Chapter 513-1. EMPLOYEES' RETIREMENT SYSTEM OF GEORGIA.

Subject 513-1-1. ADMINISTRATIVE RULES.

Rule 513-1-1-.01. Rules of General Applicability.

(1) The mailing address of the Employees' Retirement System is Two Northside 75, Atlanta, Georgia 30318.

(2) All correspondence respecting rules and regulations consistent with the requirements of Code Section 47-1-10 is to be directed to the Director.

Authority: O.C.G.A. Sec. 47-2.22.

Rule 513-1-1-.02. Calculation of Forfeited Leave for Retirement Credit.

(1) Sick and annual leave for which a member is not eligible for payment may constitute creditable service for retirement purposes provided the member has at least six months of forfeited leave at the time of retirement. The member shall be given one month of creditable service for each twenty (20) days of forfeited leave.

(2) Upon retirement of a member who is in the classified or unclassified service of the State Merit System, the employer shall certify leave based on leave records for periods where adequate records were maintained.

(3) If there are periods of service where no leave records are available for classified members, leave credits should be computed as follows:

   (a) For members with 15 years of documented leave history, the accumulated days of leave would be based on records where employers had maintained adequate
records. Where records were not maintained, leave would be determined giving the following example:

Member with twenty-five (25) years of classified service applies for retirement— at age 65— January 1, 1986. Member has accrued ninety (90) days sick leave and fifty (50) days forfeited leave with a fifteen (15) year documented leave history (1971-1985) and ten (10) years undocumented leave history (1961-1970). Member has used a total of 352 days of sick and annual leave during his fifteen (15) years of documented leave history. Member could have accrued 300 days (1961-1970) during undocumented period.

2. Compute total sick and annual leave taken for all periods in which documentation is available. Example: 352 days (1971-1985).

3. Compute the average sick and annual leave taken per month by dividing the answer under paragraph 2. of this subsection by the total number of documented months. Example: 352 days/180 months (1971-1985) = 1.9556 days per month.

4. Multiply the answer under paragraph 3. of this subsection by the total number of months, in the undocumented period. Example: 1.9556 days per month X 120 months (1961-1970) = 234.672 days used (1961-1970).

5. Subtract the answer under paragraph 4. of this subsection from the answer under paragraph 1. of this subsection to determine total leave earned and not taken during the undocumented period. Example: 300 days (undocumented 1961-1970)—234.672 days used = 65.328 days for forfeited leave credit. 65.328 days plus 90 days accrued sick leave plus 50 days forfeited sick leave = 205.328 total forfeited leave credit. 205.328/20 days = 10.27 or 10 months forfeited leave credit for retirement purposes.

(b) For members who are in the classified service of the State Merit System with less than fifteen (15) years of documented leave history, the accumulated days of leave would be based on records where employers had maintained adequate records. Where records were not maintained, leave would be determined giving the following example: Member with twenty (20) years of classified service applies for retirement at age 65—January 1, 1986. Member has accrued sixty (60) days sick leave with an eight (8) year documented leave history (1978-1985) and twelve (12) years undocumented leave history (1966-1977). Member has used a total of 183 days of sick and annual leave during his eight (8) years of documented
leave history. Member could have accrued 385.5 days (1966-1977) during undocumented period.

2. Compute the total sick and annual leave taken for all periods in which documentation is available. Example: 183 days (1978-1985).

3. Compute the average sick and annual leave taken per month by dividing the answer under paragraph 2 of this subsection by the total number of documented months. Example: 183 days/96 months (documented 1978-1985) = 1.9063 days per month.

4. Multiply the answer under paragraph 3 of this subsection by the total number of months in the undocumented period. Example: 1.9063 days per month X 144 (1966-1977) = 274.5072 days used (1966-1977).

5. Subtract the answer under paragraph 4 of this subsection from the answer under paragraph 1 of this subsection to determine total leave earned and not taken during the undocumented period. Example: 385.5 days (1966-1977) -- 274.5072 days used = 110.9928 days for forfeited leave credit. 110.9928 days + 60 days accrued sick leave = 170.9928. 170.9928/20 days = 8.5496 or 9 months total forfeited leave credit for retirement purposes.

(4) For periods of service where no leave records are available for unclassified members, forfeited leave for the undocumented periods should be computed as follows:

(a) When fifteen (15) years or more of leave records are available for unclassified members, forfeited leave for the undocumented periods should be computed as illustrated in subsections 1-5 of paragraph (3)(a).

(b) When less than fifteen (15) years of leave records are available for unclassified employees, credit for undocumented periods would be based on a one year average of sick and annual leave accumulated by members who have at least ten (10) years of continuous service in the classified service of the State Merit System as of July 1, 1985. The average would be the difference between the average amount of sick and annual leave taken and the maximum number of days which may be accumulated in one year under regulations of the State Personnel Board. Example: Member with twenty-seven (27) years of unclassified service applied for retirement at age 65 -- October 1, 1985. Member has accrued forty-five (45) days annual leave and ninety (90) days sick leave with a ten (10) year documented leave history (1975-1985) and seventeen (17) years undocumented leave history (1958-1975).
1. For example purposes only, the Merit System average is 5.40 days of leave credit per year (maximum amount of leave credit for employees with at least 10 years continuous service less leave used).

2. 5.40 days per year X 17 years (undocumented 1958-1975) = 91.80 days.

3. 91.8 days (1958-1975) + 90 days accumulated sick = 181.8 days (amount of forfeited leave credit). 181.8 days/20 days = 9 months of forfeited leave used for retirement purposes.

(c) For unclassified employees who have less than 15 years of leave records available, the determination of forfeited leave shall be limited to the lesser of the amount calculated under subsection 1-5 of paragraphs (3)(a) and (3)(b) of this Rule or the average of actual annual and sick leave for which leave records are available, whichever is less.

(5) For members whose membership service includes both classified and unclassified service with undocumented leave records, the leave calculation method would be determined by whether or not the member had a total of fifteen (15) years through a combination of classified and unclassified service.

(a) If the combination is fifteen (15) or more years, then the leave is calculated according to the method prescribed for classified employees with undocumented records: subsections 1-5, paragraph (3)(a) of this Rule.

(b) If the combination is less than fifteen (15) years, then the calculation is based on the one-year average determined by the State Merit System Commissioner for the undocumented years and the documented period is calculated according to the method prescribe for classified employees with documented records: subsections 1-5, paragraph (3)(b) of this Rule. The two calculations are then added together to determine the total amount of forfeited leave for the undocumented period.

Rule 513-1-1-.03. Release of Medical Board Recommendations.

The Board authorized the Secretary to provide an applicant for disability retirement with a copy of the recommendations of our Medical Board doctor with the name of the doctor making the report obliterated upon written request from the applicant.
Rule 513-1-1-.04. Procedure for Processing Involuntary Separation Retirement Applications by Board of Trustees in Cases Other Than Discretionary Terminations.

(1) Upon receipt of an Application for Involuntary Separation Retirement Benefits, and after the Employees' Retirement System (ERS) determines that the member has sufficient service to make such application, ERS will secure an affidavit from the department and the member providing full details regarding the circumstances surrounding the termination. ERS will also secure a copy of the separation notice issued by the department, as well as any other pertinent information from the department and the member.

