**Chapter 430-2. REGISTRATION.**

**Rule 430-2-.01. Applications.**

(1) Candidates for licensure in Georgia will be required to pass Parts I, II and III of the National Board examinations; and Treatment and Management of Ocular Disease (TMOD) examination, and the Georgia State Jurisprudence examination administered by the Georgia State Board of Optometry or the National Board of Examiners in Optometry. In addition, after July, 1994, all candidates must have completed all requirements for therapeutic certification before making application to take the Jurisprudence examination.
(2) All candidates' application must be received 45 days prior to the examination date and must include the following documents:

a. official transcripts of all optometric college credits;

b. certified scores of IAB "Treatment and Management of Ocular Disease" (TMOD);

c. certified scores of Parts I, II, and III of the National Boards.

Rule 430-2-.02. Refusal, Suspension, Revocation of a License to Practice.

The Board shall refuse to issue its license to practice and may suspend or revoke its license to practice issued to any person who is not of good moral character, or who commits an act involving moral turpitude, or who is guilty of highly unprofessional conduct, or whose certificate was issued through error, fraud, or perjury.

Rule 430-2-.03. Address Changes.

Each licensed optometrist shall maintain his/her current mailing address with the Board. Address changes may be submitted in writing to the Board, or license holders may update their mailing and physical addresses online at the PLB website, www.sos.ga.gov/plb. A current e-mail address is required and may also be updated from this site.
Rule 430-2-.04. Continuing Education Requirements; Approval of Education Programs.

(1) The Board has pre-approved continuing education (post-graduate) courses from schools and colleges of optometry accredited by the Council on Optometric Education of the American Optometric Association; a maximum of ten (10) hours per biennium in ophthalmologic related courses taught by the Medical College of Georgia, Emory University, Mercer University and Morehouse College; any courses offered by the American Optometric Association or its regional or state affiliates; the Society of Professional Optometrists of Georgia; the SECO International, LLC, the Council on Optometric Practice Education (C.O.P.E.) and any courses approved by C.O.P.E.; American Board of Optometry and American Academy of Optometry. All preapproved continuing education providers must give notification of their courses on a timely basis to all Georgia Optometrists. Any other individual or organization desiring Board approval of an educational program sponsored by the individual or organization, or particular segments of such a program shall submit a request for approval to the State Board of Optometry, 237 Coliseum Drive, Macon, Georgia 31217, not later than thirty (30) days prior to the scheduled date of such program. Each administrator of continuing education credit that gives credit to more than five doctors at any single event shall register all attendees and credits with the Association of Regulatory Boards of Optometry-Tracker Program. The Board will act on such request within thirty (30) days after receipt of the request for approval. Any request for Board approval of an educational program must include the following information:

(a) The identity of the sponsor, including:

1. The name and address of the sponsoring individual(s) or organization and a description of any organizational form (e.g., unincorporated association, non-profit corporation, etc.) and the date of organization;

2. The name and address of the principal officers of the sponsor.

(b) A description of the program, including:

1. With respect to each course for which approval is sought:

   (i) the name and address of the instructor;

   (ii) the title of the course;

   (iii) a brief biographical sketch of the instructor including a detailed description (curriculum vitae) of his/her academic qualifications and a listing of prior publications including published speeches, which relates to the subject matter of the course;

   (iv) an outline of the proposed content;
(v) the number of hours for which approval is requested, including a specification of those hours relating to practice management.

2. The scheduled time and place of the course;

3. A description of the method by which course attendance is to be monitored;

4. The amount of any registration fee, tuition or other charge for attendance, including a statement of any difference in such charges, which depend on membership in the sponsoring organization;

5. A sample of any advertisement or announcement intended to be employed concerning the program.

(c) Such additional information as the Board may request in the course of its deliberations concerning the application for approval.

(2) The following course content will not satisfy the continuing education requirement:

(a) Courses dealing with social and health trends;

(b) Any course unrelated to or not designed to enhance the professional skill of the practitioner;

(c) Courses conducted by any individual who is the owner of or is directly connected with any optical wholesale concern unless approved by the Board.

(d) CPR.

(3) A doctor of optometry is expected to ascertain in advance that the courses, which he/she attends, have received prior Board approval and do not fall within the exceptions of subpart (2).

