rule applies to support ordered by a court of this or any other state, territory, or district of the United States, including support ordered by any administrative agency having the to issue a support order.

1. The arrearage which determines qualification for withholding, restricted use, suspension, or revocation of a license is based upon current support obligations due (including child, spousal, medical support and interest when applicable).

2. Withholding, restriction, suspension and revocation do not apply to an obligor who is paying child support and arrearages according to the terms of a court order.

(c) Any obligor subject to this Rule shall be mailed a notice of delinquency via first class mail and receipt by the delinquent obligor shall be presumed if the mailing is not returned to the Department within 30 days from the date of mailing.

(d) The obligor has 20 days from the date of mailing to come into compliance with the order or to reach an agreement with the Department to pay the delinquency. If an agreement cannot be reached within that time or the obligor does not respond within those 20 days, the agency will send notice to the licensing entity requesting that the license be suspended or the licensure application be denied.

(e) The obligor has 20 days from the date of mailing of the delinquency notice to request, in writing, an administrative hearing before OSAH. If a written request for a hearing is not
received within 20 days of mailing of the delinquency notice, the obligor is not entitled to a hearing.

(f) The licensing entity issuing the license shall notify the delinquent obligor by certified mail or statutory overnight delivery of the date that the license has been denied or suspended.

(g) In an administrative hearing under this Rule timely requested by an obligor, the only issues at the hearing will be the following:

1. Whether there is an order for child support being enforced by the Department pursuant to the Act;

2. Whether the licensee or applicant is the obligor covered by that order;

3. Whether the support obligor is or is not in compliance with the order for child support;

4. Whether the obligor shall be entitled to pay past due child support in periodic payments; and,

5. Whether the support obligor has been able and willing to comply with such order for support.

(h) The administrative law judge ("ALJ") shall consider evidence relating to the ability and willingness of an obligor to comply with such order for support in making the decision to either suspend a license or deny the issuance or renewal of a license under this Rule. The ALJ shall be authorized to enter an order or a consent agreement requiring periodic payments or to issue a release for the obligor to obtain each license or licenses. Any such order or agreement shall not act to modify an existing child support order, but rather only affects the payment of the arrearage.

(i) The initial decision of the ALJ may be affirmed, modified, or reversed by the Department within 30 days of issuance of the initial decision. If the Department declines to commence a review of the initial decision within 30 days, the ALJ's initial decision shall become the final agency decision.

(j) The final agency decision shall be subject to appeal and judicial review pursuant to Article 2 of Chapter 13 of Title 50 but only as to those issues referred to in this Rule.

(k) The right to administrative hearing under this Rule shall be the only hearing required to suspend a license or to deny the issuance of a license notwithstanding any hearing requirements otherwise applicable within the licensing entity involved.

(a) The Personal and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193), mandated that all states adopt the 1993 Uniform Interstate Family Support Act ("UIFSA") Model Act, and the 1996 amendments adopted by the National Conference of Commissioners on Uniform State Laws. The UIFSA was duly enacted by the General Assembly and is codified at sections 19-11-100 through 19-11-190 of the Georgia Code. The UIFSA was created to force uniformity in procedures and law with regard to intergovernmental establishment, enforcement, and modification of child support orders.

(b) The Department is the support enforcement agency in Georgia for all UIFSA actions.

(c) Upon request from another state, the Department as the receiving tribunal will provide the following services in a UIFSA proceeding:
   (1) Take all steps necessary to enable an appropriate court in this state or a tribunal of another state to obtain jurisdiction over the respondent;
   (2) Request an appropriate tribunal to set a date, time, and place for a hearing;
   (3) Make a reasonable effort to obtain all relevant information, including information as to income and property of the parties;
   (4) Within seven days after receipt of a written notice from an initiating, responding, or registering court, send a copy of the notice to the petitioner;
   (5) Within seven days after receipt of a written communication from the respondent or the respondent's attorney, send a copy of the communication to the petitioner; and
   (6) Notify the petitioner if jurisdiction over the respondent cannot be obtained.

(d) UIFSA does not create a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency, nor between the attorney and the referring state.