(2) ERS will prepare an estimate of retirement benefits which would be payable to the member.

(3) ERS will determine if the employee was terminated from a nonclassified position or from a classified position covered by the State Merit System. If the employee had been in a classified position and filed an appeal from the termination, the application will not be placed on the agenda until that appeal has been finally resolved. If no appeal has been filed within the required time limitations established by the State Merit System, consideration of the application will proceed.

(4) ERS will make an initial administration decision as to whether referral of the application to a qualified investigator is appropriate. ERS will receive advice from legal counsel before making this administrative decision.

(5) The application can be referred to an investigator at this stage if such an administrative decision is made. If the decision is made not to refer the application to an investigator, the case will be presented to the Board. If a decision to refer the case to an investigator is made, the investigator will take whatever steps are necessary to fully investigate the facts of the applicant's termination and application, which steps may include, but are not limited to the following:

   (a) Contact appropriate officials of the member's department to ascertain the facts of the separation/release.

   (b) Contact the member to ascertain his/her understanding of the facts.

   (c) Contact any other persons who may provide additional information.
(d) Summarize the findings and transmit a written report to the ERS Director/Executive Secretary for distribution to the Board of Trustees. No recommendation is to be made. Report shall merely state the accumulated information.

(6) All documentation necessary for consideration of an Involuntary Separation Retirement Benefits Application, along with the findings of the investigator in cases which are investigated, shall be furnished to the full Board for decision on the application. In cases where an administrative decision was made not to refer an application to the investigator, the Board has the right to refer such a case for investigation.

(7) The Board of Trustees can grant, deny, defer, or take any other action on any application as it may deem appropriate and proper.

Rule 513-1-1-.05. Post-Retirement Cost-of-Living Benefit Adjustment.

(1) "Post-retirement benefit adjustment" shall not include any increases in member's retirement benefit associated with the type of optional form of payment selected at retirement. Such adjustments shall not include changes to a beneficiary's Supplemental Guaranteed Lifetime Income annuity.

(2) Annually, cost-of-living post-retirement benefit adjustment(s) may be granted to each beneficiary who has surpassed the later of their Retirement Date or Normal Retirement Date (as defined in the Funding Policy) by at least twelve (12) months. The cost-of-living post-retirement benefit adjustment may be granted to beneficiaries who are receiving a disability allowance and have surpassed the later of their Retirement Date or age forty-four (44) by at least twelve (12) months. Any increase shall apply only to the current retirement allowance not in excess of the Social Security wage base as established for that calendar year.

(3) An ad hoc post-retirement benefit adjustment may be granted based upon provisions adopted by the Board of Trustees and shall apply to the retirement allowance not in excess of the Social Security wage base as established for that calendar year.

(4) Any increase in benefit shall become effective only if the necessary appropriations/funds are available to maintain the actuarial soundness of the System.

(5) A member who becomes or became a member of this retirement system on or after July 1, 2009 shall not be entitled to receive any post-retirement benefit adjustment.
Rule 513-1-1-.06. Medical Board.

(1) Members of the Employees' Retirement System who apply for disability retirement should be examined, whenever possible, by a member of the Medical Board or a physician selected by the Chairman of the Medical Board.

(2) The Board of Trustees shall review and take action on applications for disability retirement if the Medical Board recommends denial but the Social Security Administration and/or the examining physician (a member of the Medical Board or a physician selected by the Chairman of the Medical Board) recommends approval.

Rule 513-1-1-.07. Applications for Involuntary Separation Retirement Benefits Due to a Change in Administration Under O.C.G.A. Sec. 47-2-123(g)(4)(C).

(1) In the event the Board of Trustees is presented an application for involuntary separation retirement benefits as a result of a change in administration, the Board will consider the size of the agency and the nature of the administrative change in its review of the application.

(2) In the event the effective date of the proposed separation is more than twelve (12) months but less than eighteen (18) months after the administration has changed, the Board will require an appearance before the Board of the official or officials proposing the separation to explain the delay.

(3) The Board will not consider any application for involuntary separation retirement benefits that occurs as a result of a change in administration if the administration has been in office eighteen (18) months or more at the time the separation is proposed.
Rule 513-1-1-.08. Membership Eligibility.

Eligibility for first-time ERS membership requires an employee to be employed with an eligible employer working at least 35 hours per week for a minimum of 9 months per calendar year.

Rule 513-5-1-.06. Service Credit.

The awarding of service credit shall be calculated and awarded on a fiscal year basis giving the benefit of one-ninth of a year of credit for each month of service, and the salary shall be calculated under both a fiscal year and calendar year basis to determine which calculation produced the greater benefit to the member. A retroactive adjustment shall be made in the benefits of members who retired since 1975 who had been penalized by the policy of calculating their service on a calendar year basis. Effective with the beginning of the fall semester 1998 those academic faculty members who are employed by the University System under a semester system shall be awarded one-eight year of credit for each month of membership service until such time as the Board of Trustees deems appropriate to make a change.

Rule 513-5-1-.07. Payment of Benefits.

Benefits shall be payable during the lifetime of the beneficiaries, but when a beneficiary of a retired member passes away, that portion of the benefit payment would be terminated and would
not be distributed to other named beneficiaries (inasmuch as the actuarial calculation of the percentage payment would be based on the beneficiaries' ages). No retiree's benefits shall be reduced by more than 50% in selecting a plan of retirement. Designated beneficiaries to receive monthly benefits normally could not be changed once a retired member began receiving monthly benefits, and the only exception to this Rule would occur in the event a retiree named a spouse to receive monthly benefits under one of the optional plans of retirement and later obtained a divorce.

Rule 513-5-1-.14. Calculation of Member's Two-Year Average Salary.

(1) Select a two-year period of twenty-four (24) consecutive months with the highest salary. It is not necessary that all months have a salary amount.

(2) Determine the amount of service credit involved during this period. If the service credit is two or more years, then deal only with this period. If the service credit is less than two years, add additional consecutive months to the period until you have a minimum of two years of service credit.

(3) The only allowable salary during this period is the salary actually earned during this time. In cases where salary for retroactive pay or deferred summer pay have been reported
during this period, only the salary actually earned can be counted in determining the salary amount for the period.

(4) Determine base year salary. The base year for average salary computation is the fiscal year preceding the first July 1 cap appearing in the two-year average salary period. Note: If the fiscal year to be used as the base year is not a full year of service credit, annualize the salary and use as a base year.

(5) Multiply base year salary by one (1) plus the percent cap of salary increase adopted by the Board of Trustees for the fiscal year being considered to produce the allowable salary for that year. If the year being considered is a complete year, then the full amount of the allowable salary is to be compared to the actual salary made for that year. If the year is not a complete year, then only the pro rata amount of the allowable salary is to be compared to the actual salary made for that year.

(6) Multiply the annual allowable salary produced by Step (5) by one (1) plus the percent cap of salary increase adopted by the Board of Trustees for the next fiscal year and continue in same manner as Step (5). For any salary after the second fiscal year, proceed as in Step (5) using zero as the percent cap. Note: Apply percentage to full year salary.