(4) Board approval of any educational program under this section relates to the program as proposed to the Board. In the event the actual program does not substantively correspond to the proposed program approved by the Board, the board will not give credit for that program under Code Section 43-30-8. The Board will not consider for approval the program as modified.

(5) Minimum hours required. The Board requires a minimum of 36 hours of attendance at Board-approved continuing education programs.

(a) Those licensed in the first year of the biennium will be required to obtain eighteen (18) hours of continuing education. This requirement applies regardless of when you establish practice in Georgia. Licensees in this category shall obtain one (1)
hour of CE in Georgia laws and rules. This one (1) hour shall be included in the total eighteen (18) hours required for renewal.

(b) Those licensed in the second year of the biennium are not required to obtain continuing education in that biennium.

(c) All licensees are required to obtain thirty-six (36) hours per biennium beginning in the third calendar year of licensure. Licensees shall obtain one (1) hour of Board-approved continuing education in Georgia laws and rules. This one (1) hour shall be included in the total thirty-six (36) hours required for renewal.

(d) All CE hours on Georgia laws and rules must be prior approved by the Board. A maximum of one (1) hour per biennium will be allowed as continuing education credit in this area. Georgia licensed optometrists not practicing in Georgia are exempt from acquiring the one (1) hour of CE in Georgia laws and rules.

(e) A maximum of eight (8) hours per biennium will be allowed as continuing education credit for grand rounds. One (1) hour credit will be allowed for every two (2) hours spent in grand rounds.

(f) A maximum of ten (10) hours of continuing education credit will be allowed per biennium for any coursework that is offered by correspondence or electronic medium, which coursework is approved or sponsored by any provider identified in paragraph (1) of this rule.

(g) A maximum of ten (10) hours of continuing education credit will be allowed per biennium for practice management coursework, as long as it is patient care related.

(h) Effective January 1, 2006, of the thirty-six (36) required hours, a minimum of 18 hours of continuing education per biennium is required for pharmacology and pathology courses as related to ophthalmologic conditions.

(6) Reporting and Auditing. The method of reporting and auditing continuing education shall be:

(a) At the time of license renewal, each Optometrist shall certify to the Board that he/she has completed the continuing education required for license renewal. The preferred method of tracking continuing education is through the ARBO OE-Tracker system and the licensee is encouraged to verify that all course work has been posted to OE-Tracker. If the licensee chooses to not participate in the OE-Tracker system and if all of his/her education credits are not posted therein, the licensee may be required to submit paper records via email or FAX directly to the board in order to demonstrate compliance with the required continuing education hours.
(b) The Board shall audit the continuing education of a percentage of licensees for compliance with all rules and regulations. Such audits will be completed after the license renewal date and will cover course work completed during the just-completed biennium.

(c) Each licensed Optometrist shall maintain records of attendance and supporting documents for continuing education for a period of three (3) years from the date of attendance.

(d) Deferral of the requirement for education program hours may be considered by the Board. Requests for deferral must be submitted to the Board in writing and should include complete documentation of the reasons for the request. Deferral will be considered for the following reasons:

1. certified illness; and

2. hardship.
Rule 430-2-.05. Requirements for Inactive License Status. Amended.

Georgia licensed optometrists may request in writing to the Board that their active license to practice optometry in Georgia be placed in inactive status under the following conditions:

(a) The request must be received prior to the license expiration date to be considered. There is no fee required to request inactive status.

(b) In the event that a Doctor of Optometry who holds a valid license to practice Optometry in the State of Georgia notifies the Board that he chooses to retire from active practice of the profession, his license shall be considered to be inactive;

(c) Doctors holding an inactive license shall not engage in the practice of Optometry and shall not hold themselves out to the public as being available to provide optometric services;

(d) A Doctor of Optometry holding an inactive license shall not be required to obtain the necessary continuing education credits and no renewal fee shall be assessed.

(e) In order to return to the practice of optometry, a reinstatement application for licensure must be submitted to the Board. Refer to Board rule 430-2-.09.

Rule 430-2-.07. Renewal of Licenses.
(1) Each person holding a valid license to practice optometry shall renew said license with the Division Director by completing and filing the renewal form furnished by the Board. Said licenses expire on December 31 of every odd-numbered years and shall be renewed biennially upon payment of the biennial renewal fees and providing proof, if selected for an audit, of the completion of the required continuing education hours. The renewal form shall be considered filed with the Board upon being postmarked. All forms not postmarked by December 31 of the odd numbered years shall be considered late.

