Chapter 609-3. REQUIREMENTS FOR LICENSURE.

Rule 609-3-.01. Requirements for Licensure by Examination for Speech-Language Pathology or Audiology for Applications Received Prior to January 1, 2007.

In order to be eligible for licensure as a speech-language pathologist or as an Audiologist prior to January 1, 2007, the applicant must satisfy the following requirements:

(a) Degree. The applicant shall submit evidence of completion of a master’s or higher degree, with a major emphasis in speech-language pathology or audiology, or both, from an accredited educational institution;

(b) Academic Hours. The applicant should submit certified evidence of the completion of 60 semester hours of academic credit from one or more accredited colleges or universities constituting a well-integrated program that includes 12 semester hours in courses that provide fundamental information applicable to the normal development and use of
speech, hearing and language and 30 semester hours in courses that provide information about, and training in, the management of speech, hearing and language disorders or that provide information supplementary to these fields. Of these 30 semester hours, no fewer than six must be in audiology for the speech-language pathologist, or in speech language pathology for the audiologist; no more than six of these 30 semester hours may be in courses that provide academic credit for clinical practice. Of these 30 semester hours, at least 24, not including credit for thesis or dissertation, must be in courses in their field in which the license is requested. Furthermore, 30 of these 60 semester hours must be in courses acceptable toward a graduate degree by the accredited or approved college or university in which these courses are taken;

(c) Supervised Clinical Practicum.

1. The applicant shall submit certified evidence of direct clinical experiences in both diagnosis and treatment with children and adults. The supervised practicum must include experience in a variety of settings with client populations across the life span from culturally/linguistically diverse backgrounds, and with various types and severities of communication problems and related disorders, differences and disabilities.

2. The applicant shall submit certified evidence that of the required 300 clock hours, a minimum of 25 clock hours must be with adults (person 18 years of age and older) and a minimum of 25 clock hours must be with children (persons under the age of 18).

3. The experience must be obtained within an accredited academic institution or in one of its cooperating programs.

(d) Paid Clinical Experience. In order to meet the requirements for paid clinical experience, applicant must satisfy the following:

1. Paid Clinical Experience (PCE) Fellow. In order to be eligible to become a Paid Clinical Experience Fellow, the applicant must have met the academic and clinical experience requirements set out in Rule 609-3-01 above. See O.C.G.A. Section 43-44-8(a)(4).

2. Paid Clinical Experience Duration. The applicant for licensure must submit evidence of satisfactory completion of no less than nine months of full-time of paid clinical experience in the area in which the license is requested. The applicant must specify the duration of the PCE on the application.

   (i) Full-Time. "Full-time" is defined as at least 30 hours per week. The nine month equivalent of full-time paid experience should be completed from continuous employment, but must be completed no more than 24 months after initial application.
(ii) Half-time. The requirement may also be fulfilled by 18 months of half time paid experience of at least 15 hours per week which should be completed from continuous employment, but must be completed no more than 36 months after initial application.

3. Required Supervision During the PCE.
   (i) At all times during the period of PCE, the PCE Fellow shall be under the direction of one or more supervisors.
   (ii) Supervision of the PCE Fellow must entail the personal and direct monitoring of the Fellow's work.
   (iii) Personal and direct monitoring activities shall include but not be limited to observations, evaluations of written reports, evaluation by professional colleagues and discussions of clinical work.
   (iv) Personal and direct monitoring activities shall be conducted at a minimum of one per month in order to evaluate the progress of the PCE Fellow.

4. Qualifications and Responsibilities of the PCE Supervisor.
   (i) The PCE must be obtained under a supervisor who is either:
       (I) a licensed Speech-Language Pathologist or Audiologist who is licensed in the area(s) for which the PCE Fellow seeks clinical experience and is ultimately liable for the quality of services provided; or
       (II) a person whose education and experience is substantially equivalent to that of a licensed Speech-Language Pathologist or Audiologist and who provides supervision when that person holds a Certificate of Clinical Competence from the American Speech-Language and Hearing Association in the area in which the PCE Fellow is applying for licensure, and is ultimately liable for the quality of services provided. A person may obtain an equivalency statement from the American Speech-Language and Hearing Association if she/he is not so certified, or may submit qualifications to the Board for a ruling on whether or not this standard is met.
   (ii) The supervisor shall supervise no more than two (2) PCE Fellows under the provisions of this rule.

(e) Application for PCE Fellow Temporary License.
1. Within 14 calendar days of initiation of PCE, the supervisor and PCE Fellow applicant shall submit to the Board an Application for Temporary License which may be obtained from the website or the Board Office. This application must be accompanied by the notarized application for full licensure and appropriate fees.

2. Upon receipt of the applications and appropriate fees, the Board may, at its discretion, approve the plan for nine (9) months of full-time PCE or up to but not longer than eighteen (18) months of part-time PCE, and grant a temporary license to the applicant as a PCE Fellow for the purpose of practicing during the PCE.

   (i) The temporary license shall be valid for a period of one year from the beginning date of the PCE period.

   (ii) The temporary license may be renewed for one additional year if the approved PCE period extends beyond one year, but may not be renewed solely for the purposes of the applicant's completion of other license requirements.

   (iii) If the PCE Fellow has been approved for permanent license, the temporary license shall be rescinded. If the PCE Fellow is not approved for permanent license, the temporary license may be voided or continued through the remaining period of validity of the license.

(f) Documentation of Completion of the PCE.

   1. Within 14 calendar days of completing the approved PCE period, the PCE Fellow and supervisor shall complete and provide to the Board the appropriate notarized forms to document completion of the PCE.

   2. The documentation shall provide information on the approximate hours per week engaged in diagnostic evaluations, therapy, recordkeeping, staff meetings and in-service training.

   3. The supervisor and PCE Fellow shall provide the documentation of the monitoring activities.

   4. The documentation shall include a statement on the supervisor's assessment of the PCE Fellow's clinical competency as demonstrated by performance during the PCE.

(g) Change(s) to the PCE. The PCE Fellow shall notify the Board within 14 calendar days of any changes in the PCE during the approved period, including but not limited to:

   1. the dates and duration of any breaks in service,

   2. change in PCE supervisor,
3. change in the place of employment, or 4. change of employer.

(h) Any week in which the PCE Fellow has not worked a minimum of 30 hours shall not be counted toward the PCE. The Board may approve the changes at its discretion, and specify allowable adjustments in the PCE.