(7) Once all allowable salaries have been determined, add the allowable salaries for the period and divide by 24. The result is the average monthly salary to be used in the benefit calculation.

(8) Apply the salary limitations on a July thru June fiscal year basis since appropriations bills, upon which the maximum allowable increases will depend, are always applicable to a July thru June fiscal year. The "base year" - the year previous to the year for which the allowable salary is being determined is to be a July thru June fiscal year in every case.

(9) All references to salary refer to those salaries for which employee contributions have been reported to TRS and which qualify as "Earnable Compensation" as defined in O.C.G.A. 47-3-1.

(1) A cost-of-living increment will be granted two times a year on January 1 and July 1 to be determined in the following manner:
   
   (a) On the July 1 or January 1 following retirement, the average of the Consumer Price Index will be determined. This is the base index for all beneficiaries retiring during the six month period ending on such July 1 or January 1.

   (b) As of each subsequent January 1 or July 1, the average of the Consumer Price Index will be determined. This is the current index.

   (c) The ratio of Item (b) to Item (a) is determined.

   (d) If the ratio in (c) above is equal to or greater than 1.000, the retirement benefits would be adjusted by 1-1/2%.

   1. If the percentage determined in (c) above is less than 1.00, indicating a reduction in the Consumer Price Index for the period, the retirement benefit may be reduced by the Board of Trustees if the ratio is less than .975 or, in other words, if the reduction is between 0 and 2-1/2%, no adjustment will be made in the retirement benefit; however, if the reduction is greater than 2-1/2%, the retirement benefit may be adjusted by the Board of Trustees, however, no reduction would be greater than 1-1/2% of the retirement benefit for any period. The beneficiary's retirement benefit, once adjusted, remains constant for the next six months until the next review. In no event will the retirement benefits be reduced by an amount exceeding all previously granted cost-of-living adjustments.

   (e) For those retiring from July 1 thru December 1, the subsequent July 1 will be the earliest date for an adjustment to be made. For those retiring from January 1 thru June 1, the subsequent January 1 will be the earliest date for an adjustment to be made.

   (f) The average Consumer Price Index (CPI) for a six month period ending on January 1 of any year is defined as the average of the "All Urban Consumers" CPI published by the Bureau of Labor Statistics for the six months ending on the previous October, similarly, the average as of July 1 will be computed based upon the six months ending on the prior April.

   (g) Adjustments in benefit will be provided only to a real person who is in receipt of a life annuity with or without related death or survivorship benefits.
Rule 513-5-1-.17. Option 4 Plan of Retirement.

(1) Any member may select an optional plan of retirement under Ga. Laws, Code Section 47-3-121(e) provided the reduced retirement allowance so selected does not reduce the member's benefits by more than fifty percent (50%) of the maximum benefits as provided in Ga. Laws, Code Section 47-3-120 or 47-3-122 as applicable or increase the member's benefits to an amount greater than the maximum benefits as provided by Ga. Laws, Code Section 47-3-120 or 47-3-122 as applicable.

(2) Any member may elect a reduced retirement allowance under Option Four (4) as provided in Ga. Laws, Code Section 47-3-121(e) to be designated "Option 2 Pop-Up" with the provision that after his or her death, the reduced retirement allowance shall be continued throughout the life of and paid to the one person nominated by him or her by written designation duly executed and filed with the Board of Trustees at the time of his or her retirement and if the one person so nominated dies prior to the retiree that the basic benefits payable to the retiree shall be increased to an amount as though the retiree had not selected an optional benefit plan of retirement. The benefits of a member selecting this option shall be the actuarial equivalent of the basic benefits provided under Ga. Laws, Code Section 47-3-120 or 47-3-122 as applicable.

(3) Any member may elect a reduced retirement allowance under Option Four (4) as provided by Ga. Laws, Code Section 47-3-120(e) to be designated "Option 3 Pop-Up" with the provision that after his or her death, one-half of the reduced retirement allowance shall be continued throughout the life of and paid to the one person nominated by him or her by written designation duly executed and filed with the Board of Trustees at the time of his or her retirement and if the one person so nominated dies prior to the retiree that the basic benefits payable to the retiree shall be increased to an amount as though the retiree had not selected an optional plan of retirement. The benefits of a member selecting this option shall be the actuarial equivalent of the basic benefits provided under Ga. Laws, Code Section 47-3-120 or 47-3-122 as applicable.

(4) In the event that a retiree's benefits are increased under the provisions of this rule or policy, the retiree shall only be entitled to such cost-of-living increases as actually being received at the time of the death of the beneficiary of the retiree and shall only be entitled to future cost-of-living increases as provided by Ga. Laws, Code Section 47-3-126.
Rule 513-5-1-.18. Creditable Service for Student Related Employment.

Teaches Retirement System of Georgia members may establish retirement credit for student related employment rendered to an "Employer" (as defined in Teachers Retirement System Law), provided that such employment would currently make the person eligible for membership in the Teachers Retirement System of Georgia.

**Rule 513-5-1-.38. Service with Southern Regional Education Board.**

Credit for service with the "Southern Regional Education Board" is not to be allowed.

**Rule 513-5-1-.39. Credit for Study Leave.**

(1) The Teachers Retirement System will, beginning July 1, 1976, prepare cost calculations for the establishment of approved study leave pursuant to Act No. 1375 (House Bill 1302) signed into law on April 1, 1976. The following information should be submitted to the Teachers Retirement System by members wishing to establish such service:

   (a) Verification of salary for full-time employment for the year immediately preceding the period of study leave, including a statement verifying the source of those funds. The verification statement must be from an official of the institution which employed the member for the year immediately prior to the period of study leave.  

   (b) A copy of the member's transcript or a statement showing the dates of attendance and course of study taken issued by the institution he or she attended during the period of study leave.
(c) Verification from an official of the institution which granted the study leave stating that the leave was granted for the purpose of additional study.

(2) The law also stipulates that to be eligible to establish approved study leave as creditable service, the member must have returned to employment for a minimum of five years. The records of the Teachers Retirement System will reflect the current status of a member as to years of service, so no verification of this five-year waiting period will be needed from the current employer.

(3) The cost for this service is to be calculated in the same manner as other retroactive service rendered in Georgia. Care should be taken to identify the source of the member's salary just prior to the period of leave. If that salary was paid from State funds, the member should be charged with only the employee contributions and interest on our Form C-I, and the appropriate matching fund should be collected from the State. If part of the member's salary was paid from funds other than State funds, the member is to be charged with member contributions plus interest, and the current employer is to be charged for the matching funds on all salaries other than State salaries and the remaining matching funds based upon State salary should be collected from the State. In all cases, members shall only be credited with the employee contributions and interest. Employer contributions collected from current employers will be credited to the Pension Accumulation Account. (4) Active members of the Teachers Retirement System are able to establish credit retroactively for study leave under Act No. 1375 (House Bill 1302, 1976 session), however, retirees of the system cannot establish credit for study leave under the bill.

(a) Employer's customary practice relative to granting retirement credit for coaching service;

(b) Whether or not retirement contributions were withheld on the amount requested; and

(c) Whether or not the requested amount was paid as part of the employee's normal contract or under separate agreement.