(2) Each person holding a valid license to practice optometry who does not renew said license by December 31 of the odd-numbered years shall be afforded a late renewal for a period of thirty (30) days after the deadline date. Late renewals shall be processed after filing the renewal form, payment of the renewal fee and late renewal penalty fee and providing proof, if selected for an audit, of the required continuing education hours. The late renewal form shall be considered filed with the Board upon being postmarked. All late renewal forms not postmarked by January 30 following the December 31 deadline shall not be considered timely filed with the Board.

(3) Any service member as defined in O.C.G.A. § 43-1-31 whose license to practice optometry expired while serving on active duty outside the state shall be permitted to practice optometry in accordance with the expired license and shall not be charged with a violation relating to such practice on an expired license for a period of six (6) months from the date of his or her discharge from active duty or reassignment to a location within the state. Any such service member shall be entitled to renew such expired license without penalty within six (6) months after the date of her or her discharge from active duty or reassignment to a location with the state. The service member must present to the board a copy of the official military orders or a written verification signed by the service member's commanding officer to waive any charges.

(4) After the late renewal time period, all non-renewed licenses will be revoked by operation of law for non-renewal, and will require reinstatement at the discretion of the Board.

Rule 430-2-.08. Volunteers in Optometry.

(1) The Board may issue volunteer licenses in its discretion when it has identified an area of this state in which there is an urgent, unfilled need for optometric services, and when it has located a competent optometrist to fulfill such need. In granting these volunteer licenses, the Board shall observe the following criteria:

(a) Need of the Community. A volunteer license shall be issued for the purpose of serving indigent patients in areas of this state in which there is inadequate
personnel to supply optometric services. In determining what constitutes an inadequate supply of optometry personnel, the Board shall consider various factors, including the optometrist-patient ratio in the area in question, the distance between patients and existing optometrist, the misdistribution of particular types of specialty care, and any other factors which are indicative of an absence of adequate optometric services in or reasonably accessible to the area in question. Any group or groups of persons seeking to secure such an optometrist for a community shall supply the Board with all information necessary for it to make a determination as to the existence of all the foregoing factors.

(b) Qualification of the Optometrist.

1. The optometrist must submit an application for a volunteer license to the Board and must be retired from the practice of optometry and not currently engaged in such practice either full time or part time and has, prior to retirement, maintained full licensure in good standing;

2. As a condition precedent to a volunteer license being issued, after five (5) years have passed without the applicant being engaged in the direct observation and treatment of patients, the Board, in its discretion, may require a refresher course or the passage of an examination administered by the board or a testing agency designated and approved by the Board;

3. If the Board determines there is demonstrated inability and reasonable grounds to inquire into an applicants mental and physical capacity, the applicant may be asked to submit a statement from a physician attesting to the applicant's physical and mental capacity;

4. If the applicant is not in compliance with the continuing education requirements established by the Board at the time application is made for the volunteer license, the applicant may be issued a nonrenewable temporary license to practice for six months provided the applicant is otherwise qualified for such license. During the period of time the licensee maintains such license, the licensee must comply with the continuing education requirements established by the Board;

5. There shall be no application or licensing fee for initial issuance of a volunteer license;

6. Volunteer licenses shall expire at the close of December 31 in all odd-numbered years, and shall be administratively revoked for failure to renew on January 31 of the following even-numbered year. Fees for license renewal shall be assessed as shown on the schedule of fees adopted by the board. Licenses which have been administratively revoked shall be reinstated only in the discretion of the board;
7. Any other provisions of Chapter 30, Title 43 of the Official Code of Georgia Annotated not inconsistent with the intent and purpose of the provisional license statute shall be fully applicable to all licensed optometrist.

Rule 430-2-.09. Reinstatement.

(1) Reinstatement is at the sole discretion of the Board.

(2) The Board may consider reinstatement when the following requirements have been met:

   (a) Reinstatement applications received within one (1) year from the last effective date of the licensee shall include evidence of thirty-six (36) continuing education hours in accordance with Board rule 430-2-.04(5)(a-h), and must have been obtained within two (2) years prior to the date of reinstatement application.