(i) Failure to Obtain a Temporary License for the PCE.

1. A person who fails to apply for and be approved for a temporary license shall be considered practicing without a license and may be subject to sanction of Title 43 of the Official Code of Georgia Annotated.

2. A supervisor who allows a person to practice without a temporary license for the PCE may be subject to sanction of Title 43 of the Official Code of Georgia Annotated.

(j) Examination. The applicant shall be required to pass an examination, as specified in Chapter 609-3-.06.

Rule 609-3-.04. Paid Clinical Experience/Required Professional Experience.

In order to meet the requirements for paid clinical experience/required professional experience, an individual must submit the required application, pay applicable fees and satisfy the following requirements:

(a) Paid Clinical Experience (PCE)/Required Professional Experience (RPE) Fellow.

In order to be eligible to become a Paid Clinical Fellow Experience/Required Professional Experience Fellow, the applicant must have met the academic and clinical experience requirements set out in Board Rules. The applicant must have been issued an official transcript showing degree earned and date of issue.

1. Paid Clinical Experience/Required Professional Experience (RPE) Duration - Speech-Language Pathology or Masters Degree Audiology. The speech-language pathology or master's degree audiology applicant for licensure must submit evidence of satisfactory completion of no less than 36 weeks of full-time professional employment. A minimum of 30 hours of work per week constitutes full-time employment. At least 80% of the clinical fellowship work week must be in direct client contact (assessment, diagnosis, evaluation, screening, habilitation, or rehabilitation) related to the management process. Thus, in a 30-hour work week, at
least 24 hours must be devoted to direct clinical activities. The PCE/RPE must be completed no more than 12 months after the initial application. The PCE/RPE requirement can also be met by less than full-time employment, but must be completed no more than 24 months after initial application. For example, if the PCE/RPE Fellow works:

(i) 25-29 hours per week, the length of the PCE/RPE must be at least 48 weeks.

(ii) 20-24 hours per week, the length of the PCE/RPE must be at least 60 weeks.

(iii) 15-19 hours per week, the length of the PCE/RPE must be at least 72 weeks. Professional employment of less than 15 hours per week may not be used to fulfill any part of the PCE/RPE.

2. Paid Clinical Experience (PCE)/Required Professional Experience (RPE) Duration - Doctoral Degree Audiology.

   (i) The applicant who has completed a clinical externship as outlined in the Board Rule 609-3-.03 has satisfied the Required Professional Experience.

   (ii) The applicant who did not complete the clinical externship as outlined in Board Rule 609-3-.03 shall follow the required professional experience as outlined for the master's degree audiology applicant.

(b) Required Supervision During the PCE/RPE.

   1. At all times during the period of PCE/RPE, the PCE/RPE Fellow shall be under the direction of one or more supervisors.

   2. Supervision of the PCE/RPE Fellow must entail the personal and direct monitoring of the Fellow's work.

   3. Personal and direct monitoring activities shall include but not be limited to observations, evaluations of written reports, evaluation by professional colleagues and discussions of clinical work.

   4. Personal and direct monitoring activities shall be conducted at a minimum of one per month in order to evaluate the progress of the PCE/RPE Fellow.

(c) Qualifications and Responsibilities of the PCE/RPE Supervisor.

   1. The PCE/RPE must be obtained under a supervisor who is either:

      (i) a Georgia licensed Speech-Language Pathologist or Audiologist who is licensed in the area(s) for which the PCE/RPE Fellow seeks clinical professional experience and who is ultimately liable for the quality of services provided;
(ii) The supervisor shall supervise no more than two (2) PCE/RPE Fellows under the provisions of this rule; and

(iii) A family member or individual related in any way to the PCE/RPE Fellow may not serve as a PCE/RPE supervisor.

(d) **Application for PCE/RPE Fellow Provisional License.**

1. The PCE/RPE Fellow applicant and supervisor must submit to the Board an application and all required information for provisional license. The Board must receive official undergraduate and graduate transcripts indicating degree(s) earned and date of issue.

2. The PCE/RPE applicant may not begin the PCE/RPE until Board approval is received and provisional license number issued. The Board may, at its discretion, approve the plan for PCE/RPE and grant a provisional license to the application as a PCE/RPE Fellow for the purpose of practicing during the PCE/RPE.

3. The provisional license shall be valid for a period of one year from the beginning date of the PCE/RPE period.

   (i) The provisional license may be renewed for one additional year if the approved PCE/RPE period is for part time experience and the period extends beyond one year, but may not be renewed solely for the purposes of the applicant's completion of other license requirements.

   (ii) If the PCE/RPE Fellow has been approved for permanent license, the provisional license shall be superceded. If the PCE/RPE Fellow is not approved for permanent license, the provisional license may be voided or continued through the remaining period of validity of the license.

(e) **Grounds for denial/suspension/revocation of PCE/RPE.**

    The Board shall have the authority to refuse to grant a provisional license to, suspend or revoke a provisional license pursuant to O.C.G.A. § 43-1-19.

(f) **Documentation of Completion of the PCE/RPE.**

1. After completing the approved PCE/RPE period, the PCE/RPE Fellow and supervisor shall complete and provide to the Board the appropriate notarized forms to document completion of the PCE/RPE.

2. The documentation shall provide information on the approximate hours per calendar week engaged in diagnostic evaluations, therapy, recordkeeping, staff meetings and in-service training.
3. Any calendar week in which the PCE/RPE Fellow has not worked a minimum of 30 hours for full-time or 15 hours for part-time shall not be counted toward the PCE/RPE.

4. The supervisor and PCE/RPE Fellow shall provide the documentation of the monitoring activities as provided for in Board Rules.

5. The documentation shall include a statement on the supervisor’s assessment of the PCE/RPE Fellow’s clinical competency as demonstrated by performance during the PCE/RPE.

(g) Change(s) to the PCE/RPE.

1. The PCE/RPE Fellow shall notify the Board within 14 calendar days of any changes in the PCE/RPE during the approved period, including but not limited to:
   (i) the dates and duration of any breaks in service,
   (ii) change in PCE/RPE supervisor,
   (iii) change in the place of employment, or
   (iv) change of employer.

2. The Board may approve the changes in its discretion, and specify allowable adjustments in the PCE/RPE.

(h) Failure to Obtain a Provisional License for the PCE/RPE.