(e) Under UIFSA, the Department proceeds on behalf of the referring state, which in turn may be proceeding on behalf of an individual child or obligee.

(f) The underlying goals of UIFSA are to avoid duplicate actions proceeding at the same time in more than one state and to ensure that there is only one controlling order for child support in existence at any time, through the concept of "continuing exclusive jurisdiction" ("CEJ"). No state can modify an order in which Georgia has CEJ, and Georgia cannot modify an order of another state which itself has CEJ.
(g) Except as otherwise provided within UIFSA, Georgia substantive and procedural law shall be applied. However, there are exceptions, notably:

(1) the law of the issuing state governs the nature, extent, amount, and duration of current support payments and other obligations of support under the order; and,

(2) in a proceeding to collect arrears, the statute of limitation under the laws of Georgia or the issuing state applies, whichever is longer.

(h) A Georgia court cannot condition the payment of a foreign support order upon compliance with visitation provisions.

(i) The filing of a UIFSA proceeding does not create personal jurisdiction over the individual whose interests are being served; further, if that individual is physically present in Georgia to participate in a UIFSA proceeding, he or she is not amenable to service of process. The petitioner's physical presence is not required and he or she may testify or be deposed by telephone or other electronic means.

(j) The defense of non-parentage is disallowed if parentage has previously been determined by another tribunal by or pursuant to law.

(k) A party seeking to enforce a support order or an order for income deduction may send it directly to the Department and the Department may use any administrative enforcement procedure available to it under Georgia law without registering the foreign order; however, if the obligor contests the administrative action, the Department must register the order under section 19-11-161 of the Georgia Code. Registration is required in order for the Department to pursue any civil action based upon the foreign order, including a petition for contempt.

(l) The Department shall notify the "non-registering party" (almost always the obligor) of the registration by first class U.S. mail. The non-registering party has 20 days from receipt of the notice to request a hearing on the registration. If no request for a hearing is made within those 20 days, then the foreign order is confirmed by operation of law.

(a) The payment of public assistance to or on behalf of a child creates a debt due and owing to the State of Georgia by the parent or parents responsible for the support of the child.
By accepting such assistance on behalf of a child, the recipient assigns by law the Department the right to receive any child support owed for the child. The Department shall be subrogated to the right of the child or children or the person having custody to initiate any support action existing under the laws of Georgia and to recover any payments ordered by the courts of this or any other state.

(b) In the absence of any such public assistance, the submission of an application to the Department for child support services shall constitute an assignment of the right to the Department to receive any and all child support payments owed.

(c) Any collections received by the Department under the CSRA shall be distributed and deposited by the Department in conformity with state and federal law.

(d) Distribution of any child support being held by the Department shall be paid to the obligee within two days from receipt of same unless the obligor is entitled to an appeal under these Rules or state law and has exercised his or her right to appeal. In such instances, the Department is required to retain the collected amount until all appeals have been resolved.

(e) The Department is authorized to seek statutory interest only upon child support orders it was a party to, whether through establishment or modification, or, in intergovernmental cases, as permitted by the laws of a referring state or foreign jurisdiction as calculated by the referring state or foreign jurisdiction. The Department may collect interest charges awarded by a court and reduced to a judgment by any means permitted by law.

(f) Any collection received directly by an obligee who has received public assistance or applied for services from the Department must be turned over to the Department and be disbursed through the Family Support Registry. Any obligor making payments through any means other than the Family Support Registry after the Department is assigned the right of support is running a grave risk of having those payments not credited as received. Any obligor wishing to receive credit for such payments is required to submit money order receipts, cancelled checks or other verifiable evidence of having made such payments directly to the obligee; otherwise the Department will proceed as if the support amount went unpaid.

(g) Payments made pursuant to the Uniform Interstate Family Support Act, when collected on behalf of a foreign jurisdiction, shall be forwarded to the appropriate collection agent in the foreign jurisdiction.