   (b) Reinstatement applications received after one (1) year from the last effective date of the license shall include:

      1. Evidence of fifty (50) continuing education hours, thirty-six (36) of which must be in accordance with Board rule 430-2-.04(5) (a-h). The remaining fourteen (14) of the fifty (50) continuing education hours shall be in pharmacology and pathology and shall be obtained in person, and must have been obtained within two (2) years prior to the date of reinstatement application.

      2. In addition, applicants for reinstatement after one year of the last effective date of the license shall register and take and pass the Georgia Laws and Rules exam.

   (c) Provides documentation of current CPR.

   (d) Provides evidence of current liability insurance as defined by law.

   (e) Has met qualifications for scope of practice that includes therapeutics licensure.

   (f) The Board may deny reinstatement for failure to demonstrate current knowledge, skill and proficiency in the practice of optometry or being mentally or physically unable to practice optometry with reasonable skill and safety or for any ground set forth in O.C.G.A. § 43-1-19.
The Board reserves the authority to require any additional information or documentation necessary to complete the reinstatement application.

Chapter 430-3. CODE OF ETHICS.

Rule 430-3-.01. Code of Ethics.

The following Code of Ethics is hereby adopted by the Board to govern and as a guide for the conduct of licensed doctors of optometry in the practice of optometry in this state. Each licensed doctor of optometry shall:

(a) keep the visual or optometric welfare of the patient uppermost at all times;

(b) promote in every possible way the better care of the health needs of the citizens of this state;

(c) enhance continuously his educational and technical proficiency to the end that his patients shall receive the benefits of all acknowledged improvements in visual care;

(d) see that no worthy person shall lack for optometric care regardless of the financial status of the person;

(e) advise each patient whenever consultation with an optometric colleague or referral for other professional care seems advisable;

(f) hold in professional confidence all information concerning a patient and use such data only for the benefit of the patient;

(g) conduct himself as an exemplary citizen;

(h) maintain his office and practice in harmony with true professional standards;

(i) maintain and promote cordial and useful mutual relationships with members of his profession and other professions for the interchange of information for the advantage of mankind;

(j) refrain from any exaggeration of a patient's condition.
Chapter 430-4. UNPROFESSIONAL CONDUCT.

Rule 430-4-.01. Unprofessional Conduct.

(1) By the authority granted under Section 43-30-5 of the Official Code of Georgia Annotated, the Georgia Board of Examiners in Optometry has the authority to adopt, establish, enforce, and maintain rules and regulations applicable to the practice of optometry adequate to put O.C.G.A. Chapter 30, Title 43 into effect and to regulate the practice of optometry as a profession in conformity with and in compliance with accepted professional standards.

(2) Any one or all of the following acts committed by a doctor of optometry licensed in Georgia are in violation of the accepted professional standards for the practice of optometry in this State and shall constitute "unprofessional conduct" within the meaning of the O.C.G.A. Section 43-30-9, as amended:

(a) Continuing to practice optometry while suffering from any physical or mental disease or disability, which renders the further practice of optometry dangerous to patients or the public;

(b) Habitual intemperance in the use of ardent spirits, narcotics or stimulants to such an extent as to render the licensed doctor of optometry unfit for the careful performance of his professional duties;

(c) The intentional making of any fraudulent, misleading, or deceptive statement in any form of advertising connected with the practice of optometry, including but not limited to the tactic of `bait and switch', whereby a product or service is advertised for a specific price but the consumer must in fact purchase additional products or product or service previously advertised;

(d) Making untruthful or improbable statements or flamboyant or extravagant claims concerning the licensed doctor of optometry's skills which are likely to deceive the public;

(e) Assisting any person other than another licensed doctor of optometry or a doctor of medicine skilled in diseases of the eyes in the prescribing or fitting of a contact lens for a patient, unless the person so assisted is under his direct, personal supervision while upon the same premises. In releasing a prescription for contact lens all parameters necessary for fabrication of the lens must be included;
(f) Practicing or continuing to practice optometry under, or use in connection with his practice of optometry, any assumed name, corporate name, trade name, or any name other than the name under which he is licensed to practice optometry in Georgia except under the following conditions:

1. When doctors of optometry are practicing as partners, they may practice under the full or last names of the partners. Doctors of optometry who are employed by other doctors of optometry shall practice in their own names, but may practice in an office listed under the name of the individual or partnership of doctors of optometry by whom they are employed, provided, however, that their names shall be displayed in a manner similar to the other doctors of optometry in the practice. In the event of the death or retirement of a doctor of optometry or sale of the optometric practice, the surviving doctor or doctors or the purchaser of the practice may continue to use the name of the predecessor in addition to his own name for a period not to exceed two (2) years from the death or retirement of said predecessor. This rule shall not be construed to authorize conduct otherwise prohibited by the Patient Self-Referral Act, codified at O.C.G.A Section 43-1B-1et seq.