1. A person who practices speech-language pathology and/or Audiology and who fails to apply for and be approved for a provisional license shall be considered practicing without a license and may be subject to sanction of Title 43 of the Official Code of Georgia Annotated.

2. A supervisor who allows a person to practice without a provisional license for the PCE/RPE may be subject to sanction of Title 43 of the Official Code of Georgia Annotated.
Rule 609-3-.05. Recency of Study.

In order for an applicant to demonstrate recency of study the applicant must have completed a minimum of two continuing education units within two (2) years preceding the date the application is received by the Board.

Rule 609-3-.07. Licensure Without Examination.

A person who holds a license in another jurisdiction or holds a Certificate of Clinical Competence as issued by the American Speech-Language-Hearing Association, or holds certification of the American Board of Audiology, provided the applicant otherwise meets the eligibility requirements as defined in Code Section 43-44-8, may apply for a Georgia license without examination.

(a) Licensure in another jurisdiction.

1. The applicant must submit an application and the required fees.

2. The applicant must request verification and status of the current license from the state or foreign country be sent to the Board office.

3. The applicant must submit a non-returnable copy of the current licensure law from the state or foreign country in which the license is held. For foreign countries, the applicant must submit an official English translated copy of that country's licensing law.

4. Applicants educated in foreign countries that wish to obtain license in Speech-Language Pathology and/or Audiology must have their credentials evaluated by an independent foreign-credential evaluation service. A listing of agencies that perform such evaluations is provided on the Board website or from the Board office. The Applicant must request a course-by-course evaluation in American semester hours with specific notation as to those courses completed at the graduate level. The applicant must also request that the agency indicate the equivalent highest level of education the applicant has completed.

5. The applicant must complete the application for licensure and submit the application, along with the official copy of the translation the applicant receives from the foreign credential evaluating agency.

6. The Board will review the application and the verification and compare the licensure law submitted with the current Georgia laws and rules. If the requirements for licensure in the other jurisdiction are equivalent to the current Georgia laws and rules and the application is approved, the applicant may be issued a license.

(b) American Speech-Language-Hearing Association Certificate of Clinical Competence

1. The applicant must submit an application and required fees.
2. The applicant must request the American Speech-Language-Hearing Association send a letter to the Board office documenting current Certificate of Clinical Competence and the date the Certificate was initially granted. If the date of initial certification is beyond two years, the applicant must demonstrate recency of study as specified in Board Rules. The Board will review the application and the American Speech-Language-Hearing Association documentation. If the eligibility requirements as defined in current Georgia laws and rules are met, the applicant may be issued a license.

(c) American Board of Audiology Certification

1. The applicant must submit an application and required fees.

2. The applicant must request the American Board of Audiology send a letter to the Board office documenting current certification and the date the certification was initially granted. If the date of initial certification is beyond two years the applicant must show recency of study as specified in Board Rules. The Board will review the application and the American Board of Audiology documentation. If the eligibility requirements as defined in Georgia laws and rules are met, the applicant may be issued a license.
Chapter 609-4. PRINCIPLES AND STANDARDS OF CONDUCT.

Rule 609-4-.01. Principles and Standards of Conduct.

Applicability. For the purpose of the chapter,"licensees" shall mean those persons who hold a license to practice speech-language pathology and audiology and speech-language pathologists and audiologists who hold a provisional license for the purpose of completing a paid clinical experience or required professional experience under Section 43-44-8 of the Official Code of Georgia Annotated.

History. Original Rule entitled "Code of Ethics" was filed on September 16, 1975; effective October 6, 1975.
Amended: Rule repealed and a new Rule of the same title adopted. Filed April 2, 1979; effective April 22, 1979.

Rule 609-4-.02. Professional Competence.

(1) Licensees shall provide services and supervision of services only for which they have been properly prepared and shall permit their staff to provide services only for which they are properly prepared.

(2) Licensees shall maintain accurate and complete records of professional services rendered, including but not limited to:

(a) records of tests and procedures used in the evaluation of speech, language and hearing disorders, and for determination of the need for any products dispensed or services delivered;

(b) records of products dispensed, such as hearing aids, augmentative communication devices, alaryngeal devices, etc., which describe the product including serial number when applicable, document any applicable warranties or guarantees accompanying the product, state whether the product is new or used and the price of the product, if sold, and the name and address of both the licensee and the intended user of the product;

(c) for the audiologist dispensing hearing aids, evidence of having met all requirements promulgated by the Food and Drug Administration (FDA) of the U.S. Department of Health and Human Services applicable to the dispensing of hearing aids.
(d) for audiometers used in service provision, calibration reports containing as a minimum:

1. audiometer identification including make, model, and serial number,

2. calibrator's identification including company name and location and name of individual performing the calibration,

3. date of calibration, and

4. post-calibration readings for all signal outputs, signal leakage and attenuation linearity.

(3) Licensees shall identify and use qualified referral sources for persons served professionally.

(4) Licensed speech-language pathologists and audiologists, excluding those holding a provisional license, shall delegate only those portions of their practice which do not require the professional competence of a licensed speech-language pathologist or audiologist, and that have been approved by the Board.

(5) Licensees shall provide supervision of and assume full responsibility for clinical services offered by supportive personnel.

(6) Licensees shall not require anyone under their supervision to engage in any practice that is a violation of the Rules of the Georgia Board of Examiners for Speech-Language Pathology and Audiology.

(7) Licensees shall use calibrated equipment in the delivery of professional services and shall maintain any calibration reports for at least 36 months. Appropriate equipment shall be calibrated in accordance with manufacturer's specifications, or for audiometers at least annually, and the post-calibration readings shall meet or exceed applicable ANSI standards.

(8) Licensees shall inform the Board when they have reason to believe that a licensee has violated the Rules of the Board and shall cooperate fully with the Board concerning matters of professional conduct.

(9) Licensees shall inform the Board when they have reason to believe that individuals are holding themselves out to the public to be Speech-Language Pathologists or Audiologists (SLPs/Auds.) or to practice SLP/Aud. without a license, except as provided by O.C.G.A. 43-44-7.

Rule 609-4-.03. Welfare of Clients.

(1) Licensees shall hold paramount the welfare of persons served professionally.

(2) Licensees shall fully inform persons served of the nature and possible effects of the services.

(3) Licensees shall take all reasonable precautions to avoid injuring persons in the delivery of professional services.