(2) If the employer's customary practice is to contract for coaching under separate agreement and no retirement contributions are withheld, then the member's request for retirement credit on the coaching compensation will be denied.

(1) Temporary Employees are defined as follows:

   (a) Any employee whose term of employment does not exceed one academic quarter or one calendar quarter (3 months);

   (b) Visiting professors and other such professional employees whose term of appointment is one year or less.
Rule 513-5-1-.60. Purchase of Service Credit with Rollover Contributions.

Effective January 1, 2002, the TRSGA Board of Trustees will accept rollovers or transfers from other types of plans for the purchase of eligible service credit as allowed by the Internal Revenue Service in the Internal Revenue Code. Prior to January 1, 2002 but after July 1, 1987, the TRSGA Board of Trustees only accepted regular rollover contributions and after-tax contributions from members in payment for the purchase of eligible service credit. A "regular rollover" occurred when an individual rolls over the taxable portion of their distributions to a conduit IRA, which is separate and apart from the individual's regular contributory IRA. Any rollover or transfer of contributions plus the interest earned on those contributions will be included in the member's gross income when distributions are made from TRSGA.

Rule 513-5-1-.61. Supplemental Retirement Benefit Plan.

The Board of Trustees does hereby adopt a Supplemental Retirement Benefit Plan as provided in the Small Business Job Protection Act, H.R. 3448.

Rule 513-5-1-.62. Service Credit - Definition of "Immediately".

The word "immediately" pertaining to the establishment of additional service credit, when stated in Georgia law and not otherwise defined, is to be interpreted as "not more than six months".
Rule 513-5-1-.63. Public Comment at Meetings.

(1) The Board of Trustees ("Board") of the Teachers Retirement System of Georgia ("System") permits comments at meetings of the Board on topics that are under the statutory authority of the Board and are relevant to the mission and duties of the Board.

(2) Each person wishing to address the Board must notify the System no later than 3:30 p.m. the day prior to the meeting. Requests should be submitted via email to executive.director@trsga.com and include the speaker's name; address; telephone number; email address; name of group represented, if applicable; and, topic to be addressed.

(3) The Board Chair has discretion to limit a topic to one speaker. Therefore, persons with related concerns are strongly encouraged to select one spokesperson for their group and topic. Public comment will be heard during the "other business" portion of the meeting, unless the topic relates to an agenda item, in which case comments may occur concurrently with the agenda item. The Board Chair has discretion to recognize persons who have properly signed up to speak and to set the order of speakers. Each speaker who signs up by the deadline will have a maximum of three (3) minutes to speak, which time may be shortened by the Board Chair depending on the number of speakers present for the meeting and other concerns.

(4) A speaker may not speak to the specifics of their member account or any other member's account.

(5) Speakers will be allowed to provide written testimony, comments or other documents related to their topic for the members of the Board. If a speaker has such handouts for the Board members, they will need to provide fifteen (15) copies at the meeting during which their presentation occurs. Audio/visual presentations are not allowed during the three-minute public comment period.

(6) All remarks shall be addressed to the Board as a whole and not to a specific Trustee. The Board will not respond to any comments made during the public comment period unless it becomes necessary to ask a clarifying question, correct a factual error or provide specific factual information.

(7) Each speaker shall maintain civility and decorum. The Board Chair retains the right to stop or remove any speaker who uses profanity, makes threats, or is otherwise abusive or disruptive.

Rule 513-7-1-.03. Hearings Before the Board.

(1) Unless otherwise provided by the Board, each determination of the Board, with respect to eligibility for membership or continued membership in the Fund, creditable service, eligibility for regular retirement or disability retirement benefits, the amount of retirement benefits, or the termination or suspension of benefits shall become final upon the expiration of thirty (30) days after the date of such decision.

(2) Request for Hearing.

(a) If a person desires to appear before the Board of Trustees, the request shall be made by letter, in a form prescribed by the Board of Trustees, to the Executive Director. The party requesting a hearing shall identify the issues for which a hearing is requested and the action requested of the Board.

(b) Upon determination by the Board of the date and time of the hearing, the Executive Director shall give written notice of the time and date of the hearing. The subject matter presented at that hearing shall be complete.
(c) At any hearing before the Board a person may retain legal counsel. Notice of such representation shall be provided to the Board at least 15 days in advance of any scheduled hearing.

(d) For the purpose of receiving evidence to be presented before the Board, the Board may appoint a hearing officer to receive such evidence and make a report thereof to the Board. Prior to any decision in such case, the person requesting such a hearing shall be entitled to make a closing argument before the Board of Trustees.

(e) The decision of the Board shall be final.

(3) No person shall be entitled to a second hearing on the same question or subject matter unless new evidence relevant to the subject matter in question shall be discovered. However, in all matters of alleged newly discovered evidence, the person so claiming shall first submit such evidence to the Board of Trustees, in writing, and, if said evidence has sufficient merit to warrant a second hearing on the matter, the Board of Trustees in its sole discretion may grant a second hearing.

Rule 513-7-1-.04. Qualification for Membership and Creditable Service.

(1) To qualify for initial membership in the Pension Fund, an individual must meet one of the following,

(a) Be a firefighter who,

   (1) Is a permanent compensated employee of a compliant fire department;

   (2) Works at least 20 hours per week on average (1040 hours annually); and,

   (3) Is state certified or is a candidate for state certification by the Georgia Firefighter Standards and Training Council,

(b) Be a Volunteer firefighter who,

   (1) Is enrolled as a firefighter with a compliant volunteer fire department; and,
(2) Has the principal responsibility of preventing or suppressing fires,

(c) Be a full-time employee of the Pension Fund working an average of 30.5 hours per week.

(2) Employees who are not state certified through the Georgia Firefighter Standards and Training Council and whose only function is the performance of emergency medical services are not eligible for membership.

(3) No person under a sentence of confinement shall be eligible for active membership in the Fund, nor shall any member of the Fund earn creditable service during a time period in which the member is incarcerated under a sentence of confinement.

(4) Any individual who does not qualify for membership under (1) above, or who does not have and principally perform the duties of a firefighter shall not be eligible for initial or continued membership in the Georgia Firefighters' Pension Fund, even though the individual is employed by a fire department in some other capacity, unless prior to July 1, 2006 as an employee of a full-time fire department, the individual principally performed within that fire department a support function set forth in subpart (5) (a, b and c).

(5) Current members of the Pension Fund who do not meet the initial membership requirements specified in paragraph (1) above, and who were admitted to the Fund prior to July 1, 2006 may remain in the Fund and continue to earn creditable service so long as there is no break in eligibility based on qualifying employment listed below,

(a) Clerical services for administration of the department performed by personnel within the fire department;

(b) Communication services for fire suppression and fire prevention activities performed by personnel within the fire department; and,

(c) The maintenance and repair of firefighting equipment and apparatus performed by personnel within the fire department.

In the event of a transfer from one department to another, no more than 30 calendar days may lapse where the member is not eligibly employed by a department.

(6) The Board may require evidence of qualification for initial or continued membership in the Georgia Firefighters' Pension Fund and of the performance of creditable service certification by the applicant or member and by the Chief of the department as to the roster of the department, showing the position held and the duties of the position held.
(a) For membership which requires state certification the Board shall verify through the Georgia Firefighter Standards and Training Council, department records, and other means, that qualifications are met.