(g) Publicly displaying of the licensed doctor of optometry's name upon or in any premises used for the practice of optometry, unless a licensed doctor of optometry is actually present at times optometric services are provided and unless such licensed doctor of optometry is in the practice of optometry at such premises for a minimum of four (4) hours per week;

(h) Failing to advise each patient whenever consultation with an optometric colleague or referral for other professional care seems advisable;

(i) Failing to hold in professional confidence all information concerning a patient;

(j) Exaggerating the patient's condition for the purpose of prescribing or dispensing unnecessary optometric services;

(k) Performing any dishonorable, unethical or unprofessional conduct likely to deceive, defraud or harm the public;

(l) Consistently misdiagnosing or consistently prescribing improper therapy;

(m) Violating, attempting to violate, or conspiring to violate any provision of the laws or rules pertaining to the practice of optometry in this State;

(n) Failing to provide adequate safeguards against patient abandonment. For purposes of this Rule, an optometrist shall be deemed to have provided such safeguards if he/she:

1. makes himself/herself available for twenty-four (24) hour access;
2. arranges alternative coverage by a licensed practitioner or other appropriate healthcare facility; or

3. advises prospective patients, in writing, at the time of their first visit that it is his/her policy not to be available during non-office hours;

(o) Assisting, allowing, or permitting an unlicensed person, firm, association or corporation to practice optometry in this State;

(p) Accepting any direct or indirect payment, gift, or other remuneration of any optometric service not actually rendered;

(q) Placing his license at the disposal or in the service or control of any person, firm, association or corporation not licensed to practice optometry in this State;

(r) Entering into any agreement that allows an unlicensed person, firm, association, or corporation to control or attempt to control the professional judgment, the manner of practice, or the practice of a doctor of optometry. For purposes of this section,"control or attempt to control the professional judgment, the manner of practice, or the practice of the doctor of optometry” shall include but not be limited to:

1. setting or attempting to influence the professional fees of a doctor of optometry;

2. restricting or attempting to restrict a doctor of optometry's freedom to see patients on an appointment basis;

3. terminating or threatening to terminate any lease, agreement, or other relationship in an effort to control the professional judgment, manner of practice, or practice of a doctor of optometry;

4. making or guaranteeing a loan to a doctor of optometry in excess of the value of the collateral securing the loan;

5. agreeing to divide or split fees received for professional services with any person, firm, association, or corporation for the solicitation or referral of a patient, provided that the following acts shall not be construed as unprofessional conduct under this regulation unless the person, firm, association, or corporation controls or attempts to control the practice of the doctor of optometry:

   (i) entering into a bona fide lease or rental agreement based upon a percentage of gross income;
(ii) advertising in a truthful, non-deceptive manner, or paying for such advertising based upon a percentage of gross income, as long as such advertising otherwise complies with Rules 430-4-.01(2)(c),(d) and (f) and other applicable statutes and regulations.

(iii) nothing in this rule shall be construed to prohibit professional relationships between optometrists, medical doctors, health maintenance organizations and/or hospitals. This rule shall not be construed to authorize conduct otherwise prohibited by the Patient Self-Referral Act, codified at O.C.G.A. Section 43-1B-1 et seq.

(s) It is the intent of subsection (r) to prevent manufacturers, wholesalers, or retailers of optical goods from controlling or attempting to control the professional judgment, manner of practice or the practice of a doctor of optometry, and the provisions of this section shall be liberally construed to carry out this intent.

(t) Subsection (r) shall not apply where the manufacturer, wholesaler, or retailer of ophthalmic goods is a licensed doctor of optometry or a licensed physician or legal entity 100 percent owned and controlled by one or more licensed doctors of optometry or licensed physicians; however, the exception set forth in this subsection shall not apply where the doctor of optometry or legal entity has offices at more than three (3) locations.