(4) Licensees shall charge only for services rendered and shall provide itemized statements for charges for goods dispensed and services provided to the consumer. Nothing in this Rule shall preclude requests to the consumer for prepayment of fees for service as long as fees are refunded for services not rendered. This Rule shall also not preclude requests for appointment deposit charges when the consumer has received prior notification of this charge policy.

(5) Licensees shall fully inform subjects participating in research or teaching activities of the nature and possible effects of these activities.

(6) Licensees shall afford persons used in teaching or research free choice to participate and shall protect their privacy.

(7) Licensees shall evaluate services rendered and products dispensed to determine effectiveness based on recognized standards of practice.

(8) Licensees shall accept persons for treatment for whom reasonable benefit can be expected.

(9) Licensees shall continue treatment to clients as long as reasonable benefit is demonstrated.

(10) Licensees shall provide reasonable statements of prognosis to clients without guaranteeing the results of any therapeutic procedures, directly or by implication.

(11) Licensees shall evaluate or treat speech, language or hearing disorders exclusively within the confines of a professional relationship.

(12) Licensees shall avoid evaluating or treating speech, language or hearing disorders solely by correspondence. This does not preclude follow-up correspondence with persons previously seen, nor providing them with general information of an educational nature.
(13) Licensees shall not discriminate in the delivery of professional services on any basis that is unjustifiable or irrelevant to the need for the potential benefit from such services, such as race, sex, age, religion, national origin, sexual orientation or handicapping condition.

(14) Licensees shall avoid participation in activities that constitute a conflict of professional interest.

(15) Licensees shall reveal professional or personal information obtained from the person served professionally only a) if authorized by the person served, b) if required by law or, c) to protect the welfare of the person or the community.

(16) Licensees shall provide to clients information relating to products dispensed, including but not limited to any applicable warranties or guarantees, whether the product is new or used, and, if the product is sold or leased, a receipt indicating the price of the product and the amount paid or terms and conditions of payment.

Rule 609-4-.05. Assessment Practices.
(1) Licensees shall make every effort to select and use assessment instruments, techniques or procedures that are valid, reliable and appropriate for the individual client.

(2) Licensees shall provide the client with an orientation to the purpose of assessment or to the proposed use of assessment results prior to administration of assessment instruments, techniques or procedures.

(3) Licensees shall administer assessment instruments, including technology based assessment instruments, which are within the licensee's competence for scoring and interpretation.

   (a) Speech-Language Pathologist.

      1. A Speech-Language Pathologist who is not licensed in Audiology may perform nondiagnostic hearing screenings for the purposes of either performing a speech and language evaluation or for the initial identification of individuals with other communication disorders. A non-diagnostic hearing screening shall be defined as a pure tone air conduction procedure which is conducted in a manner such that the results can only be reported on a pass/fail basis. A report of the screening results may include ear specific information regarding frequencies tested and intensity criteria (screening levels).

      2. Other audiological screenings may be performed only when monitored by a licensed Audiologist. These audiological screenings must be conducted in a manner such that the results can only be reported on a pass/fail basis. The licensed audiologist is ultimately liable for the quality of such services and any complaints against the speech-language pathologist regarding these services shall be viewed by the Board as a complaint against the licensed audiologist.

   (b) Audiologist.

      1. An audiologist who is not licensed as a speech-language pathologist may perform a non-diagnostic speech and language screening for the purposes of performing either an audiological evaluation or for the initial identification of individuals with other communicative disorders. A non-diagnostic speech and language screening is a procedure conducted in a manner such that the results can only be reported on a pass/fail basis.

      2. Other speech and language screenings may be performed only when monitored by a licensed speech-language pathologist. These speech and language screenings must be conducted in a manner such that the results can only be reported on a pass/fail basis. The licensed speech-language pathologist is ultimately liable for the quality of such services and any complaints against the audiologist regarding these services shall be viewed
by the Board as a complaint against the licensed speech-language pathologist.

3. Licensees shall perform a visual inspection of the ear and ear canal prior to any audiological testing.

(4) Licensees shall record results accurately and in language which is clear and understandable.

(5) Licensees shall make available to the client, upon request, copies of any assessment results in the possession of the licensee which have been prepared for and paid for by the client.

(6) Licensees shall use only reliable assessment data to select or recommend specific products to be dispensed or services to be rendered.

(a) Test data used for the selection of a hearing aid shall not be more than six months old. This shall not apply for the replacement of a hearing aid with a hearing aid of the same make and model unless new testing is required by the consumer's age, history or condition.

(b) Audiometric testing must be performed using a wide range audiometer which meets the specifications of the American National Standards Institute (s3.6-1996 or current American National Standard Institute standard) for diagnostic audiometers.

(7) A hearing aid is defined as a wearable sound-amplifying device that is intended to compensate for impaired hearing. As such, any device marketed, labeled or otherwise stated or claims to improve impaired hearing is by definition a hearing aid, whether the claim was overt or implied. Further, any wearable device which claims to have characteristics or features that would only be necessary to improve impaired hearing (i.e. noise reduction, multiple bands or channels, noise cancellation, feedback reduction, etc.) would be considered a hearing aid. This definition of hearing aid shall not apply to cochlear implants, active middle ear implants, auditory brainstem implants and osseointegrated implants.

Rule 609-6-.01. Speech-Language Pathology Aides.

Registration as a Speech-Language Pathology Aide. A person who seeks to assist in the practice of speech-language pathology must apply to the Board for registration as a speech-language pathology aide. The Board may approve registration as a speech-language pathology aide upon receipt of applicable fees and approval of the education and training of the applicant, the specific
duties to be assigned, the amount and nature of the supervision available, and other factors as deemed relevant by the Board. Training shall not begin until the application for registration has been approved by the Board.

(a) Application for Registration. The person seeking registration as a speech-language pathology aide and the supervising speech-language pathologist shall submit an appropriate application to the Board on forms available on the website or the Board office.
   1. Each application shall be accompanied by the appropriate fee (see Fee Schedule). Registration fees are not prorated during the biennial licensure period.
   2. If the application is approved, the applicant will be notified in writing that practice as an aide may begin following completion of the approved training program.
   3. An application file will become void, without notification to the applicant, if it has not been completed within six months of the date the application is received by the Board.
   4. All speech language pathology aides are required to register by March 31 of odd numbered years.
   5. Registration identification cards will be issued by the Board within three months following approval of the registration application and the training program.
   6. Pursuant to O.C.G.A. § 43-1-19, the Board has the authority to refuse to grant a registration as a speech-language pathology aide if it is in receipt of information that applicant has practiced without a valid registration.