(b) For volunteer firefighters, the Board shall require annual affidavits from department chiefs that training and attendance requirements set forth in 513-7-1-.08 are met.

(c) For part-time firefighters, the Board shall require annual affidavits from the department chiefs that requirements in 513-7-1-.08 are met.

(d) For all others, the Board shall require an initial job description and periodically, on request, reaffirmation of fire support duties through inquiries of the employing fire department.

(7) Creditable service may be earned by qualifying firefighters serving in a public fire department that serves a designated district provided all of the following are met:

(a) The fire department is financed by public appropriation or subscription and is not privately owned; and,

(b) The fire department has a current certificate of compliance issued by the Georgia Firefighter Standards and Training council; and,

(c) The fire department has been issued an ISO rating as a Class 9 or better under the current approved ISO rating schedule, or a rating determined to be substantially equivalent according to O.C.G.A. 47-7-61(a)(2).

(d) A volunteer fire department shall offer no less than 8 (eight) hours of department drills or meetings in at least 10 (ten) months of a calendar year for any member of the department to earn creditable service for that year.

(8) Credit for prior eligible service may be granted if the member satisfied the requirements for membership and creditable service in 513-7-1-.04 at the time such service was rendered. For the member to be eligible for the purchase of prior eligible service the department with which credit is being claimed must have met the requirements set forth above in 513-7-1-.04(7).

A member shall be entitled to credit for up to ten years of prior eligible service, provided that such person satisfies the following requirements:

(a) The member must file with the Board an application for such credit on forms prescribed by the Board,

(b) Submit required documentation verifying that creditable service was earned; and,
(c) Pay to the fund an amount sufficient to grant requested creditable service without creating any actuarially determined accrued liability against The Fund. This amount will be determined and provided by Fund Staff, based on the most recent tables provided by the actuary retained by the Board.

Rule 513-7-1-.05. Application for Membership.

(1) A person applying for membership in the Fund shall file a completed application in the form prescribed by the Board, together with proof of date of birth, and a specified payment which shall be applied to dues payable for the first month of membership in the event the application is granted.

(2) As noted in the application, the applicant shall select a beneficiary. A beneficiary is any person designated before or after the approval of an application for retirement, by the applicant or member to receive benefits which may continue to be payable upon the death of the member. See also 513-7-1-.12.

(3) The applicant shall furnish such additional information as may be requested by the Board or the Executive Director.

(4) Upon receipt of a completed application and upon Board approval, a letter of acceptance shall be mailed to the applicant and a copy to the applicant's fire department. For the member's convenience, a copy of the "Rules and Regulations" is available on the GFPF website.

(5) Upon acceptance to the Fund, new members shall be assigned a "Member Identification Number" (Member ID) to be used in all correspondence with the Pension Fund office and for access to member records in the "Member's Area" of the website.
(6) Upon the determination by the Executive Director that an applicant does not satisfy the objective standards of the Fund relating to membership, the Executive Director shall have authority to give notice to the applicant that the application has been rejected.

(7) Incomplete applications received by the Pension Fund shall be returned to the applicant.

(8) Membership in the Fund shall be deemed to have commenced on the date the Pension Fund receives a completed application which includes the first months dues payment. The Executive Director shall report such action to the Board.

Rule 513-7-1-.06. Duty to Report Changes in Department and/or Employment Status.

(1) A member who changes status from one to another of the following, full time, part-time or volunteer, or a member who changes from one fire department to another, shall report such change to the Pension Fund Office within sixty (60) days of the change date on the Change of Status/Transfer Form prescribed by the Board. If the reporting date is more than sixty (60) days past the transfer date, documentation providing proof of employment by paid personnel, or training and incident response documentation by volunteers, shall be required. Failure to report such changes may result in loss of subsequent creditable service through the date the form is stamped "Received" in the Pension Fund Office.

(2) A member shall give notice to the Board of any change of employment status, including any change of duties to those which are not the duties of a firefighter, or a support function described in 513-7-1-.04. This shall be submitted on the Change of Status/Transfer Form prescribed by the Board. A member may request leave of absence under 513-7-1-.09. A member may also resign from the Fund and request a refund of dues under 513-7-1-.10.

(3) Any member who receives non-creditable service from a department shall not claim credit from another department for that same time period. Credit shall only be earned from the department in which the member was/is enrolled with the Pension Fund.

Rule 513-7-1-.07. Duty to Report Address Changes.

Each applicant for membership shall be required to provide their current mailing address to the Pension Fund. Each member, and each retiree shall be required to give notice to the Pension Fund of any change in member's current mailing address. The Pension Fund shall rely upon, and use for the purpose of correspondence and giving notices, the most recent mailing address provided by the member, which is on file with the Pension Fund Office.

Rule 513-7-1-.08. Volunteer and Part-Time Firefighter Requirements and Affidavits.

(1) Volunteer firefighters shall meet a minimum standard of 50% of the aggregate of creditable department drills or meetings and creditable calls for the calendar year using a point based system. One point shall be earned for each eligible call, and one point for each completed hour of designated department drills or meetings held as a group.

(a) If any volunteer department fails to offer at least 8 hours of drills or meetings per month in 3 (or more) months in a calendar year, no member of the department shall be able to earn creditable service for that year.

(b) Creditable department drills or meetings must take place as a group, at the department level. If a department has multiple stations, drills and meetings as a group at the station level may count as department drills and meetings. There shall be no sub-groups within a station for the purpose of calculating annual department drills and meetings for Pension Fund credit. Of regular department drills, and
meetings offered annually, each member of the department shall attend a minimum of 25%. In addition, creditable service shall not be earned if the member attended less than 24 hours of department drills and meetings for the year. Drills and meetings must be documented on forms that contain the following:

(i) Date of training/event

(ii) Actual beginning and actual end times

(iii) Location

(iv) Brief description of training/activity

(c) Creditable calls are calls specific to the department being called. If a department has multiple stations, the calls may be specific to the station. Fire calls shall be counted towards pension credit. A fire call is defined as fires on property subject to insurance coverage under O.C.G.A. 47-7-61, including, but not limited to structures, vehicles, boats, planes and motorcycles. Structures include business and residential properties, whether occupied or not. In addition to fire calls, it shall be pre-determined annually by the chief, if, and what other types of calls are also counted as creditable. Awarding of, or denying of credit for a particular type call shall be consistent throughout the year. Members shall meet a minimum of 25% of creditable calls annually. In the event the 25% calculation does not result in a whole number, the calculation may be rounded down to the nearest whole number. Firefighters from departments with one or more creditable calls, cannot earn creditable service if no calls were attended.

(2) Additional pension eligible points may be earned for Additional Training and Station Duty.

(a) One point may be earned for each hour of organized training attended which shall take place outside the department's regularly scheduled station activity. Additional training points are not required to be earned within the member's department, but shall require the approval of the member's chief. Additional training credit shall not account for more than 25% of the members total annual pension eligible points.