(h) An erroneous payment may be the result of an agency error. The Department has the responsibility to collect all erroneous payments. Collection methods which may be utilized to recover the payments are through voluntary repayment plans, income tax offset, recoupment from future support payments, referral to a collection agency and/or through legal action. Repayment may be accepted in a lump sum or in negotiated payments. These may be in the form of cash, personal check, income tax intercepts, or money orders. The use of tax intercept for cases involving agency error will be done as permitted under these Rules for collection of debts owed to the Department.
(i) The date of collection for support is the date of receipt by the Family Support Registry.

(j) Disbursement may be made to a private collection agency acting on behalf of the obligee only if the private collection agency is duly registered with the Governor's Office of Consumer Affairs and authorized under Georgia law to operate within this state. Additionally, no disbursements shall be made to a private collection agency of any funds collected solely through the Department's efforts.

**Rule 290-7-1-.15. Allocation and Redirection of Current Child Support Payments.**

(a) Allocation: When an obligor has more than one IV-D case being enforced by the Department or a Non IV-D case and does not make payment sufficient to cover all active cases, the Family Support Registry may split the payment to all active cases involving that obligor. Cases involving current support have priority over arrearages (i.e., if one case involves current support and the other case involves only an arrearage, the case having current support shall be paid first). If all active cases involve current support, the amount received shall be allocated among the cases based on the percentage of current support owed on each case. For example, if obligor is required to pay $60 on Case 1 and $40 on Case 2 but pays only $70 instead of the aggregate $100 required, the payment will be allocated proportionately between Case 1 (60% of the payment, $42) and Case 2 (40% of the payment, $28). The obligor shall not be permitted to dictate a different allocation between the active cases.

(b) Redirection: The purpose of the CSRA is to ensure the support of a child or children, not the custodial parent/obligee. Therefore, it is the policy of the Department that the money shall follow the child(ren). If the Department has a good faith belief that a child is in the physical custody of a relative or other caretaker other than the obligee, the Department is authorized to redirect support payments to that caretaker of the child until such time as the child returns to the physical custody of the obligee.

(1) In a case where a child is in the physical custody of an obligor, the Department may refrain from enforcement of the current support amount. Any arrears owed to the obligee or to the state may continue to be collected.

(2) In a case involving multiple children, the Department may redirect a proportion of the payment received to the caretaker. For example, if a support order involving
three children requires a monthly payment of $300 and one child is proved to be in
the physical custody of a caretaker other than the obligee, the Department may
redirect one-third ($100) to that caretaker.

(3) An obligee wishing to contest this redirection is entitled to an administrative
hearing if he or she requests same within 30 days of notice of the redirection. The
sole issue at such hearing shall be the physical custody of the child. The
Department must retain evidence supporting the Department's belief that there was
a change in physical custody. Examples of such evidence include school records,
day care records, medical records, statements signed under penalty of perjury,
public assistance grant information, guardianship records, or a court order.

(c) An administrative hearing and any appeal therefrom under this Rule shall be held in
accordance with the procedures set forth at Rule 290-7-1-.19.

Rule 290-7-1-.16. Confidentiality of Department Records and Information.

(a) Georgia law provides that any information or records obtained by the Department
pursuant to its duties under the CSRA or UIFSA shall be deemed confidential. Any
information maintained by the Department shall be released only by written permission of
the party or parties named in the information or records, by order of a court, or for those
purposes specifically authorized by the CSRA. Those purposes are limited to:

(1) The Department's administration of any plan or program approved under Parts A,
B, C or D of Title IV of the Social Security Act or under Titles II, X, XIV, XVI,
XIX or XX of the Act or the supplemental security income program established
under Title XVI of the Act;

(2) Any investigations, prosecution or criminal or civil proceeding conducted in
connection with the administration of such plan or program; or

(3) The administration of any other federally assisted program (such as the food stamp
program) which provides assistance, in cash or in kind, or services, directly to
individuals on the basis of need.
(b) Due to this confidentiality, the Department will resist, through its attorneys, any non-party discovery requests or subpoenas seeking information held by the Department under this program, excepting subpoenas issued by law enforcement officers or entities pursuant to a criminal investigation which appears to be related to the Department's operation of this program (for example, potential fraud related to the receipt of disbursements of child support).