(b) Minimum Requirements.
   1. Education. The minimum education requirement is graduation from high school or receipt of a GED certificate. The speech-language pathology aide applicant shall provide documentation of a high school diploma, GED certificate, or college transcript to the Board.
   2. Training.
      (i) Training shall not begin until the application for registration has been approved by the Board.
      (ii) Description. On a form provided by the Board, the supervisor shall submit a description of a minimum of 40 hours of proposed instruction in the specific duties that the aide will perform. This description shall include the ages and diagnoses of the clients for whom the services are intended, the specific duties trained, and the type and duration of training. Instruction must be
provided by a Georgia licensed speech-language pathologist or through an accredited educational institution.

(iii) Scope. Training for aides shall be defined by and shall be specific to the approved application and the assigned tasks. The Georgia licensed speech-language pathologist supervisor shall ensure that the scope and intensity of training will encompass all of the activities assigned to the aide. Training shall be competency based and provided through a variety of formal and informal instructional methods. Licensed supervisors shall inform the aides of their roles, functions, and of any related laws. The licensed supervisor shall maintain written documentation of training activities.

(iv) Verification. The supervisor shall submit to the Board verification that the training was completed satisfactorily within thirty (30) working days of the applicant's employment as a speech-language pathology aide.

(c) Supervision.

1. The supervisor of an aide shall be a Board-approved Georgia licensed speech-language pathologist who will be known as the supervisor of record. The aide may provide services only under the known supervisor(s) of record. If more than one supervisor is to be involved with the aide, an application shall be submitted by each supervisor.

2. The supervisor of record shall:
   
   (i) accept full and complete responsibility for the duties performed by the aide;

   (ii) maintain the legal and ethical responsibilities for all assigned activities provided by the aide;

   (iii) make all decisions relating to the diagnosis, treatment, management and future disposition of the patient/client(s) served;

   (iv) have the responsibility for the health, safety and welfare of the patient/client(s) served by the aide;

   (v) be responsible for the aide's competence to perform Board approved activities;

   (vi) be responsible for the aide's adherence to the Principles and Standards of Conduct as defined in Board Rule; and

   (vii) not supervise an immediate family member.
3. The supervisor of record who works full time (more than 34 hours per week) shall supervise no more than two (2) aides under the provisions of this rule. A supervisor of record who works part-time (less than 35 hours per week) shall supervise no more than one (1) aide under the provisions of this rule.

4. The supervisor shall submit a plan of supervision which will specify the frequency, duration, and type of supervision he/she will provide to the aide.

5. Supervision shall be a culmination of direct and indirect involvement that will permit verification of adequate performance that include, but are not limited to, a variety of techniques such as audio-and/or videotape recordings, telephone communications, conferences, e-mails, charts, logs and review of numerical data.

6. Direct on-site observation of the aide shall be provided according to the following:
   (i) The supervisor of record shall be with the aide during the first ten (10) hours of direct client contact following training; and
   (ii) Then shall be with the aide one hour per week after the first ten (10) hours of direct client contact. These one hour observations must, over a period of time, include a sampling of all assigned activities;
   (iii) The direct observation must be documented. This documentation should include quality of interaction, performance, accuracy in implementation of assignments, accuracy in recording data, and the aide's ability to interact effectively with the client.
   (iv) Information obtained during direct observations shall include response data that is ninety percent (90%) accurate between the aide and the supervisor of record, on correct-incorrect judgment of target behavior.
   (v) Whenever response data falls below the 90% reliability level between the supervisor of record and the aide, the supervisor of record shall retrain the aide in those skills. Direct observation shall be increased until the reliability level returns to 90%.

7. The supervisor of record shall retain documentation of all direct and indirect supervisory activities for two (2) years.

8. Prior to services, the patient or family must be informed in writing, by the supervisor of record, that services will be rendered by a speech language pathology aide.

9. The supervisor shall notify the Board within ten (10) working days of terminating a supervisor/aide agreement. Upon termination of a supervisor/aide agreement that particular aide registration would become void.
(d) Duties and Authorizations.

1. The aide is authorized to perform only those duties described on the application as approved by the Board.

2. The aide is authorized to perform speech-language pathology activities only when the supervisor of record is in the same.

3. The speech language pathology aide shall:
   (i) not perform standardized or non-standardized diagnostic tests, formal or informal evaluations, nor shall they provide clinical interpretation of test results;
   (ii) not screen patients/clients;
   (iii) not participate in conferences or counseling sessions regarding the patient/client without the presence of the supervisor of record or another speech language pathologist designated by the supervisor of record;
   (iv) not write, develop, or modify a patient/client’s individual treatment plan.
   (v) not treat patients/clients without following the individualized treatment plan prepared by the supervision of record and or the designated speech-language pathologist;
   (vi) not sign any formal documents related to speech language pathology;
   (vii) not select patients/clients for services;
   (viii) not discharge patients/clients from services;
   (ix) not disclose clinical or confidential information either orally or in writing to anyone not designated by the supervisor of record;
   (x) not make referrals for additional services;
   (xi) not perform any task without the express knowledge and approval of the supervisor of record;
   (xii) not counsel or consult with the patient/client, family, or others regarding the patient/client status or service;
   (xiii) not assist the supervisor of record by completing a checklist or by tabulating results of a feeding or swallowing evaluation;
   (xiv) not demonstrate swallowing strategies or precautions to patients, family, or staff;
(xv) not make advertisement or public announcement of services independent of the supervisor of record;

(xvi) not represent herself/himself as a practitioner of speech-language pathology;

4. The speech language pathology aide shall be clearly identified as a speech language pathology aide by a badge that is to be worn whenever working as a speech-language pathology aide.

5. The aide registration shall become void when the authorized supervisor(s) is no longer available for supervision.

(e) Change of Plan. If the duties and/or authorizations approved by the board change, a new application, fee and all required documents must be submitted to the board for consideration before such change can be made.

(f) Re-registration of speech-language pathology aides.

1. All aide registration shall expire on March 31 of odd numbered years.

2. Application and biennial renewal fee (see Fee Schedule) must be received in the Board Office by March 31 of odd numbered years.

3. An audit shall be conducted to determine compliance with the direct observation guidelines enumerated above. A percent of renewal applicants, to be determined by the Board, shall be requested to submit the documentation of supervision to the Board by March 31 of odd numbered years. Failure to document the direct observation and/or to demonstrate compliance with the guidelines shall have the same effect as a revocation of said aide registration and may subject the supervisor to disciplinary action.