(b) Additional points may also be earned by performing pre-scheduled, pre-approved Station Duty. Station Duty, performed in two hour blocks, shall earn one point of additional credit per completed two hour block. Work shall take place during the time in which credit is being earned. Station Duty Credit shall not account for more than 25% of the members total annual pension eligible points.

(c) Station duty credit and additional member training credit shall not be earned concurrently. The department shall maintain documentation of station duty, and additional training where credit is being applied towards annual pension credit.
Documentation shall be on forms provided, and prescribed by, the Board of Trustees.

(3) The Chief or Chief’s designee shall determine if a Volunteer has earned pension creditable service for the period under report by summarizing the points earned relative to points available to determine if the "50%" standard has been met in accordance with O.C.G.A. 47-7-81.

(a) The Chief or Chief’s designee shall add all points earned by a Volunteer for Station Activity and Fire Calls, plus any approved points earned for Station Duty and/or Additional Training (under 513-7-1-.08(1) and (2) above) to determine Total Points Earned.

(b) The Chief or Chief’s designee shall add all points offered by the station or department for Station Activity and those Fire Calls for which the Volunteer and his/her volunteer unit is responsible to determine Total Points Available.

(c) For each Volunteer unit, the total of points offered and responsible, i.e. the Total Points Available should be the same for all Volunteers.

(d) The Chief or Chief’s designee shall divide Total Points Earned by Total Points Available for each pension participating Volunteer to determine if pension creditable service has been earned.

(4) Volunteer Service Affidavits for each active volunteer shall be filed promptly after the end of each calendar year by the chief of each department with which volunteer firefighters are enrolled attesting to the attendance of the volunteer firefighters for the prior calendar year.

(a) The Required Annual Affidavit Packet shall be provided by the Fund, and is to be completed and returned in its entirety by the chief of their respective fire department.

(b) A list of active members will be provided to the department. Individual Volunteer Service Affidavits must be completed for each person listed. Each Volunteer Service Affidavit must be signed by the member and the chief.

(c) The annual Volunteer Service Affidavits, along with any requested or specified backup documentation for each member listed, shall be properly addressed and mailed in its entirety to the Pension Fund office, by first class mail, postage prepaid, and bear a postmark not later than February 15th of each year.

(d) Volunteer Service Affidavits received without required backup documentation, for each member listed, will be considered incomplete and shall be returned to the department for completion. Required Reporting Documentation received after February 15th shall not be accepted without the approval of the Board of Trustees.
In addition, each member listed will be assessed a $25 late fee if their Volunteer Service Affidavit is received after February 15th.

(e) Creditable service extended to volunteer firefighters based on the Chief's Affidavit is provisional, and subject to audit and verification by the Fund.

(f) Records of calls, training, drills, meetings and station duty shall be maintained by the Department for a minimum of 10 years. Such records shall be made available for inspection by the Fund, upon request.

Part-Time Firefighters are state certified firefighters, employed in a permanent compensated position, working at least 20 hours per week on average, (1040 hours annually).

(a) The annual Part-Time Affidavit, prepared by the Fund and completed by the chief, attesting that the requirements in 513-7-1-.08(5) above have been met, must be filed promptly after the end of each calendar year. The completed affidavit must contain the number of hours worked for each member listed, and be signed by the chief for the member to receive credit.

(b) The annual Part-Time Affidavit shall be properly addressed and mailed to the Pension Fund office, by first class mail; postage prepaid, and be postmarked no later than February 15th of each year.

(c) Any Part-Time Affidavit received after February 15th shall not be accepted without the approval of the Board of Trustees. In addition, each member listed on the affidavit will be assessed a $25 late fee if the "Part-Time Affidavit" is received after February 15th.

(d) Creditable service extended to part-time firefighters based on the Chief's Affidavit is provisional, and subject to audit and verification by the Fund.

Rule 513-7-1-.09. Leave of Absence.

(1) Leave of Absence

(a) Any member of the Fund may request a Leave of Absence from the Fund when the member is no longer an active member of a fire department and no longer qualifies for membership in the fund, by submitting a written request for such leave to the Executive Director within thirty (30) days of the date the member wishes such leave. Upon submission of the request and approval by the Board, said request shall be granted for two years. The member shall state in the request the date the member ceased to qualify for membership and any change in mailing address.

(b) Before the end of the two year leave period, the member may, in writing, request a renewal of the leave status for an additional two years. Leaves of Absence may be renewed in such manner for an indefinite period.

(c) If a member re-enters the fire service, the member may apply for reinstatement. A request for reinstatement shall include a completed new member application and the first month's dues payment by check or money order.

(d) Pursuant to O.C.G.A. Section 47-7-41, the reinstatement to active membership from a Leave of Absence or an extension of a Leave of Absence shall be subject to the requirements of O.C.G.A. Section 47-7-40.

(e) A member is not required nor permitted to pay dues during a Leave of Absence, and no creditable service is earned during such leave.

(2) Military Leave of Absence.

(a) A member may request a Military Leave of Absence by submitting a written request, including a copy of activation orders, to the Executive Director. Such request shall be granted for the period the member remains on active duty.

(b) Members must rejoin the fire service and apply for re-instatement in the Pension Fund within one year of their release from active duty in order to preserve this benefit. A request for re-instatement shall include a new member application, a copy of military separation papers and the first month's dues payment by check or money order.

(c) Members on military leave who pay dues currently or within one year of their return from active military service shall receive pension creditable service for the period of active duty upon which the relevant dues amount is paid.
(3) A full time firefighter may earn up to 90 days/3 months of creditable service while on unpaid medical leave so long as the leave is reported to the Fund on forms prescribed by the Board.

(4) If a member fails to submit requested documentation regarding his/her status, a Leave of Absence may be imposed by the Board.

Rule 513-7-1-.10. Payment of Dues.

(1) Dues are to be paid in the amount as prescribed in O.C.G.A. 47-7-60. Dues are due on the tenth (10th) day of each month if paid by individual or department. If paid by direct debit, dues are debited on the fifteenth (15th) day of each month.

(2) Dues payments made directly to the Fund by an individual may be paid by personal check, money order or direct debit. Each such check or money order shall show the member's Pension Fund ID number or social security number.

   (a) Any member having two returned items from any bank for any reason may be required by the Executive Director to pay dues by money order or certified funds until such requirement is released.

   (b) Any member having a returned item from any bank for any reason shall be charged a "returned items" charge in an amount set by the Board prior to being allowed to resume dues payments.

   (c) Members shall be current with their dues in order to apply for the direct debit program and shall maintain current dues payments in order to stay in the program. Members who fall in arrears on dues payments due to returned debit items shall be discontinued from the program until the arrearage is satisfied.

   (d) Dues paid by check or money order may be paid up to one year in advance.
(3) As a matter of convenience to its members, the Fund, subject to these rules, accepts remittance of dues made on behalf of its members by the employer fire department. In such cases, the employer fire department is not acting as agent for the Fund. The Fund is not responsible for loss or error by the employer fire department. In such cases:

(a) All departments that submit dues payments on behalf of their employees shall enclose a copy of the Georgia Firefighters' Pension Fund payments receipt;

(b) A separate notice shall be given to the Fund of each addition to the list of members for whom dues are paid and the new members shall be shown on the composite list;

(c) A person leaving the fire service or the department shall be removed from the composite list by the employer fire department and separate notice given to the Fund of such removal by the employer fire department;

(d) If a department pays the member's dues and the member consequently receives non-creditable service for such period, the department may request, in writing, that such funds be returned to the department if the money has not previously been returned to the member.

