Amended: F. May 26, 2017; eff. June 15, 2017

Each Center shall have a clearly identified governing body which shall be empowered and
responsible for determining all policies and procedures and ensuring compliance with these rules
and regulations. The chairperson or chief executive officer of the governing body shall complete
a statement of responsibility on behalf of the governing body acknowledging the same in
connection with any application for License or Permit on a form provided by the Department. If
the Center is individually owned, then the owner(s) will complete the statement of responsibility.

(a) Application for License. Prior to filing for licensure, an applicant shall attend an
orientation of no more than 16 hours that has been approved by the Department. This
orientation shall, at a minimum, provide instruction on the application process and give an
overview of the Department's regulations that relate to the operation of early child care
learning centers.

1. Orientation. An existing License Holder applying for another Child Care Learning
Center License is not required to attend another orientation within two years
following the successful completion of a prior orientation.
2. An applicant applying for multiple Child Care Learning Center Licenses at one time is only required to attend one orientation.

(b) Director's Training. Prior to the issuance of an initial License, the Director of a Center responsible for its day-to-day operations shall have completed a 40-hour director's training course that has been approved by the Department. At a minimum, the subject matter taught at a Director's training course shall cover the areas of administrator competencies that serve as a framework for professional development, which include, but are not limited to, early learning standards, business management, communication, developmentally appropriate practices, professional and leadership development, and advocacy for the Center, Parents, children and Staff.

(c) No person shall operate a Center without a License or Permit. A separate License or Permit is required for each address or location at which a Center is proposed to be operated even when all of the proposed Centers are owned by the same person or entity. A separate License or Permit is also required for each Center operated at a single location by the same governing body.

1. Temporary License. The Department may at its discretion issue a temporary License if the health and safety of the children to be served by the Center will not be endangered. A temporary License will be valid for a specified period not to exceed one (1) year and may be issued when the Center is not in full compliance with these rules but has demonstrated satisfactory evidence that it is making progress toward meeting these rules and has submitted an acceptable Plan of Correction.

2. Restricted License. The Department may at its discretion issue a restricted License in lieu of a temporary or regular License. The restricted License may be granted either in connection with the initial application process for a License or Permit or as a result of a subsequent determination made by the Department concerning compliance with these rules. The restriction shall appear on the face of the License and shall restrict a Center from providing care or services which are beyond the capability of the License Holder to provide. The restriction may also limit the number and/or age of the children served by the Center.

3. Regular License. A License will be issued upon presentation of evidence satisfactory to the Department that the Center is in compliance with applicable statutes and these rules. The License is valid for one year unless voluntarily surrendered by the holder, reduced to a restricted or temporary License or suspended or revoked by the Department.

4. Qualification Requirement. In order to obtain or retain a License or Permit, the Director of the Center and its Employees must be qualified as defined in these rules to administer or work in a Center. The Department may presume that the Director and Employees are qualified subject to a satisfactory Comprehensive Records Check Determination. However, the Department may require additional reasonable
verification of the qualifications of the Director and Employees either at the time of application for a License or Permit or at any time during the License or Permit period whenever the Department has reason to believe that a Director or Center Employee is not qualified under these rules to administer or work in a Child Care Learning Center. Reasonable verification which may be required by the Department may include, but need not be limited to, any or all of the following: statement(s) from an attending physician or other health care professionals attesting to the mental and/or physical health of the applicant and/or staff member; letters of reference from designated persons in the community where the applicant and/or staff member intends to work or is working; certified copies of court orders and additional criminal records checks.

(d) License or Permit is Non-transferable. A License or Permit to operate a Child Care Learning Center is not transferable in any way. Each License and Permit shall be returned to the Department immediately upon the expiration, suspension, revocation, restriction of the License or Permit or closure or termination of the operation.

(e) License Fees. Every License or Commission issued by the Department to operate a Child Care Learning Center shall be subject to an annual fee. Such annual fee shall be determined by the following:

1. Capacity of one to 25 children....... $50.00
2. Capacity of 26 to 50 children........$100.00
3. Capacity of 51 to 100 children........$150.00

If such annual fee is not paid by the date set forth by the Department, the Department may issue a late fee of up to $250.00 within 30 days of the due date. If such annual fee and any imposed late fees are not paid within 30 days of the due date, the Department shall revoke the License or Commission.