(u) Failing to release patient records within a reasonable period of time to a Physician or another Doctor of Optometry upon written authorization from the patient.

1. The patient shall be responsible to pay the costs of search, retrieval, copying and mailing the patient record.

(v) Failing to respond within the time specified to a subpoena from the Board or the Board's agent.

(3) No optometrist, or employee or agent thereof acting on his behalf, shall offer, agree to accept, or receive compensation in any form for the referral of professional services to or from another health care provider or entity. This prohibition includes any form of fee division or charging of fees for the referral of a patient.

Chapter 430-5. TREATMENT PLANS; PRESCRIPTION REQUIREMENTS.

(1) Before diagnosing or prescribing a treatment plan for any patient, including prescriptions for glasses, contact lenses or other optical devices, the following must be met and determined:
   (a) case history as related by patient; and
   (b) any pathological conditions of the eyes, both external and internal with diagnosis recorded; and
   (c) the need for any necessary optometric tests to ascertain the final treatment plan.

(2) A comprehensive eye examination includes an assessment of a patient's history, any general medical observations, an external and ophthalmoscopic examination, an assessment of gross visual field, visual acuity, ocular alignment and motility, refraction, and, binocular vision and accommodation, a diagnosis, if applicable, and a plan of treatment.

(3) The written and/or electronic record of the above determination of each patient examined shall be maintained by the licensed doctor of optometry for seven (7) years from initiation and be made available to the Board or its authorized agents for inspection at any reasonable time.
Rule 430-5-.02. Contents of Prescriptions for Contact Lenses.

(1) A contact lens is any device placed on the anterior of the surface of the eye for refractive, cosmetic, diagnostic or therapeutic purposes.

(2) All parameters for fabrication of the lenses must be included.

(3) Prescription for contact lenses shall clearly state an expiration date of not more than one (1) year past the date the lens specifications were determined and a date of less than one (1) year from the date the lens specifications were determined is permissible only when indicated by a patient's medical condition that affects the patient's vision or a refractive problem. No doctor of optometry shall replace contact lenses from data, which is more than three (3) years past the date the lens specifications were determined. No doctor of optometry shall replace contact lens from data, which is more than three (3) years old, nor shall he/she provide the specifications, which would enable another provider to replace such lenses. He/She may provide such expired specifications to another licensed doctor of optometry, medicine, or doctor of osteopathy for the purpose of adding to a new data base from which to determine new lens specifications.
(1) Intent- It is the intent of this rule to promote the cooperation of doctors of optometry and other health care providers in the delivery of care to mutual patients within the scope of their respective professional practices.

(2) Nothing in these rules shall be construed to prohibit a therapeutically certified doctor of optometry from co-managing cases which may involve, but are not limited to invasive surgery, laser surgery, and procedures involving oral or injected pharmaceutical agents with health care practitioners whose scope of practice allows them to do these procedures under their own licenses.

(3) Nothing in these rules shall be construed as allowing doctors of optometry to perform procedures not authorized as within the scope of practice found in O.C.G.A. § 43-30-1 et seq.

(4) Co-management is defined as the sharing of peri-operative, pre-surgical, post-surgical, and medical management responsibilities between the health care providers for conditions of the eyes and ocular adnexa of patients.

(5) Peri-operative is defined as the period of time extending from when the patient goes into the hospital, clinic, or doctor's office for surgery until the time the patient is discharged home to the extent the doctor of optometry is practicing within the scope of practice found in O.C.G.A. § 43-30-1 et seq.

Chapter 430-6. DECEPTIVE ADVERTISING.

Rule 430-6-.01. Deceptive Advertising.

(1) A licensed doctor of optometry may not publish or display or cause to be published or displayed in any newspaper or by radio, television, billboard, window display, or any other means or medium, any statement or advertisement concerning ophthalmic services or materials, including but not limited to lenses, frames, spectacles, contact lenses, or parts thereof, which is false, deceptive, or misleading. For purposes of this rule, "false, deceptive or misleading" advertising shall include but not be limited to any advertising not in compliance with Rule 430-4-.01(2)(f)1.

(2) Any advertisement of prescription spectacles or contact lenses is required to contain language to the effect that an eye doctor's prescription is required for the purchase of such prescription spectacles or contact lenses.