(4) Dues payments, whether by individual members or by employer fire departments, are not effective until actually received by the Fund.

(5) Any member leaving the fire service or Pension Fund for any reason may request are fund of dues less a 5% administrative service cost. Moneys paid to the Fund for creditable service are refunded to the member regardless of the source of payment.

Rule 513-7-1-.11. Delinquent Dues; Notification Process.

(1) As a matter of courtesy, any member of this Fund who becomes delinquent in the payment of dues by failure to pay the prescribed amount of dues shall be notified of such delinquency by first class mail by the Executive Director after five (5) months of
delinquency. The notice shall be mailed to the member's current mailing address on file with the Pension Fund, and a copy of such notice shall be sent to the employer fire department by first class mail. If the member becomes six (6) months delinquent, the member shall then be suspended from active membership in the Fund and a notice of suspension shall be sent by first class mail to the member and the employer fire department. In such an event, a refund of 95% of the dues paid by the delinquent member shall be available for refund to the member upon request.

(2) The notices set forth above are provided by the Fund to its members solely as a matter of courtesy to its membership. The failure of the Fund to give notice, in any case, or the failure of a member to receive such notices, shall not excuse a member's responsibility and a member may not rely upon the procedure set forth above to avoid payment of dues when required by law. No claim shall be made upon the Executive Director or any member of the Pension Fund's staff for the failure to give such notice or for the member's failure to receive it.

Rule 513-7-1-.12. Retirement.

(1) Applications: Requirements.
   (a) Members qualifying for retirement and seeking to do so shall prepare and submit an application for retirement in a form prescribed by the Board of Trustees. Such form shall be submitted 60 days in advance of the planned retirement date. The form shall be signed by the Chief of the member's fire department. A Chief's retirement application shall be signed by the Chief's civilian supervisor (e.g. Mayor, City Manager, etc.).

   (b) An application for retirement shall include the form to select a survivor option, and a beneficiary (if such has not already been chosen). This shall be verified during processing by the Pension Fund office. The three options available are:

      1. Full Benefits-No survivor- a named beneficiary is required to receive the final pension payment after the retiree's death;

      2. Survivor Option- a named beneficiary is required to receive the

2. Option A - Joint and Survivor - beneficiary must be a legal spouse; and

3. Option B - Ten year Certain and Life - beneficiary may be a spouse or any non-spousal relationship, but must be an individual, see Rule 513-7-1.14.

(c) A change in beneficiary designation may be made only upon forms prescribed by the Board and no change is effective until said completed form is received by the Fund. To be valid, a change in beneficiary designation shall be received in the Fund office prior to the member’s death.

(2) Payments of retirement benefits shall not commence until it has been determined that all requirements for retirement eligibility have been satisfied and an application for retirement has been approved by the Board.

(3) All volunteer firefighters, upon application for retirement, shall complete and submit a notarized Creditable Service Affidavit, indicating that they have met the requirements for creditable service since the previous year’s affidavit was filed.

(4) Benefits may not commence until the member is no longer employed by a fire department nor engaged in a compensated capacity that would qualify him/her for membership in the Fund.

(a) Retired firefighters, after retiring from service with their respective fire departments and commencing to receive benefits from this Fund, may then volunteer to donate their time, service and resources to assist their local fire department in any capacity deemed appropriate to their expertise. So long as the retired firefighter is not compensated by the hour, by the call, per diem, or in any manner related to his/her service, the retired firefighter may continue to receive retirement benefits. The determinant of whether or not a firefighter is compensated or not compensated will rest with the production of tax reporting documentation for the individual. If a Form W-2 or Form 1099 is issued to report taxable income or transfer payments to a retired firefighter, then compensation shall be presumed, and benefits shall be suspended.

(b) If a retired firefighter is reimbursed for purchases made for personal equipment or on behalf of a fire department, bona fide receipts, certified by the firefighter as correct, shall be maintained and available to the pension office on request for a period not to exceed seven years.

(5) Retired firefighters who are receiving benefits and choose to return to service with a fire department shall notify the Fund within 30 days of re-employment. Benefits shall be suspended for the period of re-employment. Such member may re-join the Fund and earn additional creditable service under O.C.G.A. Sec. 47-7-101. Benefits will be resumed at the prior level, plus any increases granted in the interim, when the member subsequently retires.
(6) The retired member shall notify the Pension Fund office of any of the following changes: mailing address, direct deposit information, marital status (i.e. divorce, death of spouse, re-marriage), beneficiary, tax withholding or re-engagement for compensation in a capacity that qualifies for membership in the Pension Fund.

Rule 513-7-1-.13. Waiting Legal Age Status.

(1) A member who no longer serves in the fire service and has not yet attained the age of 50 (for early retirement) or 55 (for full retirement), but who has earned the minimum creditable service years required for benefits upon application, may defer the receipt of benefits until the member reaches the chosen retirement age. Such member shall be placed in "Waiting Legal Age" status. In the event the member is placed in "Waiting Legal Age" status, an application for retirement shall be filed with the Fund, but shall not be presented to the Board for approval until the member reaches the chosen retirement age. A member who elects "Waiting Legal Age" status at the minimum vested age may at any time revoke the election and apply for early retirement benefits, if otherwise eligible.

(2) Any person in "Waiting Legal Age" status who returns to active service revokes the member's election for retirement and must notify the Executive Director of that fact within thirty (30) days after returning to active service. Such member will automatically be placed on "Leave of Absence" pending the receipt of a new member application, if the member chooses to re-join the Fund.

Rule 513-7-1-.14. Issuance of Pension Checks.
(1) Pension benefit payments shall commence in the month following the date the Board of Trustees approves the member's application for retirement. Benefits shall not be paid retroactively should the application be delayed or not submitted to the Board in a timely manner.

(2) Payments.

(a) Pension payments shall be made to retirees and beneficiaries by direct deposit or by check in accordance with the request of the retiree.

(b) Retirees and their beneficiaries may, and are encouraged, to request direct deposit of benefit payments to the checking or savings account of their choice. Direct deposit is the preferred method for efficiency and security. Direct deposit payments are released to retiree banks no later than the last day of the current month.

(3) Pension payments to those retirees choosing to receive benefit payments by check shall be issued no later than the last working day of the current month. A retiree who does not receive his/her check by the tenth (10th) day of the following month may request a new check be drawn and a stop payment ordered on the previously issued check. The Fund may delay issuance of a new check pending a determination that the stop payment order was effective.

(4) Pension payments shall be issued to and in the name of the member only, except in the case of the survivor benefits payable under Option A (Joint & Survivor) or Option B (Ten years Certain). In the case of optional benefits, upon notice to the Fund of the death of the member, and receipt of evidence of death, benefit payments shall be issued in the name of the designated beneficiary.

