Local ordinance and property lease regulations will authorize where the sign may be erected and displayed. At a minimum, the sign shall be at the entrance to the building, in a publicly displayed marquee in the lobby of the building that lists all businesses within the building, and directly outside the entrance to the office of the dealer.

(f) Effective January 1, 2007, used motor vehicle dealers may be permitted to operate from a residential address, as long as local ordinances allow such operations in a residential area, and in accordance with Board rules. The requirement for an appropriate permanent sign must be met at the location. The office of the used motor vehicle dealer shall be a separate building that is detached from the residence. Such office shall be readily accessible to the public and to official inspectors during regular business hours. Such office shall have a dedicated phone line for the business telephone required by OCGA § 43-47-2(3), as well as for computers and related equipment used exclusively for the business. The office shall also contain the office furnishings and filing cabinets necessary to file the records required
by OCGA §§ 43-47-2(3) and 43-47-12. The license issued by the appropriate division of the Board shall be displayed in a conspicuous place within the office, as well as the sales & use tax number issued by the Georgia Department of Revenue and the local business license.