(c) The Department may disclose to the applicant or recipient of services any support-related information which may be contained in his or her child support record when disclosed for the purpose of assisting them in making or enforcing a child support order, but only such information as relates to the individual himself or herself (e.g., the obligor may request information pertaining to him or her, but not information pertaining to the obligee). Moreover, information obtained directly through the state or federal tax offset program shall retain its confidentiality and shall only be used in pursuit of the Department's debt collection duties and practices. Federal tax return information can only be used in establishing appropriate agency records (or in defense of any litigation or administrative procedure ensuing from a reduction or intercept of the obligor's tax refund).

(d) If there is a family violence indicator ("FVI") present on a file that is the subject of a request for disclosure, the Department shall refuse to release any records or information associated with that file without a court order, issued in conformance with O.C.G.A. 9-10-2, directing such release of records or information.

(e) The public is reminded that it is not necessary (nor desirable) to subpoena information about payment histories maintained by the Department. Payment histories are available upon request to all obligors and obligees. Further, certified copies of payment records maintained by the Department "shall, without further proof, be admitted into evidence in any legal proceeding in this state." O.C.G.A. § 19-6-33(i). Any party or person wishing to obtain a certified copy of payment records maintained by the Department may send a written request setting forth the agency case number and a return-addressed envelope with first-class postage to the DCSS office that maintains the case. Any request for certified payment histories may be subject to fees equivalent to fees charged for open records requests under Department of Human Services Personnel Policy # 602.

(f) The Department shall not release any information in its possession where such release would conflict with federal law or federal regulations.

Rule 290-7-1-.17. Liens and Levies.
(a) The Department is authorized to file a notice of lien against the real and personal property of any obligor who resides in or owns property in the state and owes past-due child support. Liens against personal property other than personal property subject to a certificate of title, shall be filed with the office of the Secretary of State. Upon the filing of the notice, a lien arises by operation of law.

(b) The Department has the authority to levy and seize a deposit or account (meaning a demand deposit account, checking or negotiable order of withdrawal account, savings account, time deposit account, or a money market mutual fund account) of any obligor who is in arrears in an amount equal to at least the support payment for one month from any financial institution (meaning every federal or state-chartered commercial or savings bank, including savings and loan associations and cooperative banks, federal or state-chartered credit unions, benefit associations, insurance companies, safe-deposit companies, trust companies, and any money market mutual fund).

(c) If the child support order contains notice that the obligor is subject to the provisions of O.C.G.A. §§ 19-11-32 through 19-11-39, or the Department has previously sent the obligor a notice by regular mail to the last known address of the obligor referencing these same code sections, further notice is not required prior to levying on the deposit or account.

(d) At the time the notice of levy is sent to the financial institution, the Department must notify the obligor and any obligee a notice of the impending levy via a writing containing the warnings required by O.C.G.A. § 19-11-36.

(e) An obligor or an account holder of interest wishing to contest the levy must send the Department a written challenge within ten business days of the date of the notice to the obligor. The obligor or any account holder of interest who makes a timely challenge to the levy under this Rule is entitled to a hearing in the superior court in which the underlying support order was entered or registered.

(f) The Department may reverse the levy prior to such hearing if its internal review following receipt of the challenge indicates that a mistake in identity has occurred or the obligor is not delinquent in an amount equal to the payment for one month.

(g) The Department is also authorized to assert liens against any tangible and intangible property, whether real or personal, and any interest in property, whether legal or equitable, belonging to the obligor. Any property acquired by the obligor after the child support lien arises shall also be subject to such lien. The Department is further authorized to offset against worker's compensation awards and lottery winnings.

(h) The state IV-D agency of another state may determine that a noncustodial parent holds assets in a financial institution doing business in the State of Georgia. Full faith and credit shall be given to liens arising from any judicial or administrative action in another state or foreign jurisdiction. That state IV-D agency may send the levy directly to the financial institution in Georgia asking that it surrender the funds directly to that state IV-D agency.
If the financial institution refuses to do so, the state IV-D agency may then send a UIFSA enforcement transmittal to the Department for enforcement.