(5) Death benefits, other than survivor benefits are available to beneficiaries of members who become deceased in the following circumstances:

(a) Beneficiaries of members with less than 15 years of creditable service shall be eligible to receive a one-time payment of $5,000

(b) The beneficiary of a retired member who chooses the "Regular Retirement" option will be due:

1. The final payment at the end of the month during which the retiree died payable to the beneficiary; and

2. Should the retiree die prior to receiving a total of $5,000 in retirement benefits, the beneficiary shall receive the balance of $5,000, less the benefits paid-to-date to the retiree.

(c) Claims for death benefits must be supported by a notarized copy of the official death certificate.
Rule 513-7-1.15. Early Retirement Calculation; Reemployment.

(1) A member may choose to receive a reduced monthly benefit if they are between the ages of 50 and 55 and/or they earned between 15 and 25 years of creditable service at the time of retirement. The monthly benefit will be a prorata amount based on the maximum monthly retirement benefit in effect at the time of the member's retirement to which the member would have otherwise been eligible to receive. For each year of age less than 55, the member's maximum monthly retirement benefit will be reduced by 6%. For each year of creditable service less than 25, the member's maximum monthly retirement benefit in effect will be reduced by 4%. If a member has more than 25 years of creditable service upon retirement, 2% of the member's maximum monthly retirement benefit will be added to that monthly benefit for each additional year.

(2) A retired member who has begun receiving benefits must immediately notify the Executive Director if they become reemployed with a Fire Department. Retirement benefits being paid to such person shall be suspended from the time of when reemployment begins until the time reemployment terminates. After their reemployment has terminated and they have notified the Pension Fund, retirement benefits shall be resumed. That benefit amount will be based on the firefighter's age and creditable service earned at the original retirement date.

(a) A retired member who becomes reemployed with a Fire Department and meets the requirements for membership may submit a new application for membership. If the application is granted, he or she may rejoin the Fund as an active member. After their reemployment has terminated and they have notified the Pension Fund, retirement benefits shall be resumed. If the member acquires less than seven (7) years of subsequent creditable service, the benefit amount will be based on the firefighter's age at the original retirement date and creditable service earned at the date reemployment was terminated.

(b) If the member acquires seven (7) years (or more) of creditable service during the period of re-employment, the benefit amount will be based on the firefighters' age and creditable service earned at the date reemployment was terminated.
Rule 513-7-1-.16. Increases in Monthly Retirement and Disability Benefits.

Unless this rule shall be properly amended, any increases in benefits authorized by the Board of Trustees under O.C.G.A. Section § 47-7-27 by resolution shall be applied as follows: The maximum monthly retirement benefit and the maximum monthly disability benefit of those members who have theretofore retired or who thereafter retire under O.C.G.A. Section § 47-7-100 and Section § 47-7-102, respectively, shall be increased by an amount equal to the percentage increase authorized by Board resolution applied to the maximum monthly benefit in effect on the date of such member's retirement. In the case of retirement benefits theretofore elected or thereafter elected under Option A, "Joint and Survivor," or Option B,"Ten year Certain and Life." of Section § 47-7-100, the percentage increase shall be applied to the maximum monthly retirement benefit to which such option was or is thereafter applied.

Rule 513-7-1-.17. Conversions Under Section 47-7-100(d)(3) on Death or Divorce or Remarriage.

(1) Purpose of Rule. This rule implements Code Section § 47-7-100(d)(3) concerning conversions of a Joint and Survivor benefit to a retiree lifetime benefit following death of or divorce from a spouse and conversion of a retiree lifetime benefit to a Joint and Survivor benefit upon a subsequent remarriage. This rule prescribes the manner in which the calculation of resulting benefits is to be made.

(2) Death or Divorce.
(a) If a member has elected Option A, the "Joint and Survivor" benefit and following retirement the spouse dies or the member and the member's spouse are divorced, a member may convert the retirement benefit to a "Regular Retirement" benefit.

(b) The amount of the retiree lifetime benefit in that case will be calculated as of the time the application to revoke the Option A benefit is received by the Board in proper form. Payments shall commence effective the first day of the month immediately following the Board's approval. There is no payment of retiree lifetime benefits for any period prior to the time the revocation is approved by the Board.

(c) The amount of the benefit will be calculated based on:

1. The member's age at the time of the member's retirement;
2. The maximum monthly retirement benefit at the time of the member's retirement; and
3. All lump sum or percentage increases in that maximum monthly retirement benefit which have been made by action of the General Assembly, or by action of the Board since the date of the member's original retirement date.

(3) Remarriage.

(a) If after retirement, a member has previously revoked an Option A benefit because of the death of, or divorce from the designated spouse and converted the benefit to a retireelifetime benefit, and the member then remarries, the member may then elect an Option A benefit for the member and the member's new spouse.

(b) The amount of the Option A benefit payable to the member during the member's lifetime and payable to the spouse upon the death of the member shall be calculated from the time the application to elect Option A benefit is received by the Pension Fund in proper form. Payments shall commence effective on the first day of the month immediately following the Board's approval. The calculation of the Option A benefit shall be based on both the member's and new spouse's ages at the time the completed application for the Option A benefit is received by the Pension Fund.

(c) The calculation of the Option A benefit is also based on:

1. The maximum benefit in effect at the time of the member's original retirement; and
2. All lump sum of percentage increases in that maximum monthly retirement benefit which have been made by action of the General Assembly or by action of the Boards since the date of the member's original retirement date.
For purposes of simplicity, the calculation shall be made as if the member and the member's new spouse, at each of their ages at the time the application is received by the Pension Fund in proper form, were retired at the date of the member's original retirement, and adjustments to the lifetime and survivor benefits had been made since that time. However, there is no payment of benefits so calculated for any period prior to the time the application for the Option A benefit is approved by the Board. Any benefit change of this nature shall be effective on the first day of the month immediately following board approval.

Rule 513-7-1-.18. Annual Affidavit by Disability Retirees.

Each member receiving disability retirement from the Fund shall, within 120 days of January 1st of each year, furnish the Executive Director, in affidavit form, an itemized statement showing the amounts and source, of income obtained from gainful employment by such retiree in the preceding year. Each member shall include with such affidavit, a photocopy of his/her Federal Income Tax return. In the case of a joint return, the return shall reflect the member's separate true income. Failure on the part of any disability retiree to comply with this rule shall be cause for the Executive Director to discontinue such disability retirement payment until compliance is fully achieved.

Authority: O.C.G.A. Sec. 47-19-4.

A member with at least one year of membership service may retain group term life insurance coverage while on leave without pay (LWOP) for a maximum of four (4) years provided:

(a) member submits a request in writing to the State Employees Assurance Department;

(b) member does not accept employment other than with a State agency;

(c) member does not go on active duty with the Armed Forces of the United States.

The cost for continuing coverage is 1% of the last monthly salary reported to the Employees' Retirement System (ERS). Premiums will be collected later at termination, date of retirement, or at the time of death. If member terminates, the premium is deducted from the check refunding retirement contributions. When member continues in service until retirement, the premiums due while on LWOP may be paid by check to the Employees' Retirement System, or, at the member's request, ERS can suspend the monthly retirement check until the premiums are recovered. In the event of death while on LWOP, premiums are deducted from the life insurance payment to the beneficiary.