(f) Amended License. If there is a change in the name of the program or Center, changes in the ages of the children to be served, an increase in the regular hours of operation such that the Center would be providing evening or night-time care in addition to day-time care, changes in the services provided, additions to or changes in the use of the building by the licensed Center, an application for an amended License shall be submitted at least thirty (30) days prior to the change, except in the case of an emergency. If an emergency situation arises which makes it impossible to give thirty (30) days' notice, the management of the Center shall notify the Department by telephone and shall submit an application for an amended License as soon as management becomes aware of the change that will be
necessitated by the emergency situation. In no case, however, shall a new owner operate the Center without first securing a new License or Permit from the Department.

(g) False or Misleading Information. The application for a License or Permit, including the Records Check Application, must be truthfully and fully completed. In the event that the Department has reason to believe that the application has not been completed truthfully, it may require additional verification of the facts alleged. The Department may refuse to issue a License or Permit where false statements have been made in connection with the application or any other documents required by the Department.

(h) E-mail Contact Information. Each Center issued or applying for a License or Permit in the state of Georgia shall provide the Department e-mail contact information ("Contact Information") so that this agency may contact the Center and send information to the Center via e-mail. It shall be the Center's responsibility to maintain correct contact information, to update the Department if contact information changes, and to respond timely to information requests from the Department transmitted to the provided e-mail address. Delivery of any such information, including but not limited to directives, bulletins, data requests, notices of proposed amendments to rules and regulations, and any other matters affecting Centers, to said e-mail address shall be considered valid so long as the Department does not receive a failure to deliver message.

(i) Permit. The Department may issue a Permit for a program to operate without a License for a limited term in situations, such as but not limited to, a change of ownership.

1. An application for a Permit to operate a Child Care Learning Center shall be submitted to the Department on the forms provided by the Department.

2. A Permit Applicant or Permit Holder must provide evidence of a satisfactory Comprehensive Records Check Determination for the Director and every Employee and a satisfactory Fingerprint Records Check Determination for every Provisional Employee of the program.

3. A Permit Applicant or Permit Holder may continue to employ an individual from the prior ownership, if applicable. During the Permitting process, such individual may be present at the Center while any child is present for care based on the prior satisfactory Comprehensive Records Check Determination so long as that determination is valid and current, no more than 5 years old and the individual has not had a lapse of employment from the child care industry that lasted for 180 days (6 months) or longer.

4. The Permit Applicant or Permit Holder shall not allow any individual to reside at the Center or be present at the Center while any child is present for care if the Center knows or reasonably should know that the individual has a Criminal Record, an unsatisfactory Fingerprint Records Check Determination or an unsatisfactory Comprehensive Records Check Determination.
5. Each Director and Employee must receive a satisfactory Comprehensive Records Check Determination and each Provisional Employee must receive a satisfactory Fingerprint Records Check Determination issued by the Department before that individual can be present at the Center while any Child is present for care or reside in the Center and prior to issuance of a License.

6. Issuance of a Permit. A Permit will be issued, upon presentation of evidence satisfactory to the Department that a Center is in compliance with applicable statutes and these rules. The Permit shall be valid for 21 calendar days unless voluntarily surrendered by the Holder or suspended or revoked by the Department.

7. Renewal of a Permit. A Permit may be renewed only if every resident and member of the Center's Staff has both submitted a Records Check Application to the Department and submitted to a fingerprint scan within 21 calendar days of the issuance of the initial Permit.

* Staff, such as the Director or service workers (food, maintenance and clerical staff, etc.), shall be counted in the Staff: child ratio only during the time that they are giving full attention to the direct supervision of the children. Service staff routinely acting as child care workers shall meet the qualifications of the respective caregivers.

** Maximum group size does not apply to outdoor play on the playground routinely used by the Center or for special activities in the Center lasting no more than two (2) hours. Maximum group size does not apply to Centers with a licensed capacity of 18 or fewer. However, required Staff: child ratios must be maintained.

(2) Mixed-Age Groups for Centers with a licensed capacity of 19 or more children. The Staff: child ratios for a mixed-age group shall be based on the age of the youngest group of children that includes more than twenty percent (20%) of the total number of children in the mixed-age group.

(3) Mixed-Age Groups for Centers with a licensed capacity of 18 or fewer children. The Staff: child ratios for a mixed-age group shall be based on the following: the age of the youngest child under three (3) years of age shall determine the Staff: child ratio for the group in which the child(ren) under three (3) years of age are cared for; and where all of the children in any one group are three (3) years of age or older, the age of the majority of the children in the group shall determine the Staff: child ratios.