4. Biennial renewal identification cards will be issued by the Board office within three months following receipt of acceptable renewal application and renewal fee.

5. The failure to renew an aide registration by March 31 of odd numbered years shall have the same effect as a revocation of said registration; however, an aide registration may be restored, reissued, or reinstated at the discretion of the Board. If in its discretion, the Board denies such a request, such person may submit an application and supportive documentation to obtain a new registration. At all times, the applicant must meet the current standards for aide registration.
Rule 609-6-.02. Audiology Assistant.

Registration as an Audiology Assistant. An Audiology Assistant means any person who assists in the providing of those audiology services authorized by the Board, who meets the minimum requirements established by the Board and who works under the supervision of a licensed audiologist.

A person who seeks to assist in the practice of audiology must apply to the Board for registration as an audiology assistant. The Board may approve registration as an audiology assistant upon receipt of applicable fees and approval of the education and training of the applicant, the specific duties to be assigned, the amount and nature of the supervision available, and other factors as deemed relevant by the Board. Training shall not begin until the application for registration has been approved by the Board.

(a) Application for Registration. The person seeking registration as an audiologist assistant and the supervising audiologist shall submit an appropriate application to the Board on forms available on the website or in the Board office.

1. Each application shall be accompanied by the appropriate fee (see Fee Schedule). Registration fees are not prorated during the biennial licensure period.

2. The Audiology assistant application shall be filed with the Board for approval and the application shall include, but need not be limited to:

   (i) The location(s) (name and address) where the assistant will work;

   (ii) The business name and address of the employer of the assistant;

   (iii) A description of the activities to be performed by the assistant;

   (iv) A description of the training the assistant will receive that will enable the assistant to perform the planned activities;

   (v) A description of the supervision that the assistant will receive in the performance of the assistant's duties;
(vi) An agreement to abide by the Georgia State Speech-Language Pathology and Audiology Licensing Act.

3. If the application is approved, the applicant will be notified in writing and practice as an audiologist assistant may begin following completion of the approved training program.

4. An application file will become void without notification to the applicant if it has not been completed within six months of the date the application is received by the Board.

5. Registration identification cards will be issued by the Board office within three months following approval of the registration application.

(b) Minimum Requirements. Qualifications for Audiology Assistants shall be:

1. Education. Documentation by official transcript of the minimum education requirement of two years of college education (60 semester hours or 90 quarter hours) and/or an associate's degree from an accredited college, or completion of a technical school certification program in health care approved by the Board or completion of an audiology assistant program approved by the Board.

2. Training.
   (i) Description. On a form provided by the Board, the Georgia licensed audiologist supervising the Audiology assistant shall submit a description of a minimum of forty (40) hours of proposed instruction in the specific duties that the assistant will perform. This description shall include the ages and diagnoses of the clients/patients for whom the services are intended, the specific duties trained, and the duration of training. Instruction must be provided by a Georgia licensed audiologist or through an accredited educational institution approved by the Board. Training for assistants shall be well-defined and specific to the approved application and the assigned tasks. The Georgia licensed audiology supervisor shall ensure that the scope and intensity of training encompass all of the activities assigned to the assistant. Training shall be competency based and provided through a variety of formal and informal instructional methods. Georgia licensed supervisors shall provide assistants with information on roles, functions, and any related laws. Continuing education opportunities shall be provided to ensure that practices are current and that skills are maintained. The Georgia licensed supervisor shall maintain written documentation of training activities.

   (ii) Verification. The supervisor shall submit to the Board within thirty (30) days verification that the training was completed satisfactorily. An audiologist assistant shall not begin practice until approved by the Board.
(c) **Supervision.**

1. The supervisor of an audiology assistant shall be a Georgia licensed audiologist who is approved as the supervisor of that assistant. The assistant may provide services only under the supervision of the licensed audiologist supervisor of record for that applicant. If more than one supervisor is involved with an assistant, an application shall be submitted by each supervisor.

2. The supervisor shall accept full and complete responsibility for the duties performed by the assistant. The supervisor of an audiology assistant shall maintain the legal and ethical responsibilities for all assigned activities provided by the assistant; shall make all decisions relating to the diagnosis, treatment, management and future disposition of the patient/client(s) served; and shall have the responsibility for the health, safety and welfare of the patient/client(s) served by the assistant. The supervisor shall be responsible for the assistant's competence to perform board approved activities and adherence to the Principles and Standards of Conduct as defined by Chapter 609-4.

3. The supervisor who works full time or more than 35 hours per week shall supervise no more than two (2) assistants under the provisions of this rule. A supervisor who works part-time or less than 35 hours per week shall supervise no more than one (1) assistant under the provisions of this rule.

4. The supervisor shall submit a plan of supervision which shall specify the frequency, duration, and type of supervision he/she will provide the assistant.

5. Supervision shall include the personal and direct involvement of the supervisor in any and all ways that will permit verification of the adequacy of the assistant's performance.

6. Indirect supervision or observation shall be provided through daily contacts and may include a variety of techniques such as audio-and/or videotape recordings, telephone communications, conferences, and review of numerical data.

7. Direct on-site observation of the assistant shall be provided according to the following:
   
   (i) The supervisor shall be with the assistant during the first ten (10) hours of direct client contact following training; and

   (ii) The supervisor shall provide no less than two (2) hours per week of documented direct supervision, after the first ten (10) hours of direct client contact, to include a sampling of all assigned activities. Direct supervision means on-site and in-view supervision as an activity is performed; the direct observation must be documented and include information on the quality of the aide's performance.
(iii) The supervisor shall provide no less than two (2) hours per week of documented indirect supervision, to include a sampling of all assigned activities.

(iv) Information obtained during direct observations shall include data relative to

1. agreement (reliability) between the assistant and the supervisor on correct-incorrect judgment of target behavior,

2. accuracy in implementation of assessment and management procedures,

3. accuracy in recording data, and

4. ability to interact effectively with the client;

(v) Whenever the assistant's performance is judged to be unsatisfactory over two consecutive observations, the assistant shall be retrained in the necessary skills and direct observation shall be increased 100% of all sessions until the assistant's performance is judged to be satisfactory over two consecutive sessions.