(3) Any advertisement of the price of prescription spectacles or contact lenses is required to contain the following information:

(a) a statement of whether or not the cost of an examination by an eye doctor is included in the price;

(b) if the advertised goods are to be available to the public at the advertised price for less than 30 days after the date of publication of the advertisement, the advertisement shall state the time limitation on the offer;

(c) if the advertised goods are to be available to the public in limited quantities and no rainchecks are given upon total depletion of the inventory of the goods advertised, the advertisement shall state the total quantity available to all customers;

(d) advertisements must contain a complete description of optical goods and services included in that price and disclose any extra charges that may be required to serve the consumer's health and visual needs; and

(e) if the advertised goods are to be available to the public at a limited number per customer, the advertisement shall state the limit per customer.

(4) Any person who fails to satisfy the requirements of subsection (2) or (3) above shall be deemed to have published a false, deceptive, or misleading statement within the meaning of this section.

Chapter 430-9. CERTIFICATION FOR USE OF DIAGNOSTIC AGENTS.

Rule 430-9-.01. Educational Requirements.

(1) Graduates Within 5 Years (1975 And Later). Certification from a school of Optometry that the doctor of optometry is educationally qualified to use agents for diagnostic purposes. Eight (8) quarter hours or 96 Board approved clock hours shall be the minimum requirement.

(2) Graduates From 1974 And Earlier. A minimum of 96 clock hours of Board approved education must be taken subsequent to graduation in pharmacology specifically related to topical application to the eye of pharmaceutical agents for diagnostic purposes. This education is to be approved only for pharmaceutical certification.
Rule 430-9-.01. Certification Requirements.

A doctor of optometry may be certified by the Board to use pharmaceutical agents for treatment purposes only if all of the following conditions are met:

(a) The doctor of optometry is already certified to use pharmaceutical agents for diagnostic purposes;
(b) The doctor of optometry has passed or passes an examination approved by the Board which tests knowledge of pharmacology for treatment and management of ocular diseases; and

(c) Written proof that the doctor of optometry has passed an approved therapeutic examination is received by the Board from the examination provider.

Rule 430-10-.03. Pharmaceutical Agents.

(1) Pharmaceutical agents which are used by a doctor of optometry for treatment purposes may only be:
(a) Non-narcotic oral analgesics, hydrocodone administered orally, and Schedule III or Schedule IV controlled substances which are oral analgesics;

(b) Used for ocular pain; and

(c) Used for no more than 72 hours without consultation with the patient's physician; provided however that with respect to hydrocodone, used for no more than 48 hours without consultation with the patient's physician; or

(d) Other pharmaceutical agents related to the diagnosis or treatment of diseases and conditions of the eye and adnexa oculi except Schedule I or Schedule II controlled substances.

(e) Pharmaceutical agents related to the diagnosis or treatment of diseases and conditions of the eye and adnexa oculi by injection, except for sub-tenon, retrobulbar, peribulbar, facial nerve block, subconjunctival anesthetic, dermal filler, intravenous injections, intramuscular injections, intraorbital nerve block, intraocular, or botulinum toxin injections, so long as the licensed optometrist meets the requirements found in the law and the Board's rules regarding injections.

(2) Doctors of optometry using pharmaceutical agents shall be held to the same standard of care imposed by Code Section 51-1-27 as would be applied to a physician licensed under Chapter 34 of this title performing similar acts; provided, however, that a doctor of optometry shall not be authorized to treat systemic diseases.

(3) In addition to the above, the following pharmaceutical agents may be used for treatment purposes, including ocular pain, by any doctor of optometry who has been certified pursuant to O.C.G.A. 43-30-1(2)(A, C & D) to use pharmaceutical agents for treatment purposes:

   (a) topical and oral antibiotics;
   
   (b) topical and oral antivirals;
   
   (c) topical and oral antifungals;
   
   (d) topical and oral antiallergy;
   
   (e) topical and oral antiglaucoma;
   
   (f) topical steroids;
   
   (g) topical and oral nonsteroidal anti-inflammatory;
   
   (h) oral non-narcotic analgesics;
   
   (i) oral narcotic Schedule III or IV analgesics;
(j) hydrocodone as provided above; and,

(k) other pharmaceutical agents related to the diagnosis or treatment of diseases and conditions of the eye and adnexa oculi, except Schedule I or Schedule II controlled substances.