(4) For Centers with a licensed capacity of 19 or more, children under three (3) years of age shall be housed in separate physical areas from older children and cannot be mixed with older children except at the following times and circumstances:

(a) During early morning times of arrival and late afternoon times of departure, infants and children younger than three (3) years may be grouped with older children so long as Staff: child ratios and group size are met based upon the age of the youngest child in the group.

(b) Children who turn three (3) years of age during the regular school year may remain grouped with other two (2) year olds for the remainder of the school year.
provided that the continued placement in the younger group is with the agreement of the older child's Parent(s) and is developmentally appropriate for the child.

(5) **Staff: Child Ratios During Day-time Scheduled Rest or Sleeping Periods.** During those periods, the Staff: child ratios may be doubled for children three (3) years and older provided that: at least one (1) Staff person is in each room providing direct supervision of the children; and all Staff required by paragraph (1) above relating to Staff: child ratios are in the Center and available to assure safe evacuation in an emergency.

(6) **Staff: Child Ratios During Evening and Night-time Care.** The Staff: child ratios required by paragraph (1) above shall be maintained except when a majority of the children are sleeping. When a majority of the children are sleeping, then the required ratios may be doubled. However, all Staff required by paragraph (1) above must be available on the premises of the Center to resume supervision of the children whenever a majority of the children in care in an area are no longer asleep or an emergency situation arises.

(7) **Supervision.** Children shall be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger.

Rule 591-1-1-.39. Waivers and Variances.

The Department may, at its discretion, grant waivers and variances of specific rules upon application or petition being filed on forms provided by the Department. The applicant or petitioner must also show that adequate standards affording protection for the health, safety and care of the children exist and will be met in lieu of the exact requirements of the rule or regulation in question.

(b) Waiver. The Department may dispense entirely with the enforcement of a rule or regulation by granting a waiver upon a showing by the applicant or petitioner that the purpose of the rule or regulation is met through equivalent standards affording equivalent protection for the health, safety and care of the children.

(c) Experimental Variance or Waiver. The Department may grant waivers and variances to allow experimentation and demonstration of new and innovative approaches to delivery of services upon a showing by the applicant or petitioner that the intended protections afforded by the rule or regulation which is the subject of the request are met and that the innovative approach has the potential to improve service delivery.

**Rule 591-2-1-.03. Summer Food Service Program (SFSP).**

(1) **General Scope and Purpose:** The SFSP is a USDA Child Nutrition Program designed to feed nutritious meals to children from needy areas during periods when schools are closed for vacation. The program operates through Bright from the Start approved sponsors that administer the approved sites that feed children free of charge. Bright from the Start reimburses approved sponsors for serving meals that meet federal nutritional guidelines.

(2) **General Terms and Conditions:** Each sponsoring organization is required to attend training and re-apply for the program each year. The vast majority of approved sponsors operate the program during the summer months. The program also allows for the service of meals in year-round schools during breaks. The school must be closed for a minimum of fifteen days to be eligible to serve meals during these breaks or to provide meals during times of emergency when the school is closed.

(3) **Eligible Recipients:** Organizations wishing to participate in the SFSP must be public or private non-profit organizations, including churches or faith based organizations,
government entities, colleges/universities, school systems or National Youth Sports Programs (NYSP). Private non-profit organizations must be tax-exempt under the IRS Code of 1986. SFSP sites may be located in a school, community center, park, or summer camp. The children served in this program must be 18 years of age or younger. A person 19 years of age and over who has a mental or physical impairment and who participates in a public or private non-profit school program during the year may also be served by this program.

4) **Application Process:** Applications are available upon completion of the required training. Interested organizations must contact Bright from the Start: Georgia Department of Early Care and Learning (DECAL), Bright from the Start: Georgia Department of Early Care and Learning, Attention: Application Specialist, 2 Martin Luther King Jr., Drive, SE, Suite 670 East Tower, Atlanta, Georgia, 30334. Once sites have been determined eligible, Bright from the Start must review and approve the submitted budget based on the organization's operational capacity and financial capability. This approval process may require an onsite visit to determine the sponsor's ability to successfully operate the program and the validity of anticipated number of meals to be served.

7) **Calculation of Payments:** Sponsors submit claims on a monthly basis to report the number of meals served during the month. Sponsors will be reimbursed for meals served during the month at a rate established by the U.S. Department of Agriculture each year.