(i) If it is determined that the noncustodial parent in a Georgia case holds assets in a financial institution outside of Georgia, the Department may send the levy directly to the financial institution doing business in that state or foreign jurisdiction. A request shall be made that the funds be surrendered to the Department. However, if the financial institution refuses to remit the money or the obligor does not reside within Georgia and wishes to challenge the intergovernmental levy, the Department shall release the levy and send a UIFSA enforcement transmittal to the IV-D agency of the state or foreign jurisdiction where the obligor resides.

Note: Correction of typographical error in paragraph (b) on SOS Rules and Regulations website only. In accordance with the Official Compilation Rules and Regulations of the State of Georgia (effective July 5, 2011), “The Department has the to levy and seize a deposit or account.” corrected to “The Department has the authority to levy and seize a deposit or account.”, as requested by the Agency. Effective February 24, 2020.

Rule 290-7-1-.18. Remedies Not Exclusive.

(a) The procedures, actions, and remedies provided in these rules shall in no way be exclusive but shall be in addition to and not in substitution of other proceedings provided by law. Both obligees and obligors have the right under Georgia law to pursue any legal rights either in concert with or independently of the Department. The exercise of such rights shall not serve as a basis of a finding of noncooperation unless the applicant for services neglects to keep the Department informed of any other related proceedings which would impact its enforcement efforts under the Act.

(b) In light of this non-exclusivity, it is not uncommon for a superior court to issue a civil order containing provisions for child support (for example, in a divorce proceeding) subsequent to the existence of an administrative support order. Once a superior court issues an order, that order becomes the controlling order in the case and shall become the IV-D order being enforced by the Department.

Rule 290-7-1-.19. Administrative Hearing Procedures.
(a) Under these Rules, administrative hearings before OSAH are available with regard to certain enforcement actions taken by or decisions made by the Department. The availability of an administrative hearing and the deadlines for seeking an administrative hearing are controlled by the specific Rule addressing the action in question.

(b) If an administrative hearing is available and is timely requested in accordance with the applicable Rule, the Department shall initiate an administrative hearing before OSAH by filing an "OSAH 1" form.

(c) An administrative law judge ("ALJ") shall be assigned by OSAH in accordance with OSAH rules or operating procedures.

(d) Any issue, procedure, process, or other matter related to administrative hearings that is not explicitly addressed in these Rules shall be controlled by the rules of OSAH.

(e) After the ALJ hears the evidence at hearing, the ALJ shall issue an administrative decision. The decision shall be deemed entered when it is filed with the Clerk of OSAH, and shall be mailed to all parties immediately upon entry.

(f) If no party or the Department seeks review of the decision, it becomes final 30 days after entry of the decision.

(g) If a party or the Department is aggrieved by the administrative decision and has exhausted his or her administrative remedies, the aggrieved party or the Department may file a petition for judicial review under O.C.G.A. § 50-13-19 in either the superior court of his/her county of residence or in the Superior Court of Fulton County, within 30 days of the entry of a decision by the ALJ. NOTE: the procedure is slightly different for appealing an administrative decision affirming a tax refund intercept based upon an existing civil support order - an appeal of that type of action must be filed in the court that issued or registered the underlying child support order. See O.C.G.A. § 19-11-18(e).

(h) The petition for judicial review must be served personally on the Commissioner in accordance with O.C.G.A. § 49-2-15, or service shall be deemed defective and the petition for judicial review may be subject to dismissal by the court.

(i) As required by O.C.G.A. § 50-13-19, judicial review shall be conducted by the court without a jury and shall be confined to the record made before the agency in accordance with the Georgia Administrative Procedure Act. The Commissioner or his designee shall file the administrative record with the court within 30 days of the Commissioner being served with the petition for judicial review personally by second original as required by law. The court shall not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact.

(j) Any appeal of the administrative decision shall be limited solely to the issue of child support and shall exclude issues of visitation, custody, property settlement or other similar matters otherwise joinable by the parties.
(k) Neither an ALJ nor a superior court may retroactively modify a child support order nor eliminate arrearages accrued under a valid child support order.