8. The supervisor shall retain documentation of all direct and indirect supervisory activities for two (2) years, and shall include information on the quality of the assistant's performance;

9. The supervisor shall notify the Board of any changes in the approved application required in Board Rules as a condition of registration, including termination of employment for either party. The supervisor shall notify the Board within ten (10) working days of terminating a supervisor/assistant agreement. Failure to notify the Board of a change or termination of an approved registration application shall be grounds for discipline in accordance with Board Rules. Supervision of an unregistered assistant shall be aiding and abetting unlicensed practice and shall be grounds for discipline in accordance with Board Rules.

(d) Duties and Authorizations.

1. The audiology assistant is authorized to perform only those duties described on the application and approved by the Board.

2. After appropriate training and demonstration of competency, the types of services an Audiology assistant can perform include, but are not limited to:

   (i) equipment maintenance,
(ii) hearing aid repair,

(iii) electroacoustic analysis, real ear measurements, other verification methods of hearing aids,

(iv) hearing screening on a pass/fail basis,

(v) preparation of patient for electrophysiologic and balance testing,

(vi) hearing conservation and assisting the audiologist in testing,

(vii) record-keeping,

(viii) assisting in clinical research,

(ix) clerical duties and other administrative support functions

3. Authorized duties of an audiology assistant shall NOT include:

(i) Performing diagnostic testing;

(ii) Dispensing hearing aids;

(iii) Selection of a hearing aid;

(iv) Making ear mold impressions;

(v) Fitting a hearing aid (i.e. including but not limited to initial programming or changes to prescribed programming;

(vi) Determining the suitability of hearing aids;

(vii) Interpreting observations or data into diagnostic statements of clinical management strategies or procedures;

(viii) Determining case selection;

(ix) Initiating, modifying, planning or developing therapy procedures;

(x) Implementing therapy procedures;

(xi) Functioning without supervision;

(xii) Transmitting clinical information; either verbally or in writing to anyone without the approval of the licensed supervisor of record;
(xiii) Composing clinical reports except for notes to be reviewed by the supervisor and help in the patient's/client's records;

(xiv) Referring a patient/client to other professionals or agencies;

(xv) Referring to himself or herself either orally or in writing with a title other than "audiology assistant";

(xvi) Signing any formal documents such as treatment plans, reimbursement forms or reports;

(xvii) Discharging a patient/client from services;

(xviii) Communicating with the patient/client, family, or others regarding any aspect of patient/client status or service without the specific consent of the supervisor and in accordance with the application approved by the Board;

(xix) Acting for the licensed person at treatment team meetings or in any matter related to direct care of patients/clients which requires judgment or decision-making;

(xx) Providing consultation, counseling, recommendation for assessment, assessment, treatment protocols, results/outcomes, recommendations, treatment/intervention plans, or patient/client referrals on any matter regarding care of patients/clients;

(xxi) Providing professional training of other staff;

(xxii) Providing program review for individualized habilitation plans or other forms of care planning for patients/clients;

(xxiii) Supervising or managing infant hearing screening programs or occupational hearing conservation/prevention programs. The supervision and management of infant hearing screening programs and occupational hearing conservation/prevention screening programs must be performed by a licensed audiologist;

(xxiv) Performing any duties not prescribed in the approved registration application nor working for any other audiologist who is not specified as the supervisor on the approved registration application;

(xv) Performing any duties without proper training; and using influence in clinical matters, when the assistant is the owner of a practice/business
providing services, while being supervised by an employee or consultant of their business/practice.

4. The audiology assistant shall not represent herself/himself as a practitioner of audiology, and shall be clearly identified as an audiology assistant by a badge worn during all contact with patients/clients.

5. When services are to be rendered by an audiology assistant, the patient or family must be informed in writing.

6. The audiology assistant shall not make advertisement or public announcement of services independent of the supervisor.

7. The audiology assistant registration shall become void when the authorized supervisor is no longer available for supervision.

8. Any experience obtained while acting as an audiology assistant shall not be creditable toward the supervised clinical experience required in Rule 609-3-.01(c) or the professional experience required in 609-3-.01(d).

(e) Renewal.

1. All Audiology assistant registration shall expire on March 31 of odd numbered years.

2. Application and biennial renewal fee (see Fee Schedule) must be received in the Board Office by March 31 of odd numbered years.

3. An audit shall be conducted to determine compliance with the direct observation guidelines enumerated above. A percent of renewal applicants, to be determined by the Board, shall be requested to submit the documentation of supervision to the Board by March 31 of odd numbered years. Failure to document the direct observation and/or to demonstrate compliance with the guidelines shall have the same effect as a revocation of said assistant registration and may subject the supervisor to disciplinary action.

4. Audiology assistants must complete ten (10) hours of continuing education per biennium.

5. Biennial renewal identification cards will be issued by the Board office within three months following receipt of acceptable renewal application and renewal fee.

6. The failure to renew an Audiology assistant registration by March 31 of odd numbered years shall have the same effect as a revocation of said registration; however, an assistant registration may be restored, reissued, or reinstated at the
discretion of the Board. If in its discretion, the Board denies such a request, such person may submit an application and supportive documentation to obtain a new registration. If required to do so, the applicant must meet the current standards for aide registration.

Chapter 609-7. CONTINUING PROFESSIONAL EDUCATION.

Rule 609-7-.01. Continuing Professional Education Requirements.

(1) The purpose of continuing education is to maintain and enhance the professional competency of speech-language pathologists and audiologists licensed to practice in Georgia for the protection of the health and welfare of the people of the State of Georgia.
(2) A continuing education unit (CEU) is defined as ten (10) clock hours of continuing professional education. CEU hours may not be carried over from one licensure biennium to the next.

(3) In order to renew a license, the licensee must obtain a minimum of 2.0 CEUs (20 clock hours) during each biennium period of licensure.

(4) Not more than 1.0 CEUs (10 clock hours) can be acquired in any one 24 hour period.

(5) Individuals who hold licenses in both Speech-Language Pathology and in Audiology shall be required to complete a minimum of 2.0 CEUs in Speech-Language Pathology and 2.0 CEUs in Audiology.

(6) CEU requirements for newly approved license holders will be pro-rated during the first biennium licensure period as follows:
   a. Licensees whose applications are approved during the first six (6) months of the biennium will be required to accrue two (2) CEUs.
   b. Licensees approved during the second six (6) months of the biennium will be required to accrue one and one half (1 ½) CEUs.
   c. Licensees approved during the third six months of the biennium will be required to accrue one (1) CEU.
   d. Licensees approved during the final six (6) months are not required to accrue CEUs until the following licensure biennium.