History. Original Rule entitled "Suspension or Denial of Licenses" adopted. F. Nov. 21, 1996; eff. Dec. 11, 1996.

Rule 290-7-1-.20. Waiver of Payment of Unreimbursed Public Assistance Administrative Orders Only.

(a) Pursuant to O.C.G.A. § 19-11-5(b) the Commissioner of Human Services hereby vests the director of the Department and his or her designees with the authority to waive, reduce or negotiate the payment of unreimbursed public assistance. This is limited to administrative child support orders (not judicial orders) that create a debt owed to the state. In making a recommendation and determination regarding the waiver, reduction or negotiation of a debt owed under code section, the following factors shall be considered:

1. The Department shall determine whether good cause existed for the nonpayment of the unreimbursed public assistance;

2. The Department shall determine whether repayment of this debt would result in substantial and unreasonable hardship for the parent owing the debt; and

3. The Department shall determine the obligor's current ability to pay the debt to include the consideration of the regularity of payments made for the current support of those dependents for whom support is owed.

(b) Any determinations to waive, reduce or negotiate a settlement of the unreimbursed public assistance made pursuant to this rule must be put into writing and approved by the director or designee. These records shall be available for review and subject to audit.

Such orders may include emergency placement of a monitor or monitors in an agency upon a finding that the department’s rules and regulations are being violated which threaten the health, safety, or welfare of children in care and when one or more of the following conditions are present:

   (i) The agency is operating without a license; or

   (ii) The department has denied the application for the license or has initiated action to revoke the existing license; or

   (iii) Children are suspected of being subjected to injury or life-threatening situations or the health or safety of a child or children is in danger.

(2) Unless otherwise provided in the order, an emergency order shall become effective upon its service to the owner, the director, or any other agent, employee, or person in charge of the agency at the time of the service of the order.

(3) Prior to issuing an emergency order, the commissioner or his designee may consult with persons knowledgeable in the field of child care and a representative of the agency to determine if there is a potential for greater adverse effects on children in care as a result of the emergency order.

(1) **Plans of Correction.** If the Department determines that either a child-placing agency or a facility applying to become licensed as a child-placing agency does not comply with the rules, the Department shall provide written notice specifying the rule(s) violated and setting a time for the agency not to exceed ten (10) working days within which to file an acceptable written plan of correction where the Department has determined that an opportunity to correct is permissible. If such plan of correction is determined not acceptable to the Department because it does not adequately correct the identified violation, the Department will advise the child-placing agency or facility applying to become licensed that the plan of correction is not acceptable. The Department may permit the agency to submit a revised plan of correction.

(a) The agency shall comply with an accepted plan of correction.

(b) Where the Department determines that either the child-placing agency or the facility applying to become licensed as a child-placing agency has not filed an acceptable plan of correction or has not complied with the accepted plan of correction, the Department may initiate an adverse action to enforce these rules.

(2) All adverse actions to enforce the Rules and Regulations for Child-Placing Agencies shall be initiated in accordance with the Rules and Regulations for Enforcement of Licensing Requirements, Chapter 290-1-6, and O.C.G.A. Secs. 49-5-12 and 49-5-12.1, Penalties for Violation of Child Welfare Agency Laws and Regulations and Secs. 49-5-60 et seq. and the requirements set forth herein.

(3) **Required Notifications for Revocations and Suspensions.** The agency shall notify each child's parents and/or legal guardians of the Department's actions to revoke the license or seek an emergency suspension of the agency's license to operate.

(a) The official notice of the revocation or emergency suspension action and any final resolution, together with the Department's complaint intake phone number and website address, shall be provided by the agency to each current and prospective child's parents and/or legal guardians.

(b) The agency shall ensure the posting of the official notice at the agency in an area that is visible to each child's parents and/or legal guardians.
(c) The agency shall ensure that the official notice continues to be visible to each child's parents and/or legal guardians throughout the pendency of the revocation and emergency suspension actions, including any appeals.