(7) CEU hours must be in educational experiences directly related to the scope of practice of the licensee, and must be designed to increase the competence of the licensee in the area of licensure. Examples of activities that may provide CEU hours include:
   a. Scientific and educational lectures, workshops, or seminars;
   b. College courses taken for credit or through official audit:
      1. College course credit shall be deemed to be equivalent to CEUs as follows:
         One Semester Hour = 1.5 CEUs; One Trimester Hour = 1.3 CEUs; One Quarter Hour = 1.0 CEU.
   c. Presentations by licensees: 0.5 CEUs (5 clock hours) will be awarded for the presentation of any lecture, workshop or seminar. A licensee may only receive credit for one presentation per biennium.
   d. Audio and video conferences, online courses, and teleconferences; and self-study courses accompanied by an examination by the CEU provider.
   e. Praxis Examination in the area of licensure.
1. Two (2.0) CEUs will be awarded for successful completion of the Praxis with a score of 650. Successful completion of this examination during the biennium will satisfy all CEU requirements for the license during that biennium.

2. The Board approved national examination results that are used in order to receive a license may not be used again for the renewal of that license.

3. A person who is licensed in both Speech-Language Pathology and Audiology must pass tests in both Speech-Language Pathology and Audiology to meet all continuing education requirements. If the licensee passes the examination in only one area, s/he must obtain 2.0 additional CEUs in the area for which the examination was not passed.

(f) Not more than two (.2) CEUs of the required twenty (2.0) per biennium will be awarded for courses in the area(s) of ethics, record-keeping, documentation, Georgia laws and rules, Medicaid regulations and/or Medicare regulations.

(8) Documentation of CEUs:
   (a) Each licensee shall maintain for three (3) years their own record of the CEU activities that they completed. The Board will not maintain CEU files for licensees.

   (b) Licensees shall retain documentation of their continuing education activities and shall not send them to the Board Office unless the Board requests the licensee to do so.

   (c) Licensees shall attest on their biennial licensure renewal application that they have satisfied the CEU requirements as set out above.

   (d) False attestation of satisfaction of CEU requirements on a renewal application shall subject the licensee to disciplinary actions, including revocation.

(9) Method of Auditing CEU’s:
   (a) The Board will audit a random fixed percentage of applications. Licensees who are audited will be required to document the CEU activities. Required documentation is a certificate or proof of attendance which includes the sponsoring agency, the licensee's name, the date of the activity, the length of the session, and either the signature of a representative from the sponsoring agency or official certification by the sponsoring agency. A description of the CEU activity may be required if the title of the activity does not clearly state the content of the CEU activity. If the licensee attends a multi-session
CEU activity, as in a state or national convention or meeting, additional required information includes a specific listing of each session, the length of each session, and a description of each session if the title does not clearly state the content of the session.

(b) Current members of the Board, who are licensees of the Board, shall be audited for each biennium that they serve on the Board.

(c) Delinquent renewals shall be subject to the CEU audit for that biennium.

Chapter 609-8. RENEWAL AND REINSTATEMENT.

Rule 609-8-.01. Renewal.

(1) Full Licenses.

(a) All full licenses shall expire on March 31 of odd numbered years.

(b) Application, biennial renewal fee (See Fee Schedule) and documentation of continuing education must be received by March 31 of odd numbered years.

(2) Temporary Licenses. A temporary license shall be issued to an applicant who satisfies the requirements for Paid Clinical Experience Fellow while the PCE Fellow is engaged in the PCE. See O.C.G.A. Sec. 43-44-11. Such temporary license shall be valid for one year and may be renewed at the discretion of the Board for only one additional year upon application and payment of the biennial renewal fee (See Fee Schedule).
(3) Effective with the 2005 biennium, in order to renew a license, the licensee must obtain a minimum of 2.0 CEUs (20 CE) hours as set out in Rule 609-7-.01. 20 CE hours equals 2.0 CEUs.

(a) Biennial renewal identification cards will be issued by the Board Office within three (3) months following receipt of acceptable renewal applications, biennial renewal fee and documentation of professional education activities following the expiration date.

(4) Individuals who hold dual licenses in both Speech-Language Pathology and in Audiology shall be required to complete a minimum of 2.0 CEUs in Speech-Language Pathology and 2.0 CEUs in Audiology.

Rule 609-8-.02. Late Renewal.

(1) Each license will expire and must be renewed by March 31st of odd numbered years. Licenses not renewed by March 31st of odd numbered years may be late renewed by June 30th of that year by the payment of the current renewal fee, plus an additional late renewal fee of 50% of the renewal fee. Late renewal applications must be accompanied by proof that all CE requirements have been met for the biennium.

(2) Any license not renewed by June 30th following the March 31st expiration date shall automatically become classified as "Administratively Revoked" and the licensee must apply for reinstatement.

(3) Practicing with an expired or administratively revoked license shall be prohibited by law, and practice during this period may result in disciplinary action for unlicensed practice.

Rule 609-8-.03. Reinstatement.

(1) Expired License.
   (a) The failure to late renew an expired license within three (3) months of its expiration shall have the same effect as a surrender or revocation and the applicant for reinstatement shall meet the same conditions provided in Rule 609-8-.03(2) regarding reinstatement of a surrendered or revoked license.

   (b) An expired license may be reinstated following the expiration date and late renewal period by submission of a completed reinstatement application and payment of a reinstatement penalty fee as set by the Board (see Fee Schedule). Such persons must also provide evidence of having met continuing professional education as set out in Rule 609-7-.01. Reinstatement shall be at the discretion of the Board.

(2) Reinstatement of a Surrendered or Revoked License. A person applying for reinstatement must submit the following:
   (a) If 12 months or less from the date the license was surrendered or revoked, submit a completed reinstatement application to the Board, provide documentation of having completed thirty (30) contact hours or 3.0 CEUs directly related to the scope of practice of the license within two (2) years preceding the date of application, and pay to the Board the reinstatement fee as set by the Board.

   (b) If greater than 12 months but no more than 24 Months from the date the license was surrendered or revoked, submit a completed reinstatement application to the Board, provide documentation of having completed forty (40) contact hours or 4.0 CEUs directly related to the scope of practice of the license within two (2) years preceding the date of application, and pay to the Board the reinstatement fee as set by the Board.