(d) The agency shall have posted in an area that is readily visible to each child's parents and/or legal guardians any inspection reports that are prepared by the Department during the pendency of any revocation or emergency suspension action.

(e) It shall be a violation of these rules for the agency to permit the removal or obliteration of any posted notices of revocation, emergency suspension action, resolution, or inspection survey during the pendency of any revocation or emergency suspension action.

(f) The Department may post an official notice of the revocation or emergency suspension action on its website or share the notice of the revocation or emergency suspension action and any information pertaining thereto with any other agencies that may have an interest in the welfare of the children in care of the agency.

(g) The Department may suspend any requirements of these rules and the enforcement of any rules where the Governor of the State of Georgia has declared a public health emergency.

Rule 290-9-37-.22. Use of Personal Restraints and Quiet Time.

(1) The Community Living Arrangement shall have and enforce effective procedures to minimize to the greatest extent possible the use of personal restraints. The use of personal
restraints shall be specified in the individual service plan and shall be used as a safety intervention solely for the purposes of protecting the safety of the resident or other persons in the residence after a hierarchy of appropriate interventions have been utilized in the situation and the resident continues to be a danger to self or other persons in the residence.

(2) Prior to the use of personal restraints, Community Living Arrangements shall have evidence that an appropriate plan is in place in the event emergency care is required.

(3) All interventions utilized but not effective prior to the use of personal restraints must be documented in the sequence used and identified as to the staff member conducting the intervention.

(4) The length of time permitted to use personal restraints for any one episode shall not exceed one hour. Consecutive periods of personal restraints, which have the effect of restraining the resident in excess of one hour, are not permitted.

(5) In the event that personal restraints are used, the resident shall be cared for in the following way:

(a) During the use of personal restraints, the door to the room shall be left open. The physical and emotional status of the resident shall be checked at least every 15 minutes by staff members trained in the use of personal restraint, and a written record of these checks and all other activities shall be made. The personal restraint pressure sites should be checked every 15 minutes for evidence of swelling or abrasion;

(b) When personal restraints are used, the resident shall be spoken to, checked for indications of obvious physical distress, offered water, and provided an opportunity to meet his or her need to urinate and defecate as needed or at least one time during the episode unless the resident is asleep or his or her condition does not permit; and

(c) The resident shall be provided an opportunity to eat if the application of personal restraints occurs during meals. If the resident is unable to participate in the meal, the resident will be offered food immediately following the personal restraint episode.

(6) In all cases, the resident shall be released from personal restraints when that resident's demeanor evidences that he or she is no longer a danger to himself or herself or to others. A resident shall not remain in personal restraints longer than 15 minutes beyond which time he or she is no longer a danger to himself or herself or to others but in no event, shall the total time exceed one hour.

(7) Notification of the use of personal restraints shall be given by telephone to the resident's representative or legal guardian, if any, and to the regional MHDDAD office within 24 hours of the use of personal restraints and shall be documented in the resident's file. In the
event the resident's representative or legal guardian, if any, cannot be reached, that fact shall be documented in the resident's file, and a report shall be faxed or mailed to the resident's representative or legal guardian, if any.

(8) In the case of an accident or adverse change in the condition of a resident resulting from the use of personal restraints, procedures specified in Section .24 of these rules shall apply.

(9) The use of quiet time shall be specified in the individual service plan and shall be used under the supervision and observation of staff.

(10) All interventions utilized prior to the use of quiet time must be documented in the sequence used and identified as to the staff member conducting the intervention.

(11) The length of time permitted for the use of quiet time shall not exceed 15 minutes per episode.

(12) Every use of quiet time shall be conducted in an unlocked, well-lighted, well-ventilated area with a means of observation available. The area to be used for quiet time shall be identified within the Community Living Arrangement's policy for the utilization of quiet time.

(13) The Community Living Arrangement shall maintain documentation reflecting that the residence monitors and evaluates all aspects of its use of personal restraints and quiet time to ensure that the Community Living Arrangement takes all appropriate steps to minimize or eliminate the need for personal restraints and quiet time to be used in the residence at all.
